INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of the
Benoit Premium Threading, LLC Profit Sharing Plan,
Houma, Louisiana.

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Benoit Premium Threading, LLC Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying 2021 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional

omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing

procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Benoit Premium Threading, LLC Profit Sharing Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated August 10, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS

Benoit Premium Threading, LLC Profit Sharing Plan

Houma, Louisiana

December 31, 2021

Note 1 - PLAN DESCRIPTION

The following description of the Benoit Premium Threading, LLC Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

a. General

The Plan is a defined contribution plan covering all employees of Benoit Premium Threading, LLC (the "Employer"), who have six months of service and are age 18 or older. Collectively bargained (union) employees, leased employees and non-resident alien employees are excluded from participation in the Plan. The Employer, as plan administrator, has full responsibility for the management and operation of the Plan and for monitoring the Plan's investment performance. Fidelity Management Trust Company, the trustee, invests the Plan assets in accordance with the instructions of the participants. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

b. Contributions

Each year, participants may contribute, by salary reduction pursuant to Section 401(k) of the Internal Revenue Code (the "Code"), up to 60% of their eligible compensation, as defined in the Plan, not to exceed statutory limits. Eligible employees, including those who have not yet satisfied the eligibility requirements, may also contribute amounts representing eligible rollover distributions from other qualified plans. Participants direct their contributions and employer matching and profit sharing contributions into various investment options offered by the Plan.

Note 1 - PLAN DESCRIPTION (Continued)

b. Contributions (Continued)

In any plan year, the Employer may make discretionary matching contributions to the Plan. For the year ended December 31, 2021, the Employer made matching contributions of \$144,805. Effective July 20, 2020, the Employer discontinued their match contributions. Effective April 18, 2021, the Company reinstated their match to 100% of the participant's deferral up to 3% of the participant's eligible compensation. In any plan year, the Employer may also make discretionary profit-sharing contributions to the Plan. The Employer did not make discretionary profit-sharing contributions for the year ended December 31, 2021.

c. Participant Accounts

Each participant's account is credited with the participant's contributions and Employer matching contributions, as well as allocations of the Employer's profit sharing contributions and plan earnings. Participant accounts are charged with allocations of plan earnings or losses and administrative expenses that are paid by the Plan. Allocations of the Employer's contributions are based on participant compensation or salary deferrals, as defined in the plan document. Allocations of plan earnings or losses and expenses are based on account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

d. Vesting

Participants are vested immediately in their contributions, rollover contributions, and the earnings thereon. Vesting in the Employers' contributions plus earnings thereon is based on years of continuous service as follows:

<u>Participant's Years of Service</u>	<u>Vested Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Note 1 - PLAN DESCRIPTION (Continued)

e. Investment Options

The Plan provides a participant-directed investment program, whereby participants select the investments for their accounts. The Plan currently offers several mutual funds and a common collective trust, which allow participants to make individual selections of investments. The options offered represent several different alternatives to investing with different risk and return characteristics. Participants may change their investment options daily.

f. Notes Receivable from Participants

Participants may borrow from their accounts up to a maximum of the lesser of \$50,000 or 50% of their vested account balance. Notes receivable terms shall be no greater than five years, unless the note receivable is used to purchase a participant's principal residence in which case the notes receivable term will be determined at the time the loan is made and must be within a reasonable term. The notes receivable is secured by the vested balance in the participant's account and bear interest at a rate equivalent to current interest rates for loans from commercial sources. Interest rates on the notes receivable from participants range from 4.25% - 6.50% as of December 31, 2021. Principal and interest is paid ratably through payroll deductions.

g. Payment of Benefits

Following termination of service, the Plan will distribute to the participant in a lump sum an amount equal to the value of the vested interest in their account. A participant whose account balance exceeds \$1,000 must elect to receive benefits. Participants with an account balance of \$1,000 or less may receive an involuntary distribution. Terminated participants may also request a partial withdrawal of the vested interest in their account. In-service distributions are permitted for participants who have reached the age 59½. Additionally, hardship withdrawals are permitted from a participant's voluntary contribution accounts for specific financial hardships.

Note 1 - PLAN DESCRIPTION (Continued)

h. Forfeited Accounts

Forfeited accounts are applied to pay administrative expenses or to reduce the contributions of the Employer. During 2021, Employer contributions were reduced by \$1,461 from forfeited accounts. As of December 31, 2021, the Plan did not have any nonvested account forfeitures.

i. Coronavirus Aid, Relief and Economic Security Act

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security (CARES) Act was signed into law. The CARES Act allows retirement plans to provide participants who are impacted by the pandemic (as defined in the CARES Act) with greater access to their savings plan. As permitted by the CARES Act, plans were permitted to adopt these provisions immediately provided the plan document is retroactively amended on or before December 31, 2022. Plan management plans to adopt the following provisions:

- On or after April 20, 2020 and before December 31, 2020, any qualified individual, as defined in the CARES Act, was permitted to request a distribution from his or her vested account in the Plan, up to a maximum of \$100,000. Active employees who received a coronavirus-related distribution from the Plan (or from any other eligible retirement plan) have the option to have the distribution taxed over a three-year period, with the ability to recontribute up to the full amount of the distribution within three years and not be subject to federal income tax as a result. Additionally, required minimum distributions for calendar year 2020 were waived for retired and retirement aged individuals.
- Qualified individuals with outstanding loans on or after March 27, 2020 were permitted to request that their loan payments through December 31, 2020 be deferred up to one year. Where payments were deferred, the loan was re-amortized in January 2021 to reflect interest accrued during the deferral period, and payments recommenced for the remainder of the loan period, plus one year.
- The normal loan limits were increased from \$50,000 to \$100,000, and from 50% to 100% of the vested account balance, for qualified individuals taking loans on or after March 27, 2020 and before September 22, 2020.

