Independent Auditors' Report

To the Participants and Plan Administrator of
Promotion in Motion 401(K) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Promotion in Motion 401(K) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

Promotion in Motion 401(K) Plan

- the amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as

Promotion in Motion 401(K) Plan

fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter - 2021 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The

Promotion in Motion 401(K) Plan

information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 1, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

PROMOTION IN MOTION 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

1. GENERAL DESCRIPTION OF THE PLAN

The following description of the Promotion in Motion 401(K) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all eligible employees of Promotion In Motion, Inc. and its affiliates PIM Brands LLC and Pharma in Motion LLC (collectively, the "Employer"). An eligible employee is one who has completed three months of service as defined in the Plan and is age twenty-one or older. The Plan was established and implemented in January 1998 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. This Plan also contains an automatic enrollment feature for all newly eligible employees. The terms provide for an automatic 5% deferral from the participant's compensation. Such participants can opt out of the automatic enrollment feature at any time.

Contributions - Participants may elect to defer up to 60% of their covered compensation subject to certain limitations.

The Employer shall make non-discretionary matching contributions on behalf of each eligible participant in an amount equal to seventy-five percent of the employee's contribution. Employee contributions in excess of 6% of the employee's eligible compensation shall not be considered for non-discretionary matching Employer contributions.

Participants may make rollover contributions, in cash, from an eligible retirement plan, as defined in the Plan agreement.

The Plan also allows all eligible participants to make Roth contributions and in-plan Roth rollover contributions.

Participant accounts - Each participant's funds are kept in their own separate accounts. Each participant's pre-tax account is credited with the participant's contribution. The Employer's matching contribution, if any, is credited to the participant's Employer contribution account. Participants direct the investment of their accounts in one or more of the available funds. Net investment gain or loss in each mutual fund or collective fund is allocated to each participant's account in proportion to account balances, as defined. Forfeitures of terminated participant's nonvested Employer contribution accounts are first used to pay administrative expenses and any remaining amounts will be used to reduce future Employer contributions payable under the Plan. In 2021, the Employer contribution was reduced by \$30,000 of forfeitures and the balance of forfeitures held in the Key Guaranteed Portfolio Fund and Fidelity Managed Income Portfolio Fund totaled \$35,653 and \$40,510 for the years ended December 31, 2021 and December 31, 2020, respectively.

Vesting - Participants are immediately vested in their elective deferral contributions. Vesting in the Employer's contributions in the participants' accounts follows the schedule outlined below based on years of service, as defined.

PROMOTION IN MOTION 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

<u>Years of Service</u>	<u>Vested Interest</u>
Less than 1	0%
1	25%
2	50%
3	75%
4	100%

Notes receivable from participants - Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loans bear a fixed rate of interest equal to the prime rate plus one percentage point and are secured by the balance in the participant's account. Notes receivable from Participants as of December 31, 2021 had interest rates ranging from 4.25% to 6.50%. The term of the loan is not to exceed five years. Participants can only have one loan outstanding at any given time. Loan repayments and interest payments are made through payroll deductions.

Payment of benefits - On termination of service, a participant may elect to receive either a lump-sum payment or installment payments of the value of their vested percentage in their accounts subject to Plan provisions. Vested account balances of \$5,000 or less will be paid directly to participants at the time of termination.

Termination of plan - While the Employer has not expressed any intent to discontinue its contributions or terminate the Plan, it is free to do so at any time. In the event of complete discontinuance of Employer contributions or the termination of the Plan, each participant will become fully vested in all amounts credited to his or her individual participant accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting - The Plan prepares its financial statements on the accrual basis of accounting.

Investment valuation and income recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends on mutual funds are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Fully Benefit-Responsive Investment Contract - The Plan holds a traditional investment contract. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals and administrative expenses.

PROMOTION IN MOTION 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at the specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than zero percent. The crediting rate is reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the IRC or the failure of the trust to be tax-exempt under Section 501(a) of the IRC.
2. Premature termination of the contract.
3. Plan termination or merger.
4. Changes to the Plan's prohibition on competing investment options.
5. Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines.
2. A breach of material obligation under the contract.
3. A material misrepresentation.
4. A material amendment to the agreements without the consent of the issuer.

Notes receivable from participants - Participant loans are classified as notes receivable from participants and are measured at their unpaid principal balance plus any accrued but unpaid interest. Notes receivable from participants are reported as investments on Form 5500. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. Rebated fees are recorded as administrative expenses and are expensed when they are incurred.

PROMOTION IN MOTION 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

Payment of benefits - Benefits are recorded when paid.

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and the accompanying notes. Actual results could differ from those estimates.

Current economic conditions - The Plan's investments are subject to changes in value from the impact of social and natural catastrophic events that are beyond its control, such as health epidemics, natural disasters and other catastrophes, which may materially and adversely affect their respective values. The Plan is currently monitoring the global pandemic of the coronavirus disease known as COVID-19 and is assessing the impact that it could have on the values of its investments, including a potential decline in the fair value of investments due to the disruption of financial markets. Future developments with respect to COVID-19 remain highly uncertain and difficult to forecast. Accordingly, the Plan is unable to quantify the full impact of COVID-19 and it is at least reasonably possible that changes in the fair values of investments will materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits in the near term.

