Atlantic Physical Therapy Center 401(k) Profit Sharing Plan
Notes to Financial Statements
December 31, 2020 and 2019

1. DESCRIPTION OF THE PLAN

The following description of the Atlantic Physical Therapy Center 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan is a 401(k)-salary deferred profit sharing plan established for the benefit of the employees of Atlantic Physical Therapy Center ("Atlantic" or "Sponsor"), covering all employees of the Sponsor, except those covered under a collective bargaining agreement.

Eligibility

Employees of the Sponsor, who are not covered under a collective bargaining agreement, are eligible to contribute to the Plan upon attainment of age 21 and completion of 12 consecutive months of service during which 1,000 hours of service are completed or, if 1,000 hours are not obtained during the first 12 consecutive months of employment, the date when the employee is credited with a year of service. The entry date into the Plan is the first day of the month coinciding with or following the date the employee satisfies the eligibility requirements.

Employee Contributions

A participating employee may contribute a percentage of eligible compensation, not to exceed the annual limit of the lesser of 90% of eligible compensation or limits established by the Internal Revenue Code ("IRC"), as amended. Under the Plan, participants may make tax deferred contributions and qualified rollover contributions. The maximum pre-tax participant contribution allowed during 2020 was \$19,500. The Plan allows employees who are contributing to the Plan who have attained age 50 to make catch-up contributions subjected to the limits established by the IRC which was \$6,500 for 2020.

Employer Contributions

The Sponsor will make safe harbor matching contributions in accordance with the safe-harbor provisions of the IRC equal to 100% of the first 4% of an employee's Plan compensation contributed as elective deferral contributions each payroll period. The Sponsor made safe harbor contributions of \$178,763 to the Plan for the year ended December 31, 2020.

The Sponsor may make a discretionary profit sharing contribution to the Plan in an amount to be determined by the Sponsor at Plan year end. The allocation of the profit sharing contribution to participants' accounts is based on the participant's wage base divided by the total wage base of all participants. There was no discretionary profit sharing contribution for the year ended December 31, 2020.

Participant Accounts

Each participant's account is credited with the participant's salary reduction contribution, the participant's qualified rollover contribution, the participant's Roth contribution, the employer's safe harbor matching contributions, and allocations of (a) the employer's discretionary profit sharing contribution, (b) Plan earnings and (c) administrative expenses. Allocations are based on participant earnings or account balances, as defined. The participant's account is reduced by withdrawals, losses on investments and any forfeitures.

Investment income is reinvested in the same fund in which it was earned. Net Plan earnings are allocated to each participant's account, on a daily basis, based upon the earnings (or losses) of the particular fund or funds in which the participant's account is invested.

Notes to Financial Statements

December 31, 2020 and 2019

Vesting

Participants are immediately vested in their elective deferral contributions, rollover contributions, and safe harbor matching contributions. Employer profit sharing contributions vest to the participants based upon years of service. A participant is credited 100% vesting on a 6 year graded scale of 20% per year beginning on the participant's second anniversary. If a participant is employed on or after normal retirement age, dies, or becomes disabled prior to being 100% vested based on years of service, the participant will automatically be 100% vested.

Notes Receivable From Participants

Participants may borrow from their vested interest in their fund accounts. The amount shall not exceed the lesser of \$50,000 or 50% of the participant's vested interest and shall not be less than \$1,000 at inception. The maximum number of loans that a participant may have outstanding at any one time is 3. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant loan fund. Loan terms range from 1-5 years unless the loan is for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate the prime rate as published in *The Wall Street Journal* on the 14th day of each month, plus 1.00%. Principal and interest are paid ratably through bi-weekly payroll deductions. At December 31, 2020, the interest rates applied to all loans ranged from 4.00% to 6.50%.

Under the provisions of the Coronavirus Aid, Relief and Economic Security Act (the "CARES Act"), which was passed in early 2020 as a result of the 2019 novel coronavirus ("COVID-19") pandemic, participants are provided with a 1 year delay for loan payments due in 2020, on or after March 27, preventing default until at least March 28, 2021, when repayments will begin on a new schedule.

Distributions and Withdrawals

Prior to age 59½, distributions and withdrawals are not permitted from the Plan except in the instances of hardship, death, disability or termination of employment. Hardship withdrawals must be submitted to the Plan administrator in writing and can only be taken if the individual is employed with the Sponsor at the time of the hardship distribution. After attaining age 59½, participants may elect to withdraw an amount equal to any whole percentage not to exceed 100% of the participant's vested account for any reason. All in-service distributions shall not be less than \$500. On termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum payment or in annual installments not exceeding the life expectancy of the participant or the participant's beneficiary, if the participant has died. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution. If, at the time of termination of service, a participant's vested balance does not exceed \$5,000, then a distribution will be automatically made in a single lump-sum payment.

