INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Participants
Trident Management, Inc. 401(k) Profit Sharing Plan
Southern Pines, North Carolina

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of **Trident Management, Inc. 401(k) Profit Sharing Plan**, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section-

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of **Trident Management, Inc. 401(k) Profit Sharing Plan** and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about **Trident Management, Inc. 401(k) Profit Sharing Plan's** ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of **Trident Management, Inc. 401(k) Profit Sharing Plan**'s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about **Trident Management, Inc. 401(k) Profit Sharing Plan**'s ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial

statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of **Trident Management, Inc. 401(k) Profit Sharing Plan**. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 7, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

1. DESCRIPTION OF THE PLAN:

The following describes the Trident Management, Inc. 401(k) Profit Sharing Plan (the Plan). This description provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The Plan is sponsored by Trident Management, Inc. (the Employer).

General - The Plan is a defined contribution retirement savings plan under Section 401(k) of the Internal Revenue Code and covers all employees who have at least six months of service. Employees are eligible for Employer contributions upon completion of one year of service. Entry dates for both participant and employer contributions is either January 1 or July 1 upon completion of above tenure. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is not covered by the Pension Benefit Guarantee Corporation. Additionally, the Plan's assets have no other form of insurance. The Plan provides several investment options, all of which are participant directed.

Contributions - Salary deferral contributions may be made by all eligible employees. Salary deferral contributions shall not exceed the amounts prescribed by the Secretary of the Treasury. Contributions in excess of allowable amounts are refunded to the participant. The Employer matches contributions under a safe harbor percentage which is 100 percent of the participant's elective deferrals up to the first 3 percent of the participant's compensation, plus 50 percent of the participant's elective deferrals up to the next 2 percent of the participant's compensation. The Employer may also make an additional discretionary profit-sharing contribution determined at the end of year plan year. No additional discretionary contributions were made during the years ended December 31, 2021 and 2020.

Participant accounts - Each participant's account is credited with the participant's contributions, the Employer's contributions, and the net earnings or losses of the participant's investment account. Allocated earnings are based on participant account balances as defined in the Plan. The benefits to which a participant is entitled are the benefits that can be provided from the participant's account. Changes in the underlying value of investments selected by participants will affect the benefits to which a participant is entitled.

Vesting - Each participant is immediately 100 percent vested in his or her salary deferred contribution, Employer safe harbor contributions, and related earnings.

A participant is 100 percent vested in Employer's matching and nonelective contributions upon attaining normal retirement age, or if employment terminates as a result of death or disability. If a participant's employment terminates prior to retirement for any reason other than death or

disability, then vesting is based on a service-year schedule, with vesting in increments of 20 percent per year, until the participant is fully vested in the sixth year.

Payment of benefits - Participants are eligible for the payment of benefits in the event of separation of service, death or disability, retirement and severe financial hardship, as well as for in-service disbursements once the participant has achieved the age of 59 and 1/2 and is fully vested. Upon termination of employment with the Employer, any participant account with a vested account balance that is less than \$5,000 will automatically be paid to the participant as a lump sum distribution unless otherwise directed by the terminated employee/participant.

The Plan adopted certain provisions included in the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) signed into law on March 27, 2020, which temporarily allowed eligible plan participants to request penalty-free distributions up to an aggregate limit of \$100,000 through December 30, 2020 for qualifying reasons associated with the COVID-19 pandemic. The Employer will formally amend the Plan by December 31, 2022, to reflect these provisions.

Forfeitures - All participant non-vested forfeitures are used to reduce future Employer matching contributions.

Administrative expenses - Administrative expenses of the Plan are paid by the Plan and the Employer.

Notes receivable from participants - The Plan allows for loans to participants which would be secured by the balance in the participant's account and bear interest at market rates. Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 or fifty percent of their account balance. The loans would be repaid ratably through weekly or bi-weekly payroll deductions over the terms of the loan. The CARES Act increased maximum loan amounts up to the lesser of \$100,000 or 100% of a participant's vested account balance for new loans through September 23, 2020 for qualifying reasons associated with the COVID-19 pandemic. The CARES Act allowed for the deferral of loan payments for the period March 27, 2020 through December 31, 2020 for qualifying reasons.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of accounting - The financial statements of the Plan are prepared under the accrual method of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Use of estimates - The preparation of financial statements in conformity with GAAP requires the plan administrator to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investments - The Plan's investment securities are stated at fair value, based on quoted market prices. See Note 4 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income are recorded as earned.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of benefits - Benefits are recorded when paid.

3. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE:

The plan administrator has elected the alternative method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, as permitted under such election, the trustees have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

	December 31,	
	2021	2020
Assets:		
Pooled separate accounts	\$4,126,637	\$3,604,679
Notes receivable from participants	\$75,042	\$84,088
	Year ended December 31,	
	2021	2020
Investment income:		
Net gains on pooled separate accounts	\$354,444	\$401,206
Interest and dividends on pooled separate accounts	-	225
Other loss	-	(479)
	<u>\$354,444</u>	<u>\$400,952</u>
Interest on notes receivable from participants	<u>\$4,777</u>	<u>\$5,789</u>

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. FAIR VALUE MEASUREMENTS:

The Fair Value Measurements Topic of the Financial Accounting Standards Board ("FASB") Codification establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets and liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in active markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the assets or liabilities have a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurements.

The asset or liability's fair value measurement level within the hierarchy is based on the lowest level of input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2021 and 2020.

Following is a description of the valuation methodologies used for assets measured at fair value.

Pooled separate accounts: Valued at the net asset value (NAV) of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following summarizes investments measured at fair value based on NAV share as of December 31:

	Fair Value at December 31,		Unfunded	Redemption Frequency (if currently eligible)	Redemption Notice Period
	2020	2019	Commitments		
Mass Mutual Fixed account	\$270,316	\$464,426	n/a	Daily	30 days
American Century One Choice 2030 R	\$497,528	\$426,896	n/a	Daily	30 days

5. INCOME TAX STATUS:

The Plan is adopted from a Prototype Plan. An opinion letter was issued by the National Office of the Internal Revenue Service as evidence of the acceptability of the form of the Prototype Plan under Code Section 401. An employer who accepts the Prototype Plan will be considered to have qualified plan only if the conditions of the Prototype opinion letter are satisfied. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more than likely would not be sustained upon examination. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for tax returns filed for years prior to 2018.

The following were the differences between the 2021 financial statements and the 2021 Form 5500:

	Statement of Changes in Net Assets Available For Plan Benefits	Form 5500	Difference
Net gains on pooled separate accounts	<u>\$354,444</u>	<u>\$350,776</u>	\$3,668
Other interest	<u>\$ -</u>	<u>\$3,668</u>	<u>(\$3,668)</u>
			<u>\$ -</u>

The following were the differences between the 2020 financial statements and the 2020 Form 5500:

	Statement of Changes in Net Assets Available For Plan Benefits	Form 5500	Difference
Employer contributions	<u>\$160,381</u>	<u>\$155,170</u>	\$5,211
Net gains on pooled separate accounts	<u>\$401,206</u>	<u>\$407,232</u>	(\$6,026)
Interest and dividends	<u>\$6,014</u>	<u>\$12,384</u>	(\$6,370)

Other loss	<u>(\$479)</u>	<u>\$ -</u>	<u>(\$479)</u>
			<u>\$ -</u>

6. PLAN TERMINATION:

Although it has not expressed any intention to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their accounts.

7. FORFEITURES:

As of December 31, 2021 and 2020 the Plan did not have any forfeiture amounts available. During the year ended December 31, 2021, no forfeitures were used. During the year ended December 31, 2020, approximately \$5,200 of forfeitures were used.

8. PARTIES-IN-INTEREST:

Party-in-interest transactions occurred with the Plan's auditors. The Employer pays the auditor's fees.

9. RISKS AND UNCERTAINTIES:

The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment

securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

10. SUBSEQUENT EVENTS:

Events and transactions occurring after December 31, 2021 have been evaluated to determine proper recognition and disclosure in the financial statements. Subsequent events and transactions were evaluated through September 29, 2022, which represents the date the financial statements were available to be issued.

