Independent Auditors' Report

To the Administrative Committee of
Nasoya Foods USA, LLC 401(K) Plan
1 New England Way
Ayer, MA 01432

We have performed an audit of the accompanying financial statements of Nasoya Foods USA, LLC 401(K) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of Nasoya Foods USA, LLC 401(K) Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section —

- The amounts and disclosures in the 2021 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the 2021 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Nasoya Foods USA, LLC 401(K) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Nasoya Foods USA, LLC 401(K) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the 2021 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the

effectiveness of Nasoya Foods USA, LLC 401(K) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Nasoya Foods USA, LLC 401(K) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2021 Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4i – Schedule of assets (held at end of year) as of December 31, 2021 is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Nasoya Foods USA, LLC 401(K) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 12, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Notes to Financial Statements

December 31, 2021 and 2020

Note 1 – Description of the Plan

The following description of the Nasoya Foods USA, LLC 401(K) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General and Eligibility

Nasoya Foods USA, LLC (the “Company” or “Plan Sponsor”) established the Plan effective February 12, 2016. The Plan is a defined contribution plan covering all employees of the Company who are age 18 or older and have completed three months of service. Employees may enter the Plan on 1st day of the next following month once requirements are met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

Participant Contributions

The Plan provides eligible employees automatic enrollment at a 3% deferral rate, unless new hires affirmatively opt out of such participation. Each year, participants may contribute up to the maximum amount allowed by law, i.e. Code Section 402(g) and 415. Participants may also contribute amounts representing rollover distributions from other qualified plans. Employees over the age of 50 is allowed to make additional “catch-up” contribution.

Employer Contribution

The Plan includes provisions for discretionary employer matching contributions. All participants share in the allocation of any discretionary employer matching contributions regardless of service completed during the Plan Year or employment status on the last day of the Plan Year. For 2021, the Company contributed 50% of the first 6% of base compensation that a participant contributed to the Plan.

Participant Accounts

Each participant’s account is credited with the participant’s contribution and allocations of (a) the Company’s contribution and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Notes to Financial Statements

December 31, 2021 and 2020

Note 1 – Description of the Plan (Continued)

Vesting

Participants are immediately 100% vested in their contributions. For participants who were employed prior to May 8, 2016, employer matching contributions are vested 100% immediately. For participants who were employed after May 8, 2016, the Company's employer matching contributions plus actual earnings thereon are vested based on years of credited service, as defined in the Plan, according to the following schedule:

<u>Years of Service</u>	<u>% Vested</u>
Less than 1 year	0%
1 year but less than 2 years	25%
2 years but less than 3 years	50%
3 years but less than 4 years	75%
4 years or more	100%

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 and up to a maximum that is equal to the lesser of \$50,000 or 50% of their vested interest in the Plan. Participants must fully repay through payroll deductions within 5 years unless the loan is used for the purchase of a principal residence. If the loan is used for the purchase of a principal residence, the Administrator may permit a longer repayment term. The loans are secured by the balance in the participant's account and bear interest at prime rates on the issuance date plus 2%. Principal and interest is paid ratably through payroll deductions. If participants terminate employment, any remaining payments are due immediately.

As of December 31, 2021 and 2020, outstanding participant loan balances were \$148,656 and \$150,968, respectively.

Distribution of Benefits

On termination of service due to death or disability, all amounts credited to participant's account become fully vested and lump sum distribution will be made to the beneficiary. In-service and hardship distributions are also permitted provided certain eligibility requirements are met. The Plan allows for a mandatory distribution for terminated participant balances of \$5,000 or less.

Forfeited Accounts

When a participant terminates employment with the Company before becoming fully vested, the unvested portion of employer contributions and related earnings are forfeited. Forfeitures of unvested employer contributions and related earnings are transferred from the terminated participant's account to a forfeiture account. Forfeitures of unvested employer contributions may be used to pay plan expenses and reduce employer contributions to the Plan. During 2021, \$19,161 was added to the forfeiture account and \$18,608 was used to reduce employer matching contributions. As of December 31, 2021 and 2020, forfeited account balances were \$3,228 and \$2,677, respectively.

NASOYA FOODS USA, LLC 401(K) PLAN

Notes to Financial Statements

December 31, 2021 and 2020

Note 2 – Summary of Significant Accounting Policies

The accounting and reporting policies of the Plan conform to accounting principles generally accepted in the United States of America (US GAAP).

