Independent Auditors' Report

The Plan Administrator
Mitsubishi Electric U.S. Companies' Retirement Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Mitsubishi Electric U.S. Companies' Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for plan benefits as of December 31, 2021, and the related statement of changes in net assets available for plan benefits for the year ended December 31, 2021, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with U.S. generally accepted accounting principles.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. generally accepted accounting principles, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. generally accepted accounting principles.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. generally accepted accounting principles.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 6, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

MITSUBISHI ELECTRIC U.S. COMPANIES' RETIREMENT PLAN

Notes to Financial Statements

December 31, 2021 and 2020

(1) Description of the Plan

The following description of the Mitsubishi Electric U.S. Companies' Retirement Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined-contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan became effective January 1, 1986 and covers the employees of Mitsubishi Electric US, Inc. (the Plan Sponsor) and certain affiliates that have adopted the Plan. Mitsubishi Electric US, Inc. is a wholly owned subsidiary of Mitsubishi Electric Corporation, a Japanese Corporation.

The Plan was subsequently amended to become a multiple employer plan to include Mitsubishi Electric Trane HVAC US LLC, a joint venture in which the Plan Sponsor holds a 50% ownership interest, as a participating employer.

Employees become eligible for the Plan at the beginning of the first full month following the hire date. Foreign nationals temporarily employed in the United States who participate in a foreign Mitsubishi Electric Corporation retirement plan, residents of Puerto Rico, those covered by a collective bargaining agreement, leased employees, student interns, and part-time employees who work less than 20 hours per week are not eligible to participate in the Plan. Participation is voluntary; thus, eligible employees wishing to participate in the Plan must so elect.

On March 27, 2020, the U.S. Federal government passed the "Coronavirus Aid, Relief, and Economic Security (CARES) Act". The Plan implemented certain changes allowable under the CARES Act which include (i) permitting eligible plan participants to request penalty-free withdrawals of up to \$100,000, which participants can choose to (but are not required to) repay over three years, (ii) request loans in amounts up to the lesser of 100% of a participant's account balance or \$100,000 taken between March 27, 2020 and September 23, 2020, with first payment deferred until January 2021 for qualifying reasons associated with the COVID-19 pandemic, and (iii) and permitting suspension of loan repayments otherwise due between March 27, 2020 and December 31, 2020 until January 2021. These temporary relief provisions were effective through December 31, 2020.

Effective July 15, 2020, the Plan was amended to allow for self-directed brokerage accounts via Fidelity BrokerageLink.

(b) Contributions

Participant contributions consist of employee pretax contributions up to 50% of eligible compensation effective on and after September 1, 2006, in addition to any employee after-tax contributions. The pretax contributions per participant are limited to \$19,500 for the years ended December 31, 2021 and 2020. The maximum amount that may be contributed as an after-tax contribution is based on compensation of up to \$290,000 and \$285,000 for the years ended December 31, 2021 and 2020, respectively. In addition, participants who have attained or are over age 50 during a plan year and who have made the maximum contribution may elect to make an additional catch-up contribution to the Plan, up to \$6,500 for the years ended December 31, 2021 and 2020. Effective September 1, 2014

MITSUBISHI ELECTRIC U.S. COMPANIES' RETIREMENT PLAN

Notes to Financial Statements

December 31, 2021 and 2020

participants may make Roth elective contributions on an after-tax basis, subject to limitations under the Internal Revenue Code (IRC).

Employer contributions consist of employer basic contributions and employer matching contributions.

The employer basic contributions are contributed at an amount equal to a certain percentage of a participant's compensation as follows:

<u>Years of service</u>	<u>Percentage of compensation</u>
Less than 5 years	2 %
At least 5 years but less than 10 years	3
10 or more years	4

The employer matching contributions are also contributed at an amount equal to the employee pretax, after-tax, and catch-up contributions up to the first 4% of a participant's compensation, with the total employer and participant pretax contributions not to exceed \$58,000 and \$57,000 for the years ended December 31, 2021 and 2020, respectively.

(c) Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of the employer's contribution, Plan earnings, and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(d) Vesting

Under the Plan, participant and employer contributions and earnings thereon are fully vested at all times.

(e) Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 reduced by the highest outstanding loan balance during the previous 12 months or 50% of their account balance, whichever is less. Participants may have two loans outstanding at any time. Loans must be repaid within 5 years, unless the loan was used for the purchase of a primary residence, in which case it may be repaid over not more than 10 years. The loans are secured by the balance in the participant's accounts and bear interest at the prime rate as determined by the Plan's trustee plus 1%. Principal and interest are paid ratably through monthly, semimonthly, or biweekly payroll deductions.

