Independent Auditor's Report

**To the 403(b) Plan Administrative Committee
CRISTA Ministries 403(b) Savings Plan
Seattle, Washington**

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of CRISTA Ministries 403(b) Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C), which comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2021, and for the year then ended, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The certified investment information in the accompanying 2021 financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the 2021 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2021 financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

OTHER MATTERS

2021 Supplemental Schedules Required by ERISA

The supplementary information, as listed in the accompanying table of contents, is presented for purposes of additional analysis and is not a required part of the financial statements but is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplementary information, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplementary information that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information. In forming our opinion on the supplementary information, we evaluated whether the supplementary information, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplementary information, other than the information in the supplementary information that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplementary information agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 28, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the information certified by the qualified institution were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

CRISTA MINISTRIES 403(b) SAVINGS PLAN

Notes to Financial Statements For the Year Ended December 31, 2021

Note 1 - Description of Plan

The following description of the CRISTA Ministries 403(b) Savings Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's definitions, benefits, eligibility and other matters.

General - The Plan is a defined contribution plan that was established effective July 1, 2006 for the benefit of employees of CRISTA Ministries (the Employer). Leased employees and nonresident aliens with no United States source income are not eligible to participate in the Plan. In addition, an employee who has been assigned to provide services to another employer pursuant to a second agreement shall not be eligible for employer contributions, but shall be eligible for elective deferrals as long as the employee is paid through the Employer's payroll. The Plan is intended to be a plan that meets requirements under Section 403(b) of the Internal Revenue Code (IRC). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Plan Administration - Northwest Plan Services serves as the Plan's third party administrator and record keeper. Matrix Trust Company (Matrix) is the Plan's custodian.

Eligibility - All employees are eligible to make elective deferrals starting on the first day of every calendar quarter. Employees who have completed one year of service and are at least 21 years old are eligible to receive employer matching contributions. Employees who have completed one year of service, are at least 21 years old, and employed on the last day of the plan year are eligible to receive employer base contributions. Employees will be credited with a year of service if they complete no fewer than 1,000 hours during the relevant 12-month period as defined in the plan document.

Employee Contributions - Participants may contribute elective deferrals (pre-tax and Roth contributions) to the Plan, not to exceed 75% of eligible compensation or annual limits established under the IRC. Participants who are at least 50 years old by the end of the calendar year and participants who have completed 15 years of service with the Employer are permitted to make catch-up deferrals, not to exceed IRC limits. Participants may also contribute amounts representing distributions from other eligible retirement plans (rollovers).

Employer Contributions - The plan was amended effective July 1, 2021, to allow for employer matching contributions. Participants with fewer than 10 years of service will receive employer matching contributions equal to 100% of participants' elective deferrals, up to a maximum of 2% of eligible compensation. Participants with 10 or more years of service will receive employer matching contributions equal to 100% of participants' elective deferrals, up to a maximum of 4% of eligible compensation.

The Employer will also make an employer base contribution equal to 3% of eligible participants' compensation, unless otherwise decided by the Board of Directors. During 2021, the Board of Directors did not approve an employer base contribution.

Participant Accounts - Participant contributions to the Plan are voluntary. Participants are allowed to direct the investment of all contributions into various investment options that offer a diversity of investment risk and return. Each participant's account is credited with any contributions made to the account as well as increases or decreases in the market value of investments, and is charged with an allocation of administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

CRISTA MINISTRIES 403(b) SAVINGS PLAN

Notes to Financial Statements For the Year Ended December 31, 2021

Note 1 - Continued

Allocation Provisions - Dividend income and net realized and unrealized investment gain or loss of each fund shall be allocated to the accounts of each participant based on the participant's proportionate share of the various investment funds held in their investment account.

