Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed audit of the accompanying financial statements of The Mohegan Retirement and 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of fiduciary net position as of December 31, 2021, and the related statement of changes in fiduciary net position for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the 2021 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the 2021 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of The Mohegan Retirement and 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The Mohegan Retirement and 401(k) Plan's ability to continue as a going concern for 12 months beyond the date of the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

Plan Administrator and Plan Participants
The Mohegan Retirement and 401(k) Plan

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Mohegan Retirement and 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Mohegan Retirement and 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedules of delinquent participant contributions and assets (held at end of year) as of and for the year ended December 31, 2021 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

Plan Administrator and Plan Participants
The Mohegan Retirement and 401(k) Plan

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or are derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held at end of year and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Required Supplementary Information

Management has omitted the Management Discussion and Analysis that accounting principles generally accepted in the United States of America requires to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. Our opinion on the basic financial statements is not affected by the missing information.

2020 Financial Statements

The 2020 financial statements of The Mohegan Retirement and 401(k) Plan were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the ERISA, the Plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by a qualified institution. Their report dated July 22, 2021, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the 2020 financial statements and supplemental schedules, and (b) the form and content of the information included in the financial statements and supplemental schedules other than that derived from the certified information, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the ERISA.

THE MOHEGAN RETIREMENT AND 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020

NOTE 1 DESCRIPTION OF THE PLAN

The following description of The Mohegan Retirement and 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established by The Mohegan Tribe of Indians of Connecticut, certain subsidiaries and affiliated entities (collectively, the "Tribe" or "Plan Sponsor") to provide retirement benefits to the eligible employees of the Tribe. The Plan, which was adopted effective December 31, 1997, and most recently amended effective January 1, 2020, is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan's trustee is Charles Schwab Trust Bank. The Plan's recordkeeper is Schwab Retirement Plan Services, Inc.

Eligibility

In general, eligible employees include all employees who have reached the age of 18, excluding leased, temporary and seasonal employees and members of a union that bargained separately for retirement benefits. Except for certain affiliates, eligible employees of the Tribe who have completed at least three months of service are eligible to participate in the 401(k) portion of the Plan at the beginning of the next calendar quarter. Except for certain affiliates and subsidiaries, eligible employees who have completed at least 90 days of service are eligible to participate in the retirement portion of the Plan as of the first day of the next month. Elected officials of the Tribe, including members of the Tribal Council and the Council of Elders, are not eligible to participate in the Plan.

Contributions

Participants may contribute a specific percentage of compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Employees may also contribute amounts representing distributions from other qualified retirement plans (rollovers), regardless of whether they have met the eligibility requirement for participation in the Plan. Under the 401(k) portion of the Plan, the Tribe may make a discretionary employer matching contribution of 50%, up to the first 3% of eligible participant compensation contributed to the Plan. The Tribe made discretionary employer matching contributions of \$2,617,137 during the year ended December 31, 2021. In addition, under the retirement portion of the Plan, the Tribe may make discretionary retirement contributions based upon qualifying hours of service or compensation. During the year ended December 31, 2021, the Tribe did not make any compensation-based retirement contributions. The Tribe's discretionary employer matching and discretionary retirement contribution, together with any participant contributions, shall not exceed the maximum deductible amount under Internal Revenue Code (IRC).

NOTE 1 DESCRIPTION OF THE PLAN (CONTINUED)

Participant Accounts

Participants have separate accounts for employee and employer contributions for each investment option selected. Participants may elect to have contributions invested in any or all of the funds, subject to certain limitations, including those established within the IRC. Investment income and administrative expenses are allocated to the participants' accounts regularly. Allocations of investment income, retirement contributions and administrative expenses are based on the participant's compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested accounts. Participants are also fully vested upon reaching their normal retirement date, death or total disability.

Investment Options

Participants may direct their contributions into any of the funds offered by the Plan, which are held at Charles Schwab Trust Bank. These funds include a variety of investment options with various objectives and degrees of financial risk. The investment committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and oversees administration of the Plan. The Plan administrator is responsible for the day-to-day management of the Plan.

Vesting

Participants are immediately vested in their deferral contributions and rollover contributions, plus earnings thereon, and become fully vested in the discretionary employer matching contributions and discretionary retirement contributions based upon the following schedule:

Years of of Service	Vested Percentage		
	Discretionary Employer Matching Contributions	Discretionary Retirement Contributions Participants Who Are Active Employees on or After January 1, 2007	Discretionary Retirement Contributions Participants Whose Employment Terminated Prior to January 1, 2007

NOTE 1 DESCRIPTION OF THE PLAN (CONTINUED)

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000, up to a maximum equal to the lesser of (i) 50% of the participant's vested account balance or (ii) \$50,000 (reduced by any loan repayments during the prior year). Loan terms shall not exceed five years unless the loan proceeds are used to acquire a principal residence. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 6.50%, which are commensurate with local, prevailing rates as determined by the Plan administrator. Participants may only have one loan outstanding at any given time. Generally, principal and interest are paid ratably through payroll deductions.

