Independent Auditor's Report

To the Plan Administrator of
Hollister Supplemental Retirement Plan
Libertyville, Illinois

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Hollister Supplemental Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Hollister Supplemental Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Hollister Supplemental Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Hollister Supplemental Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Hollister Supplemental Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Hollister Supplemental Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Hollister Supplemental Retirement Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 17, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Hollister Supplemental Retirement Plan
Notes to Financial Statements

Note 1: Description of Plan

The following description of the Hollister Supplemental Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan, a defined contribution plan, was established effective January 1, 1983, and provides eligible employees with a long-term savings program designed to supplement retirement income. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Eligibility

All United States employees of Hollister Incorporated ("Hollister" or the "Company"), a wholly owned subsidiary of The Firm of John Dickinson Schneider, Inc., and any related entities who have elected to become participating employers are eligible to participate in the Plan, except Kirksville, Missouri employees who are members of Local Number 710 of the International Union, United Automobile, Aerospace, and Agricultural Implement Workers of America. Employees of the Company are eligible upon hire.

Contributions

Participant voluntary deferral contributions are limited to 80% of eligible compensation, as defined in the Plan document, and can be designated by the participant as either pre-tax or Roth contributions. These contributions are further limited by certain provisions of the Internal Revenue Code ("IRC"). Eligible employees who do not elect an initial deferral rate or do not opt out of participation within 30 days of hire are automatically enrolled in the Plan at a 6% pre-tax deferral rate with the target-date Freedom Funds as the qualified default investment alternative. This initial deferral rate will increase 1% in July of each year up to a maximum of 10% unless the participant opts out of this automatic increase each year. In addition, participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined contribution plans (rollover). The Company contributes $0.50 for each $1 of voluntary deferral contributions made by a participant up to a maximum Company contribution of $500 per participant. The Company contributed $660,525 in matching contributions for the 2021 plan year. The Plan also allows participants to make voluntary after-tax employee contributions limited to 80% of eligible compensation, as defined in the Plan document, and these contributions are not matched by the Company.

Investment Options

Participants direct the investment of their contributions into various investment options offered by the Plan.

Note 1: Description of Plan (Continued)

Participant Accounts

Each participant's account is credited with the participant's pre-tax or Roth deferral contributions, after-tax employee contributions, participant rollover contributions and, if any, (i) an allocation of the Company's matching contribution, (ii) allocations of Plan earnings and investment gains or losses and charged with withdrawals, as applicable, and (iii) an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

All participant contributions are fully vested at all times. Company matching contributions are fully vested after one year of service, as defined by the Plan. Forfeitures of non-vested account balances are used first to reduce administrative expenses of the Plan and then future Company contributions to the Plan. Forfeitures in the amount of $21,582 were used to pay plan expenses for the year ended December 31, 2021. No forfeitures were used to reduce Company contributions to the plan for the year ended December 31, 2021. The forfeiture account balance was $94 and $9,939 as of December 31, 2021 and 2020, respectively.

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. The terms of the borrowings range from one to five years. The borrowings are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan Administrator at the time the borrowings are made. Principal and interest are paid ratably through payroll deductions. Participants are permitted to have up to two loans outstanding at any time. The borrowings bear interest at rates between 4.25% and 8.75%.

Payment of Benefits

The Plan allows for in-service withdrawals by participants who have attained the age of 59 ½ from their vested account balances and earnings thereon or by any participant from their rollover or after-tax employee contributions. In addition, the Plan allows for hardship withdrawals, subject to the terms of the Plan document. On termination of service due to death, disability or retirement, or for termination of service due to other reasons, a participant may elect to receive the value of his or her account in the form of a single lump sum equal to the vested balance of the participant's account.

Effective January 1, 2020, the new Internal Revenue Service (IRS) hardship distribution regulations were implemented to allow participants to have access to earnings on the deferral portion of their account, to include federal disasters as a hardship category, to eliminate the suspension period subsequent to receiving a hardship distribution, and to eliminate the requirement to exhaust Plan loans. Written amendments to the Plan to reflect these operational changes have been adopted in accordance with applicable laws and IRS guidance.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States (GAAP).

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date and interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates in Preparation of Financial Statements

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets available for benefits and changes therein. Actual results may differ from these estimates.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 or 2020. Delinquent participant notes receivable are recorded as benefit payments on the basis of the term of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Management fees for investments in mutual and money market funds are deducted on a daily basis and, therefore, are reflected as a reduction of investment return for those mutual and money market funds. Recordkeeping and investment consulting fees are charged to participant accounts on a pro-rata basis. By agreement with the Plan’s third party record keeper, a revenue credit is allocated on a pro-rata basis to participant accounts that hold investments in eligible investment options, as defined by the agreement. Fees specific to individual participant activity, such as loan fees, are paid by the participant. The Plan provides for other administrative expenses to be allocated to participant accounts on a reasonable basis as determined by the Plan Administrator or to be paid by the Company. Administrative expenses paid by the Company are excluded from these financial statements.

