INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of
Vinmar International 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of Vinmar International 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021 and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, line 4i, as of and for the year ended December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 22, 2021 we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Vinmar International 401(k) Plan

Notes to Financial Statements

December 31, 2021

Note 1 - Description of Plan

The following description of the Vinmar International 401(k) Plan (the "Plan") provides only general information. Participants should refer to the *Plan Document* for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution retirement plan covering all employees of Vinmar International, Ltd. (the "Company"). The Plan, effective as of January 1, 1990, was most recently amended and restated effective June 30, 2021. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. The Plan is qualified under Section 401(a) of the Internal Revenue Code ("IRC"), which allows employees to make tax-deferred contributions. Fidelity Management Trust Company (the "Trustee" or "Fidelity") is the trustee for the Plan and holds all Plan assets. The duties of the trustee are to receive contributions and to invest and reinvest the trust assets of the Plan.

Eligibility, contributions and participant accounts

All employees, with the exception of Puerto Rico residents or employees that acknowledge their status as an independent contractor, become eligible to participate in the Plan once they are eighteen years of age. Employees are auto enrolled in the Plan at 6%. Once an employee meets the eligibility requirements, they can enter the Plan on the first day of each month of the year. If an employee is terminated after meeting the eligibility requirements and is later re-employed by the Company within five years, the employee will again be eligible to participate in the Plan when one hour of service is completed.

Participants can elect to have a portion of their eligible salaries and bonuses deferred in whole percentages and contributed to the Plan on a pre-tax basis, subject to certain limitations set forth in the IRC. Eligible participants can also make age 50 and over catch-up contributions, as defined in the Plan.

Effective June 1, 2020, the Plan was amended to remove the non-discretionary matching contributions and allow for a discretionary matching employer contribution. In addition, the Plan was also amended to change the contribution calculation period for employer matching contributions from each Plan year to each payroll period. The Company provides for discretionary matching contributions of 50% of the participant's contribution up to a maximum of 6% of their eligible compensation, as defined in the Plan. For the years ended 2021 and 2020, the Company made discretionary matching contributions of \$660,155 and \$642,354, respectively.

Each participant's account is credited with the participant's contribution, the Company's non-discretionary and discretionary matching contribution, an allocation of Plan earnings or losses, and Plan administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participants vested account balance.

Participants direct the investment of their account balances in any of several investment options. Participants can change their investment allocation among the various investments offered by the Plan either through direct transfers from one option to another or by changing the percentage of future contributions allocated among the investment options.

Note 1 - Description of Plan (Continued)Vesting

Participants are immediately vested in their contributions and any earnings thereon. Any employer contributions, plus appreciation or depreciation, will be subject to the following vesting schedule.

<u>Years of Service</u>	<u>Percent Vested</u>
Less than 3	0%
3 or more	100%

Forfeited accounts

Forfeitures from employer matching contributions will be used to pay administrative expenses or used to reduce any employer contributions as directed by the Company. During the years ended December 31, 2021 and 2020, the Plan utilized forfeitures of \$15,099 and \$16,192, respectively, to reduce employer contributions. Forfeitures of \$128,182 and \$63,272 were available for use by the Company as of December 31, 2021 and 2020, respectively.

Administrative expenses

The Company paid certain administrative expenses of the Plan. Any expenses not paid by the Company are paid by the Plan.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 and a maximum equal to the lesser of one-half of the vested balance or \$50,000 reduced by the highest outstanding note balance in the participant's account during the prior 12-month period. Additionally, a participant may not have more than two notes outstanding at any time. Each note receivable under the Plan must mature within five years from the date on which it was made unless the note receivable is used to acquire a principal residence, in which case the note receivable may not extend beyond ten years. The notes receivable are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator.

Pursuant to the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") that was signed into law on March 27, 2020, the Plan allowed participants to take Coronavirus-related loans. Coronavirus-related loans were permitted to qualified individuals up to the lesser of \$100,000 or 100% of a participant's vested balance. As part of the CARES Act, if elected by participants, loan repayments due between March 27, 2020 and December 31, 2020 could be delayed for up to one year while still accruing interest.

