Independent Auditor's Report

Plan Administrator and Participants
ITA Group, Inc. 401(k) Savings and Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of ITA Group, Inc. 401(k) Savings and Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H—Part IV, Line 4a—schedule of delinquent participant contributions and loan repayments, year ended December 31, 2021, and Schedule H—Part IV, Line 4i—schedule of assets (held at year end) as of December 31, 2021, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 7, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Notes to Financial Statements

Note 1. Plan Description

The following description of the ITA Group, Inc. 401(k) Savings and Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General and eligibility: The Plan is a defined contribution plan covering substantially all employees of ITA Group, Inc., International Travel Associates Corporation, Hartmann Studios, Inc. and Chadwick Martin Bailey, Inc. (collectively, the Companies). Participants may enter the Plan upon employment and become eligible for the Companies' matching contributions on the same day they become an eligible and active participant in the Plan. The Board of Trustees is responsible for oversight of the Plan. The Plan Sponsor, in consultation with the Board of Trustees and an independent advisor, determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Trustees. The Plan is subject to the current provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended, and the applicable current Internal Revenue Code (IRC) provisions.

Contributions and investment options: Each year, participants may contribute up to 100% of eligible compensation, subject to an annual limit, as defined by the Plan. The Plan provides an automatic election of 4% of compensation for all newly hired, eligible employees. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Companies provided a matching contribution equal to 50% up to 4% of eligible compensation for employees participating in the Plan after September 1, 2021. There was a temporary suspension in matching contributions put in place on July 24, 2020.

Participants direct the investment of their contributions into various investments offered by the Plan, which include pooled separate accounts, mutual funds and one common collective trust fund. Participants may change their investment options at any time.

Participant accounts: Each participant's account is credited with (a) the participant's contributions, (b) the Companies' matching contribution and (c) Plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Participants are subject to the following vesting schedule for the Companies' contributions: 0% vested for less than three years of service and 100% vested for three or more years of service.

Forfeited accounts: Forfeited balances of terminated participants' nonvested account balances are used to reduce future Company contributions and pay administrative expenses. During the year ended December 31, 2021, forfeitures for nonvested account balances totaled approximately \$81,000. Forfeitures of approximately \$14,000 and \$69,000 were used to reduce Company matching contributions and pay administrative expenses, respectively, during the year ended December 31, 2021. Forfeitures of approximately \$7,000 remain as of December 31, 2021, for future use.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance reduced by the highest outstanding note balance during the prior 12-month period. Notes receivable from participant's terms may vary based on the reason for the loan. The notes receivable are secured by the vested balance in the participant's account and bear a reasonable rate of interest based on prevailing interest rates. Principal and interest are paid ratably through payroll deductions. Notes receivable outstanding at December 31, 2021 and 2020, bear interest at rates ranging from 4.50% to 8.75%. Notes receivable outstanding at December 31, 2021, are due at varying dates through November 2031.

ITA Group, Inc. 401(k) Savings and Retirement Plan

Notes to Financial Statements

Note 1. Plan Description (Continued)

Payment of benefits: On termination of service due to death, disability or retirement, a participant may, if the value of the participant's vested balance is under \$5,000, roll over the amount into another qualified plan or receive a lump-sum distribution. If the vested balance is \$5,000 or more, the participant may elect to defer distribution until such time as distribution is required as a matter of applicable law, roll over the amount into another qualified plan or the participant may elect to receive the benefit as a lump-sum distribution.

Note 2. Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared under the accrual basis of accounting.

Accounting estimates and assumptions: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan determines the valuation policies utilizing information provided by the Custodian. See Note 10 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits: Benefits are recorded when paid.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent loans are treated as distributions based upon the terms of the plan document. No allowance for credit losses has been recorded as of December 31, 2021 and 2020.

Subsequent events: The Plan Administrator has evaluated subsequent events for potential recognition and disclosure through September 19, 2022, which is the date the financial statements were available to be issued.

Note 3. Administrative Expense

Certain administrative functions are performed by officers or employees of the Companies. No such officer or employee received compensation from the Plan. Certain other administrative expenses are paid directly by the Plan. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Note 4. Information Certified and Provided by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, the Custodian

The following is a summary of the Plan's asset information as of December 31, 2021 and 2020, and for the year ended December 31, 2021, included throughout the Plan's financial statements and ERISA required supplemental schedules, obtained by management and agreed to or derived from information certified by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, the Custodian of the Plan. The Plan Administrator has obtained certifications from the Custodian that information provided to the Plan Administrator by the Custodian related to the following assets is complete and accurate.

Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information that appears throughout the financial statements and ERISA-required supplemental schedules related to the following assets:

	December 31	
	2021	2020
Investments at fair value:		
Common collective trust fund	\$ 2,056,702	\$ 3,267,490
Pooled separate accounts	40,721,938	35,525,983
Mutual funds	50,270,573	39,726,814
Notes receivable from participants	608,872	698,491
	<u>\$ 93,658,085</u>	<u>\$ 79,218,778</u>

Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company also certified to the completeness and accuracy of \$542,767 of dividend income on investments, \$40,819 of interest income on notes receivable from participants, \$11,572,740 of net appreciation in fair value of investments (including investments bought, sold and held during the year), and \$4,976 of other income for the year ended December 31, 2021.