Note 2: Summary of Significant Accounting Policies (Continued)

Subsequent Events

The Plan has evaluated subsequent events through September 29, 2022, which is the date the financial statements were available to be issued.

Effective January 1, 2022, the Plan was amended and restated to become a Safe Harbor 401(k) Plan. The Company will make a safe harbor matching contribution equal to 100% of the first 6% of a participant's eligible compensation. Participants are 100% vested in safe harbor matching contributions made to the Plan.

Effective February 15, 2022, the Plan was restated to be in accordance with IRS legislative requirements and maintain the Plan's qualified status. In connection with the restatement, the Company also received an updated IRS determination letter dated June 30, 2020. Additionally, on July 1, 2022, the net assets and accumulated benefits of the Hollister Employee Share Ownership Trust were merged into the Plan.

Note 3: Information Prepared and Certified by Trustee

Investments at fair value and notes receivable from participants at December 31, 2021 and 2020 and total investment income and interest income on notes receivable from participants for the year ended December 31, 2021 included in the accompanying financial statements, have been certified by Fidelity Management Trust Company, the trustee, to the Plan Administrator as being complete and accurate in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The accompanying Supplemental Schedule of Assets (Held at End of Year) as of December 31, 2021 has been derived from data certified by the trustee.

Note 4: Fair Value Measurements

In measuring the fair value of the Plan's investments, the trustee utilizes a framework that provides for a fair value hierarchy that prioritizes the inputs to valuation techniques. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Note 4: Fair Value Measurements (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2021 and 2020.

Cash equivalents: These investments, money market funds, are public investment vehicles valued using the net asset value provided by the administrator of the fund. The carrying value of cash equivalents approximates fair value as maturities are less than three months. The net asset value is a quoted price in a market that is active and classified within level 1 of the valuation hierarchy.

Mutual funds: These investments are public investment vehicles valued using the net asset value provided by the administrator of the fund. The net asset value is a quoted price in a market that is active and classified within level 1 of the valuation hierarchy.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020.

	Assets at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 162,872,918	$ -	$ -	$ 162,872,918
Cash equivalents	7,361,059	-	-	7,361,059
Total investments at fair value	$ 170,233,977	$ -	$ -	$ 170,233,977

	Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 140,327,726	$ -	$ -	$ 140,327,726
Cash equivalents	7,093,915	-	-	7,093,915
Total investments, at fair value	$ 147,421,641	$ -	$ -	$ 147,421,641

Note 5: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 6: Related Party and Party-in-Interest Transactions

Certain Plan investments are shares of mutual and money market funds managed by FMR LLC and its affiliated entities. Fidelity Management Trust Company, the trustee of the Plan, is an affiliated entity of FMR LLC and, therefore, these transactions qualify as party-in-interest transactions. These transactions are not considered prohibited transactions under the ERISA regulations. In addition, the Plan pays fees to a party-in-interest for investment advisory services and an affiliate of the trustee for recordkeeping services. Fees paid for these services were $105,487 for the year ended December 31, 2021. In addition, certain administrative functions are performed by trustees of the Plan or employees of the Companies for which no compensation is received from the Plan for their services.

Notes receivable from participants also qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA.

Note 7: Tax Status

The Plan has adopted a Volume Submitter Plan sponsored by Fidelity Management & Research Company. The Internal Revenue Service (IRS) has determined and informed the Plan sponsor by letter dated March 31, 2014, that the volume submitter plan is designed in accordance with applicable sections of the IRC. The Plan itself has not received a determination letter from the IRS. The Plan has been amended since receiving the determination letter, however, the Plan Administrator believes the Plan is designed and being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 8: Plan Termination

Although it has not expressed any intent to do so, the Plan has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Plan contributions.

Acknowledgments:

Known Misstatements - We acknowledge that you have requested that we correct all known misstatements that you have brought to our attention (including those that no longer appear on the accompanying schedule - if applicable).

Likely Misstatements - We acknowledge that you have requested that we examine the class of transactions, account balance, or disclosure (as applicable) to identify any likely misstatements that exist and make corrections.

Likely Misstatements Involving Estimates - We acknowledge that you have requested us to review the assumptions and methods used in developing our estimate - and as a result we affirm the accounting for the estimates involved as finally recorded.

Conclusion:

Based on our evaluation of the unadjusted audit differences, both individually and in the aggregate, as well as a consideration of qualitative factors and the possibility of undetected misstatements, we are not aware of any material modifications that should be made to the financial statements in order for them to be in conformity with the Company's financial reporting framework.
