Report of Independent Auditors

To the Administrator of the Zenith 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying 2021 financial statements of Zenith 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The 2021 financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, including the related notes (collectively referred to as the "2021 financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Other Matter – 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan, which comprise the statement of net assets available for benefits as of December 31, 2020, and the related statement of changes in net assets available for benefits for the year then ended (not presented herein, other than the statement of net assets available for benefits). As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 29, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements, other than that derived from the certified information, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021 ("supplemental schedule"), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Zenith 401(k) Plan

Notes to Financial Statements

December 31, 2021 and 2020

1. The Plan

General

The following description of the Zenith 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The Plan is a qualified defined contribution plan under Sections 401(a) and 401(k) of the Internal Revenue Code of 1986, as amended ("Code") and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Plan gives participants the opportunity to manage the investment of assets allocated to their respective individual accounts and is designed to comply with Section 404(c) of ERISA.

Zenith Insurance Company ("Company") is the Plan Sponsor and Plan Administrator.

Plan Amendments

In November 2019, the Board of Directors of the Plan authorized an amendment to the Plan that added an automatic savings increase program, effective January 1, 2020. The program was deferred in 2020 and went into effect on June 1, 2021.

In October 2020, the Board of Directors of the Plan authorized the Plan's adoption of the Bipartisan Budget Act of 2018 Interim Compliance Amendment, which included a change to the Plan Trustee, effective January 1, 2020.

In November 2020, the Plan was amended to adopt certain provisions, effective January 1, 2020, of the Coronavirus Aid, Relief, and Economic Security ("CARES") Act as described in the Payment of Benefits section below.

Administration

The Plan administrative committee ("Administrative Committee") is appointed by the Board of Directors of the Company and has responsibility for administration of the Plan, including selection and monitoring of investment options, supervision of the collection of contributions, delivery of such contributions to the trustee of the Plan and maintenance of necessary records.

Charles Schwab Trust Bank (an affiliate of Charles Schwab Bank) serves as the trustee ("Trustee") of the Plan. Schwab Retirement Plan Services Company ("Schwab") provides recordkeeping services for the Plan. The Plan has a guaranteed investment contract with Massachusetts Mutual Life Insurance Company ("MassMutual"). Charles Schwab Trust Bank and MassMutual are both "Qualified Institutions" in accordance with 29 C.F.R. § 2520.103-8.

The Trustee reports all assets of the Plan in a trust ("Trust") created under an agreement dated May 18, 2015. The Trustee's responsibilities include receipt of Plan contributions, investment and maintenance of Trust assets in the available funds, and distributions under the Plan in addition to such amounts the Administrative Committee directs from time to time.

Eligibility

Participation in the Plan is offered to all eligible employees. Each newly hired employee of the Company that meets the Plan's eligibility requirements may participate in the Plan as of his or her date of employment, with enrollment generally taking effect as of the first or sixteenth of the month coinciding with, or next following, his or her date of hire. There are no age restrictions.

Participant Contributions

Participants may elect to contribute up to 50% of eligible compensation to the Plan in the form of Pre-Tax Contributions, Roth 401(k) Contributions, and/or Voluntary After-Tax Contributions. The combined amount of a participant's Pre-Tax and Roth 401(k) Contributions may not exceed the maximum allowable statutory limit of \$19,500 in both 2021 and 2020. Participants who will be age 50 or older by the end of the Plan year are eligible to make additional Pre-Tax and Roth 401(k) Catch-Up Contributions. The maximum allowable Pre-Tax and Roth 401(k) Catch-Up contribution was \$6,500 in 2021 and 2020. The maximum contribution limits may be adjusted each year for increases in the cost of living, as provided in applicable regulations of the Code.

