INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
FXI 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of FXI 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of FXI 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and

maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about FXI 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of FXI 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about FXI 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of FXI 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated August 5, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

(1) DESCRIPTION OF PLAN

The following description of the FXI 401(k) Plan (the Plan) provides only general information. Participants should refer to the Summary Plan Description and the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of FXI, Inc. (FXI or Company) who have completed one month of service with the Company and have reached age 18. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Company merger

On February 24, 2020, the Company closed the Innocor merger. It is FXI's intention to terminate Innocor's 401(k) plan. Effective as of the statutory merger date, Innocor's employees were eligible to participate in the FXI 401(k) Plan. There was no transfer of assets for Innocor's employees into the Plan.

Coronavirus Aid, Relief, and Economic Security ("CARES") Act

On March 27, 2020, the CARES Act was enacted and included various provisions that temporarily eased rules around distributions and loans in 2020 for eligible participants. The Plan adopted certain of the CARES Act's provisions, including: Coronavirus-related distributions up to $100,000; an increase to the maximum amount the Plan can permit as a loan to the lesser of $100,000 or 100% of a participant's vested account balance; up to a one-year extension of the due date for loan repayments, and a temporary waiver of required minimum distributions. These provisions generally expired on or about December 31, 2020.

Contributions

Participants may contribute up to 75% of their compensation, as defined in the Plan Document, to the Plan subject to limitations of the Internal Revenue Code (IRC). Participants who have attained age 50 may make additional pre-tax contributions (Catch-Up Contribution). The maximum catch-up contribution was $6,500 for 2021. Participants may also rollover distributions from other qualified plans.

The Plan provides for a safe harbor matching employer contribution equal to 100% (dollar-for-dollar) on the first 3% of eligible participant contributions and an additional 50% on the next 2% of eligible participant contributions (the Company Match). Effective May 18, 2020, the Plan was amended to suspend safe harbor matching employer contributions and to add discretionary non-safe harbor matching contributions as alternative employer contributions. No discretionary match was made in 2020. Effective January 1, 2021, the Plan was restated, and the safe harbor matching employer contribution provision was reinstated.

(1) DESCRIPTION OF PLAN (CONTINUED)

Vesting

Participants are 100% vested immediately in their contributions and the safe harbor matching employer contributions plus actual earnings (losses) thereon.

Participant accounts

A separate account is maintained for each participant. Invested income (loss) of each fund is allocated to a participant's account based on the ratio of the participant's balance of the fund to all participating accounts of the fund. Plan investments, directed by the participants, are maintained in the funds and in participant loans, discussed below. Participant accounts are charged with an allocation of administrative expenses.

Notes receivable from participants

Under certain circumstances, participants may borrow from their vested account balance a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Participants may have two loans outstanding at a time. The loans mature from one to five years, or up to 20 years if used for the purchase of a primary residence. The loans are collateralized by the balance in the participant's account and bear a fixed interest rate of prime plus 1%. The loan interest rate is established at the inception of the loan in accordance with the Plan provisions. Interest rates ranged from 4.25% to 6.50% at December 31, 2021.

Following the enactment of the CARES Act, up to September 22, 2020, qualified individuals impacted by the pandemic could borrow up to $100,000 or 100% of their vested account balance for a maximum of five years, with no repayments due until 2021.

Payment of benefits

Terminated participants with vested account balances that do not exceed $5,000 may elect to receive a lump-sum amount equal to their vested account balance or to roll their balance over to an eligible retirement account. An election to defer the distribution until a later date (but no later than age 72 unless the participant remains an active employee) can be made for those participants whose account balance exceeds $5,000. A participant may also withdraw all or a portion of his entire account balance upon attainment of age 59 ½ or in the case of financial hardship, as defined in the Plan Document.

Basis of accounting

The accompanying financial statements of the Plan are presented on the accrual basis of accounting.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

(2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The accompanying financial statements of the Plan are presented on the accrual basis of accounting.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment valuation and income recognition

Mutual funds are reported at fair value, the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Collective trust funds are fully benefit-responsive investment contracts reported at contract value, which is the amount participants would receive if they were to initiate permitted transactions, under the terms of the Plan. Plan management determines the Plan's valuation policies utilizing information provided by the trustee.

Purchases and sales of securities are recorded on the trade date. Interest income is recorded when earned. Dividends are recorded on the ex-dividend date. Dividends received on mutual fund investments classified as short-term and long-term capital gains are included in dividend income in the accompanying statement of changes in net assets. Net appreciation/depreciation in fair value of investments consist of realized gains and losses on investments bought and sold during the year and the change in net unrealized appreciation/depreciation of the Plan's investments held at year end.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid, interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the participant's account and are included in administrative expenses when incurred. If the participant does not make loan repayments and the Plan administrator considers the loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document. No allowance for credit losses was recorded as of December 31, 2021 and 2020.