Fee and Compensation Disclosure Report

Please refer to the plan's ERISA Section 408(b)(2) Disclosure materials, including the 408(b)(2) Disclosure Statement(s), Investment Option Disclosure(s), Service Agreement and Contract Amendments and 408(b)(2) Disclosure Statement Change Notices (the "408(b)(2) Disclosure Materials") previously delivered to you. You can also access copies of your 408(b)(2) Disclosure Materials through your MassMutual plan sponsor portal or you can contact your account manager for assistance.

The 408(b)(2) Disclosure Materials and this document, together, can assist a plan administrator ("you") in completing the Form 5500 Schedule C¹ by identifying different types of services and the different types of compensation paid with respect to the product utilized by your plan.

As permitted under the Schedule C rules, compensation is disclosed in the attached report as an actual dollar amount, an estimate or a formula or rate.

- Where an actual dollar amount of compensation is disclosed, no further notation regarding compensation calculations is generally provided.
- Where an estimate of the compensation amount is disclosed, we have used a reasonable method to arrive at the estimate and we have described the method used to arrive at the estimated amount.
- Where a formula or rate is provided to report compensation, we have used a reasonable method to arrive at the estimate and we have described the method used to arrive at the estimated amount. This formula or rate may be disclosed to describe the compensation to which it applies under the Schedule C rules. Alternatively, for purposes of Schedule C disclosure or in connection with your fiduciary review of the compensation paid with respect to the services, products and investment options utilized by the plan, you may calculate and disclose an actual or estimated dollar amount by multiplying the rate by the total assets to which it applies.

Please note that, unless otherwise indicated in the descriptions contained in this report, direct compensation is presented on a plan year basis 01/01/2021 - 12/31/2021 and indirect compensation is presented on a calendar year basis ending 12/31/2021.

This report includes compensation actually paid to or by MassMutual within the indicated plan year as part of your MassMutual-serviced product. *(Note: If the plan year period or plan year end indicated in this Schedule C reporting package is incorrect, please notify your MassMutual customer service representative immediately).* This report does not include amounts deducted from plan assets and paid to third parties (other than MassMutual). In addition, the report does not include compensation related to investments held by the plan that are not serviced on our recordkeeping system. You should contact your other service providers for reportable compensation information. You may also receive information on the compensation reported here from other service providers as is described below.

Please note that we have provided suggested service codes (based on the information in our records) with respect to services provided through our product. Please review all Schedule C and other Form 5500 materials with your experienced benefits counsel and other professionals to determine the most appropriate codes for your plan. In addition, please note that because plans with fewer than 100 participants (as of the beginning of the plan year) are generally not required to file Schedule C, you should refer to the instructions provided by the IRS for Schedule C and/or review the applicability of Schedule C to your plan with your experienced tax/benefits counsel, to determine whether it is necessary for the plan to report the information contemplated by this report.

Please contact your MassMutual Service Team should you require additional information regarding the compensation paid to or by MassMutual with respect to your plan.

Information provided in this document and related materials we provide are not intended to be and shall not be deemed tax advice, tax form preparation services, legal advice, advice to plans regarding compliance with ERISA reporting compliance, or accounting or other professional services. As described above, the information contained in this report may not cover all of the compensation received by the plan's service providers. We strongly encourage you to review all Schedule C and other Form 5500 materials with experienced benefits counsel and other professionals.

¹Please refer to the Schedule C of the Form 5500 and its instructions (available at: <http://www.dol.gov/ebsa/5500main.html>), and please confer with experienced benefits counsel and other professionals, to determine the applicability of Schedule C to your plan.

Indirect Compensation

Non Monetary Compensation

Please note that items of nonmonetary compensation need to be reported for Schedule A or C (Form 5500) purposes if they exceed certain *de minimus* amounts. In addition, if applicable to the plan, MassMutual agents may qualify for certain forms of non-monetary compensation as a result of the sale of MassMutual contracts. These forms of non-monetary compensation include health, vision, life and disability coverage; matching contributions to 401(k) plans; cash balance and nonqualified pension plan contributions; participation at MassMutual-sponsored conferences based on recognition; and other non-monetary compensation (meals, entertainment, prizes, awards, gifts). If applicable, each plan in the agent's book of business is allocated compensation based on a pro rata basis using the number of plans representing the agent's book of business as of 12/31/2021. Information concerning reportable transactions undertaken between or among non-MassMutual parties may not be available to MassMutual. Please consult with your legal or tax advisors if you have any questions.

