INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
Precision Castparts Corp. 401(k) Retirement Savings Plan
Portland, Oregon

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Precision Castparts Corp. 401(k) Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2021 and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the 2021 Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion on the 2021 financial statements.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements were available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2021 financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters—Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year) as of December 31, 2021 and delinquent participant contributions for the year ended December 31, 2021 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We have audited the 2020 financial statements, and in our report dated June 9, 2021, we expressed an unmodified opinion on those 2020 financial statements.

PRECISION CASTPARTS CORP. 401(k) RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS AS OF DECEMBER 31, 2021 AND 2020, AND FOR THE YEAR ENDED DECEMBER 31, 2021

1. DESCRIPTION OF THE PLAN

The following description of the Precision Castparts Corp. 401(k) Retirement Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan document or summary plan description for a more complete description of the Plan’s provisions. Precision Castparts Corp. (the “Plan Sponsor”) is a wholly-owned subsidiary of Berkshire Hathaway Inc. (the “Parent”).

General-The Plan is a defined contribution retirement plan and was established on July 1, 1991. Employees of Precision Castparts Corp. and certain subsidiaries (the “Company” or “PCC”) are eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Trustee-Fidelity Management Trust Company (“Fidelity”) is the Plan's trustee and holds all investments of the Plan.

Plan Amendments- The Plan was amended in 2020 to change the effective date of the Roth Elective Contributions to July 1, 2020, and to increase the amount of the initial default Elective Contribution for new hires to 4% as of January 1, 2021. The Plan was further amended in 2021 to remove the option for participant-directed investment in the Berkshire Hathaway Class B Common Stock Fund (“Parent Stock”), an employer security as defined in ERISA section 407(d)(1), and to remove the option to elect in-kind distributions of Parent Stock. Unless otherwise elected participant balances were transferred to the JP Morgan Equity Income Fund Class R6.

Contributions-Each year, participants may contribute up to 75% of pretax annual compensation, and up to 100% of bonuses, as defined by the Plan, up to the maximum allowable by the Internal Revenue Service (“IRS”), which was \$19,500 for the years ended December 31, 2021 and 2020. Participants may also rollover amounts representing distributions from other qualified defined contribution plans. Participants in the Plan are eligible for employer matching contributions ranging from 0%-100% of elective contributions up to 1.5%-10% of the participant’s pay. Some participants are also eligible for an employer profit-sharing contribution of 1.5%-6% of eligible compensation. The range of contributions is based on the rates credited in various historical plans. The matching period may be one pay period or one calendar quarter. Participants age 50 and older may contribute up to \$6,500 in catch-up contributions annually. New employees are automatically enrolled in the Plan at 4% for pretax deferrals, increasing automatically by 1% per year up to a maximum of 8%, unless other percentages are elected in the electing location’s Business Unit Participation Statement.

Vesting-Participants are immediately vested in their contributions plus actual earnings or losses thereon. Most participants that are eligible for employer matching contributions will be one-third vested after one year of service, two-thirds vested after two years of service, and fully vested after three years of service; however, the employer matching contributions made for employees of some business units vest immediately or as provided for in the participant’s collective bargaining agreement.

Forfeitures-Forfeitures of non-vested Company contributions are used to fund future Company matching contributions. However, if a participant is reemployed and fulfills certain requirements, as defined in the Plan agreement, the account will be reinstated. At December 31, 2021, and 2020, forfeiture account balances available to be used as an offset to Company matching contributions were not significant. During 2021, employer contributions were reduced by \$1,436,135 from forfeited non-vested accounts.

Participant Accounts-Each participant's account is credited with the participant's contribution and an allocation of the Company's contribution, if any, and Plan earnings or losses. The allocation of Plan earnings or losses is based on participant's account balances. Participants may direct the investment of their contributions and/or account balances into various investment options offered by the Plan and may change investments and transfer amounts between funds daily. The Plan offers a Parent company stock fund, mutual funds, and common collective trust investment options for participants.