Payments of benefits

Benefit payments are recorded when paid.

Administrative expenses

The majority of administrative expenses, which include recordkeeping, trustee, professional service and investment management fees, were paid by the Plan during 2021.

(3) COLLECTIVE TRUST FUNDS

Collective trusts are credited with the earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses, with no immediate recognition of investment gains and losses on certain fixed income securities investments. Instead, the gain or loss is recognized over time by adjusting the interest rate credited to the funds. Participants may ordinarily direct the withdrawal or transfer of all or a portion of the investment at contract value.

Certain events limit the ability of the Plan to transact at contract value with the issuers. The Plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are probable of not occurring. The average crediting interest rate yield is calculated by dividing the earnings credited to participants on the last day of the Plan year by the end of the Plan year fair value and then annualizing the result.

(4) FAIR VALUE MEASUREMENTS

The FASB Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset’s or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

(4) FAIR VALUE MEASUREMENTS (CONTINUED)

Mutual funds, which represent the net asset value of shares held by the Plan, are valued based on quoted net asset values in an exchange and active markets of the shares held by the Plan at year-end and are classified as Level 1 investments within the fair value hierarchy.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2021			
	Level 1	Level 2	Level 3	Total
Mutual funds, at fair value	$72,992,077	$ -	$ -	$72,992,077
Total investments at fair value	$72,992,077	$ -	$ -	$72,992,077

	2020			
	Level 1	Level 2	Level 3	Total
Mutual funds, at fair value	$61,867,006	$ -	$ -	$61,867,006
Total investments at fair value	$61,867,006	$ -	$ -	$61,867,006

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

(5) CERTIFIED INVESTMENTS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA -required supplemental schedule, including investments and notes receivable from participants held at December 31, 2021 and 2020, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by Charles Schwab Trust Bank (the trustee of the Plan).

(6) ADMINISTRATION OF THE PLAN

The trustee of the Plan holds the Plan’s assets, executes all investment transactions as directed by the participants and initiates distributions to the participants. Certain administrative functions of the Plan are performed by employees of the Plan sponsor. No such employee receives compensation from the Plan.

(7) INCOME TAX STATUS

Effective January 1, 2021, the Plan was amended and restated to adopt a Volume Submitter Profit Sharing Plan, which obtained its latest determination letter on March 31, 2014, stating that the Plan documents were designed in accordance with applicable IRC requirements as of that date. Although new letters were not applied for, and the documents have subsequently been amended, the Plan administrator believes that the Plan has been and is designed and operating in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes the Plan, as amended, is qualified and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements. Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and to recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions, which generally relate to the three prior years; however, there are currently no audits for any tax periods in progress.

In 2022, the Plan became aware of operational failures that occurred during the year ended December 31, 2021. The operational failures related to certain errors in calculating employer matching contributions. The Plan sponsor will correct these 2021 errors, including earnings adjustments, in 2022 under the IRS Self-Correction Program. The Plan Sponsor believes there will be no adverse impact on the Plan as a result of these operational failures.

(8) RISKS AND UNCERTAINTIES

The Plan provides for various investment options in mutual funds and collective trusts, which invest in any combination of stocks, bonds (fixed income securities), other mutual funds, and other investment securities. Investment securities, in general, are exposed to various risks, such as market volatility, credit and interest rate risk. In addition, the COVID-19 pandemic has negatively impacted the global economy and created significant volatility and disruption in financial markets. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term, and that such change could materially affect the value of participants' account balances and the amounts to be reported in the statements of net assets available for benefits for future periods.

(9) RELATED PARTY TRANSACTIONS

Charles Schwab Trust Bank, a related party to Schwab Retirement Plan Services, Inc., is the trustee as defined by the Plan and, therefore, qualifies as a party-in-interest. Fees paid by the Plan to Schwab for recordkeeping services totaled approximately $110,000 in 2021.

Notes receivable from participants qualify as party-in-interest transactions and are exempt from the prohibited transaction rules.

(10) PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts, including employer contributions.

(11) RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2021 to Schedule H of Form 5500, related to the operational failures described in Note 7:

Net assets available for benefits per the financial statements	$ 80,960,271
Deduct additional employer's contribution receivable	(28,039)
Net assets available for benefits per Form 5500	$ 80,932,232

For the year ended December 31, 2021, the following is a reconciliation of contributions per the financial statements to Schedule H of Form 5500, related to the operational failures described in Note 7:

Total employer's contributions per the financial statements	$ 2,761,007
Deduct additional employer's contribution receivable	(28,039)
Total employer's contributions per Form 5500	$ 2,732,968

(12) SUBSEQUENT EVENTS

Plan investments have declined approximately 23% subsequent to year-end, largely due to overall market performance.

The Plan has evaluated subsequent events through September 29, 2022, the date the financial statements were available to be issued.
