The Ohio Valley Banc Corp. Employees' Stock Ownership Plan
Gallipolis, Ohio

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Ohio Valley Banc Corp. Employees' Stock Ownership Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter - 2021 Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021, and the schedule of reportable transactions for the year ended December 31, 2021, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 30, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan and Significant Accounting Policies

Description of Plan: The following description of the Ohio Valley Banc Corp. Employees' Stock Ownership Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: Ohio Valley Banc Corp. (the Plan Sponsor) established the Plan effective April 24, 1985. The Plan was most recently restated effective January 1, 2016 to remain in compliance with the Pension Protection Act and other regulatory requirements, and was last amended December 4, 2019, to modify the allocation provisions of the Plan for the equitable benefit of certain eligible participants. The Plan is a defined contribution plan covering all employees, except leased employees, of the Ohio Valley Banc Corp. who have one year of service and are age 21 or older. Each employee becomes eligible to participate on December 31 of the year they meet eligibility and participation requirements. The Plan is intended to qualify under Section 401(a) of the Internal Revenue Code and is designed to be an employee stock ownership plan under Section 4975(e)(7) of the Internal Revenue Code. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Employer contributions: Each year, the Plan Sponsor contributes to the Plan a discretionary amount from its current profits in the form of cash and/or common stock as determined by the Plan Sponsor's Board of Directors. Employer contributions are allocated to each eligible participant based on compensation. To be eligible to receive an employer contribution, a participant must work at least 1,000 hours during the year and be employed on the last day of the plan year. For the plan years ended December 31, 2021 and 2020, the Plan Sponsor authorized no stock contributions and cash contributions of \$575,858 and \$580,097, respectively.

Participant accounts: The Plan provides that a separate individual account be established for each respective participant. Each participant account is credited with an allocation of (a) the Plan Sponsor's contributions, (b) Plan earnings and dividends, and (c) forfeitures of terminated participants' non-vested accounts. Plan Sponsor contributions and forfeitures are allocated based on compensation. Plan earnings and dividends are allocated based on participant beginning balances minus distributions and forfeitures, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Retirement, death and disability: A participant is entitled to 100% of his or her account balance upon retirement, death, or disability.

Vesting: Participants will become vested in employer contributions, related earnings, and forfeitures of non-vested accounts, in accordance with the following schedule:

Years of Service	Vested Percentage
Less than 2	0%
2 but less than 3	20%
3 but less than 4	40%
4 but less than 5	60%
5 but less than 6	80%
6 and over	100%

Payment of benefits: On termination of service, retirement, death or disability, a participant's vested account balance shall be distributed as a lump-sum payment. Participants may elect to receive their benefits in whole shares of Plan Sponsor stock, cash or a combination of both. If the participant's vested account balance is less than \$5,000, the Plan Administrator may elect to distribute the account without the participant's consent. Mandatory distributions greater than \$1,000 are paid to an individual retirement account on behalf of the participant, if not otherwise directed by the participant.

THE OHIO VALLEY BANC CORP. EMPLOYEES' STOCK OWNERSHIP PLAN

NOTES TO FINANCIAL STATEMENTS

Voting rights: Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account and is notified by the Trustee prior to the time that such rights are to be exercised. The Trustee is not permitted to vote any allocated shares for which instructions have not been given by a participant. The Trustee votes any shares not allocated to a participant's account in such manner as the Trustee shall determine in its sole discretion.

Diversification: Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment from the Plan Sponsor's common stock into investments which are more diversified. Participants who are at least age 55 with at least 10 years of credited service may elect to diversify up to 25% of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25 percent of the number of shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage increases to 50 percent.

Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared under the accrual method of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from these estimates.

Investment valuation and income recognition: Investments are stated at fair value. Many factors are considered in arriving at fair value. The Plan Sponsor's common stock is listed on the NASDAQ securities market. For dates when there are not any purchases or sales of the Plan Sponsor's common stock, the fair value is determined by averaging the bid and the ask price. In accordance with stating investments at fair value, net appreciation or depreciation in fair value of investments for the year is reflected in the statements of changes in net assets available for benefits. It consists of both net appreciation realized on purchases and sales of investments and net unrealized appreciation resulting from the change in the difference between market value and cost of investments at the beginning of the year.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

The Plan does not require collateral to secure its investments.

Payments of benefits: Benefits are recorded when paid.

Concentration of credit risk: At December 31, 2021 and 2020, the majority of the Plan's assets were invested in Ohio Valley Banc Corp. common stock. It is the general intent of the Plan to invest all or substantially all of the funds of the Plan in the common stock of the Ohio Valley Banc Corp. Additionally, temporary investments are maintained in money market depository accounts or mutual funds.

Significant new authoritative accounting guidance: On October 29, 2020, the Financial Accounting Standards Board issued Accounting Standards Update (ASU) 2020-10, *Codification Improvements*, which affects a wide variety of Topics in the Codification. The amendments apply to all reporting entities within the scope of the affected accounting guidance. More specifically, this ASU, among other things, contains amendments that improve the consistency of the Codification by including all disclosure guidance in the appropriate Disclosure Section (Section 50). Many of the amendments arose because the FASB provided an option to give certain information either on the face of the financial statements or in the notes to financial statements and that option only was included in the Other Presentation Matters Section (Section 45) of the Codification. The option to disclose information in the notes to financial statements should have been codified in the Disclosure Section as well as the Other Presentation Matters Section (or

THE OHIO VALLEY BANC CORP. EMPLOYEES' STOCK OWNERSHIP PLAN

NOTES TO FINANCIAL STATEMENTS

other Section of the Codification in which the option to disclose in the notes to financial statements appears). Those amendments are not expected to change current practice. The amendments of ASU 2020-10 are effective for annual periods beginning after December 15, 2020, for public business entities. For all other entities, the amendments are effective for annual periods beginning after December 15, 2021, and interim periods within annual periods beginning after December 15, 2022. Early application of the amendments is permitted for and varies based on the entity. The amendments should be applied retrospectively and at the beginning of the period that includes the adoption date.

