Texas Medical Association Employees 401(k) Profit Sharing Plan
Austin, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of Texas Medical Association Employees 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 Texas Medical Association Employees 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the 2021 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2021 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Texas Medical Association Employees 401(k) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Texas Medical Association Employees 401(k) Profit Sharing Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the 2021 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Texas Medical Association Employees 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Texas Medical Association Employees 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter - 2021 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of the year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

The 2020 financial statements of Texas Medical Association Employees 401(k) Profit Sharing Plan were audited by Holtzman Partners LLP, whose practice became part of Armanino^{LLP} as of January 1, 2022. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed them not to perform and they did not perform any auditing procedures with respect to the information certified by a qualified institution. Their report dated September 20, 2021, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Texas Medical Association Employees 401(k) Profit Sharing Plan
Notes to Financial Statements
December 31, 2021 and 2020

1. DESCRIPTION OF THE PLAN

Texas Medical Association Employees 401(k) Profit Sharing Plan (the "Plan") is a defined contribution plan covering substantially all eligible employees of Texas Medical Association (TMA) and Texas Medical Association Insurance Trust (TMAIT) (collectively, the "Plan Sponsor"). The Plan became effective January 1, 2016 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). All Plan assets are held by the Plan's trustee, Fidelity Management Trust Company ("Trustee"). Complete information regarding the Plan is included in the Plan Agreement. Significant Plan provisions are summarized below.

Eligibility

Employees of the Plan Sponsor are eligible to participate in the Plan upon the attainment of 21 years of age and completion of one year of service, as defined. Employees are eligible to participate in the Plan beginning the first of the month coinciding with or next following their satisfaction of the eligibility criteria.

Contributions

Eligible participants are allowed to make elective pre-tax or Roth deferrals to the Plan subject to limitation under the Internal Revenue Code (IRC) and Plan provisions. Participants who have affirmative deferral elections of less than 10% in place as of December 31 of a Plan year shall have their deferral rates automatically increased by 1% for the following Plan year, provided the increase does not cause the participant's deferral rate to exceed 10%. Participants subject to these automatic deferral rate increases may elect an alternative deferral rate, after which the participant will no longer be subject to future automatic deferral rate increases. Participants who have attained age 50 are eligible to make catch-up contributions. Participants may also contribute amounts representing rollovers from other qualified retirement plans or individual retirement accounts.

The Plan includes an eligible automatic contribution arrangement provision whereby elective deferrals will be made on behalf of newly eligible employees who do not have an affirmative election in place. Initial contributions made under this arrangement are 3% of a participant's eligible compensation. Beginning with the Plan year that begins six months after a participant is enrolled under this provision, a participant's deferral rate shall be automatically increased by 1% per year, up to a maximum contribution of 10%, unless changed by the participant.

1. DESCRIPTION OF THE PLAN (continued)

Contributions (continued)

The Plan Sponsor shall make safe harbor employer matching contributions ("Safe Harbor Contributions") equal to 175% of the first 2% of each participant's elective contributions. Effective January 1, 2021, the Plan amended its profit-sharing contribution ("Profit-Sharing Contribution") formula such that the Plan Sponsor shall make a Profit-Sharing Contribution equal to 1.50% of each participant's eligible compensation, as defined, plus an additional amount equal to 0.50% of compensation for each year of vesting service in excess of 10 years (up to a maximum additional amount of 5%) on behalf of those participants with 15 or more years of vesting service. Such Profit-Sharing Contributions shall be made each pay period during the Plan year. Additionally, at the conclusion of each Plan year, the Plan Sponsor may, at its discretion, determine if any additional employer contributions shall be made. All employer contributions are subject to maximum amounts permitted by the IRC.

Participant accounts

Participants direct the investment of their accounts among various investment options offered by the Plan. Participants may change their investment options daily.

Each participant's account is credited with (a) the participant's contributions, (b) an allocation of employer contributions, and (c) an allocation of investment earnings, and is charged with (a) withdrawals, (b) an allocation of investment losses, and (c) certain administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions, including rollover contributions, plus actual earnings thereon. Vesting in the Plan Sponsor's Safe Harbor Contributions and Profit-Sharing Contributions plus actual earnings thereon is based on years of vesting service, as defined. A participant is 100% vested upon death, disability, or attainment of 65 years of age.

Safe Harbor and Profit-Sharing Contributions are subject to the following vesting schedule:

Less than 2	- %
2 or more	100 %

1. DESCRIPTION OF THE PLAN (continued)

Forfeitures

Unvested balances of participants' accounts may be subject to forfeiture upon termination of their employment with the Plan Sponsor. A forfeiture occurs in the Plan year in which the participant either receives a distribution of their vested account or has five consecutive one-year breaks in service, as defined by the Plan. Forfeitures are retained in the Plan and used to reduce future employer contributions. The forfeited unvested account balance totaled approximately \$172,000 and \$133,000 at December 31, 2021 and 2020, respectively.

Notes receivable from participants

Participants may borrow from their accounts a minimum of \$1,000 and up to a maximum of i) \$50,000 reduced by the highest outstanding note receivable balance over the prior twelve months less the outstanding balance on the date a new note receivable is made or ii) 50% of their vested account balance, whichever is less. Notes receivable from participants are secured by the vested balance in the participant's account and bear interest at the prime rate plus 1%. Effective April 21, 2020, participants are generally allowed no more than three notes receivable outstanding at a time. Participants pay principal and interest directly to the Trustee over a period generally not to exceed five years, unless the funds are used for purchase of a principal residence, in which case repayment terms may be extended.