Payment of benefits

A participant may withdraw all or a portion of the participant's vested account balance in the event of retirement, hardship, termination of employment, death or disability in accordance with the form of payment elected by the participant within limitations defined in the *Plan Document*.

Note 1 - Description of Plan (Continued)Payment of benefits (continued)

The Plan provides for mandatory distribution if the value of the participant's account is \$5,000 or less. The Plan administrator will direct the Trustee to distribute any amount exceeding \$1,000 to an Individual Retirement Account for the participant's benefit. If the participant's vested balance is \$1,000 or less, the Plan administrator will direct the Trustee to distribute it as a lump-sum distribution without consent. A written consent from the participant is required for any distribution greater than \$5,000.

During 2020, the Company made the election to allow participants to take Coronavirus-related distributions ("CRDs") under the CARES Act. CRDs were permitted to qualified individuals during 2020 not to exceed \$100,000 and were not subject to tax withholding or withdrawal penalties. If elected by participants, CRDs can be reinvested in the Plan, another qualified plan, or IRA over a three-year period. Plans were permitted to adopt any CARES Act provisions immediately provided the *Plan Document* is retroactively amended on or before December 31, 2022.

Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, each participant would become 100% vested and the net assets would be allocated among participants of the Plan in accordance with the provisions of the Plan.

Note 2 - Summary of Significant Accounting PoliciesBasis of accounting

The accounts of the Plan are maintained, and the accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Investment valuation and income recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurement.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Unrealized appreciation or depreciation in the fair value of investments held at year-end is determined using the fair value at the beginning of the year or the purchase price if the investment is acquired during the year. The realized gain or loss on the sale of investments is determined using historical cost. Unrealized appreciation or depreciation along with realized gains and losses are reported as net appreciation or depreciation in fair value of investments in the statements of changes in net assets available for benefits.

Note 2 - Summary of Significant Accounting Policies (Continued)Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants, if any, are reclassified as distributions based upon terms of the *Plan Document*.

Financial instruments and credit risk

Financial instruments which potentially subject the Plan to credit risk, include investments in a money market fund and mutual funds. Investments are exposed to various risks, such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amounts reported in the statements of net assets available for benefits. Plan participants bear the risk of any investment losses.

Payment of benefits

Benefits to participants are recorded when paid.

Use of estimates

The preparation of financial statements in conformity with GAAP requires the Plan administrator to make use of estimates and assumptions that affect certain reported amounts in the financial statements and accompanying notes. Actual results may differ from these estimates.

Note 3 - Information Certified by the Trustee

For Plan years 2021 and 2020, the financial information included in the Plan's financial statements and supplemental schedule, except for contributions receivable, contributions, benefits paid to participants, and administrative expenses, has been derived from information certified as complete and accurate by the Trustee, in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 4 - Fair Value Measurements

The Plan uses a three-level hierarchy, in accordance with the fair value standard, that establishes a hierarchy for grouping assets and liabilities, based on the significance of inputs. The hierarchy of fair value measurements is described below:

- Level 1 - quoted prices in active markets for identical assets or liabilities;
- Level 2 - inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of these assets or liabilities; or
- Level 3 - unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

Note 4 - Fair Value Measurements (Continued)

The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

- Money market fund – this investment is valued at cost which approximates fair value. The money market fund is valued using Level 1 inputs.
- Mutual funds – these investments are valued daily based on the quoted market value of the fund assets. All mutual funds are valued using Level 1 inputs.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the valuation methods are considered appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 5 - Tax Status

The prototype plan adopted by the Company received its latest opinion letter dated June 30, 2020, in which the Internal Revenue Service (the "IRS") stated that the prototype plan, as then designed, was in compliance with applicable requirements of the IRC. The Plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan was qualified, and the related trust was tax-exempt as of December 31, 2021 and 2020. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to audits by the IRS and Department of Labor; however, there are currently no audits for any tax periods in progress.

Note 6 - Party-In-Interest Transactions

Certain Plan investments are shares of a money market fund and mutual funds managed by Fidelity and, therefore, qualify as party-in-interest transactions.