Zenith 401(k) Plan

Notes to Financial Statements

December 31, 2021 and 2020

Participants can make Voluntary After-Tax Contributions, in combination with Pre-Tax and Roth 401(k) Contributions, or in addition to the statutory limits placed on Pre-Tax and Roth 401(k) Contributions. After-Tax Contributions are subject to the Annual Additions limit, which is a limit on the total combined dollar amount that a participant and the Company may contribute to a participant Plan account annually. The Annual Additions limit for 2021 and 2020 was the lesser of 100% of eligible compensation or \$58,000 and the lesser of 100% of eligible compensation or \$57,000, respectively, excluding any Catch-Up Contributions.

The Plan includes an automatic savings increase feature whereby covered participants are enrolled in automatic deferral percentage increases of 1% each Plan year, on June 1st, until their Pre-Tax plus Roth 401(k) deferral percentage reaches 15%. Participants have the option to make an overriding deferral election or to elect out of the automatic savings increase program at any time.

Employer Contributions

The Plan permits Matching Contributions, discretionary Matching and Profit-Sharing Contributions, Qualified Non-Elective contributions ("QNECs") and Qualified Matching Contributions ("QMACs").

In 2021 and 2020, the Company matched 75.0% and 66.6%, respectively, of the first 6% of compensation that a participant made in Pre-Tax, Roth 401(k), and Catch-Up Contributions to the Plan. Voluntary After-Tax Contributions are not eligible for the Company match. The Company match is capped at a level determined by the Internal Revenue Service. The Company can make additional matching contributions based on a discretionary formula and applying a true-up contribution on an annual basis. The Company can also make additional profit-sharing contributions based on a percentage of each participant's compensation. Additional matching contributions and profit-sharing contributions are made at the Company's sole discretion.

Rollovers

The Plan permits participant rollovers of distributions from other qualified non-Company plans, subject to certain conditions. The Plan also permits participants to convert all or part of their eligible Pre-Tax 401(k) and After-Tax balances within the Plan to a Roth account, as an In-Plan Roth Rollover, while leaving the funds in the participant's account. Pre-Tax 401(k) Contributions (including any associated earnings) and any earnings generated on After-Tax Contributions prior to conversion are taxable in the year they are converted. Upon retirement or termination of employment, the entire Roth account balance, including investment earnings, may be distributed tax-free if certain requirements are met. Participants are only eligible to make an In-Plan Roth Rollover of accounts that are 100% vested.

Eligible Compensation

Eligible compensation includes wages, eligible bonuses, commissions, overtime pay and elective deferrals. Participants may allocate their Pre-Tax, Roth 401(k), and Voluntary After-Tax Contributions among investment options in such percentages as they determine. Company contributions for a participant are directed to the same investment options and in the same proportion as each participant directs its Pre-Tax, Roth 401(k), and Voluntary After-Tax Contributions.

Participant Accounts

Each participant's account is credited with: (1) Pre-Tax, Roth 401(k), and Voluntary After-Tax Contributions, (2) Rollover Contributions from other qualified non-Company plans, (3) Matching Contributions, and (4) Plan earnings/losses net of Plan administrative expenses. Allocations of earnings/losses are based on account balances, as defined in the Plan documents.

The value of each fund is determined daily and participants are able to transfer amounts between funds on any business day.

Zenith 401(k) Plan

Notes to Financial Statements

December 31, 2021 and 2020

Vesting

Each participant has an immediate, fully vested right to receive all Pre-Tax, Roth 401(k), and Voluntary After-Tax Contributions and earnings thereon upon termination from the Company or upon separation caused by death of the participant. All Matching Contributions vest based upon the participant's total eligible years of service. The vested percentage increases 20% per each year of eligible service such that at five years of eligible service all Matching Contributions are fully vested. However, irrespective of the vesting schedule, a participant is fully vested in all Matching Contributions upon his or her death, disability, or attainment of age 65.

Forfeitures

Upon termination from employment, a participant may still be eligible to have non-vested Matching Contributions vest if the participant resumes employment within a 5-year period (as set forth in the Plan). After this 5-year period has expired, a participant forfeits any non-vested Matching Contributions. Such forfeitures are used to reduce current or future Matching Contributions to the Plan on a quarterly basis.