Under the variable investment options available through your plan's group annuity contract or funding agreement, contract values are invested in insurance company separate accounts that, in turn, invest in underlying registered investment companies (i.e., mutual funds) and collective investment funds.

The above list includes any investment option held by the plan on at least one month end during the 2021 calendar year. To arrive at an estimate of the dollar amount that MassMutual received from each investment option, multiply the rate of fees received from each investment option by your plan's year-end balance (or if the investment option was liquidated prior to year end, the balance on the liquidation date) and, if applicable, the per participant fee by the number of participants in the investment option at year end (or the liquidation date if earlier). This will be an estimate because your plan's balance and number of participants will vary over the course of the year, so the year-end balance and number of participants may be higher or lower than the daily balance. In addition, these fees are calculated on a daily basis.

*This amount is the sum of the fund's distribution, management and other fees, which are also identified in the fund's prospectus and/or Statement of Information. Please note that some of the funds available through your service contract or arrangement from a family of mutual funds that are affiliated with MassMutual (MassMutual Select Funds and MassMutual Premier Funds). These affiliated mutual funds have contracts for services with companies that are affiliated with MassMutual. The MassMutual-affiliated companies that provide these services, and are compensated in connection with those services, are listed below. INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Participants
Trident Management, Inc. 401(k) Profit Sharing Plan
Southern Pines, North Carolina

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of **Trident Management, Inc. 401(k) Profit Sharing Plan**, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section-

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of **Trident Management, Inc. 401(k) Profit Sharing Plan** and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about **Trident Management, Inc. 401(k) Profit Sharing Plan's** ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of **Trident Management, Inc. 401(k) Profit Sharing Plan**'s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about **Trident Management, Inc. 401(k) Profit Sharing Plan**'s ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial

statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of **Trident Management, Inc. 401(k) Profit Sharing Plan**. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 7, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

1. DESCRIPTION OF THE PLAN:

The following describes the Trident Management, Inc. 401(k) Profit Sharing Plan (the Plan). This description provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The Plan is sponsored by Trident Management, Inc. (the Employer).

General - The Plan is a defined contribution retirement savings plan under Section 401(k) of the Internal Revenue Code and covers all employees who have at least six months of service. Employees are eligible for Employer contributions upon completion of one year of service. Entry dates for both participant and employer contributions is either January 1 or July 1 upon completion of above tenure. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is not covered by the Pension Benefit Guarantee Corporation. Additionally, the Plan's assets have no other form of insurance. The Plan provides several investment options, all of which are participant directed.

Contributions - Salary deferral contributions may be made by all eligible employees. Salary deferral contributions shall not exceed the amounts prescribed by the Secretary of the Treasury. Contributions in excess of allowable amounts are refunded to the participant. The Employer matches contributions under a safe harbor percentage which is 100 percent of the participant's elective deferrals up to the first 3 percent of the participant's compensation, plus 50 percent of the participant's elective deferrals up to the next 2 percent of the participant's compensation. The Employer may also make an additional discretionary profit-sharing contribution determined at the end of year plan year. No additional discretionary contributions were made during the years ended December 31, 2021 and 2020.

Participant accounts - Each participant's account is credited with the participant's contributions, the Employer's contributions, and the net earnings or losses of the participant's investment account. Allocated earnings are based on participant account balances as defined in the Plan. The benefits to which a participant is entitled are the benefits that can be provided from the participant's account. Changes in the underlying value of investments selected by participants will affect the benefits to which a participant is entitled.

Vesting - Each participant is immediately 100 percent vested in his or her salary deferred contribution, Employer safe harbor contributions, and related earnings.

A participant is 100 percent vested in Employer's matching and nonelective contributions upon attaining normal retirement age, or if employment terminates as a result of death or disability. If a participant's employment terminates prior to retirement for any reason other than death or

disability, then vesting is based on a service-year schedule, with vesting in increments of 20 percent per year, until the participant is fully vested in the sixth year.

