INDEPENDENT AUDITOR'S REPORT FOR THE YEAR ENDED DECEMBER 31, 2021

Board of Trustees
Center for Sustainable Energy Retirement Savings Plan
San Diego, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Center for Sustainable Energy Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Center for Sustainable Energy Retirement Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institutions as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 2 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the financial statements of Center for Sustainable Energy Retirement Savings Plan referred to in the first paragraph. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

Center for Sustainable Energy Retirement Savings Plan does not have sufficient accounting records and supporting documents relating to certain annuity and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Center for Sustainable Energy Retirement Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of Center for Sustainable Energy Retirement Savings Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matter described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of Center for Sustainable Energy Retirement Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits.

Supplemental Schedules Required by ERISA

The supplemental schedule of assets held for investment purposes is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report it is inappropriate to and we do not express an opinion on the supplemental schedules referred to above.

INDEPENDENT AUDITOR'S REPORT FOR THE YEAR ENDED DECEMBER 31, 2020

Board of Trustees
Center for Sustainable Energy Retirement Savings Plan
San Diego, California

Report on the Financial Statements

We were engaged to audit the accompanying statement of net assets available for benefits of Center for Sustainable Energy Retirement Savings Plan (the Plan) as of December 31, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on 2020 financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 2, which was certified by Teachers Insurance and Annuity Association (TIAA) and Fidelity Management Trust Company (FMTC), the custodians of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the custodians hold the Plan's investment assets and execute investment transactions. The plan administrator has obtained certifications from the custodians as of December 31, 2020, that the information provided to the plan administrator by the custodians is complete and accurate.

The Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficiently to determine the extent to which the financial statements may have been affected by these conditions.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the 2020 financial statement, other than that derived from the information certified by the custodians, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1. Description of the Plan and Significant Accounting Policies

Description of the Plan

The following description of the Center for Sustainable Energy Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The Plan agreement is available to all participants upon request at the Plan's administrative office.

General – The Plan was established on March 1, 2001, to help its employees meet their long range financial goals through the accumulation of funds during their career with Center for Sustainable Energy (the Organization).

Plan Amendments – During 2021 the plan allowed hardship distributions under the CARES Act provisions. The plan has not been formally amended but expects to before the end of 2022.

Contributions – The Plan provides for two different types of contributions: voluntary employee contributions and employer contributions. Generally, all employees regularly scheduled to work are eligible to participate in the Plan, no years of service or age requirement must be met. However, certain classes of employees are excluded as noted in the plan document. An eligible employee may elect to make voluntary employee contributions to the Plan at any time after employment commences.

In order to receive the employer contributions, an eligible employee must first complete six months of service. Eligible employees receive an employer contribution of a percentage match of up to 3% of employee's compensation per pay period. A year end true-up calculation is performed to ensure that the sum of the pay period employer match contributions equals 3% of total eligible annual compensation. Where this true-up calculation identifies an employer match balance owed, these funds are deposited to the employees' 403b accounts.

All contributions to the Plan are subject to certain limitations and are immediately 100% vested.

Participant Accounts – Each participant's account is credited with its contribution and an allocation of plan earnings. Allocations are based on account balances. The benefits to which a participant is entitled are the benefits that can be provided from his/her account. Participants direct their own accounts.

Vesting – Participants are vested immediately in both the employee and employer contributions plus actual earnings thereon.

Notes Receivable from Participants – Empower participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account. The outstanding balance of loans made to participants as of December 31, 2021 and 2020, was \$3,415 and \$5,519, respectively. The interest rate related to these loans range from 5.25% to 7.00%. The outstanding balance includes loans with maturity dates through September 2026.

Plan Loans – Participants may generally borrow a minimum of \$1,000 up to a maximum of \$50,000 against their accounts. Certain other restrictions apply depending upon the accumulation balance of the participant's employee voluntary contributions and whether any other loans are outstanding. The loans are issued from the general account of Teachers Insurance and Annuity Association (TIAA) and made with the participant directly. The loans are collateralized by the balance in the participant's account.

Loan payments are made directly to TIAA. As loan payments are received, the appropriate amount of collateral is released by TIAA. The loans bear interest at a rate commensurate with prevailing interest rates. The loan and applicable interest must be repaid ratably, with payments due no less frequently than quarterly.

The outstanding balance of loans made to participants as of December 31, 2021 and 2020, was \$44,273 and \$54,769, respectively. The interest rate related to these loans range from 4.00% to 4.29%. The outstanding balance includes loans with maturity dates through March 2026. Since the loans are made directly to the participants by TIAA, they are not recorded separately on the accompanying financial statements.

Payments of Benefits – Benefits are payable upon a participant's termination from employment at the Organization, a participant's death, permanent disability, or normal retirement (age 59½). Benefit payments must begin no later than April 1st of the calendar year following the year of retirement or when the participant reaches age 70½. Benefits paid will be equal to the balance in the participant's account and may be paid as a lump sum or as an annuity. Participant loans are allowed under the Plan. In addition, a participant who demonstrates an immediate and heavy financial need can obtain a hardship withdrawal.

Significant Accounting Policies

Basis of Accounting – The accounting records of the Plan are maintained using the accrual basis of accounting.

Use of Estimates – The preparation of financial statements, in conformity with generally accepted accounting principles, requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fixed annuity insurance contracts are presented at contract value which represents a reasonable estimate of fair value as determined by a person or persons believed by the plan administrator to be competent to make such valuation. See Note 3 for discussion of fair value measurements.