Notes Receivable from Participants-Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant notes fund. Loans initiated within this Plan have terms that are limited to five years, unless the funds are used to acquire the principal residence of the participant, in which loan terms are limited to fifteen years. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with interest rates charged by financial institutions for comparable loans at the time the loan is made. Interest rates range from 4.25% to 11.00% at December 31, 2021. Principal and interest are paid through payroll deductions or by direct payment from participants.

Payment of Benefits-On termination of service with the Company, including termination due to death or retirement, a participant may elect to receive a partial distribution or a lump-sum amount equal to the value of the participant's vested interest in his or her account. The Business Unit Participation Statement for a location may allow for payments to be made in installments. Required minimum distributions may also be made in installments.

CARES Act Provisions-Following the enactment of the Coronavirus Aid, Relief, and Economic Security Act (the "CARES" Act) in March of 2020, the Administrative Committee approved allowing eligible participants to withdraw up to \$100,000 from their plan accounts. The Committee also approved allowing eligible participants to defer loan payments through the end of the year.

Plan Administration-The Plan is administered by an Administrative Committee comprised of members who are appointed by the Chief Executive Officer of PCC. PCC has contracted with Fidelity to provide record keeping services with respect to the Plan.

Administrative Expenses-Most legal, audit, custodial, administrative and record-keeping expenses are paid by the Plan. Certain administrative expenses not paid by the Plan are paid by the Company and are not reflected in the accompanying financial statements. The Plan assesses fees directly to participants to enhance fee transparency. The current participant fee, paid by each account, is \$17, assessed on a quarterly basis. All participant accounts, regardless of balance, are charged the fee after the first 8 calendar quarters following their initial date of hire.

2. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting-The accompanying financial statements have been prepared on the accrual method of accounting, and in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Investment Valuation and Income Recognition-Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Interest on loans is recognized over the term of the loan and is calculated using the simple-interest method on principal amounts outstanding. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates-The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements

and the reported amounts of additions and deductions during the reporting period, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties-The Plan provides various investment options to its participants. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Notes Receivable from Participants-Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions based on the terms of the Plan document.

Payment of Benefits-Benefit payments to participants are recorded upon distribution. There were no participants, who elected to withdraw from the Plan, but had not yet been paid at December 31, 2021 and 2020.

Disclosure of Evaluation of Subsequent Events-The Company evaluated subsequent events through September 19, 2022, the date these financial statements were available to be issued.

3. CERTIFIED INVESTMENT INFORMATION

Certain information related to investments and notes receivable from participants disclosed in the financial statements and supplemental schedules, including investments and notes receivable from participants held at December 31, 2021 and 2020, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company, the trustee of the Plan.

4. FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board ("FASB") ASC 820, *Fair Value Measurements and Disclosures*, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1-Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2-Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3-Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020:

Mutual Funds-Valued at a readily determinable net asset value ("NAV") of shares held by the Plan at year end. Investments in this category can be redeemed immediately without notice at the current net asset value per share as published by the Trustee based on the fair value of the underlying assets. In 2021 and 2020, these funds were open-ended mutual funds that are registered with the Securities and Exchange Commission. They are valued at the daily closing price as reported by the fund which are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trust Funds-Collective trust funds represent investments held in pooled funds, including a stable value collective trust fund composed primarily of fully benefit-responsive investment contracts. Collective trusts are valued based on the value of net assets held in the collective trust divided by the number of trust units outstanding, or net asset value per share. Investments in collective trusts are typically valued, as a practical expedient, utilizing the net asset valuations provided by the underlying private investment companies and/or their administrators, without adjustment. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) in collective trust funds typically occur daily at the NAV, although in unlikely circumstances the stable value collective trust may limit the ability of the Plan and/or participants to transact at contract value (including but not limited to partial or complete termination of the Plan, or tax disqualification of the Plan). If the Plan initiates a full redemption from the stable value collective trust, the issuer reserves the right to require 12 months' notification in order to confirm that securities liquidations will be carried out in an orderly business manner.