Payment of benefits - Participants are eligible for the payment of benefits in the event of separation of service, death or disability, retirement and severe financial hardship, as well as for in-service disbursements once the participant has achieved the age of 59 and 1/2 and is fully vested. Upon termination of employment with the Employer, any participant account with a vested account balance that is less than \$5,000 will automatically be paid to the participant as a lump sum distribution unless otherwise directed by the terminated employee/participant.

The Plan adopted certain provisions included in the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) signed into law on March 27, 2020, which temporarily allowed eligible plan participants to request penalty-free distributions up to an aggregate limit of \$100,000 through December 30, 2020 for qualifying reasons associated with the COVID-19 pandemic. The Employer will formally amend the Plan by December 31, 2022, to reflect these provisions.

Forfeitures - All participant non-vested forfeitures are used to reduce future Employer matching contributions.

Administrative expenses - Administrative expenses of the Plan are paid by the Plan and the Employer.

Notes receivable from participants - The Plan allows for loans to participants which would be secured by the balance in the participant's account and bear interest at market rates. Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 or fifty percent of their account balance. The loans would be repaid ratably through weekly or bi-weekly payroll deductions over the terms of the loan. The CARES Act increased maximum loan amounts up to the lesser of \$100,000 or 100% of a participant's vested account balance for new loans through September 23, 2020 for qualifying reasons associated with the COVID-19 pandemic. The CARES Act allowed for the deferral of loan payments for the period March 27, 2020 through December 31, 2020 for qualifying reasons.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of accounting - The financial statements of the Plan are prepared under the accrual method of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Use of estimates - The preparation of financial statements in conformity with GAAP requires the plan administrator to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investments - The Plan's investment securities are stated at fair value, based on quoted market prices. See Note 4 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income are recorded as earned.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of benefits - Benefits are recorded when paid.

3. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE:

The plan administrator has elected the alternative method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, as permitted under such election, the trustees have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

	December 31,	
	2021	2020
Assets:		
Pooled separate accounts	\$4,126,637	\$3,604,679
Notes receivable from participants	\$75,042	\$84,088
	Year ended December 31,	
	2021	2020
Investment income:		
Net gains on pooled separate accounts	\$354,444	\$401,206
Interest and dividends on pooled separate accounts	-	225
Other loss	-	(479)
	<u>\$354,444</u>	<u>\$400,952</u>
Interest on notes receivable from participants	<u>\$4,777</u>	<u>\$5,789</u>

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. FAIR VALUE MEASUREMENTS:

The Fair Value Measurements Topic of the Financial Accounting Standards Board ("FASB") Codification establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets and liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in active markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the assets or liabilities have a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurements.

The asset or liability's fair value measurement level within the hierarchy is based on the lowest level of input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2021 and 2020.

Following is a description of the valuation methodologies used for assets measured at fair value.

Pooled separate accounts: Valued at the net asset value (NAV) of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following summarizes investments measured at fair value based on NAV share as of December 31:

5. INCOME TAX STATUS:

The Plan is adopted from a Prototype Plan. An opinion letter was issued by the National Office of the Internal Revenue Service as evidence of the acceptability of the form of the Prototype Plan under Code Section 401. An employer who accepts the Prototype Plan will be considered to have qualified plan only if the conditions of the Prototype opinion letter are satisfied. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more than likely would not be sustained upon examination. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for tax returns filed for years prior to 2018.

6. PLAN TERMINATION:

Although it has not expressed any intention to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their accounts.

7. FORFEITURES:

As of December 31, 2021 and 2020 the Plan did not have any forfeiture amounts available. During the year ended December 31, 2021, no forfeitures were used. During the year ended December 31, 2020, approximately \$5,200 of forfeitures were used.

8. PARTIES-IN-INTEREST:

Party-in-interest transactions occurred with the Plan's auditors. The Employer pays the auditor's fees.

9. RISKS AND UNCERTAINTIES:

The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment

securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

10. SUBSEQUENT EVENTS:

Events and transactions occurring after December 31, 2021 have been evaluated to determine proper recognition and disclosure in the financial statements. Subsequent events and transactions were evaluated through September 29, 2022, which represents the date the financial statements were available to be issued.
