Independent Auditor's Report

Plan Administrator and Participants
NREL 403(b) Employee Savings Plan
Golden, Colorado

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of NREL 403(b) Employee Savings Plan (the Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedule listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment

information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 24, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations under ERISA.

NREL 403(b) EMPLOYEE SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2021 and 2020

1. DESCRIPTION OF THE PLAN

The following description of the NREL 403(b) Employee Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan’s provisions.

General – Alliance for Sustainable Energy, LLC (the “Organization”) established the Plan to provide employees with a systematic means of savings and investing for the future. All permissible employees of the Organization, as defined in the universal availability standards, may enter the Plan once the requirements are satisfied. The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”) for employees of the Organization.

State Street Bank and Trust Company, Prudential Insurance Company of America, Prudential Trust Company (“Prudential”) and Teacher’s Insurance and Annuity Association and College Retirement Equities Fund (“TIAA-CREF”) are trustees of the Plan. Transamerica Financial Life Insurance Company, Inc. (“Transamerica”) is a custodian of the Plan and also serves as the Plan’s recordkeeper. The Organization is the administrator of the Plan.

Contributions – Participants may contribute on a pre-tax or after-tax Roth basis amounts up to certain Internal Revenue Code (“IRC”) limitations. Participants age 50 or over are permitted to make catch-up contributions, as defined in the Plan. Employees hired or rehired are automatically enrolled in the Plan at a pre-tax deferral rate of 5%, unless the participant elects a different deferral rate or not to participate.

The Organization matches 50% of the first 5% of each participant’s pay contributed to the Plan for eligible participants.

Participant Accounts – Each participant’s account is credited with the participant’s voluntary contributions, the Organization’s contributions, and charged with the participant’s withdrawals and distributions, and an allocation of Plan earnings and expenses. Allocations of general expenses are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account balance.

Investment Options – Participants direct the investment of all contributions into various investment options offered by the Plan. The Plan currently offers mutual funds, money market funds, pooled separate accounts, insurance company general accounts, guaranteed annuity contracts, and self-directed brokerage accounts as investment options. Employees previously had the ability to invest in investments offered by TIAA-CREF and certain investments offered by Prudential. No current contributions may go into these investments.

Vesting – Participants’ contributions and the Organization’s contributions are fully vested at all times.

Payment of Benefits – Upon termination of service due to death, a lump sum amount equal to the value of the participants’ vested interest in his or her account will be paid to a designated

beneficiary. Disabled, retired and terminated employees may remain in the Plan or receive a lump sum distribution or annuity.

In-Service Withdrawals – As described below, certain participants may make withdrawals prior to termination of employment. Hardship withdrawals are available to Plan participants, as defined by the Plan Document and permitted by the IRC. Hardship withdrawals are limited to the participant's account balance that is 100% vested.

Participants who have obtained the age of 59 ½ may elect to receive an in-service distribution of all or any portion of their vested account balances in a single lump sum payment.

Participant Investment Rollovers – Participants are allowed to transfer or rollover funds into the Plan from other qualified plans.

Notes Receivable from Participants – Participants may borrow from their account balances, with interest charged at a rate set by the Plan Administrator, which remains in effect for the duration of the loan. Loan terms range from 1 to 5 years or up to 30 years for the purchase of a primary residence. The minimum loan is \$1,000 and the maximum loan is the lesser of \$50,000, or 50% of the participant's account balance. The loans are secured by the balance in the participant's account. Principal and interest are paid ratably through payroll deductions. Participants may only have one loan outstanding at any time.

Plan Loans – Plan loans between participants and TIAA-CREF are required to have 110% of the loan's principal balance deposited in the TIAA Traditional investment option. This serves as collateral for the loan. The loans are funded by TIAA-CREF and interest paid on the loans is earned by TIAA-CREF and not the Plan. Participants earn interest on their money in the TIAA Traditional investment. The loans outstanding with TIAA-CREF at December 31, 2021 and 2020 were \$90,125 and \$86,385 respectively. These loans are not included on the Statements of Net Assets Available for Benefits, however, the collateral required by TIAA-CREF is included on the Statements of Net Assets Available for Benefits.

