Independent Auditor's Report

To the Trustees and Plan Administrator
Engelberth Construction, Inc. 401(k) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of the Engelberth Construction, Inc. 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to, or derived from, the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying 2021 financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due, or which may become due, to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal-control-related matters that we identified during the audit.

Other Matter - 2021 Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to, or derived from, the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to, or is derived from, the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to, or derived from, the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to, or is derived from, the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by qualified institutions. In our report dated September 1, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion, and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements, other than that derived from the certified information, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Engelberth Construction, Inc. 401(k) Retirement Plan

Notes to Financial Statements

Note 1. Description of Plan

The following brief description of the Engelberth Construction, Inc. 401(k) Retirement Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General: The Plan is a defined contribution plan formed on January 1, 1995 and amended and restated effective January 1, 2021. The Plan covers all eligible employees of Engelberth Construction, Inc. (the Company or the Plan Sponsor) who have completed at least six months of service and reached 18 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Participants may contribute up to 100% of their compensation, as defined by the Plan. Participants who have reached age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing rollover distributions from other qualified defined benefit or contribution plans. Participants direct their contributions into various investment options offered by the Plan. The Company may make discretionary matching and other discretionary contributions, as defined by the Plan. Participants must be employed on the last working day of a Plan year to be eligible for an allocation of the Company's other discretionary contributions for such year. Contributions are subject to certain limitations under the Internal Revenue Code (IRC).

The Plan includes an auto-enrollment provision, whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation, unless otherwise elected by the participant. The automatic deferral amount increases by 1% per year on April 1, up to a maximum of 10%.

During 2021 and 2020, the Company made discretionary matching contributions of 25% of the first 3% of participant contributions and 50% of the next 7% of participant contributions to a maximum of 4.25% of compensation for participants contributing 10% or more. The Company made no additional discretionary contributions in 2021 or 2020.

Participant accounts: Each participant's account is credited with the participant's contribution, the Company's matching contribution, and allocations of the Company's other discretionary contributions and Plan earnings, and is charged with an allocation of investment fees. Allocations of the Company's other discretionary contributions are based on a participant's eligible compensation relative to total eligible compensation or as defined by the Plan. Allocations of Plan earnings and investment fees are based on a participant's account balance relative to the total account balances of all participants in the same investment. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of service. A participant is 20% vested after two years of service, increasing 20% per year, with 100% vested after six years of credited service. Participants automatically become fully vested upon reaching the normal retirement age, total and permanent disability, or death while under the employment of the Company.

Engelberth Construction, Inc. 401(k) Retirement Plan

Notes to Financial Statements

Note 1. Description of Plan (continued)

Payment of benefits: Benefits are distributed under the Plan based on the normal retirement date (the later of age 65 or five years of participation in the Plan), disability, death, qualified reservist status, the termination of employment of the participant, and in-service distributions after age 59½. A participant may elect to receive a lump-sum distribution equal to the value of his or her vested account or may receive partial withdrawals under certain circumstances, as defined. During 2020, the Plan elected an optional change available through the Coronavirus Aid, Relief, and Economic Security Act (CARES Act). Effective for all of 2020, this change allowed penalty-free distributions of up to \$100,000 to participants who self-certified that they were adversely impacted by the coronavirus (see Note 2).

Notes receivable from participants: Participants may borrow from a minimum of \$1,000 up to 50% of their vested account balance, provided the loan does not exceed \$50,000. During 2020, the Plan elected an optional change available through the CARES Act. Effective from March through September 2020, this change allowed participants to increase the maximum allowable amount for participant loans to up to 100% of their vested account balance, provided the loan did not exceed \$100,000. Participants are permitted one outstanding loan. Loans are secured by the balance in the participant's account and bear interest at a reasonable rate, as defined by the Plan. Principal and interest are paid ratably through weekly payroll deductions.

Forfeitures: Under the Plan, forfeitures of participants' nonvested accounts may be used to reduce employer contributions, as defined. Amounts forfeited were \$0 in 2021 and \$6,281 in 2020. Forfeitures used to reduce employer contributions were \$11 in 2021 and \$6,286 in 2020. There are no forfeitures available to reduce future employer contributions at December 31, 2021.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Investment valuation and income recognition: The Plan's investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Engelberth Construction, Inc. 401(k) Retirement Plan

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (continued)

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan document.

Administrative expenses: Administrative expenses, with the exception of investment fees, are currently being paid by the Plan Sponsor.

Payment of benefits: Benefits are recorded when paid.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Risks and uncertainties:

General economic conditions: On January 30, 2020, the World Health Organization (WHO) declared the coronavirus outbreak a Public Health Emergency of International Concern, and on March 10, 2020, WHO declared it to be a pandemic. Actions taken around the world to help mitigate the spread of the coronavirus include restrictions on travel, quarantines in certain areas, and forced closures for certain types of public places and businesses. The coronavirus and actions taken to mitigate it have had, and are expected to continue to have, an adverse impact on the economies and financial markets of many countries, including the geographical area in which the Plan holds investments. While it is unknown how long these conditions will last and what the complete financial effect will be on the Plan, the Plan has not experienced any significant decline in investment values and is expecting no significant declines in the short term as a result of the pandemic.

