Note 1. Plan Description

The following description of F. Schumacher & Co. 401(k) Plan for Salaried Employees (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all salaried employees (except union member employees and leased employees) of F. Schumacher & Co. (the Company) who have completed three months of service. The Plan is administered by the Executive Retirement Committee of the Company and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Effective June 1, 2019, the service requirement was amended to one hour of service.

Change in Trustees: The Plan changed its trustee and record keeper from Bank of America, N.A., the former trustee of the Plan, to Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, the current trustee of the Plan, effective December 1, 2020.

Contributions: Each year, participants may contribute pretax annual compensation, subject to Internal Revenue Code (IRC) limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing rollovers from other qualified benefit plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds, pooled separate accounts and a collective trust fund as investment options for participants. Effective January 1, 2009, the Company amended the Plan to eliminate its matching contribution requirement.

A participant's maximum annual pretax contribution in 2020 was limited to the Internal Revenue Service (IRS) cap of $19,500 for participants under the age of 50 and $26,000 for participants age 50 and over.

Participant accounts: Each participant's account is credited with the participant's contribution, Plan earnings, and certain administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are vested immediately in their own contributions plus actual earnings thereon. A participant is 100% vested in any employer contributions after three years of credited service.

Notes receivable from participants: Participants may borrow from their participant account up to a maximum amount equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 3.25% to 9.00%. Principal and interest are paid through monthly payroll deductions. Loans must be repaid within five years, unless the loan is taken for the purchase of a primary residence.

Payment of benefits: On termination of service due to death, disability or retirement, a participant receives a lump-sum amount equal to the value of the participant's vested interest in his or her account. Participants continuing employment subsequent to obtaining the age of 72 (70½ if they attained age 70½ before January 1, 2020) may elect to receive installment payments over their remaining life expectancy.

Other: During 2020, the Plan implemented certain Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) provisions to allow for certain eligible individuals to receive coronavirus-related withdrawals, suspend required minimum distributions and delay the commencement date for required minimum distributions.

Note 1. Plan Description (Continued)

Forfeitures: For the years ended December 31, 2020 and 2019, the forfeited nonvested account totaled approximately $0 and $12,000, respectively. During the year ended December 31, 2020, approximately $12,000 was reallocated to participant accounts.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of estimates: The preparation of the financial statements in conformity with generally accepted accounting principles (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion on fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation and depreciation in the fair value of investments are recognized in the financial statements in the periods in which such changes occur and includes gains and losses on investments bought and sold during the year, as well as held during the year.

Investments, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with these investments, it is reasonable that changes in the values of investment securities could occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Delinquent notes receivable, if any, are recorded as a distribution based upon the terms of the Plan agreement.

Other income: The Trustees may receive revenue sharing payments from the mutual funds in which the Plan's assets are invested. The administrative services agreement between the Plan and the Trustees provides that to the extent that revenues sharing payments received by the Trustees exceeded administrative fees charged to the Plan by the Trustees, the excess will be credited to the Plan's forfeiture account and included in other income in the statement of changes in net assets available for benefits.

Benefit payments: Benefits are recorded when paid.

Administrative costs: Administrative costs of the Plan are paid by the Plan or the Company.

Subsequent events: The Plan evaluates events occurring after the date of the financial statements to consider whether or not the impact of such events needs to be reflected and/or disclosed in the financial statements. Such evaluation is performed through the date the financial statements are available for issuance, which was October 15, 2021, for these financial statements.

Note 3. Investment Information Certified by the Trustees

The following is a summary of the Plan's asset information as of December 31, 2020 and 2019, and for the year ended December 31, 2020, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the trustees and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the current trustee as of December 31, 2020, and for the period from December 1, 2020 to December 31, 2020, and the former trustee as of December 31, 2019, and for the period from January 1, 2020 to December 31, 2020, that the information provided to the Plan Administrator by the trustees is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets as of December 31, 2020 and 2019:

	2020	2019
Cash	$ 46	$ 7,567
Investments, at fair value:		
Mutual funds	$ 13,632,189	$ 13,211,903
Collective trust fund	2,719,981	2,929,736
Pooled separate accounts	358,709	-
	$ 16,710,879	$ 16,141,639
Receivables:		
Notes receivable from participants	$ 48,405	$ 36,690
Accrued interest receivable	1,380	1,347
	$ 49,785	$ 38,037

The current trustee and former trustee have also certified to the completeness and accuracy of $1,623,449 of net appreciation in fair value of investments, $221,967 of interest and dividends, $6,408 of other income and $1,279 of interest income on notes receivable from participants for the year ended December 31, 2020.