Professional Fees – The Plan pays the majority of permitted expenses, such as investment, recordkeeping and auditing fees, for the Plan. Investment related expenses in the form of an expense ratio, ranging from .04% to 1.52%, charged to each investment option are included in the net depreciation on fair value of the investments. Expenses totaled \$416,681 for 2021. The Organization may pay other professional fees associated with the Plan, which are excluded from these financial statements.

Termination of the Plan – Although the Organization has not expressed any intent to do so, it has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the Plan and under ERISA. In the event that the Plan should be terminated, all remaining Plan assets would be allocated to the participants as described in the full text of the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The accompanying financial statements have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of certain assets, liabilities, and disclosures. Actual results could differ from those estimates.

Concentrations, Risks and Uncertainties – The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and

credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participant's account balances and the amounts reported in the Statements of Net Assets Available for Benefits. As of December 31, 2021, and 2020 there were no investments that individually represented more than 10% of investments held.

Contributions – Employer and employee contributions are reported in the year services are rendered to the Organization by the Plan participants.

Investment Valuation and Income Recognition – The Plan's investments are stated at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Contract value is the relevant measure for the portion of the net assets available for fully benefit-responsive investments contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. See Note 4 for discussion of fair value measurements and Note 5 for additional information on investment contracts held by the Plan.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income/(loss) is recorded on the accrual basis.

Management fees and operating expenses charged to the Plan for investments in the mutual funds, money market funds and pooled separate accounts are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment income for such investments.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans, except loans with TIAA-CREF, are reclassified as distributions based upon the terms of the Plan Document. No allowance is considered necessary.

Payment of Benefits – Benefit payments are reported in the year paid.

Administrative Expenses – Administrative expenses may be paid by the Organization or the Plan, at the Organization's discretion.

Subsequent Events – Subsequent events have been evaluated through September 30, 2022, which is the date the financial statements were available to be issued. There were no events or transactions discovered during the evaluation that require recognition or disclosure in the financial statements.

3. INFORMATION CERTIFIED BY THE TRUSTEES/CUSTODIAN

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosures under ERISA. Accordingly, State Street Bank and Trust Company, Transamerica Financial Life Insurance Company Inc., Prudential Insurance Company of America, Prudential Trust Company and Teacher's Insurance and Annuity Association and College Retirement Equities Fund, the trustees or custodian of the Plan, have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2021 and 2020.

- Investment income and interest income from notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2021.
- Investment information and notes receivable from participants included in the accompanying schedule of assets (held at end of year) as of December 31, 2021.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The hierarchy consists of three broad levels, described as follows:

Level 1 – Inputs consist of unadjusted quoted prices for identical assets in active markets that the plan has the ability to access.

Level 2 – Inputs consist of 1) quoted prices for similar assets in active markets, 2) quoted prices for identical or similar assets in inactive markets, 3) inputs other than quoted prices that are observable, and 4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset has a specified (contractual) term, the level 2 input must be observable for substantially the full term.

Level 3 – Inputs consist of unobservable inputs where there is little or no market activity, and the reporting entity makes estimates and assumptions related to the pricing of the asset including assumptions regarding risk.

The assets fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

Note 3 Table 1

- (a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient to estimate fair value have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the lines presented in the Statements of Net Assets Available for Benefits.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2021 and 2020.

Mutual Funds and Money Market Funds – Valued at the published net asset value (“NAV”) of shares held by the plan at year end.

Guaranteed Annuity Contracts and Non-Fully Benefit-Responsive Insurance Company General Accounts – Reported at fair value which is based on contract value. The contract value is the aggregation of contributions, plus interest, less withdrawals, if any. Crediting rates are a combination of a guaranteed rate and an annually established

discretionary rate. Additionally, the discretionary rate applied to contributions received during a reporting period may vary from the discretionary rate applied to account balances at the end of the prior reporting period. Contract value approximates a discounted cash flow value calculated using an appropriate risk-adjusted market discount rate which correlates closely with historical crediting rates.

Prudential Pooled Separate Accounts – The investment advisors calculate a unit value (NAV as a practical expedient) of the separate account. It is the sum of the market value of the underlying investments as determined by quoted market prices, less operating expenses accrued but not deducted, if any.