The net appreciation in fair value of investments presented in the statement of changes in net assets available for benefits includes the Plan's gains and losses on investments bought and sold during the year as well as the change in value of investments held during the year.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2021, and 2020, no allowance for credit losses has been recorded. If a participant does not make loan repayments and plan administrator considers the participant to be in default, the loan balance is reduced, and the delinquent participant not receivable is recorded as a benefit payment based on the terms of the Plan document.

Payment of Benefits – Benefits are recorded when paid.

Operating Expenses – The Organization pays all costs and expenses incurred in connection with the operations of the Plan, except for those fees deducted by the plan custodians. Several of the investment fund options are subject to investment fees based on a percentage of invested assets, as disclosed in the fund's prospectus. All such fees are charged directly against the fund's investment performance and thus are not separately disclosed in the accompanying financial statements.

Subsequent Events – Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at that date, including the estimates inherent in the process of preparing financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of net assets available for benefits, but arose after that date and before the financial statements are available to be issued.

The Plan has evaluated subsequent events through September 22, 2022, which is the date the financial statements are available for issuance, and concluded that there are no events that need to be disclosed.

Note 2. Certified Investment Information

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2021 and 2020, and net appreciation in fair value of investments for the year ended December 31, 2021, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by TIAA and Empower (the custodians of the Plan). Investment information is summarized as follows:

	2021	2020
Total investments	\$ 12,013,697	\$ 9,745,266

Changes in net assets certified by the custodians and not audited for the year ended December 31, 2021, include the following:

Net appreciation in fair value of investments	\$ 1,524,300
Interest income	\$ 708
Participant loan interest	\$ 188

Note 3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement. Variable annuities held by the TIAA are valued at amortized cost.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Pooled separate accounts: Valued at the net asset value of shares held by the plan on a daily basis.

Registered investment companies (mutual funds and variable annuities): Valued at the daily price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. Variable annuities are principally invested in equity securities, fixed-income instruments and short-term investments valued using market quotations. Each account determines its unit value daily.

The following table sets forth by level, with the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

Assets at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Registered investment company shares	\$ 4,257,819	\$ -	\$ -	\$ 4,257,819
Pooled separate accounts	7,273,269	-	-	7,273,269
Investments at fair value	<u>\$ 11,531,088</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 11,531,088</u>

Assets at Fair Value as of December 31, 2020				
	Level 1	Level 2	Level 3	Total
Registered investment company shares	\$ 3,984,710	\$ -	\$ -	\$ 3,984,710
Pooled separate accounts	5,212,185	-	-	5,212,185
Investments at fair value	<u>\$ 9,196,895</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 9,196,895</u>

Note 4. Insurance Company General Accounts (Investments at Contract Value)

TIAA Traditional Annuity – The TIAA Traditional Annuity is a fixed annuity contract that is fully and unconditionally guaranteed by TIAA, a New York domiciled non-profit legal reserve life insurance company. During the accumulation phase, the TIAA Traditional Annuity provides a guarantee of principal, a guaranteed minimum rate of interest (currently 3%), and the potential of additional interest if declared by TIAA. Additional interest is not guaranteed. When the accumulation in TIAA Traditional Annuity is converted to an annuity based on life expectancy, the present value of the stream of payments is equal to the accumulation.

The TIAA Traditional Annuity is reported at contract value, which approximates fair value. The value of the investment contract at December 31, 2021 and 2020, was \$311,303 and \$311,022, respectively. When a participant dies, or selects an income or lump-sum benefit, the transaction occurs at the accumulated balance. This would suggest that the value of an accumulation in a TIAA Traditional Annuity contract is equal to no more than the participant's fund balance.

Empower Guaranteed Investment contract - The Plan entered into a fully benefit-responsive investment contract with Empower, the company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the Statement of Net Assets Available for Benefits at fair value with an adjustment to contract value in arriving at net assets available for benefits. Contract value, as reported to the Plan by Empower, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2021 and 2020, was \$171,306 and \$237,349, respectively. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a bi-annual basis for resetting.

Certain events may limit the ability of the Plan to transact at contract value. Such events include (1) amendments to the plan documents (including complete or partial termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participant are probable of not occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The average yields earned by the guaranteed investment contract are as follows:

	2021	2020
Average yields:		
Based on actual earnings	1.45%	1.85%
Based on interest rate credited to participants	1.45%	1.85%

Note 5. Party-In-Interest Transactions

Fees – Plan investments include annuity contracts and shares of registered investment company funds managed by TIAA and Empower. TIAA and Empower are custodians as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. For the year ended December 31, 2021, indirect fees paid by the Plan for investment management and recordkeeping services were \$34,663 to TIAA. Direct fees paid to Mass Mutual for investment management and recordkeeping services were \$56,728.

Plan Loans and Notes Receivable from Participants – As of December 31, 2021 and 2020, participants had outstanding loans payable to TIAA of \$44,273 and \$54,769, respectively. Notes receivable from participants with Empower had outstanding balances as of December 31, 2021 and 2020 of \$3,415 and \$5,519, respectively.

Note 6. Tax Status

The Plan has been designed to qualify under Section 403(b) of the Internal Revenue Code (the Code). The plan administrator and the plan's tax counsel believe the terms of the Plan have been prepared to conform with the written plan requirements of Regulation 1.403(b)-3 of the Code. The Plan is required to operate in conformity with the Code to maintain the tax-exempt status for plan participants under Section 403(b).

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 8. Risks and Uncertainties

Concentration of Credit Risk - The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

COVID-19 Risks - In 2020 the COVID-19 virus was declared a global pandemic. It has significantly disrupted financial markets, economies and other events. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Note 9. Reconciliation of Financial Statements to Form 5500

There were no differences in amounts reported in the Plan's financial statements and the Form 5500 as of and for the year ended December 31, 2021.