Subsequent events - The Plan has evaluated events and transactions for potential recognition or disclosure through September 23, 2022, the date the financial statements were available to be issued.

Reclassification – Certain 2020 amounts have been reclassified to conform to 2021 financial statement presentation.

3. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, "Fair Value Measurement," establishes a framework for measuring fair value that provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are summarized as follows:

Level 1 - Valuations based on unadjusted quoted prices in active markets for identical assets or liabilities that the Plan can access. Since valuations are based on quoted prices that are readily and regularly available in an active market, valuation of these securities does not entail a significant degree of judgment. Level 1 investments of the Plan consist of registered investment companies (mutual funds and common collective trusts) which are valued at the net asset value ("NAV") of shares held by the Plan at year end where NAV is publicly available.

Level 2 - Valuations based on quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active or inputs other than quoted prices that are observable, either directly or indirectly.

Level 3 - Valuations based on inputs that are unobservable and significant to the overall fair value measurement that reflect the assumptions that market participants would use.

PROMOTION IN MOTION 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes, the level in the fair value hierarchy within which the fair value measurement falls in its entirety is determined by the lowest level input that is significant to the fair value measurement. Although the degree of judgment exercised by the Plan in determining fair value is greatest for investments categorized in Level 3, the inputs or methodology used for valuing investments are not necessarily an indication of the risk associated with those investments.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments in mutual funds at fair value as of December 31, 2021 and 2020:

Investments at Fair Value at December 31, 2021

	Level 1	Level 2	Level 3	Total

Stable value fund (a)	-	-	-	320,423
Total investments at fair value	\$ 22,330,129	\$ -	\$ -	\$ 22,650,552

- (a) The stable value fund is presented using NAV per unit, as provided by the trustee, as a practical expedient for the fair value of the investment (\$265,632 and \$320,423 at December 31, 2021 and 2020, respectively). This practical expedient would not be used if it is determined to be probable that the Plan will sell the investments for amounts different from the reported NAVs. The stable value fund is designed to deliver safety and stability by preserving principal and accumulated earnings. The stable value fund is primarily invested in guaranteed investment contracts and synthetic investment contracts. Participant-directed redemptions of the stable value fund have no restrictions; however the Plan is required to provide a one year redemption notice to liquidate its entire share in the fund. The stable value fund is reported at the unit value of units held at year

NOTES TO FINANCIAL STATEMENTS

end. The unit value as reported by each fund is determined by the total value of fund net assets divided by the total number of units of the fund outstanding and represents NAV. Were the Plan to initiate a full redemption of the stable value fund, the investment adviser reserves the right to temporarily delay withdrawal from the fund in order to ensure that securities liquidations will be carried out in an orderly business manner.

4. INFORMATION CERTIFIED BY TRUSTEE

The Plan has investment programs with Great-West, the trustee of the Plan, providing participants the ability to invest in various funds having different investment objectives.

The trustee has certified to the accuracy and completeness of investments and notes receivable from participants, and related income as reported in the accompanying financial statements and supplemental schedule.

Less: Employer Contribution - Receivable	(1,350,717)	(1,164,499)
Less: Deemed Distributed Loan and Interest	<u>(19,551)</u>	<u>(19,065)</u>
Net Assets Available for Benefits per Form 5500	<u>\$ 29,335,072</u>	<u>\$ 23,117,652</u>

The following is a reconciliation of the net increase in net assets available for benefits between that shown on the financial statements and on Form 5500:

Net increase in net assets available for benefits per the financial statements	\$ 6,404,124
Add: Employer contribution receivable at December 31, 2020	1,164,499
Less: Employer contribution receivable at December 31, 2021	(1,350,717)
Less: Change in deemed distributed loan and interest for the year ended December 31, 2021	<u>(486)</u>
Net increase in net assets available for benefits per Form 5500	<u>\$ 6,217,420</u>

Notes receivable from participants per the statements of net assets available for benefits differ from participant loans per the Form 5500 because certain conditions apply which cause certain loans to be reported as a deemed distribution for tax purposes. These loans are properly reported as Plan assets for financial statement purposes as determined by the written terms of the Plan documents, related Plan policies and procedures and the loan documents.

6. TAX STATUS

The plan administrator adopted a Prototype Standardized Plan that received a favorable determination letter from the Internal Revenue Service ("IRS") dated March 31, 2014. The plan administrator believes that the Plan is designed and is being operated in compliance with the applicable requirements of ERISA

PROMOTION IN MOTION 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

and the Internal Revenue Code ("IRC") and therefore fulfills the criteria for exemption from federal and state income tax. The Plan was amended since receiving the determination letter.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. PARTY-IN- INTEREST TRANSACTIONS

The Employer pays certain administrative expenses of the Plan. Certain services are rendered to the Plan by the Employer at no cost to the Plan. Great-West is the trustee, custodian, and record-keeper of the Plan, and certain of the Plan's investments are managed by affiliates of Great-West. Additionally, record-keeping fees for the Plan were paid to Great-West directly from mutual fund companies whose investments are included in the Plan. Also, the Plan issues loans to participants, which are secured by the Participants account balances. These transactions qualify as party-in-interest transactions.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. The Plan's exposure to a concentration of risk is limited by the diversification of investments across multiple investment fund options. Additionally, the investments within each investment fund option are further diversified into varied financial instruments. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