As of December 31, 2021 and 2020, the ending balances of forfeited non-vested accounts were zero. In 2021, employee forfeitures of \$139,498 were used to reduce employer contributions.

Distributions Prior to Termination of Employment

The Plan permits in-service distributions for reasons other than hardship to participants that have attained age 59 ½ of their balance in Pre-Tax, Roth 401(k), Qualified Matching and Qualified Non-Elective Contributions and, if a participant is 100% vested, from their Matching, Discretionary Matching and Profit-Sharing Contributions. Participants are permitted to take in-service hardship distributions from their vested balance in Pre-Tax and Roth 401(k) Contributions on account of the Participant's immediate and heavy financial need and meet other hardship provisions (as determined under the Code). Effective January 1, 2020, hardship distributions are permitted from QNECs and QMACs (including investment earnings on QNECs and QMACs) and from investment earnings on Pre-Tax and Roth 401(k) Contributions. Distributions from a participant's Voluntary After-Tax and Rollover Contributions are allowed at any time.

Participants Notes

Participants may borrow from their accounts a minimum of \$1,000 and up to an amount not to exceed the lesser of (a) 50% of the Participant's vested account balance in their Pre-Tax, Roth 401(k), Voluntary After-Tax, and Rollover Contribution accounts in the Plan or (b) \$50,000, reduced by the excess (if any) of the highest outstanding balance of the Participant's loans from the Plan during the 1-year period ending the day before the new loan is made, over the outstanding balance of the Participant's loans from the Plan on the day the loan is made. The plan permits participants two outstanding loans at a time. Loan terms range up to 5 years, or up to 30 years for the purchase of a principal residence. The loans are secured by the balance in the participant's account. Interest rates on the loans are prescribed in accordance with the Plan's loan policy and remain fixed over the life of the loan. As of December 31, 2021, participant loans had maturities through 2052 at interest rates ranging from 2.53% - 8.50%. Principal and interest are paid ratably through payroll deductions. Upon termination of employment, participants are required to either set up monthly automated withdrawals or pay the outstanding loan principal plus accrued interest in full.

Payment of Benefits

Benefits are payable upon termination of employment, hardship, death, disability, retirement or attainment of at least age 59 ½. A participant is not required to take distributions until after the participant both separates from the Company and attains age 72, except if the participant's vested account balance is \$5,000 or less, following separation, in which case the Plan may issue the participant cash or a rollover distribution to another qualified retirement plan or to an individual retirement account. Participants are required to take distributions after attaining age 72, even if they are still employed by the Company if they are 5% owners. Distribution of a participant's benefits are made in cash and are recorded when paid. Payments are generally processed twice each month.

The Plan adopted provisions of the Cares Act that waive required minimum distributions ("RMDs") during 2020 for participants and beneficiaries of inherited accounts. The waiver also includes RMDs for participants who turned age 70 ½ in 2019 and took their first RMD in 2020. Participants who took RMDs in 2020 had the option to roll over the distributions into a qualified retirement plan or return the distribution to the original plan by August 31, 2020, to avoid paying taxes on the distributions. Additionally, for beneficiaries of deceased participants, calendar year 2020 will not be counted as part of the five-year period during which beneficiaries must take a distribution.

Zenith 401(k) Plan

Notes to Financial Statements

December 31, 2021 and 2020

Expenses

Record keeper and trustee fees charged to the Plan were \$69 per participant annually. Each quarter, these fees are allocated among each participant's account in proportion to the value of their account to the total balances in the Plan as of the date the fees are processed. Total recordkeeping and trustee fees allocated to participant accounts in 2021 were \$149,495. Fees for certain transactions, such as participant-initiated investment management fees and loan fees in 2021 of \$30,540 were directly charged to individual participant accounts. The Company pays all other expenses of the Plan (including legal, accounting, investment advisory and certain educational, brokerage and other administrative costs).