Vesting - Participants are immediately vested in their elective deferral contributions. Employer matching and base contributions shall vest according to the following schedule:

<u>Years of Credited Service</u>	<u>Percentage Vested</u>
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5	100%

Forfeitures - The Plan allows for a five-year break in service before a separated employee must forfeit any unvested amount retained in the Plan. Amounts forfeited by participants may be used to reduce the Employer's contributions, and any remaining forfeitures may be used to pay for administrative expenses of the Plan. At December 31, 2021 and 2020, forfeited nonvested accounts totaled \$120,744 and \$79,051, respectively. During 2021, \$27,111 of forfeitures were used to reduce employer contributions owed to the Plan and pay for administrative expenses of the Plan.

Revenue Sharing Recapture Account - The Plan holds certain assets in an unallocated account which is primarily used to recapture a portion of the expense ratios charged by the Plan's mutual funds (revenue sharing payments). Revenue sharing payments can only be used to pay eligible administrative expenses of the Plan. During 2021, the Plan received \$76,485 in revenue sharing dollars which were used to offset a portion of the Plan's total administrative expenses.

Notes Receivable From Participants - Under certain provisions of the Plan, participants may borrow up to \$50,000 from their account limited to 50% of the vested portion of their account at the date of the loan application. Loans are repaid through regular payroll deductions over terms ranging from one to five years. Loans used to acquire a primary residence may be repaid over a reasonable period of time not to exceed fifteen years. The loans are secured by the balance in the participant's account and will bear a rate of interest equal to the prime rate plus 2% or such other commercially reasonable rate of interest established by the Employer.

Benefits Paid to Participants - Upon termination of service, death, disability, or retirement, a participant may receive a lump-sum amount equal to the vested portion of his or her account. Upon reaching age 59 ½, a participant may elect to receive a payment of all or a portion of amounts attributable to their elective deferrals. The Plan also provides for hardship withdrawals if certain conditions are met. A lump-sum payment will be made without consent of a terminated participant if their vested account balance is \$5,000 or less.

Notes to Financial Statements For the Year Ended December 31, 2021

Note 2 - Significant Accounting Policies

Basis of Accounting - The accompanying financial statements have been prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements. Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in fair value of investments represents the change in fair value of assets from one period to the next and realized gains and losses on investments.

Notes Receivable From Participants - Notes receivable from participants are measured at their unpaid principal balance. Accrued but unpaid interest, if any, would not have a material impact on the Plan's financial statements. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. No allowance for credit losses has been recorded as of December 31, 2021 and 2020.

Benefits Paid to Participants - Benefits paid to participants are recognized when they are paid. As of December 31, 2021 and 2020, participants had elected to withdraw \$0 and \$31,705, but were not paid until 2021 and 2020, respectively.

Investment and Administrative Expenses - The Plan's investment options are subject to fees based on a percentage of invested assets, as disclosed in the fund's prospectus. All such fees are charged directly against the fund's investment performance and, therefore, are not separately disclosed in the accompanying financial statements. Administrative expenses paid by the Plan include investment advisory, recordkeeping, audit, and asset custody services provided by third parties. Fees paid from plan assets to these providers qualify as party-in-interest transactions. Transaction based fees for loans and distributions are charged directly to participant accounts. Other administrative expenses are paid by the Employer on behalf of the Plan.

Subsequent Events - The Plan's management has evaluated subsequent events through September 19, 2022, the date on which the Plan's financial statements were available to be issued.

CRISTA MINISTRIES 403(b) SAVINGS PLAN

Notes to Financial Statements For the Year Ended December 31, 2021

Note 3 - Fair Value Measurements

U.S. GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under U.S. GAAP are described as follows:

Level 1 - Unadjusted quoted prices available in active markets for identical assets or liabilities;

Level 2 - Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; or

Level 3 - Unobservable inputs that are significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020:

Mutual Funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	Fair Value Measurements as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 41,078,500	\$ -	\$ -	\$ 41,078,500

	Fair Value Measurements as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 39,847,296	\$ -	\$ -	\$ 39,847,296

