Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of Hamel Group 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2021 and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section—

- the amounts and disclosures in the 2021 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2021 financial statements referred to above related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Hamel Group 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Hamel Group 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States of America, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Hamel Group 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Hamel Group 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2021 Supplemental Schedules Required by ERISA

The supplemental schedule of delinquent participant contributions and schedule of assets (held at end of year) are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2021 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2021 financial statements or to the 2021 financial statements themselves, and other additional procedures in accordance with auditing standards

generally accepted in the United States of America. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Hamel Group 401(k) Profit Sharing Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 13, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Hamel Group 401(k) Profit Sharing Plan

Notes to Financial Statements (Continued)

As of December 31, 2021 and 2020 and for the Year Ended December 31, 2021

1) Plan Description

General

The following description of Hamel Group 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan covering substantially all employees of Hamel Builders, Inc. (the Employer) who have one year of continuous service. The Plan covers all eligible employees of the Company excluding non-resident aliens, employees whose employment is governed by a collective bargaining agreement, project employees, and residents of Puerto Rico, as defined by the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was most recently amended December 30, 2020 to not require the suspension of a participant's ability to make elective deferrals on account of a hardship distribution.

Administration

Great-West Life & Annuity Insurance Company (Great-West) and Great-West Trust Company, LLC (Great-West Trust), have been engaged to serve as the Custodians. Great-West is also the recordkeeper that processes and maintains the records of participant data and serves as the third-party administrator. The Employer serves as the Plan administrator and has appointed individual trustees to the Plan that are responsible for the day-to-day operations and oversight of the Plan.

Vesting

Participants are immediately vested in their elective deferral and rollover contributions plus actual earnings thereon. Participants vest in the Employer's matching and discretionary profit sharing contributions according to the following schedule:

<u>Years of service</u>	<u>Percentage vested</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

See accompanying independent auditors' report and notes to financial statements.

Hamel Group 401(k) Profit Sharing Plan

Notes to Financial Statements (Continued)

As of December 31, 2021 and 2020 and for the Year Ended December 31, 2021

1) Plan Description (Continued)

Participant Contributions

Participants may elect to contribute a percentage of their eligible pre-tax compensation up to the amount allowable under current income tax regulations, which totaled \$19,500 for the year ended December 31, 2021. Participants may also elect to contribute Roth deferrals. A Roth deferral is an elective deferral the participant irrevocably designates as a Roth deferral and is subject to income tax when contributed to the Plan. The Plan includes an auto-enrollment provision whereby all employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at three percent of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The automatic deferral amounts are scheduled to increase each Plan year by one percent, up to a maximum of ten percent, of eligible compensation. Participants who elect to contribute a portion of their compensation to the Plan agree to accept an equivalent reduction in compensation. Contributions withheld are invested in accordance with the participant's election in the investment options available under the Plan and may be redirected online at any time.

Participants who have attained age 50 before the end of the Plan year may make additional catch-up contributions, subject to limitations imposed by the Internal Revenue Code (the Code) which totaled \$6,500 for the year ended December 31, 2021. Participants are permitted to make rollover contributions of amounts received from other tax-qualified retirement plans.

Employer Contributions

In order to share in the allocation of Employer contributions, participants must be employed at year end and have completed a year of service, with the exception of certain conditions waived by the Plan. The Employer, upon approval of the Board of Directors, may make a discretionary matching contribution on an annual basis to all eligible employees. During 2021, the Employer matched fifty percent of the first five percent of eligible compensation. Employer discretionary matching contributions totaled \$208,687 for the year ended December 31, 2021. Additionally, the Employer may make a discretionary profit sharing contribution to be allocated by the group method, as defined by the Plan. Employer discretionary profit sharing contributions totaled \$300,597, net of forfeitures of \$22,053, for the year ended December 31, 2021.

The Employer contributions were remitted to the Plan subsequent to December 31, 2021 and, accordingly, are included as Employer contributions receivable in the accompanying statements of net assets available for benefits as of December 31, 2021.

Participant Accounts

Each participant's account is credited with the participant's contributions, Employer discretionary matching contributions, if any, and allocations of the Employer's discretionary profit sharing contribution, if any, and Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

See accompanying independent auditors' report and notes to financial statements.

Hamel Group 401(k) Profit Sharing Plan

Notes to Financial Statements (Continued)

As of December 31, 2021 and 2020 and for the Year Ended December 31, 2021

1) Plan Description (Continued)

Forfeitures

Forfeited non-vested amounts may be used to pay administrative expenses or reduce Employer contributions. As of December 31, 2021 and 2020, forfeited non-vested accounts totaled \$14,881 and \$23,698, respectively. The Company used \$22,053 of forfeitures to reduce Company contributions during the year ended December 31, 2021.

Payment of Benefits

Benefit payments are available to participants upon retirement, termination of employment, death, attainment of age 59 ½ or disability. Upon proof, to the satisfaction of the Plan administrator, of an immediate and heavy financial need, amounts contributed by the participant may be withdrawn for hardship purposes. Participants are entitled to a benefit equal to the vested portion of their account, which will be distributed in the form of a lump sum payment, unless the participant elects another option as provided by the Plan. Distributions are subject to the applicable provisions of the Plan agreement. Certain income taxes and penalties may apply to withdrawals or distributions prior to age 59 ½.

Notes Receivables from Participants

Participant loans are not permitted by the Plan.

2) Basis of Accounting and Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value, except for the traditional fully benefit-responsive investment contract, which is reported at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

See accompanying independent auditors' report and notes to financial statements.