Payment of benefits

Upon termination of service due to death, disability, normal retirement on or after attaining age 65, or termination of employment, a participant is entitled to receive an amount equal to the vested interest in his or her account, payable in annuity or lump-sum form. In general, if a participant's vested account balance, as defined by the Plan, is greater than \$1,000 and employment is terminated other than due to retirement or death, the account may not be distributed before normal retirement without the participant's consent.

Participant account balances that are less than \$5,000, but in excess of \$1,000 (the involuntary cash-out amount) will be paid as a direct rollover to an individual retirement account. However, regardless of participant election as to the payment, the Plan may, upon termination of service of a participant for any reason, pay the benefits owed in a lump sum if the account balance is less than the involuntary cash-out amount. Distributions are subject to the applicable provisions of the Plan agreement.

In-service withdrawals of all or a portion of a participant's vested account balance are permitted to be withdrawn by a participant after reaching age 59 ½. In-service withdrawals of all or a portion of a participant's rollover account balance may be withdrawn at any time.

Distributions from the Plan will normally be subject to income taxes, and in certain circumstances may also be subject to Internal Revenue Service (IRS) penalties, unless the distribution is transferred to another qualified plan or individual retirement account.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting and financial statement presentation

The accompanying financial statements have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of estimates

The preparation of the financial statements in conformity with U.S. GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Risks and uncertainties

The Plan provides for investments in various investment securities, which, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the financial statements and supplemental schedule.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Oversight Committee determines the Plan's valuation policies using information provided by investment advisers and the custodian. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and expenses charged to the Plan for investments in mutual fund accounts are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Texas Medical Association Employees 401(k) Profit Sharing Plan
Notes to Financial Statements
December 31, 2021 and 2020

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. For notes receivable that become delinquent, are not cured and result in default, the amount of the unpaid loan principal and interest due to the Plan will be treated as a deemed distribution. Deemed distributions are reported as a taxable distribution and remain part of the participant's account balance until a distributable event occurs.

Benefits paid to participants

Benefits paid to participants are recorded by the Plan when actual payment is made.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefit payment transactions are charged directly to the participant's account and are included in administrative expenses.

Subsequent events

The Plan evaluated events occurring between the end of the most recent fiscal year and through the report date, September 30, 2022, the date the financial statements and supplemental schedule were available to be issued. Effective January 1, 2022, the Plan was amended and restated to permit in-service withdrawals by participants who have attained age 59 1/2 and to comply with legislative and regulatory changes.

3. FAIR VALUE MEASUREMENTS

The guidance for fair value measurement establishes the authoritative definition of fair value, sets out a framework for measuring fair value, and outlines the required disclosures regarding fair value measurements. Fair value is the price that would be received to sell an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date. The Plan uses a three-tier fair value hierarchy based upon observable and unobservable inputs as follows:

Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities that the reporting entity has the ability to access at the measurement date.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3 - Unobservable inputs developed using the Plan's estimates and assumptions which reflect those that market participants would use.

Texas Medical Association Employees 401(k) Profit Sharing Plan
Notes to Financial Statements
December 31, 2021 and 2020

3. FAIR VALUE MEASUREMENTS (continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Participant-directed brokerage accounts (Fidelity BrokerageLink): The Plan offers a participant-directed brokerage account as an investment option. If elected, a participant-directed brokerage account, which is administered by Fidelity Management Trust Company, allows a participant to direct the investment of the participant's contributions to the Plan among various mutual fund options offered by such affiliate, including mutual funds that are not otherwise offered as investment options under the Plan, subject to certain minimum investment and withdrawal requirements and an overall investment limit of not more than 50% of the value of the participant's overall Plan account balance. These investments are valued at the respective NAVs of the funds held in the accounts. Participant-directed brokerage accounts are not monitored or managed by the Plan Sponsor or the Plan.

Common/collective trust fund (Fidelity Managed Income Portfolio): The Fidelity Managed Income Portfolio is a common collective trust fund administered by Fidelity Management Trust Company. The fund is valued at the NAV of units held by the fund. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. The NAV is not a publicly quoted price in an active market. Accounting Codification Standards (ASC) 820 information on the fund's underlying assets and their assigned fair value hierarchy was obtained from the audited financial statements that are made available to applicable plan sponsors.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. INFORMATION CERTIFIED BY THE TRUSTEE

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee of the Plan has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, at fair value, and notes receivable from participants, as shown in the statements of net assets available for benefits at December 31, 2021 and 2020.

Texas Medical Association Employees 401(k) Profit Sharing Plan
Notes to Financial Statements

4. INFORMATION CERTIFIED BY THE TRUSTEE (continued)

- Total investment income and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2021.
- Schedule H, line 4i – schedule of assets (held at end of year) at December 31, 2021.

The Plan administrator has requested that the Plan's independent auditor perform no procedures on the certified information other than to agree the certified information to the related information included in the financial statements and supplemental schedule.

5. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Plan assets include investments in funds managed by the Trustee and notes receivable from participants. Transactions with the Trustee qualify as party-in-interest transactions under ERISA. Fees incurred by the Plan for the investment management services are included in net change in fair value of the investment. The Plan also has a revenue sharing arrangement with the Trustee. Transactions under the revenue sharing arrangement qualify as party-in-interest transactions. The Plan Sponsor pays directly any other fees related to the Plan's operations.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the termination of the Plan, the individual accounts of all members shall become fully vested. After deducting all charges and expenses, the balances of all individual accounts will be adjusted, and the remaining assets distributed.

7. TAX STATUS

On September 6, 2017, the Plan received a favorable determination letter from the IRS, which stated that the Plan is designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan Sponsor believes that the Plan is designed and has been operating in compliance with the applicable tax-exempt requirements of the IRC since inception of the Plan, and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt. Therefore, no provision for income taxes is included in the Plan's financial statements.