Plan Termination

While the Company has not expressed intent to terminate the Plan, it may do so at any time. Upon such termination, each participant would be 100% vested in his or her Matching Contributions.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of the financial statements in conformity with GAAP requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to, and deductions from, net assets during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value (see Note 3).

Generally, interest, dividends and capital gain distributions to the Plan are allocated to a participant's account in a mutual fund or pooled separate investment account based on the number of units the participant holds in that investment compared to the total units outstanding for that investment.

Purchases and sales of securities are recorded on a trade-date basis. Gains and losses on sales of securities are computed on an average-cost basis. Net appreciation/depreciation in the fair value of investments disclosed in the Statement of Changes in Net Assets Available for Benefits consists of net realized gains/losses and net unrealized appreciation/depreciation on investments.

Mutual Funds

Mutual funds held by the Plan are reported at fair value in the Statement of Net Assets Available for Benefits. They are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value ("NAV") and to transact at that price. The mutual funds held by the Plan are actively traded.

Pooled Separate Investment Account

The Plan entered into a guaranteed investment contract ("SAGIC") with MassMutual in 2015. The MassMutual Stable Value Core Separate Investment Account BE6 ("Stable Value Core Separate Investment Account") is a commingled pooled separate investment account option offered through a MassMutual group annuity contract that provides a guarantee to pay a stated rate of return. Amounts contributed are allocated to the Stable Value Core Separate Investment Account that invests in a diversified portfolio of fixed income securities. Amounts allocated are segregated from the general obligations of MassMutual in the event of insolvency. The account is credited with earnings on the underlying investments, primarily investment-grade fixed income securities, and charged for participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan and reserves the right to require a 30-day notice for withdrawal of assets from the fund when initiated by the Plan Sponsor and/or Trustee. There are no unfunded commitments to this fund, and there are no other restrictions.

Zenith 401(k) Plan

Notes to Financial Statements

December 31, 2021 and 2020

The Plan's investment in the Stable Value Core Separate Investment Account is recorded using NAV as a practical expedient to estimate fair value in the Statement of Net Assets Available for Benefits. The fair value reported in the Statement of Net Assets Available for Benefits is approximated by the contract value. This investment is not required to be categorized within the fair value hierarchy of investments in Note 3.

Participants Notes

Participant notes are measured at their outstanding principal balances plus any accrued but unpaid interest. If a participant ceases to make loan repayments and the loan is deemed to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Excess Contributions Payable

Amounts payable to participants or employer for contributions in excess of amounts allowed by the Code and related regulations, if any, are recorded as a liability with a corresponding reduction to contributions.

Contributions

Pre-Tax, Roth 401(k), Voluntary After-Tax Contributions, and Matching Contributions are recorded in the period that a participant's payroll was earned.

Payment of Benefits

Benefits are recorded when paid.

Subsequent events

Management has evaluated the events and transactions that have occurred through September 16, 2022, the date the financial statements were available to be issued.

The Plan adopted a Charles Schwab prototype 401(k) plan trust document effective May 1, 2022. This prototype Plan received a favorable opinion letter from the Internal Revenue Service dated September 21, 2020.

3. Fair Value Measurements

Fair value is the price that would be received to sell an asset or would be paid to transfer a liability (i.e., the exit price) in an orderly transaction between market participants at the measurement date. In determining fair value, the Plan primarily uses prices and other relevant information generated by market transactions involving identical or comparable assets (i.e., the market approach). Management also considers the impact of a significant decrease in volume and level of activity for an asset when compared with normal activity to identify transactions that are not orderly.

