Board of Directors and Finance Committee
SummitStone Health Partners 403(b) Retirement Plan
Fort Collins, Colorado

As part of our audit of the financial statements of SummitStone Health Partners 403(b) Retirement Plan (the Plan) as of and for the year ended December 31, 2021, we wish to communicate the following to you.

Management has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. An audit performed in accordance with ERISA Section 103(a)(3)(C) does not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier, that is regulated, supervised and subject to periodic examination by a state or federal agency, a qualified institution, that prepared and certified the investment information in accordance with 29 CFR 2520.103-5 of the DOL Rules and Regulations for Reporting and Disclosure under ERISA. Management has determined that an ERISA Section 103(a)(3)(C) audit is permissible under the circumstances. Management has also determined that the investment information is prepared and certified by a qualified institution as described by 29 CFR 2520.103-8, that the certification meets the requirements in 29 CFR 2520.103-5 and, that the certified investment information is appropriately measured, presented, and disclosed in accordance with accounting principles generally accepted in the United States of America.

The purpose of an ERISA Section 103(a)(3)(C) audit is to express an opinion on whether the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with generally accepted accounting principles and that the assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the certified investment information.

AUDIT SCOPE AND RESULTS

Auditor's Responsibility Under Auditing Standards Generally Accepted in the United States of America

An audit performed in accordance with auditing standards generally accepted in the United States of America is designed to obtain reasonable, rather than absolute, assurance about the financial statements. In performing auditing procedures, we establish scopes of audit tests in relation to the financial statements taken as a whole. Our engagement does not include a detailed audit of every transaction. Our contract more specifically describes our responsibilities.

These standards require communication of significant matters related to the financial statement audit that are relevant to the responsibilities of those charged with governance in overseeing the financial reporting process. Such matters are communicated in the remainder of this letter or have previously been communicated during other phases of the audit. The standards do not require the auditor to design procedures for the purpose of identifying other matters to be communicated with those charged with governance.

An audit of the financial statements does not relieve management or those charged with governance of their responsibilities. Our contract more specifically describes your responsibilities.

Qualitative Aspects of Significant Accounting Policies and Practices

Significant Accounting Policies

The Plan's significant accounting policies are described in Note 2 of the audited financial statements.

Alternative Accounting Treatments

We had discussions with management regarding alternative accounting treatments within accounting principles generally accepted in the United States of America for policies and practices for material items, including recognition, measurement, and disclosure considerations related to the accounting for specific transactions as well as general accounting policies, as follows:

- No matters are reportable

Management Judgments and Accounting Estimates

Accounting estimates are an integral part of financial statement preparation by management, based on its judgments. The following areas involve significant estimates for which we are prepared to discuss management's estimation process and our procedures for testing the reasonableness of those estimates:

- Fair value of investments

Significant Unusual Transactions

Significant unusual transactions represent significant transactions that are outside the normal course of business for the Plan or that otherwise appear to be unusual due to their timing, size, or nature. We have identified the following transactions that we consider to be significant and unusual.

- No matters are reportable

Financial Statement Disclosures

The following areas involve particularly sensitive financial statement disclosures for which we are prepared to discuss the issues involved and related judgments made in formulating those disclosures:

- Determination of fair values
- Parties-in-interest transactions

Audit Adjustments

During the course of any audit, an auditor may propose adjustments to financial statement amounts. Management evaluates our proposals and records those adjustments which, in its judgment, are required to prevent the financial statements from being materially misstated. A misstatement is a difference between the amount, classification, presentation, or disclosure of a reported financial statement item and that which is required for the item to be presented fairly in accordance with the applicable financial reporting framework. Some adjustments proposed were not recorded because their aggregate effect is not currently material; however, they involve areas in which adjustments in the future could be material, individually or in the aggregate.