(f) Payment of Benefits

Under the Plan, participants may withdraw their vested accumulated balance in the Plan at retirement, disability, death, or termination of employment, as defined. The method of payment is based on the participant's election and may be made by a lump-sum payment or an annuity contract, as defined. Benefits are recorded when paid.

(2) Summary of Significant Accounting Policies

(a) *Basis of Presentation*

The accompanying financial statements of the Plan have been prepared using the accrual basis of accounting.

(b) *Use of Estimates*

The preparation of financial statements in conformity with U.S. generally accepted accounting principles (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(c) *Investment Valuation and Income Recognition*

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurement.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded when earned. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

(d) *Miscellaneous Income*

Miscellaneous income represents excess investment fees received from Fidelity Management Trust Company, the trustee of the Plan. Certain mutual fund advisors pay a fee to the trustee of the Plan, based on the balance of the mutual fund investment in the Plan. When such fees exceed specified thresholds, the trustee will pay the Plan the excess and the Plan will record such amount as miscellaneous income in the accompanying statements of changes in net assets available for plan benefits.

(e) *Administrative Expenses*

The Plan's expenses are paid by the Plan Sponsor, except for administrative expenses, including legal, accounting and communication fees, and services requested by participants, including loan processing fees and distribution processing fees, which are deducted from participant account balances.

(3) Fair Value Measurement

The Plan discloses fair value measurement information under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurement*, which establishes a framework for measuring fair value and expands disclosure requirements related to fair value measurements. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities and the lowest priority to unobservable inputs. The three levels of the fair value hierarchy under FASB ASC Topic 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

MITSUBISHI ELECTRIC U.S. COMPANIES' RETIREMENT PLAN

Notes to Financial Statements

December 31, 2021 and 2020

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in an active market
- Quoted prices for identical or similar assets or liabilities in an inactive market
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means
- If the asset or liability has a specified contractual term, the Level 2 input must be observable for substantially the full term of the asset or liability

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

An asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. In the event that there is a transfer of an investment between levels of the fair value hierarchy, the transfer is recognized at the beginning of the reporting period in which it occurs. There were no transfers between levels during the years ended December 31, 2021 and 2020.

Following is a description of the valuation methodologies used for assets measured at fair value.

(a) Mutual Funds

Mutual funds are valued at quoted market prices in active markets and are classified as Level 1 investments in the fair value hierarchy.

(b) Common/Collective Funds

The common collective funds primarily invest in stocks, benefit responsive investment contracts issued by insurance companies and other institutions, fixed income securities, and money market funds. The fair value of the common/collective funds are determined by the fund issuers on a daily basis and are based on the unit values of the funds. Unit values are determined by dividing the funds' net asset values, which represents the fair value of the underlying investments, by their units outstanding at the valuation date. The common/collective funds are classified as a Level 2 investment in the fair value hierarchy.

(c) Self-Directed Brokerage Accounts

Assets held in self-directed brokerage accounts consist of mutual funds, cash equivalents, options and stocks. The fair values of amounts held in self-directed brokerage accounts are derived from quoted market prices in active markets and are classified as Level 1 investments in the fair value hierarchy.

(4) Information Certified by the Trustee

The plan administrator elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee of the Plan, has certified that the following information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants, as reflected in the statements of net assets available for plan benefits as of December 31, 2021 and 2020
- Investment income and interest on notes receivable from participants, as reflected in the statements of changes in net assets available for plan benefits for the years ended December 31, 2021 and 2020
- Investments and participant loans, as reflected in Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2021

The plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to this certified information except for comparing such information to the related information included in the financial statements and supplemental schedule.

Notes to Financial Statements

December 31, 2021 and 2020

(5) Related-Party Transactions

Certain plan investments are managed by Fidelity Management Trust Company, the trustee, as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees are paid by the Plan Sponsor to the trustee.

(6) Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the plan document to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

(7) Tax Status of the Plan

Effective January 1, 2016, the Plan adopted Fidelity Management & Research Company's Volume Submitter Defined Contribution Plan. The Internal Revenue Service has determined and informed the Plan Sponsor by a letter dated October 5, 2016 that the Plan and related trust are designed in accordance with applicable Sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Under GAAP, plan management is required to evaluate tax positions taken by the Plan and recognize a tax asset or liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a tax asset or liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2019.

(8) Risks and Uncertainties

The Plan may invest in various types of investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for plan benefits.

In March 2020, the World Health Organization categorized Coronavirus Disease 2019 ("COVID-19") as a pandemic. The COVID-19 pandemic has resulted in economic uncertainty and volatility in financial markets, and may continue to affect the value of Plan assets. The duration and ultimate impact of COVID-19 is uncertain and difficult to assess or predict.

(9) Subsequent Events

The Plan has evaluated subsequent events through the date that the financial statements were available to be issued, September 29, 2022.