Benefit Payments

Upon retirement, disability, death, or termination of employment, the participant shall become entitled to the total value of his or her vested account. Distributions will be paid in a lump-sum or in installments over a number of years, based upon election of the participant or as defined in the Plan or the IRC. If a participant terminates employment for any reason and his or her vested account balance does not exceed \$1,000, the Plan administrator may distribute such amount in a lump-sum payment to the participant without consent of the participant. If the participant's balance is between \$1,000 and \$5,000, the Plan administrator may roll the amount into an individual retirement account on behalf of the participant without the consent of the participant.

The Plan also provides for in-service withdrawals by participants who have attained the age of 59 1/2. In addition, upon financial hardship, a participant is entitled to the value of his or her deferral accounts, but not the earnings thereon, which is payable immediately in a lump-sum distribution.

Forfeitures

If a participant terminates employment with the Tribe at a time when the participant does not have a fully vested interest and liquidates his or her account prior to December 31, the Tribe's discretionary employer matching contributions, discretionary retirement contributions and the actual earnings thereon are forfeited. Forfeitures of the Tribe's discretionary matching contributions are retained in the Plan and are used to reduce future matching contributions for the year in which the forfeiture arose. Forfeitures totaling \$100,000 were used to reduce the Tribe's discretionary employer matching contributions during the year ended December 31, 2021. Forfeitures of the Tribe's discretionary retirement contributions are allocated to participants in the ratio in which the compensation of each participant for the Plan year bears to the total compensation for the Plan year of all participants otherwise entitled to share in the Tribe's discretionary retirement contributions. There were no forfeitures of terminated nonvested account balances that were allocated to remaining participants during the year ended December 31, 2021. At December 31, 2021 and 2020, the Plan's forfeited nonvested accounts totaled \$158,827 and \$79,558, respectively.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING PRINCIPLES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America. These statements have also been prepared in accordance with the reporting standards as promulgated by the Governmental Accounting Standards Board (GASB), which designates accountings principles and financial reporting standards applicable to the Plan.

Change in Basis of Accounting

The financial statements of the Plan for year ended December 31, 2021 and 2020, have been prepared in accordance with accounting principles generally accepted in the United States of America as applied to governmental units, using the accrual method of accounting. GASB is the accepted standard setting body for establishing governmental accounting and financial reporting principles.

The Plan is changing its basis of accounting to the applicable financial reporting framework to be used by tribal entities that meet the definition of a government. In prior years, the Plan prepared its financial statements using the accrual method of accounting, under accounting principles generally accepted in the United States of America as promulgated by Financial Accounting Standards Board. The 2020 presentation has been modified to conform to the 2021 presentation. The change in the basis of accounting does not yield materially different results.

Use of Estimates

The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**THE MOHEGAN RETIREMENT AND 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020**

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING PRINCIPLES (CONTINUED)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses was recorded as of December 31, 2021 and 2020. Delinquent notes receivable from participants are recorded as distributions based upon the terms of the Plan document.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

The Plan pays administrative expenses to the extent that the Tribe does not pay them. Plan expenses paid by the Tribe are not included in these financial statements. Personnel and facilities of the Tribe have been used by the Plan for accounting and other activities at no charge to the Plan. Fees related to the administration of notes receivable from participants are charged directly to the participant's accounts and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments.

Risk and Uncertainties

The Plan invests in a variety of investment securities. Investment securities are exposed to various risks, such as interest rate risk, financial market risk and credit risk. Due to the level of risk associated with investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances reported in the statements of fiduciary net position.

Subsequent Events

The Plan has evaluated subsequent events through September 29, 2022, the date the accompanying financial statements were available to be issued.

NOTE 3 CERTIFICATION BY THE INVESTMENT TRUSTEE

Information presented in the accompanying statements of fiduciary net position as of December 31, 2021 and 2020, the statement of changes in fiduciary net position for the year ended December 31, 2021, and the supplemental schedule of assets (held at end of year) as of December 31, 2021, for investments, notes receivable from participants, investment income and interest income on notes receivable from participants was derived, without audit, from information certified to be complete and accurate by Charles Schwab Trust Bank, the trustee, as permitted by the election made by the Plan administrator 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020

NOTE 4 INVESTMENTS

Investment securities are exposed to various risks that can affect the value of the Plan's investments, such as custodial risk, interest rate risk, credit risk, concentration risk, and foreign currency risk. The Plan invests in registered investment companies (mutual funds and common and collective trusts funds). Mutual funds and common and collective trusts funds with holdings in equity securities respond to such factors as economic conditions, individual company earnings performance, and market liquidity, while holdings in debt securities are particularly sensitive to credit risk and changes in interest rates. Since all investments are participant directed, risks exist at the participant levels.