- No matters are reportable

Reportable Findings

During the course of the audit, we have identified the following reportable findings that are considered significant and relevant to those charged with governance over the Plan:

- No formal review of SOC1 reports for third-party service providers – see Internal Control Over Financial Reporting section for additional information
- Segregation of duties issues in the payroll transaction cycle for the staff accountant who has access, recording, and monitoring responsibilities. We recommend shifting some of the staff accountant's responsibilities to other staff members.
- Plan management was unable to locate the final, executed investment policy and the first amendment to the plan document. We recommend maintaining all legally binding documents to protect the plan sponsor in the case that an issue or dispute arises.
- No formal document showing excluded time codes – see Internal Control over Financial Reporting section for additional information
- No documentation of formal approval of discretionary matching contributions by the Board. We recommend having the Board approve the contribution and to document this approval in meeting minutes so there is no dispute about the contributions provided.
- A loan payment from 2020 was not remitted in a timely manner, resulting in a prohibited transaction which is disclosed in a supplemental schedule to the financial statements

Auditor's Judgments About the Quality of the Plan's Accounting Principles

- The quality of the Plan's accounting principles appears adequate and appropriately applied

Other Documents Containing Audited Financial Statements

The Plan's audited financial statements are included in the Form 5500, *Annual Return/Report of Employee Benefit Plan*, filed with the Department of Labor Employee Benefits Security Administration. As part of our procedures, we read the draft Form 5500 that is substantially complete to determine if financial information discussed in sections outside the financial statements materially contradicts the audited financial statements. If we identify any such matters, we bring them to management's attention and review subsequent revisions.

Our responsibility also includes communicating to you any information we believe is a material misstatement of fact. Nothing came to our attention that caused us to believe that such information, or its manner of presentation, is materially inconsistent with the information, or manner of its presentation, appearing in the financial statements.

Other Material Communications

Listed below are other material communications between management and us related to the audit:

- Management representation letter (attached)
- We orally communicated to management other deficiencies in internal control identified during our audit that are not considered material weaknesses or significant deficiencies

INTERNAL CONTROL OVER FINANCIAL REPORTING

In planning and performing our audit of the financial statements of SummitStone Health Partners 403(b) Retirement Plan (the Plan) as of and for the year ended December 31, 2021, in accordance with auditing standards generally accepted in the United States of America, we considered the Plan's internal control over financial reporting (internal control) as a basis for designing our audit procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be significant deficiencies or material weaknesses and, therefore, there can be no assurance that all deficiencies, significant deficiencies, or material weaknesses have been identified. However, as discussed below, we identified certain deficiencies in internal control that we consider to be deficiencies.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis.

A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Plan's financial statements will not be prevented or detected and corrected on a timely basis.

A significant deficiency is a deficiency, or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

We observed the following matters that we consider to be deficiencies.

Deficiencies

Definition of Eligible Compensation and Calculation of Employee Contributions

The adoption agreement includes a definition for eligible compensation to be used for contribution calculations; however, the adoption agreement allows the plan sponsor to write-in any other specific exclusions, and the plan sponsor wrote-in that "other special pay" would be excluded from eligible compensation. This term does not relate to a specific time code, which means the exclusions are not formally defined. We recommend formally documenting all excluded time codes to avoid inaccuracies or inconsistencies in contribution calculations.

Review of SOC 1 Reports

During our audit, we noted that the plan sponsor did not review, in detail, the SOC 1 report of the service organizations. Since a significant amount of the processing of plan transactions is performed by service organizations, it is imperative that plan management review the procedure at these service organizations on a consistent basis and document such review in detail as part of due diligence in operating the Plan.

We recommend documenting that the description of the controls listed within the SOC 1 report covers all significant transactions, processes or computer applications that affect the Plan's financial statements. In addition, if the SOC 1 report identifies noncompliance of the service organization's controls, consideration should be made as to the effects of the findings on the Plan's operations. In the instance of noncompliance, complementary controls at the Plan should be documented and enhanced as necessary. Listing the exceptions and the response of the service organizations' management alone is not sufficient. Plan management should document its own conclusions.

Another item that the plan sponsor should document, in detail, is user controls. The SOC 1 reports identify controls for which plan personnel are responsible and these are typically referred to as “Client Control Considerations.” Client controls are complementary to the controls of the service organization and are necessary for the service organizations’ controls to be achieved.

OTHER MATTERS

Cybersecurity Guidance for Employee Benefit Plans

For the first time, the Employee Benefit Security Administration (EBSA) has issued cybersecurity guidance. EBSA believes that without sufficient protection, the over \$9.3 trillion of assets currently invested for the participants of defined benefit and contribution plans could be at risk from both internal and external cybersecurity threats. The guidance, issued in three parts, provides plan fiduciaries and plan management tips for hiring a service provider, cybersecurity program best practices, and online security tips.