Note 4. Fair Value Measurements

Financial Accounting Standards Board Accounting Standards Codification 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. This framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets

Note 4. Fair Value Measurements (Continued)

- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019:

Mutual funds: Mutual funds are valued at the net asset value (NAV) of shares held by the Plan based upon unadjusted quoted market prices.

Collective trust fund: The collective trust fund is valued at NAV based upon units held by the Plan. The NAV is used as a practical expedient to estimate fair value.

Pooled separate accounts: Pooled separate accounts are valued at the NAV of shares held by the Plan at year end, as provided by the current trustee. The NAV is not a publicly-quoted price in an active market. The NAV is used as a practical expedient to estimate fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes that its valuation methods are appropriate and consistent with those of other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

	Assets at Fair Value as of December 31, 2020			
Description	Total	Level 1	Level 2	Level 3
Mutual funds	$ 13,632,189	$ 13,632,189	$ -	$ -
Total	13,632,189	$ 13,632,189	$ -	$ -
Collective trust fund measured at NAV (a)	2,719,981			
Pooled separate accounts measured at NAV (a)	358,709			
Total	$ 16,710,879			

Note 4. Fair Value Measurements (Continued)

	Assets at Fair Value as of December 31, 2019			
Description	Total	Level 1	Level 2	Level 3
Mutual funds	$ 13,211,903	$ 13,211,903	$ -	$ -
Total	13,211,903	$ 13,211,903	$ -	$ -
Collective trust fund measured at NAV (a)	2,929,736			
Total	$ 16,141,639			

(a) Investments that are measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the fair value of Plan assets presented above.

The following table sets forth disclosure of the Plan's investments whose fair value is estimated using NAV per share as of December 31, 2020 and 2019:

	Fair Value at December 31		Unfunded	Redemption	Redemption Notice
Investment	2020	2019	Commitment	Frequency (b)	Period
Pooled separate accounts:					
Blue chip separate account - Z	$ 319,797	$ -	None	Daily	None
Real estate securities separate account - Z	38,912	-	None	Daily	None
Total pooled separate accounts (a)	$ 358,709	$ -			
Collective trust fund:					
Principal stable value fund (a)	$ 2,719,981	$ 2,929,736	None	Daily	Up to 12 months (c)

(a) These investments are direct filing entities that file a Form 5500 with the U.S. Department of Labor.

(b) Participant transactions (purchases and sales) may occur daily, unless special restrictions limit account liquidity. The pooled separate accounts allow for one transfer in each 30-day period. Transfers will normally be made within seven days after a request is received.

(c) Individual participants' redemptions of the stable value fund for benefit payments are generally permitted without restriction, subject to the provisions of the contract. Qualifying withdrawals typically include: death, disability, retirement, termination, and loans. A 12-month (one-year) advance written notice is required for any Plan Sponsor-directed withdrawal of assets invested in this fund. Such Plan Sponsor-directed actions include, but are not limited to: (i) trustee or Plan Sponsor-directed reallocation of investments; (ii) Company-sponsored layoffs/termination of groups of employees; (iii) disposing of or selling a component of the business which involves the transfer or termination of employees; (iv) terminating the fund as an investment option of the Plan; and (v) terminating the Plan or participating trust.

Note 5. Exempt Party-in-Interest Transactions

Certain Plan investments in pooled separate accounts and collective trust funds are managed by an affiliate of the Plan's current trustee. If applicable, transactions related to these investments qualify as party-in-interest transactions. Fees paid by the Plan for record-keeping services, audit and consulting services amounted to approximately $89,000 for the year ended December 31, 2020.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

Note 7. Tax Status

The IRS has determined and informed the Company by an opinion letter dated March 31, 2014, stating that the Plan and related trust are designed in accordance with applicable IRC. The Plan has been amended since receiving the determination letter; however, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

GAAP requires Plan management to evaluate tax positions taken by the Plan, and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020 and 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities that are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of those investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

On January 30, 2020, the World Health Organization declared the coronavirus outbreak a "Public Health Emergency of International Concern" and on March 11, 2020, declared it to be a pandemic. Actions taken around the world to help mitigate the spread of the coronavirus include restrictions on travel, quarantines in certain areas and forced closures for certain types of public places and businesses. The coronavirus and actions taken to mitigate it have had and are expected to continue to have an adverse impact on the economies and financial markets of many countries, including the geographical area in which the Plan operates. It is still unknown how long these conditions will last and what the effect will be to the Plan. The full extent to which the pandemic will impact the Plan will depend upon future developments which are highly uncertain and cannot be predicted. Accordingly, management cannot presently estimate the overall operational and financial impact to the Plan.

Note 9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for plan benefits per the financial statements as of December 31, 2020 and 2019, to Form 5500:
