Transport Refrigeration, Inc. 401(k) Profit Sharing Plan
De Pere, Wisconsin

We have audited the financial statements of Transport Refrigeration, Inc. 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit] for the year ended December 31, 2021 and have issued our report thereon dated September 16, 2022. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan (investment information) by Reliance Trust Company, the custodian, which is a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and ERISA-required supplemental schedule, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of generally accepted accounting principles (GAAP). Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our engagement letter dated March 7, 2022. Professional standards also require that we communicate to you the following information related to our audit.

Our Responsibility under U.S. Generally Accepted Auditing Standards

As stated in our engagement letter dated March 7, 2022, our responsibility, as described by professional standards, was to conduct our audit in accordance with auditing standards generally accepted in the United States of America except that, as permitted by Regulation 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and as elected by management, we did not perform any auditing procedures with respect to asset information prepared and certified to by Reliance Trust Company, the custodian, in accordance with DOL Regulation 2520.103-5, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and ERISA-required supplemental schedule, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America. Our audit of the financial statements does not relieve you or management of your responsibilities related to the preparation and fair presentation of the financial statements.

Our responsibility for the ERISA-required supplemental schedule accompanying the financial statements is to perform adequate procedures to evaluate whether the form and content of the ERISA-required supplemental schedule, other than that agreed to or derived from the certified investment information, is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, and whether the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Our audit included examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; therefore, our audit involved judgment about the number of transactions to be examined and the areas to be tested.

Our responsibility was to plan and perform the audit to obtain reasonable, but not absolute, assurance that the financial statements are free of material misstatement.

As part of our ERISA Section 103(a)(3)(C) audit and except that we did not include a consideration of internal control relating to the information prepared and certified to by Reliance Trust Company, we did consider the internal control of Transport Refrigeration, Inc. 401(k) Profit Sharing Plan. Such considerations were solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control.

We are responsible for communicating significant matters related to the audit that are, in our professional judgment, relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures specifically to identify such matters.

Our audit included obtaining an understanding of the Plan and its environment, including internal control, sufficient to assess the risks of material misstatement of the financial statements and to design the nature, timing, and extent of further audit procedures. However, we did not consider internal control relating to the information prepared and certified to by Reliance Trust Company. Material misstatements may result from (1) errors, (2) fraudulent financial reporting, (3) misappropriation of assets, or (4) violations of laws or governmental regulations, including prohibited transactions with parties in interest or other violations of ERISA rules and regulations, that are attributable to the Plan or to acts by management or employees acting on behalf of the Plan.

We identified the following significant risks of material misstatement as part of our audit planning but designed audit procedures to respond to the risks:

- Management Override of Controls
- Improper Revenue Recognition

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note 2 to the financial statements. No new accounting policies were adopted, and the application of existing policies was not changed during 2021. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. There were no significant estimates used in the preparation of the 2021 financial statements.

Certain financial statement disclosures are particularly sensitive because of their significance to the financial statements users. There were no sensitive disclosures affecting the financial statements.

The disclosures in the financial statements are neutral, consistent, and clear.

Form 5500 Procedures

We are required to obtain and read a substantially complete draft of Form 5500 prior to dating our auditors' report. The purpose of this procedure is to identify any material inconsistencies between the draft Form 5500 and the Plan's financial statements. We identified no material inconsistencies in performing and completing our audit.

Difficulties Encountered in Performing the Audit

We encountered no difficulties in dealing with management in performing and completing our audit.

Corrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. There were no misstatements that needed correction.

Reportable Findings

For purposes of this letter, a reportable finding is a matter that includes one or more of the following: (1) noncompliance or suspected noncompliance with laws and regulations, (2) a finding that in our professional judgement is significant and relevant to you regarding your responsibility to oversee the financial reporting process, and (3) an indication of internal control deficiencies identified during the audit that have not been previously communicated to management by other parties and that we determine are sufficiently important to merit management's attention. We identified the following reportable findings:

Documentation of Plan Oversight

There were no formal minutes maintained for actions taken by the trustee during the year. With the complexity of investment alternatives and the tax laws covering the qualifications of the Plan and fiduciary responsibilities of the trustee, it is important that the plan sponsor adequately document the due diligence exercised over the operations of the Plan.

We recommend the trustee establish procedures for carrying out the above and document the establishment of those procedures in formal minutes. Periodic plan-administrative meetings should include consideration of items such as:

- Review of Plan's investment performance
- Selection of investment options
- Creation and monitoring of investment policy
- Evaluation of service providers
- Report from the plan administrator
- Employee complaints or concerns, if known
- Report from investment advisor, if applicable
- Consideration and approval of plan amendments (or recommendation of amendments for the Board of Directors)
- Compliance with ERISA regulations

Service Provider SOC 1 Review

During our audits, we noted that the Plan sponsor did not review, in detail, the SOC 1 report of the service organizations. Since a significant amount of the processing of Plan transactions is performed by service organizations, it is imperative that Plan management review the procedures at these service organizations on a consistent basis and document such review in detail as part of due diligence in operating the Plan.

We recommend documenting that the description of the controls listed within the SOC 1 report covers all significant transactions, processes or computer applications that affect the Plan's financial statements. In addition, if the SOC 1 report identifies noncompliance of the service organization's controls, consideration should be made as to the effects of the findings on the Plan's operations. In the instance of noncompliance, complementary controls at the Plan should be documented and enhanced as necessary. Listing the exceptions and the response of the service organizations' management alone is not sufficient. Plan management must document its own conclusions.