Custodial Credit Risk – Custodial credit risk is the risk that in the event of a failure by the counterparty, the Plan will not be able to recover the value of its investments that are in the possession of an outside party. The Plan's policies do not specifically address custodial credit risk, but all of the Plan's investments are held by the Plan or its agent in the Plan's name.

Interest Rate Risk – Interest rate risk arises from the likelihood that interest rates will rise or fall during the holding period of a fixed rate security and adversely affect the selling price of the security prior to maturity. The price of a debt security typically moves in the opposite direction of the change in interest rates. As of December 31, 2021 and 2020, the Plan had the following mutual funds and common and collective trust funds investments subject to interest rate risk:

	Weighted Maturity (Years)	
	2021	2020
Invesco Stable Value Tr Cl 4	N/A	N/A
American Century Sh Dur Infl Protect Bd	2.7	3.0
Fidelity US Bond Index	6.5	5.8
Metropolitan West TTL Rtn Bd I	6.3	5.7

Foreign Currency Risk – Foreign currency risk is the risk that changes in exchange rates will adversely impact the fair value of an investment denominated in a foreign currency. The Plan's foreign currency risk exposure resides within the following holdings:

- MFS International Diversification CL R4
- Fidelity Global Ex Us Index.

The fund holdings above invest in foreign countries; however, the Plan does not hold any direct investment or instruments denominated in foreign currency.

Credit Risk – Credit risk exists when there is a possibility that the issuer or other counterparty to an investment may be unable to fulfill its payments on a security under the original term. As of December 31, the Plan had the following credit quality mix in its fixed income pooled separate accounts and general accounts:

NOTE 5 FAIR VALUE MEASUREMENT

GASB 72 provides the framework for measuring fair value. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value:

Mutual Funds – Mutual funds are valued at the quoted price of shares held by the Plan at year-end.

Common and Collective Trusts – The common and collective trusts are valued at the net asset value (NAV) of units of the common and collective trust. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities.

There have been no changes in the valuation methodologies used at December 31, 2021 and 2020. Due to the change in the basis of accounting (see Note 2), the common and collective trusts are classified in the fair value hierarchy, while under the former basis of accounting, the common and collective trusts were not classified in the fair value hierarchy.

The common and collective trusts at December 31, 2021 and 2020 includes the Invesco Stable Value TR CL 4 fund. There were no unfunded commitments and the fair value of these funds were \$41,698,146 and \$40,489,573 at December 31, 2021 and 2020, respectively. The collective trust fund may be redeemed on a daily basis with a 10-day redemption restriction.

The common and collective trusts at December 31, 2021 and 2020 includes retirement date and balance funds from Charles Schwab Trust Bank that correspond to target retirement dates between 2010 and 2060 in five year increments. There were no unfunded commitments and the fair value of these funds was \$78,641,236 and \$71,321,597 at December 31, 2021 and 2020, respectively. The retirement date and balanced funds may be redeemed on a daily basis with no redemption restrictions, and investments in any class can be transferred once every 30 days at the current net asset value per share based on the fair value of the underlying assets.

NOTE 6 PLAN TERMINATION

Although it has not expressed any intent to do so, the Tribe has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

THE MOHEGAN RETIREMENT AND 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020

NOTE 7 PARTY-IN-INTEREST TRANSACTION

Certain Plan investments are managed by Charles Schwab Trust Bank. Charles Schwab Trust Bank is a trustee as defined by the Plan and Schwab Retirement Plan Services, Inc is a third-party administrator, and, therefore, these transactions qualify as party-in-interest transactions. Certain employees of the Tribe who participate in the Plan perform administrative services to the Plan at no cost to the Plan. Notes receivable from participants are also party-in-interest transactions.

NOTE 8 TAX STATUS

The Internal Revenue Service (IRS) informed the Tribe by a determination letter dated December 9, 2015 that the Plan and related trust were designed in accordance with the applicable regulations of the IRC. The Plan is required to operate in conformity with the IRC to maintain its qualified status. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan had no unrelated business income during 2021. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 DELINQUENT PARTICIPANT CONTRIBUTIONS

The Tribe determined a single remittance of participant contributions totaling \$50 was not deposited timely in accordance with Department of Labor guidelines during the Plan year ended December 31, 2020, resulting in lost earnings of \$2. The Tribe subsequently deposited these lost earnings into the Plan during the Plan year ended December 31, 2021.

NOTE 10 RISK MANAGEMENT

The Plan is exposed to various risks of loss related to torts; the theft of, damage to, and destruction of assets; and errors and omissions. The Plan maintains a fidelity bond in the amount of \$25,000,000 to cover fraud and theft of Plan assets. Settled claims have not exceeded coverage in any of the past three years.