Plan-related risks: The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term, and such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Subsequent events: The Plan has evaluated subsequent events through September 21, 2022, the date the financial statements were available to be issued.

Note 3. Information Certified by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company and Principal Life Insurance Company (Including a Certification on Behalf of Principal Global Investors Trust Company)

The following is a summary of the Plan's information as of December 31, 2021 and 2020, and for the years then ended, included throughout the Plan's financial statements and supplemental schedule, that was prepared by, or derived from information provided by, the qualified institutions and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the qualified institutions that information provided to the Plan Administrator by the qualified institutions related to the following information is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and supplemental schedule related to the following as of and for the years ended December 31:

	2021	2020
Investments, at fair value:		
Mutual funds	\$ 21,186,425	\$ 24,096,914
Common collective trusts	\$ 1,168,681	\$ 141,726
Pooled separate accounts	\$ 4,656,282	\$ 905
Investment, at contract value:		
Guaranteed investment contract	\$ 6,264,435	\$ 5,989,856
Notes receivable from participants	\$ 80,589	\$ 59,021
Interest and dividends	\$ 1,128,641	\$ 533,024
Net appreciation in fair value of investments	\$ 2,634,355	\$ 2,745,368
Interest income on notes receivable from participants	\$ 3,017	\$ 8,654

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan can access at the measurement date.

Engelberth Construction, Inc. 401(k) Retirement Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (continued)

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets in active markets;
- Quoted prices for identical or similar assets in inactive markets;
- Inputs other than quoted prices that are observable for the asset; and
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset.

Level 3: Inputs that are unobservable for the asset or liability.

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 or 2020.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trusts: Valued based on the NAV of units of the common collective trusts. The NAV, as provided by the custodians, is used as a practical expedient to estimate fair value. The NAV is based upon the fair value of the underlying investments composing the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Each common collective trust provides for daily redemptions by the Plan at the reported NAV per share, with no advance notification requirement.

Pooled separate accounts: Valued based on the NAV of units of the pooled separate accounts. The NAV, as provided by the custodians, is used as a practical expedient to estimate fair value. The NAV is based upon the quoted prices of the underlying investments. This practical expedient would not be used if it were determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. Each pooled separate account provides for daily redemptions by the Plan at the reported NAV per share, with no advance notification requirement.

Note 4. Fair Value Measurements (continued)

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021 and 2020:

Investments at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Investments measured at fair value:				
Mutual funds	\$ 21,186,425	\$ -	\$ -	\$ 21,186,425
Investments measured at NAV				5,824,963
Total investments at fair value				\$ 27,011,388

Investments at Fair Value as of December 31, 2020				
	Level 1	Level 2	Level 3	Total
Investments measured at fair value:				
Mutual funds	\$ 24,096,914	\$ -	\$ -	\$ 24,096,914
Investments measured at NAV				142,631
Total investments at fair value				\$ 24,239,545

Note 5. Fully Benefit-Responsive Investment Contracts

The Plan holds a benefit-responsive investment contract with Principal Life Insurance Company. This contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made plus earnings, less participant withdrawals and investment fees.

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 0%. The crediting rate is reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Engelberth Construction, Inc. 401(k) Retirement Plan

Notes to Financial Statements

Note 5. Fully Benefit-Responsive Investment Contracts (continued)

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the IRC or the failure of the trust to be tax-exempt under Section 501(a) of the IRC;
2. Premature termination of the contracts;
3. Plan termination or merger;
4. Changes to the Plan's prohibition on competing investment options; and
5. Bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers or the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. These events may be different under each contract. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines;
2. A breach of material obligation under the contract;
3. A material misrepresentation; and
4. A material amendment to the agreements without the consent of the issuer.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in all of their accounts.

Note 7. Tax Status

The Plan has adopted a nonstandardized pre-approved plan sponsored by Future Planning Associates, Inc. The nonstandardized pre-approved plan provider has received an advisory letter from the Internal Revenue Service as to the nonstandardized pre-approved plan's qualified status. The nonstandardized pre-approved plan advisory letter has been relied upon by the Plan. The Plan Administrator believes the Plan is designed and being operated in compliance with the applicable provisions of the IRC.

Engelberth Construction, Inc. 401(k) Retirement Plan

Notes to Financial Statements

Note 7. Tax Status (continued)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Related-Party Transactions

Certain Plan investments are managed by Principal Group, including Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company and Principal Life Insurance Company, which are the custodians of the Plan. Transactions with the custodians qualify as party-in-interest transactions. Fees paid by the Plan for investment management services amounted to \$135,999 for the year ended December 31, 2021 and \$108,980 for the year ended December 31, 2020.

The Company pays certain administrative expenses for the Plan, as described in Note 2.