Another item that the plan sponsor should document, in detail, is user controls. The SOC 1 reports identify controls for which Plan personnel are responsible and these are typically referred to as "Client Control Considerations." Client controls are complementary to the controls of the service organization and are necessary for the service organizations' controls to be achieved.

Employer Match

During our audit procedures, we noted the employer match was incorrectly calculated for one participant. The plan sponsor has consulted with their third-party sponsor (TPA) and subsequent to year end they have corrected the error. We recommend the plan sponsor develop and execute policies and procedures to ensure the proper calculation of employer matching contributions and that these calculations be reviewed by someone other than the individual performing the calculation.

Disagreements with Management

For purposes of this letter, a disagreement with management as a financial accounting, reporting, or auditing matter whether or not resolved to our satisfaction, that could be significant to the financial statement or the auditors' report. We are pleased to report that no such disagreements arose during the course of our audit.

Other Matters

Our responsibility of the ERISA-required supplemental schedule accompanying the financial statements is to perform adequate procedures to evaluate whether the form and content of the ERISA-required supplemental schedule, other than that agreed to or derived from the certified investment information, is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, and whether the information in the supplemental schedule related to assets held by the and certified by an institution agrees to, or is derived from, in all material respects the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Internal Control Over Financial Reporting

Except as discussed in the following paragraph, in planning and performing our audit of the financial statements of Transport Refrigeration, Inc. 401(k) Profit Sharing Plan (the "Plan"), as of and for the year ended December 31, 2021, in accordance with auditing standards generally accepted in the United States of America, we considered Transport Refrigeration, Inc. 401(k) Profit Sharing Plan's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of issuing our report on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

We were engaged to perform an ERISA Section 103(a)(3)(C) audit of those financial statements as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan (investment information) by Reliance Trust Company that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit also did not include a consideration of internal control relating to the investment information.

Our consideration of internal control was for the limited purpose described in the preceding paragraphs and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we identified a certain deficiency in internal control that we consider to be a significant deficiency.

A *deficiency* in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies in internal control such that there is a reasonable possibility that a material misstatement of the Plan's financial statements will not be prevented or detected and corrected on a timely basis. We did not identify any deficiencies in internal control that we consider to be a material weakness.

A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the following deficiency in the Plan's internal controls to be a significant deficiency.

Financial Accounting and Reporting

One of the components of internal control over financial reporting is that employees of the sponsor organization be sufficiently knowledgeable to prepare the Plan's financial statements in accordance with generally accepted accounting principles (GAAP). The Plan sponsor's CFO doesn't have the training in this specialized industry to prepare the financial statements including the related notes in accordance with GAAP. Consequently, during our audit we prepared the Plan's financial statements which were reviewed and approved by the Plan sponsor's CFO prior to issuance.

Other Matter

In addition, we felt the other matter described in the following paragraphs were important to the operation of the Plan. These matters may involve internal controls, general operations, recommendations for the adoption of policies or other such items that we feel will enhance the plan.

Impacts of the Secure Act on Your Plan

The passage of the Setting Every Community Up for Retirement Enhancement (SECURE) Act of 2019 included various changes that may impact your Plan as summarized in the following paragraphs.

Long-Term Part-Time Employees

One of the provisions impacts long-term part-time employees, those who work at least 500 hours for three consecutive years starting January 1, 2021 will be able to make deferrals into a retirement plan starting in 2024, unless a plan age requirement is not met. The SECURE Act does not require an employer match on these deferrals if the plan document has service requirements that exclude part-time employees from the match. However, there is another complicating factor relating to vesting. All years of service with hours of 500 or more must be used for determining their vested interest if the employee subsequently exceeds 1,000 hours and becomes eligible for employer contributions.

We recommend the Organization ensures its system are properly tracking hours and years of service for these long-term part-time employees starting January 1, 2021 to be easily able to determine eligibility for 2024 and vesting.

Penalty-Free Withdrawals for Birth or Adoption of Child

Employees are now allowed to withdraw up to \$5,000 for one year following the birth or adoption of a child without paying the usual 10% early-withdrawal penalty. Married couples can withdraw \$5,000 from each of their own accounts, penalty-free. The participant can also put the money back into his or her retirement account at a later date with recontributed amounts treated as rollover and not included in taxable income.

Annuity Information and Options Expanded

Currently 401(k) plan statements provide an account balance, which does not provide insight into the participant's monthly distributions upon retirement. To help participants better understand what their monthly retirement income might be, plan administrators are now required to provide annual "lifetime income disclosure statements" to participants to show potential monthly distributions if the total balance was used to purchase an annuity.

Auto-Enrollment Enhanced

The maximum amount of an employee's compensation that can be automatically deferred under a plan with an automatic enrollment safe harbor was increased from 10% to 15%, beginning after the employee's first plan year. This provision was effective for plan years beginning after December. 31, 2019.

Age for Required Minimum Distributions

The age at which individuals participating in a qualified retirement plan must commence required minimum distributions was increased for 70 ½ to 72. Plans are not required to make mandatory distributions until the year after the year in which a participant attains age 72. This provision was effective for distributions required to be made after December. 31, 2019 for plan participants who reached the age 70 ½ after December. 31, 2019.

Update Your Plan Document

The Organization will need to ensure it updates its plan document by December 31, 2022 for provisions noted above.

Closing

This information is intended solely for the use by the board of trustees of Transport Refrigeration, Inc. 401(k) Profit Sharing Plan and is not intended to be and should not be used by anyone other than these specified parties.