TIAA Pooled Separate Account – The value of the pooled separate account is determined at the close of each business day at the unit value which is based on the fair value of the underlying assets, which can consist of real estate properties, mutual funds, and securities. The value of the underlying real estate properties is determined by an external appraisal on a periodic basis, which are estimates based on professional opinions. The value of the underlying investments in the registered investment companies and securities are based on the daily value of the underlying registered investment companies and securities on an open market. There are restriction on the trading and withdrawals of funds from this investment, generally transfers out can be executed on any business day but may be limited to once per calendar quarter. Other limited exception may also apply.

Self-Directed Brokerage Accounts – Previously, certain participants could invest in these accounts which consisted of money market funds and mutual funds. The money market funds and mutual funds are valued as described above.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Activity for investments classified as level 3 is as follows:

	Guaranteed annuity contracts and non-fully benefit-responsive insurance company general accounts
2021	
Interest earned	438,311
Purchases	270,914
Sales	(671,172)
2020	
Interest earned	467,231
Purchases	818,470
Sales	(622,517)

Investments Measured Using the Net Asset Value per Share Practical Expedient—The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2021 and 2020, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is

applicable only to the Plan. All of the pooled separate accounts file as a direct filing entity with the Department of Labor.

<i>Investment Type</i>	<i>Fair Value – December 31, 2021</i>	<i>Fair Value – December 31, 2020</i>	<i>Unfunded Commitments</i>	<i>Redemption Frequency</i>	<i>Redemption Notice Period</i>
Pooled Separate Accounts	\$8,427,449	\$7,197,600	None	Daily	None

5. **INSURANCE COMPANY GENERAL ACCOUNT AND GUARANTEED ANNUITY CONTRACTS**

The Plan has entered into various investment contracts with various service providers. This is comprised of two different types of contracts: those that meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value and those that do not meet the fully benefit-responsive investment criteria and therefore are reported at fair value which is based on contract value.

The type of contract which a participant enters into determines the applicability of certain account features, such as the guaranteed minimum interest rate, additional amounts paid, the degree of liquidity of the participant's account and the options for receiving income upon retirement. On the non-fully benefit-responsive contracts there may be restrictions on lump sums, certain surrender charges, and requiring cash withdrawals spread over a period of up to 10 annual installments. Fully benefit-responsive contracts do not have such restrictions.

Contract value represents contributions made under each contract, plus earnings, less participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. Each contract has a specified crediting interest rate which cannot be below 0% and for the various contracts held by the Plan in general range from 1% to 3%. These crediting interest rates may be set for the term of the contract or may be reset on a regular basis as determined by the contract. When establishing interest crediting rates, the issuer considers many factors including current yield of the underlying assets, the duration of the contract and the existing difference between fair value and contract value of such underlying assets.

The Plan's ability to receive amounts due in accordance with the contracts is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. There are no reserves against contract value for credit risk of the contract issuers or otherwise.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to be a qualified Plan under the IRC
2. Premature termination of the contract
3. Plan termination or merger
4. Changes to competing investment options
5. Other Plan Sponsor events

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

6. TAX STATUS

Currently, the Internal Revenue Service ("IRS") does not require a Plan Administrator of a 403(b) plan to submit their plan for determination. However, the Plan Administrator believes that the Plan was designed and is being operated in compliance with the applicable requirements of the IRS. The IRS began to accept applications for determination on June 28, 2013, for 403(b) plans.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. EXEMPT RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments include investments managed by trustees or custodian of the Plan. Indirect payments to the custodian and trustees by the Plan were netted against investment income for the year ended December 31, 2021. The Plan issues loans to participants which are secured by the vested balance of the participants' accounts. An employee may also initiate a note with TIAA-CREF using their account balance as collateral for the note. Transactions in such investments qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

The Plan paid \$367,661 of administrative fees during the year ended December 31, 2021. The Organization provides certain administrative services at no cost to the Plan.

8. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

Participant loans are reported as notes receivable from participants in the accompanying financial statements as required by current authoritative guidance; however, for Form 5500 purposes and reporting on the supplemental Schedule of Assets (Held at End of Year) they are shown as investments, as required.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.