Note 5. Plan Termination

Although they have not expressed any intent to do so, the Companies have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all participants will become 100% vested in their accounts.

Note 6. Tax Status

The Internal Revenue Service has determined and informed the Plan Sponsor, by a letter dated August 8, 2014, that the Plan is designed in accordance with applicable regulations of the IRC. The Plan has been amended since receiving the determination letter. The Plan Administrator believes that the Plan is designed and is currently being operated in a manner that does not jeopardize this tax status.

Management has evaluated the Plan's tax positions and concluded that the Plan has maintained its tax exempt status and had taken no uncertain tax positions that require adjustments to the financial statements. Therefore, no provisions or liability for income taxes has been included in the financial statements.

ITA Group, Inc. 401(k) Savings and Retirement Plan

Notes to Financial Statements

Note 7. Related-Party Transactions

Certain Plan investments are shares of pooled separate accounts and a common collective trust fund managed by Principal Life Insurance Company, the Plan recordkeeper and Custodian. These transactions qualify as exempt party-in-interest transactions. Fees paid by the plan to the Custodian totaled \$235,425 for the year ended December 31, 2021. The Companies also pay certain administrative expenses on behalf of the Plan.

Note 8. Risks and Uncertainties

Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9. Prohibited Transactions

During the year ended December 31, 2020, the Plan sponsor inadvertently failed to deposit approximately \$151,000 of participant contributions within the required timeframe by the United States DOL regulations. The Plan sponsor deposited the participant contributions and lost earnings to correct this failure in 2021. The correction was made from the Plan sponsor's assets and not assets from the Plan.

Note 10. Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants. The Fair Value Measurements and Disclosures Topic of the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) requires the use of valuation techniques that are consistent with the market approach, the income approach and/or the cost approach. Inputs to valuation techniques refer to the assumptions that market participants would use in pricing the asset or liability. Inputs may be observable, meaning those that reflect the assumptions market participants would use in pricing the asset or liability developed based on market data obtained from independent sources, or unobservable, meaning those that reflect the Plan's own assumptions about the assumptions market participants would use in pricing the asset or liability developed based on the best information available in the circumstances. In that regard, the Topic establishes a fair value hierarchy for valuation inputs that give the highest priority to quoted prices in active markets for identical assets or liabilities and the lowest priority to unobservable inputs. The fair value hierarchy is as follows:

- Level 1:** Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.
- Level 2:** Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data.
- Level 3:** Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

Total investments, at fair value		<u>\$ 78,520,287</u>		

*In accordance with FASB ASC 820-10, certain investments that were measured at net asset value per share have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

A description of the valuation methodologies used for instruments measured at fair value, as well as the general classification of such instruments pursuant to the valuation hierarchy, is set forth below. The level to which an asset or liability is classified is based upon the lowest level of input that is significant to the fair value measurements. There have been no changes in valuation methodologies at December 31, 2021 compared to December 31, 2020.

Mutual funds: Mutual funds are reported at fair value based on the quoted market price of the fund and are classified within Level 1 of the valuation hierarchy.

Pooled separate accounts: The net asset value is used as a practical expedient to determine fair value for all pooled separate accounts. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value.

Each pooled separate account provides for redemptions by the Plan at the net asset value per share, with little to no advance notice requirement.

Note 10. Fair Value Measurements (Continued)

Common collective trust fund: Common collective trust funds are composed of investment contracts that are valued at the net asset value of units of the common collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transaction (purchases and sales) may occur immediately. If the plan initiates a full redemption of the collective trust, no notice to the issuer is required.

The following table sets forth additional disclosures of the Plan's investments whose fair value is estimated using net asset value per share as of December 31, 2021 and 2020:

Investment	2021 Fair Value	2020 Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Pooled separate accounts (a)	\$ 40,721,938	\$ 35,525,983	\$ -	Immediate	None
Common collective trust fund (b)	2,056,702	3,267,490	-	Immediate	None
Total investments measured at net asset value	<u>\$ 42,778,640</u>	<u>\$ 38,793,473</u>			

- (a) Investments in this category can be transferred once every 30 days at the current net asset value per share based on the fair value of the underlying assets. Participants are not allowed to transfer back into this category until the 30-day period has expired. New contributions are allowed during this time period.
- (b) This category consists of a stable value fund, titled Principal Stable Value Fund (the Fund). The Fund's contracts allow it to achieve a total rate of return to match the return of the index it was set up to mirror and allow for its principal value to remain stable regardless of the volatility of the financial markets. Investments in this category can be redeemed daily at the current net asset value per share based on the fair value of the underlying assets.