Berkshire Hathaway Class B Unitized Stock Fund- consists of Berkshire common stock shares issued by the Parent of the Plan Sponsor plus a cash component. The fund net asset value is calculated using a quoted active market price of Berkshire stock plus its remaining net assets. The fund is measured at fair value using the net asset value per share as a practical expedient. Effective August 9, 2021, the Berkshire Hathaway Class B Unitized Stock Fund ceased to be offered as an investment option for plan participants. As of the close of market on August 30, 2021, all remaining participant balances were transferred out of the fund to another investment option. No participants held investments in the fund as of December 31, 2021.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although management of the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table presents the assets and liabilities measured at fair value as of December 31, 2021:

	Fair Value Measurements Using			Measured at Net Asset Value	Assets/Liabilities at Fair Value
	Level 1	Level 2	Level 3		
Mutual funds	\$ 543,192,746	\$ —	\$ —	\$ —	\$ 543,192,746
Common collective trusts	—	—	—	1,800,506,929	1,800,506,929
Total assets at fair	\$ 543,192,746	\$ —	\$ —	\$ 1,800,506,929	\$ 2,343,699,675

The following table presents the assets and liabilities measured at fair value as of December 31, 2020:

	Fair Value Measurements Using				Measured at Net Asset Value	Assets/Liabilities at Fair Value
	Level 1	Level 2	Level 3			
Mutual funds	\$ 548,830,529	\$ —	\$ —	\$ —	—	\$ 548,830,529
Berkshire Hathaway Class B Unitized Stock Fund	—	—	-	—	13,824,093	13,824,093
Common collective trusts	—	—	—	—	1,602,448,900	1,602,448,900
Total assets at fair	\$ 548,830,529	\$ —	\$ —	\$ —	1,616,272,993	2,165,103,522

Transfers between Levels—The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

We evaluate the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended, December 31, 2021 and 2020, there were no transfers between levels.

5. PLAN EXPENSES

As provided in the Plan agreement, administrative expenses of the Plan may be paid either by the Plan or by the Company. Loan, redemption and certain other fees are charged to participant accounts. No expenses are paid by the Plan to PCC employees who perform services on behalf of the Plan.

Excess fee balances in the Plan may arise primarily due to timing differences between when participant fees are collected and plan administrative expenses are paid. Any excess resulting from this activity remains in an unallocated account until administrative expenses are paid. At December 31, 2021 and December 31, 2020, the Plan held excess fee balances of \$243,886 and \$92,361, respectively.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

7. TAX STATUS

The IRS has determined and informed the Company by a letter dated February 2, 2015, that the Plan and related trust are designed in accordance with applicable sections of the Code. The Plan has been amended; however, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code. The Plan is subject to routine audits by taxing jurisdictions. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2019.

8. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in funds managed by Fidelity, or an affiliate thereof. Fidelity is the trustee as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund.

Prior to August 30, 2021, the Plan also invested in the Berkshire Hathaway Class B Unitized Stock Fund, with such transactions qualifying as exempt party-in-interest transactions. The primary purpose of the fund was to allow participants to invest in common shares of the Plan Sponsor's Parent company. As of December 31, 2021 and 2020, the Berkshire Hathaway Class B Unitized Stock Fund consisted of 0 units and 998,718 units, respectively. These units included 0 and 58,591 shares of Berkshire Hathaway class B common stock, respectively, and \$0 and \$238,598 of cash and other net assets held for the purpose of providing liquidity for fund participant redemptions, respectively. During the 2021 Plan year, purchases and redemptions of the fund were \$8,326,046 and \$22,148,299, respectively.

9. NONEXEMPT PARTY-IN-INTEREST TRANSACTION

For the 2021 Plan year, the Company remitted several participant contributions totaling \$18,733 to the trustee later than required by Department of Labor ("DOL") Regulation 2510.3-102. The Company has filed Form 5330 with the IRS and paid the excise tax due on the transactions. In addition, participant accounts have been credited with earnings in accordance with DOL guidelines.