On June 30, 2022, the FASB issued ASU 2022-03, *Fair Value Measurement (Topic 820): Fair Value Measurement of Equity Securities Subject to Contractual Sale Restrictions*. The amendments of this Update clarify that a contractual restriction on the sale of an equity security is not considered part of the unit of account of the equity security and, therefore, is not considered in measuring fair value. This ASU is effective for public business entities for fiscal years, including interim periods within those fiscal years, beginning after December 15, 2023. Early adoption is permitted. For all other entities, it is effective for fiscal years, including interim periods within those fiscal years, beginning after December 15, 2024. Early adoption is permitted for both interim and annual financial statements that have not yet been issued or made available for issuance.

Plan management has evaluated the potential effects of these new accounting and financial reporting standard updates and has determined that they should not have a significant impact on the Plan's financial reporting.

Subsequent events: Management of the Plan has evaluated subsequent events through September 23, 2022, the date the financial statements were available to be issued.

Note 2. Plan Termination

Although it has not expressed intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA and its related regulations. In the event of plan termination, participants will become 100% vested in their accounts.

Note 3. Investment Information Certified by the Trustee

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA for 2021 and 2020. Accordingly, the Ohio Valley Bank Company, the Trustee of the Plan, has certified to the completeness and accuracy of all investments reported in the accompanying statements of net assets available for benefits as of December 31, 2021 and 2020, and the supplemental Schedule H, Line 4(i) - schedule of assets (held at end of year) as of December 31, 2021, and the related investment activity reported in the statement of changes in net assets available for benefits for the year ended December 31, 2021 and 2020, and the supplemental Schedule H, Line 4j - schedule of reportable transactions for the year ended December 31, 2021.

Note 4. Fair Value Measurements

Accounting Standards Codification (ASC) Topic 820 *Fair Value Measurements and Disclosures* (ASC 820) establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

THE OHIO VALLEY BANC CORP. EMPLOYEES' STOCK OWNERSHIP PLAN

NOTES TO FINANCIAL STATEMENTS

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

Ohio Valley Banc Corp. common stock: Valued at the closing price reported on the active market on which the security is traded (NASDAQ).

Government Obligation Fund accounts: These are money market mutual fund accounts valued at the net asset value (NAV) of shares held by the plan at year end at the market exchange price. The fund for these accounts is designed to maintain a \$1 per share unit fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

Assets at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Ohio Valley Banc Corp. common stock	\$ 8,677,962	\$ -	\$ -	\$ 8,677,962

NOTES TO FINANCIAL STATEMENTS

Note 5. Party-In-Interest and Related Party Transactions

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer and certain others. Professional fees for the administration and audit of the Plan were paid by the Plan Sponsor on behalf of the Plan. Cash dividends of \$250,248 and \$283,523 were paid to the Plan by Ohio Valley Banc Corp. during the years ended December 31, 2021 and 2020, respectively, based on shares held by the Plan on the dates of declaration.

Certain administrative functions are performed by officers and employees of the Plan Sponsor and its subsidiaries. No such officer or employee received compensation from the Plan.

During 2021, the Plan acquired 5,260 shares of Ohio Valley Banc Corp. stock at total cost of \$140,512 and distributed 10,874 shares to terminated participants. During 2020, the Plan acquired 4,166 shares of Ohio Valley Banc Corp. stock at total cost of \$160,158 and distributed 71,146 shares to terminated participants

The Plan held the following party-in-interest investments at December 31, 2021 and 2020 (See Note 3):

	2021	2020
Investments at fair value:		
Ohio Valley Bank Corp. common stock (2021, 292,680 shares; 2020, 298,294 shares)	\$ 8,677,962	\$ 7,039,738

Note 6. Terminated Participants

As of December 31, 2021 and 2020, there was \$0 and \$4,277, respectively, included in net assets available for benefits allocated to individuals who have withdrawn from the Plan.

Note 7. Income Tax Status

The Internal Revenue Service has determined and informed the Plan Sponsor by letter dated April 9, 2018, that the Plan, as restated, and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan Sponsor believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require recognition or disclosure in the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state, or local tax authorities for years before 2018.

NOTES TO FINANCIAL STATEMENTS

Note 8. Risks and Uncertainties

The Plan invests in common stock of the Plan Sponsor and savings depository accounts of the Plan Sponsor's bank subsidiary. The underlying investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with the Plan's investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the value of the investment securities will occur in the near term and that such changes could materially affect participants' individual account balances as well as the amounts reported in the statements of net assets available for benefits.

The outbreak of the novel strain of coronavirus, COVID-19 which originated in Wuhan, China, in December of 2019, and has since spread globally, has been adversely affecting global populations, economies, and financial markets. The governments of many countries, states, municipalities, and other geographic regions continue to monitor the advancement of the virus and manage preventative or protective actions in order to minimize the socioeconomic impact of the pandemic. The ultimate impact on the Plan's net assets available for benefits and changes in net assets available for benefits continues to be affected by the continuing responses of the financial markets to the successes and failures of the socioeconomic policies enacted by all levels of governments to manage the societal and economic effects of the pandemic.