Hamel Group 401(k) Profit Sharing Plan

Notes to Financial Statements (Continued)

As of December 31, 2021 and 2020 and for the Year Ended December 31, 2021

2) Basis of Accounting and Summary of Significant Accounting Policies (Continued)

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Employer and are excluded from these financial statements. Investment-related expenses are included in net appreciation in fair value of investments. Fees related to specific participant transactions are charged directly to the participant's account and are included in administrative expenses.

3) Information Certified by Custodians

All investment information disclosed in the accompanying financial statements and supplemental schedules, including assets held as of December 31, 2021 and 2020, interest and dividend income and net appreciation in fair value of investments for the year ended December 31, 2021, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Great-West and Great-West Trust, the Custodians of the Plan.

4) Fair Value Measurements

The framework for measuring fair value, Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date.

Level 2

Inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable for the asset or liability.

See accompanying independent auditors' report and notes to financial statements.

Hamel Group 401(k) Profit Sharing Plan

Notes to Financial Statements (Continued)

As of December 31, 2021 and 2020 and for the Year Ended December 31, 2021

4) Fair Value Measurements (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual Funds: Valued at quoted market prices in an exchange and active market.

The following table sets forth the Plan's investment assets, within the fair value hierarchy, at fair value as of December 31, 2021 and 2020:

	December 31, 2021			
	Level 1	Level 2	Level 3	Total
Mutual funds, at fair value	<u>\$10,035,104</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$10,035,104</u>
	December 31, 2020			
	Level 1	Level 2	Level 3	Total
Mutual funds, at fair value	<u>\$ 9,132,410</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 9,132,410</u>

5) Guaranteed Investment Contract with Insurance Company

The Plan has a traditional fully benefit-responsive investment contract with Great-West. Great-West maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note 2, because the guaranteed investment contract is a traditional fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Great-West, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a quarterly basis for resetting and may not be less than zero percent.

See accompanying independent auditors' report and notes to financial statements.

Hamel Group 401(k) Profit Sharing Plan

Notes to Financial Statements (Continued)

As of December 31, 2021 and 2020 and for the Year Ended December 31, 2021

5) Guaranteed Investment Contract with Insurance Company (Continued)

The Plan's ability to receive amounts due in accordance with a traditional fully benefit-responsive investment contract is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the Plan's ability to transact at contract value with the issuer. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Employer or other Employer events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events, which would limit the Plan's ability to transact at contract value with Plan participants, are probable of occurring.

The average yields earned by the guaranteed investment contract are as follows:

	<u>2021</u>	<u>2020</u>
Average yields:		
Based on actual earnings	0.90%	1.00%
Based on interest rate credited to participants	0.90%	1.00%

6) Related-Party Transactions and Party-in-Interest Transactions

Plan investments are managed by Great-West and Great-West Trust, the Custodians for the Plan during the year ended December 31, 2021. The Company provides certain accounting and administrative services to the Plan for which no fees are charged. Fees paid by the Plan for investment management services are included in net appreciation in fair value of investments, as they are paid through revenue sharing rather than direct payment. Fees of \$1,273, \$5,066, and \$458 were paid directly to the investment manager, recordkeeper and former contract administrator, respectively. All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

7) Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA and its related regulations. In the event of Plan termination, participant accounts will become fully vested and non-forfeitable.

See accompanying independent auditors' report and notes to financial statements.

Hamel Group 401(k) Profit Sharing Plan

Notes to Financial Statements (Continued)

As of December 31, 2021 and 2020 and for the Year Ended December 31, 2021

8) Tax Status

The Plan is using a prototype plan that received an opinion letter on June 30, 2020, in which the Internal Revenue Service (IRS) stated that the form of the Plan document was acceptable under applicable requirements of the Code. The Plan has been amended since receiving the opinion letter. However, the Employer believes that the Plan is currently designated, and operated, in compliance with the applicable requirements of the Code and, therefore believes that the Plan is qualified and the related trust is tax-exempt. As such, no provision for income taxes has been included in the Plan's financial statements. Management believes there are no uncertain tax positions requiring recognition in the financial statements.

ASC 740, *Income Taxes*, prescribes a recognition threshold and a measurement attribute for the financial statement recognition and measurement of tax positions taken or expected to be taken in a tax return as well as guidance on de-recognition, classification, interest and penalties, and financial statement reporting disclosures. For these benefits to be recognized, a tax position must be more-likely-than-not to be sustained upon examination by taxing authorities. As the Plan is tax exempt and has no unrelated business taxable income, the provisions of ASC 740 do not have an impact on the Plan's financial statements. The Plan recognizes interest and penalties accrued on any unrecognized tax exposures as a component of income tax expense. The Plan does not have any amounts accrued relating to interest and penalties as of December 31, 2021 and 2020. The Plan is subject to routine audits by the IRS and Department of Labor; however, there are currently no audits in progress for any open periods.

9) Non-Exempt Transactions

For the year ended December 31, 2021, Plan management identified instances of untimely remittances of participant contributions to the Plan in the amount of \$84,174. The Company remitted the participants' contributions and lost earnings to the Plan in 2021.

10) Risks and Uncertainties

The Plan invests in various investment securities that, in general, are exposed to various risks such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

11) CARES Act

On March 27, 2020, Congress passed the CARES Act (Coronavirus Aid, Relief, and Economic Security Act) in order to help the United States economy and workers in the midst of the COVID-19 pandemic. The CARES Act includes numerous provisions related to retirement plans. Effective April 1, 2020, the Employer elected to conform the Plan to allow for COVID-19 penalty-free distributions up to \$100,000. As of the date the financial statements were available to be issued, the Plan has not been formally amended for this provision.

Management has evaluated events and transactions for potential recognition or disclosure through the independent auditors' report date, September 29, 2022, the date the financial statements were available to be issued. There were no material events that required recognition or disclosure in the financial statements.