Fair value measurements are determined under a three-level hierarchy that prioritizes the inputs to valuation techniques used to measure fair value, distinguishing between market participant assumptions developed based on market data obtained from sources independent of the reporting entity ("observable inputs") and the reporting entity's own assumptions about market participant assumptions developed based on the best information available in the circumstances ("unobservable inputs"). The hierarchy level assigned to each investment is based on our assessment of the transparency and reliability of the inputs used in the valuation of each instrument at the measurement date. The highest priority is given to unadjusted quoted prices in active markets for identical assets (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). Securities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan recognizes transfers between levels at the end of each reporting period. There were no transfers between levels during the current plan year. The three hierarchy levels are defined as follows:

Level 1: Valuations based on unadjusted quoted market prices in active markets for identical securities. The fair values of investments included in the Level 1 category were based on quoted prices that were readily and regularly available in an active market. The Level 1 category is comprised of mutual funds.

Level 2: Valuations based on observable inputs (other than Level 1 prices), such as quoted prices for similar assets at the measurement date; quoted prices in markets that are not active; or other inputs that are observable, either

directly or indirectly. The Plan does not hold any investments in the Level 2 category as of December 31, 2021 and 2020.

Level 3: Valuations based on inputs that are unobservable and significant to the overall fair value measurement and involve management judgment. The Plan does not hold any investments in the Level 3 category as of December 31, 2021 and 2020.

As of December 31, 2021 and 2020, the Plan's investments measured at fair value were as follows:

	December 31,	
	2021	2020
Mutual Funds – Level 1	\$ 284,890,424	\$ 243,496,207
Total assets in the fair value hierarchy	284,890,424	243,496,207
SAGIC (a)	62,975,775	60,985,473
Investments, at fair value	\$ 347,866,199	\$ 304,481,680

(a) Certain investments that were measured at fair value using the NAV practical expedient have been excluded from the fair value hierarchy above. The fair value amounts for these investments presented in the table above are intended to permit reconciliation of the fair value hierarchy to the items presented in the Statements of Net Assets Available for Benefits.

4. Investments

The Plan's investments (including gains and losses on investments bought and sold, as well as held during the year), appreciated \$26,136,549 in value in the year ended December 31, 2021.

5. Risks and Uncertainties

The Plan provides for various investment options in any combination of mutual funds and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits. If the Plan terminates the SAGIC without providing requisite notice, the amount received by the Plan could be less than the participants' aggregate stated values (or contract values) under relevant provisions of the agreement with the SAGIC issuer.

6. Tax Status

The Plan adopted a Charles Schwab prototype 401(k) plan trust document with a cash or deferral arrangement effective May 18, 2015. This prototype plan received a favorable opinion letter from the Internal Revenue Service dated June 19, 2014. The letter states that the prototype plan is designed in accordance with applicable sections of the Code and the Plan may rely on such letter to show that the Plan qualifies under the Code. The Plan is designed and the Plan Sponsor believes it is operated in compliance with the applicable requirements of the Code and therefore believes the Plan is qualified and the related trust is tax-exempted.

As of December 31, 2021 and 2020, there were no uncertain tax positions taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan is no longer subject to income tax examinations for years prior to 2018.

7. Party-in-Interest and Related Party Transactions

In 2021 and 2020, Schwab provided recordkeeping services to the Plan and, therefore, is a party-in-interest to the Plan. Payments for these services are statutorily exempt from the prohibited transaction rules of ERISA and the Code.

Notes to Financial Statements

December 31, 2021 and 2020

Participant notes are party-in-interest transactions, for which a statutory exemption from the prohibited transaction rules of ERISA and the Code exists.

The Plan receives revenue sharing payments from certain mutual funds as an offset to Schwab's administration fee. This revenue is recorded as a credit to participants investing in the mutual funds. In 2021, credits to participants of \$91,416 were recorded as investment earnings in the Statement of Changes in Net Assets Available for Benefits.

8. Certification by Qualified Institutions

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 C.F.R. § 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, certain information below and disclosed in the accompanying financial statements and supplemental schedule, was obtained or derived from information furnished to the Plan Administrator and certified by Charles Schwab Trust Bank and by MassMutual that such information is complete and accurate.