Cybersecurity program best practices, as outlined by the EBSA, include the following:

- Have a formal cybersecurity program
- Conduct prudent annual risk assessments
- Have a reliable annual third-party audit of security controls
- Maintain strong access control procedures
- Ensure sensitive data stored and in transit is encrypted
- Respond properly to cybersecurity incidents or breaches

Employee benefit plans often rely on other service providers to maintain plan and participant data records. Plan sponsors should exercise prudence when selecting and monitoring service providers. Steps that plan sponsors can take during the selection process include the following:

- Inquire about the service provider’s information security standards, policies, and practices
- Evaluate the service provider’s track record, including a search for public information regarding information security incidents
- Inquire whether the service provider has experienced security breaches in the past
- Check if the service provider has insurance policies covering losses caused by cybersecurity and identity theft breaches

The undersigned ("We") are providing this letter in connection with FORVIS' audits of the financial statements of SummitStone Health Partners 403(b) Plan (the Plan) as of and for the years ended December 31, 2021 and 2020, and supplemental schedules as of December 31, 2021.

Our representations are current and effective as of the date of FORVIS' report: September 8, 2022.

Our engagement with FORVIS is based on our contract for services dated: May 7th, 2022.

Our Responsibility and Consideration of Material Matters

We confirm that we are responsible for the fair presentation of the financial statements subject to FORVIS' report in conformity with accounting principles generally accepted in the United States of America and for the fair presentation of the accompanying supplemental schedules in conformity with the Department of Labor's Rules and Regulations under the *Employee Retirement Income Security Act of 1974* (ERISA).

We are also responsible for adopting sound accounting policies; establishing and maintaining effective internal control over financial reporting, operations, and compliance; and preventing and detecting fraud.

We elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. We acknowledge that the audit did not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier, that is regulated, supervised and subject to periodic examination by a state or federal agency, a qualified institution, that prepared and certified the investment information in accordance with 29 CFR 2520.103-5 of the DOL Rules and Regulations for Reporting and Disclosure under ERISA. We have determined that an ERISA Section 103(a)(3)(C) audit is permissible under the circumstances. We have also determined that the investment information is prepared and certified by a qualified institution as described by 29 CFR 2520.103-8, that the certification meets the requirements in 29 CFR 2520.103-5 and, that the certified investment information is appropriately measured, presented, and disclosed in accordance with accounting principles generally accepted in the United States of America.

The purpose of an ERISA Section 103(a)(3)(C) audit is to express an opinion on whether the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with generally accepted accounting principles and that the assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the certified investment information.

For the audit of the Plan's 2020 financial statements, we have instructed you not to perform any auditing procedures with respect to information prepared and certified by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, the custodian, in accordance with DOL Regulation 2520.103-5,

except for comparing the information with the related information included in the financial statements and supplemental schedules. Because of the significance of the information that you did not audit, we understand that you did not express an opinion on the financial statements and supplemental schedules as a whole. We understand the form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified or provided by the custodian, was audited by you in accordance with generally accepted auditing standards, and was subjected to tests of our accounting records and other procedures as you considered necessary to enable you to express an opinion as to whether they are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Certain representations in this letter are described as being limited to matters that are material. Items are considered material, regardless of size, if they involve an omission or misstatement of accounting information that, in light of surrounding circumstances, makes it probable that the judgment of a reasonable person relying on the information would be changed or influenced by the omission or misstatement.

Confirmation of Matters Specific to the Subject Matter of FORVIS' Report

Significant assumptions used by us in making accounting estimates, including those measured at fair value, are reasonable.
23. The fair values of financial assets recognized in the financial statements or disclosed in the notes thereto are reasonable estimates based on the methods and assumptions used. The methods and significant assumptions used result in measurements of fair value appropriate for financial statement recognition and disclosure purposes and have been applied consistently from period to period, taking into account any changes in circumstances. The significant assumptions appropriately reflect market participant assumptions.
24. The Plan and the trust established under the Plan are qualified under the appropriate section of the Internal Revenue Code, and we intend to continue them as a qualified Plan and trust. If the supplementary information is not presented with the audited financial statements, we acknowledge we will make the audited financial statements readily available to intended users of the supplementary information no later than the date such information and the related auditor's report are issued.
36. We understand the values of the assets and liabilities recorded in the financial statements could change rapidly, resulting in material future adjustments to investment values that could negatively impact the Plan. We acknowledge that you have no responsibility for future changes caused by the current economic environment and the resulting impact on the Plan's financial statements. Further, the plan sponsor is solely responsible for all aspects of managing the Plan, including questioning the quality and valuation of investments.