Basis of Accounting

The financial statements of the plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an ordinary transaction between market participants at the measurement date. Quoted market prices are used to value investments and shares of mutual funds are valued at the net asset value of shares held by the Plan at year end.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2021 and 2020, no allowance for credit losses was recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Payment of Benefits

The Plan does not accrue non-distributed benefits related to participants who have withdrawn from the Plan but recognizes such benefits as a deduction from net assets in the period in which such benefits are paid.

NASOYA FOODS USA, LLC 401(K) PLAN

Notes to Financial Statements

December 31, 2021 and 2020

Note 2 – Summary of Significant Accounting Policies (Continued)

Plan Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Company and are therefore excluded from these financial statements. Investment related expenses are included in net appreciation in fair value of investments. Fees for administration of notes receivable from participants and distribution processing are included in administrative expenses and charged directly to the participant's account.

Termination of the Plan

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Recently Issued Accounting Standard

In August 2018, the Financial Accounting Standards Board (“FASB”) issued Accounting Standards Update (“ASU”) No. 2018-13, Fair Value Measurement (Topic 820) Disclosure Framework Changes to the Disclosure Requirements for Fair Value Measurement. ASU 2018-13 improves and simplifies the disclosure requirements for fair value measurements. Plan management adopted ASU 2018-13 effective January 1, 2020; its adoption did not have a material impact on the Plan’s financial statements.

Note 3 – Information Certified by the Custodian

The Plan’s investments were held by Reliance Trust Company, the trustee and asset custodian, as of December 31, 2021 and 2020 and for the year ended December 31, 2021. All investments are participant-directed. All investment information disclosed in the accompanying financial statements and supplemental schedule (Schedule H, Line 4i) including investments held at December 31, 2021, and net realized and unrealized appreciation or depreciation in fair value of investments, dividends, interest, and other income for the year ended December 31, 2021, was obtained or derived from information provided to the Plan administrator and certified as complete and accurate by the Plan’s custodian.

Note 4 – Fair Value Measurements

ASC 820-10 establishes a framework for measuring fair value as it related to financial assets and liabilities and to nonfinancial assets and liabilities measured at fair value on a recurring basis. Such framework provides fair value three-level valuation hierarchy based on upon observable and unobservable inputs with preference given to observable inputs.

NASOYA FOODS USA, LLC 401(K) PLAN

Notes to Financial Statements

December 31, 2021 and 2020

Note 4 – Fair Value Measurements (Continued)

The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 – Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets.

Level 2 – Significant other observable inputs other than Level 1 prices such as quoted prices in markets that are not active, quoted prices for similar assets, or other inputs that are observable, either directly or indirectly, for substantially the full term of the asset.

Level 3 – Significant unobservable inputs that reflect a reporting entity's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

The Plan's policy is to recognize transfers between Level 1 and 2 and into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer.

The Plan used the following methods and assumptions in estimating its fair value disclosure for financial instruments:

Mutual Funds

The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan assets, measured at fair value on a recurring basis as of December 31, 2021, were as follows:

	Total Fair value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds	<u>\$ 4,031,141</u>	<u>\$ 4,031,141</u>	<u>\$ --</u>	<u>\$ --</u>

NASOYA FOODS USA, LLC 401(K) PLAN

Notes to Financial Statements

December 31, 2021 and 2020

Note 4 – Fair Value Measurements (Continued)

The Plan assets, measured at fair value on a recurring basis as of December 31, 2020, were as follows:

	Total Fair value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds	\$ 3,443,914	\$ 3,443,914	\$ --	\$ --

Gains and losses included in changes in net assets available for benefits for the year ended December 31, 2021 are reported in fair value of the investments.

Note 5 – Income Tax Status

The Company has adopted a prototype plan and relies upon the prototype plan's opinion letter from the IRS, which stated that the plan and related trust are designed in accordance with applicable sections of the IRC. The Company has not applied for a determination letter from the IRS specific to the Plan. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the accompanying financial statements.

The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no tax audits in progress. The Plan administrator believes it is no longer subject to tax examinations for years prior to 2018.

Note 6 – Related Party and Party-In-Interest Transactions

Parties in interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Certain Plan investments in mutual funds are managed by Massachusetts Mutual Life Insurance Company, the custodian of the Plan. Purchases and sales of these funds are performed in the open market at fair value and qualify as party-in-interest transactions. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA. Notes receivable from participants held by the Plan are considered party-in-interest transactions. These transactions are considered exempt party-in-interest transactions.