Note 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following are the significant accounting policies followed by the Plan:

a. Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

b. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

c. Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan's administrator determines the Plan's valuation policies utilizing information provided by the investment advisors. See Note 4 for a discussion of fair value measurements.

The Plan's investments in mutual funds are stated at fair value based on information provided by Fidelity Management Trust Company, the Plan's trustee. Shares of mutual funds are valued at quoted market prices which represent the net asset value (NAV) of the shares held by the Plan at year end. The Plan's investments also include an investment in the Fidelity Advisor Stable Value Portfolio, a common collective trust that invests in fully benefit responsive investment contracts.

Related investment fees are netted against investment income. Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as, held during the year.

Note 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

d. Note Receivable from Participants

Note receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance has been recorded for credit losses as of December 31, 2021.

e. Payment of Benefits

Benefits are recorded when paid.

f. Administrative Expenses

Certain expenses of maintaining the Plan, including investment related expenses, are paid directly by the Employer, and are excluded from these financial statements. Certain expenses incurred with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying Statement of Changes in Net Assets Available for Benefits. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are also included in administrative expenses. In addition, certain investment-related expenses are included in net appreciation in fair value of investments presented in the accompanying Statement of Changes in Net Assets Available for Benefits.

g. Subsequent Events

Management evaluates events subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through September 27, 2022, which is the date the financial statements were available to be issued.

Note 3 - INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of all investments and notes receivable from participants reflected in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2021 and 2020, the supplemental Schedule H, Line 4i Schedule of Assets (Held at End of Year) as of December 31, 2021, and the activity related to investments and notes receivable from participants reflected in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2021, as follows:

	2021	2020
Investments, at fair value	\$12,310,643	\$10,982,675

Note 4 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy which prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Note 4 - FAIR VALUE MEASUREMENTS (Continued)

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2021 and 2020.

- *Mutual funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price (Level 1). The mutual funds held by the Plan were deemed to be actively traded.
- *Stable value collective trust fund:* The Fidelity Advisors Stable Value Portfolio is Valued at the NAV per unit as computed by Fidelity Management Trust Company. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. Participant transactions (purchases and sales) may occur daily. The Fidelity Advisors Stable Value Portfolio is subject to certain potential limitations on transfers to other investment options and on the timing of withdrawals. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months notification in order to ensure that securities liquidations will be carried out in an orderly business manner. These investment contracts provide for benefit responsive withdrawals and investment exchanges at contract value; however, withdrawals or investment exchanges prompted by an employer-initiated event may be paid at the contract's market value which may be less than contract value or may be subject to a contract charge or penalty. Accordingly, these NAV-based investments have been excluded from the fair value hierarchy.

These methodologies described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with those of other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4 - FAIR VALUE MEASUREMENTS (Continued)

The following tables set forth by level within the fair value hierarchy the Plan's assets at fair value as of December 31, 2021 and 2020:

Assets at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Totals
Total assets in the fair value hierarchy				
Mutual funds	<u>\$ 10,878,476</u>	<u>\$ -</u>	<u>\$ -</u>	\$ 10,878,476
Investments measured at net asset value ^(a)				<u>1,432,167</u>
Investments at fair value				<u>\$ 12,310,643</u>
Assets at Fair Value as of December 31, 2020				
	Level 1	Level 2	Level 3	Totals
Total assets in the fair value hierarchy				
Mutual funds	<u>\$ 9,308,060</u>	<u>\$ -</u>	<u>\$ -</u>	\$ 9,308,060
Investments measured at net asset value ^(a)				<u>1,674,615</u>
Investments at fair value				<u>\$ 10,982,675</u>

^(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share have not been classified in the fair value hierarchy.

Fair Value of Investments That Calculate Net Asset Value

The following table summarizes investments for which fair value is measured using the net asset value practical expedient as of December 31, 2021 and 2020. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

Note 4 - FAIR VALUE MEASUREMENTS (Continued)

Investment	Fair Value December 31,		Unfunded Commitments	Redemption Frequency	Redemption Notice Period
	2021	2020			
Fidelity Advisors Stable Value Portfolio	<u>\$ 1,432,167</u>	<u>\$ 1,674,615</u>	N/A	daily	12 months

Note 5 - PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in shares of mutual funds and a common collective trust managed by Fidelity Management Trust Company. Additionally, an affiliate of Fidelity Management Trust Company, Fidelity Workplace Services, LLC provides recordkeeping services. Fidelity Management Trust Company is the trustee for the Plan; therefore, these transactions qualify as party-in-interest transactions.

Note 6 - RISK AND UNCERTAINTIES

The Plan provides for various investments in certain mutual funds, a money market fund and a stable value collective trust. Investment securities, in general, are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Note 7 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in all of their employer contributions.

Note 8 - TAX STATUS

The Plan utilizes a non-standard pre-approved plan document and relies on the advisory letter issued to the non-standard pre-approved plan document sponsor. The non-standard pre-approved plan document sponsor received an advisory letter dated June 30, 2020, in which the Internal Revenue Service stated that the Plan, as then designed, was acceptable under section 401 of the Code. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code and ERISA. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. As of December 31, 2021, the plan administrator believes that it has no uncertain tax positions that qualify for either recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