CRISTA MINISTRIES 403(b) SAVINGS PLAN

Notes to Financial Statements For the Year Ended December 31, 2021

Note 4 - Fully Benefit-Responsive Investment Contracts

The Plan includes a guaranteed interest account as an investment option under a group annuity contract issued by New York Life Insurance Company (New York Life). The New York Life Guaranteed Interest Account (NYL GIA) is a stable value product that guarantees the return of principal and accumulated interest. The contract seeks to provide participants with competitive crediting rates and limited volatility consistent with the preservation of capital. Contributions to the NYL GIA are invested in a broadly diversified fixed income portfolio within New York Life's general account. The Plan's ability to receive amounts due is dependent on New York Life's ability to meet its financial obligations, which may be affected by future economic and regulatory developments.

Participant-initiated transactions are permitted on a daily basis. Withdrawals for plan permitted benefit payments or loans and transfers to non-competing funds will be made at contract value. Therefore, the contract is considered fully benefit-responsive and reported at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

Participants cannot transfer their NYL GIA balances to competing investment options, such as fixed income funds including, but not limited to, guaranteed investment contracts, money market funds, or short-term bond funds. Balances transferred from the NYL GIA to noncompeting funds cannot be transferred to competing investment options for 90 days.

At contract termination or certain other distribution events (e.g. distributions resulting from employer-initiated events such as plan termination, merger, etc.), liquidity restrictions or a market value adjustment may apply. However, the Employer believes these events are not probable of occurring. New York Life may terminate the contract provided written notice of termination is provided to the Employer prior to the intended termination date. The balance in the account (contract value) will be paid in a single sum to the Employer within ninety days of the termination date. If the Plan fails to maintain its tax-exempt status under the applicable section of the IRC, 7% will be withdrawn from the NYL GIA and paid to New York Life and the remaining balance will be paid in a single sum to the Employer.

The crediting interest rate is based on a formula set by New York Life and may not be less than 1% after deduction for any expenses. Such interest rates are reviewed on a semi-annual basis for resetting (January 1st and July 1st).

Note 5 - Certified Investments

The Plan's management elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investments held at December 31, 2021, and investment income and transactions for the year ended December 31, 2021, that is disclosed in the accompanying financial statements and supplementary information, was obtained and derived from information supplied to the plan administrator and certified as complete and accurate by Matrix, the custodian of the Plan. The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplementary information.

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, all participants immediately become 100% vested in their respective account balances.

CRISTA MINISTRIES 403(b) SAVINGS PLAN

Notes to Financial Statements For the Year Ended December 31, 2021

Note 7 - Income Tax Status

The Plan has been designed to qualify under Section 403(b) of the IRC. The Plan is required to operate in conformity with the IRC to maintain the tax-exempt status for plan participants under Section 403(b). Management believes it has operated the Plan in a manner that did not jeopardize the tax benefits associated with these arrangements. The Plan is subject to audits by the Internal Revenue Service; however, there are currently no audits for any tax periods in progress.

Note 8 - Risks and Uncertainties

The Plan's investments are invested in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amount reported in the statements of net assets available for benefits.

Note 9 - Reconciliation to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31, 2021 and 2020:

	<u>2021</u>	<u>2020</u>
Net assets available per the financial statements	\$ 45,972,748	\$ 45,323,365
Amounts allocated to withdrawing participants		<u>(31,705)</u>
Net Assets Per the Form 5500	<u>\$ 45,972,748</u>	<u>\$ 45,291,660</u>

The following is a reconciliation of benefits paid to participants per the financial statements to the Form 5500 for the year ended December 31, 2021:

Benefits paid to participants per financial statements	\$ 6,991,416
Less amounts allocated to withdrawing participants at December 31, 2020	<u>(31,704)</u>
Benefits Paid to Participants Per Form 5500	<u>\$ 6,959,712</u>

Amounts allocated to withdrawing participants are recorded on Form 5500 for benefit claims that have been processed and approved for payment before year end, but not yet paid as of that date.