Under the CARES Act, participants were permitted to take distributions up to \$100,000 from all plans and IRAs and not be subjected to the 10% early distribution tax under IRC section 72(t), 20% tax withholding or 402(f) notices. These distributions will be taxed over 3 years, unless immediate taxation is elected, and can be repaid within 3 years under which repayments will be treated as timely rollover contributions.

Forfeitures

If a participant elects to withdraw his or her entire account balance from the Plan prior to becoming vested, any discretionary profit sharing contributions and investment earnings thereon in their account are forfeited based on a 6 year graded vesting schedule. Forfeiture accounts have the option to be used to reduce future employer contributions and to pay Plan expenses. At December 31, 2020 and 2019, there were \$2,685 and \$1,854, respectively, of forfeited non-vested accounts. For the year ended December 31, 2020, no forfeitures were used to offset employer contributions or pay Plan expenses.

Participants' Investment Options

Upon enrollment in the Plan, a participant may direct employee and employer contributions in any increment in various investment options offered by the Plan. The Plan currently offers various mutual funds and common trust fund investment options.

Participants may change their investment options at any time.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires that management make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Valuation of Investments and Income Recognition

The Plan's investments are stated at fair value. Fair value is determined based on the quoted market prices of the registered investment company investments which represent the net asset value ("NAV") of shares held by the Plan at year end. The Plan's interest in the common collective trusts is based on the net asset value as a practical expedient of the trusts' underlying investments as reported in the audited financial statements of the trust at year end.

The Plan presents, in the statement of changes in net assets available for benefits, the net appreciation in the fair value of its investments, which consists of the realized gains (losses) and the unrealized appreciation (depreciation) on those investments. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Notes Receivable From Participants

Notes receivable from participants are valued at their outstanding unpaid principal balances, plus accrued interest, which approximates fair value. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019. Delinquent participant loans are recorded as distributions to participants.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative and Other Fees

All trustee and recordkeeping expenses related to the administration of the Plan are paid entirely by the Plan, unless they are paid by the Sponsor. In addition, participants are charged service fees for any loan and distribution transactions they request, and certain investment related expenses have been offset with net investment income and are not readily determinable.

Atlantic Physical Therapy Center 401(k) Profit Sharing Plan
Notes to Financial Statements
December 31, 2020 and 2019

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks and domestic and global market conditions. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could significantly affect participants' account balances and the amounts reported in the December 31, 2020 statement of net assets available for benefits. The Plan is exposed to credit loss in the event of non-performance by the companies with whom guaranteed investment contracts are placed. However, the Sponsor does not anticipate non-performance by these companies and believes that the risk to Plan assets from credit loss is not material due to the diversified nature of the assets held.

COVID-19 has adversely affected and may continue to adversely affect economic activity globally, nationally and locally. Following the COVID-19 outbreak in March 2020, the values of investment securities experienced significant volatility. These economic and market conditions and other effects of the COVID-19 outbreak may continue to cause volatility. The extent of the adverse impact of the COVID-19 outbreak on the Plan participants' account balances cannot be predicted at this time.

3. INVESTMENTS CERTIFIED BY THE TRUSTEE (UNAUDITED)

The Plan has elected the method of annual compliance reporting permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Therefore, as permitted, no auditing procedures were performed by the independent public accountants. Reliance, the trustee of the Plan, holds investment assets and executes investment transactions therein, and substantially all information pertaining to the Plan's investments and notes receivable from participants included in the financial statements, including the associated investment income (loss) and interest earned on notes receivable from participants, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the trustee of the Plan. Based on information provided and certified by the trustee, there are no fixed income obligations, leases or debt instruments in default or deemed uncollectible, as defined by ERISA, for the years ended December 31, 2020 and 2019.

The following information as of December 31, 2020 and 2019 and for the year ended December 31, 2020 was prepared from reports certified by the trustee, in addition to certain investments as reported on Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2020:

4. FAIR VALUE OF INVESTMENTS

The Plan's investments are recorded in accordance with Financial Account Standards Board ("FASB") Accounting Standard Codification ("ASC") 820, *Fair Value Measurement*, which established a framework for measuring fair value and clarifies that fair value is an estimate of the exit price, representing the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants (i.e. the exit price at the measurement date). That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The 3 levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. Such inputs include quoted prices in active markets for identical assets or liabilities.

Level 2 - Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Unobservable inputs that are supported by little or no market activity and that are financial instruments whose values are determined using pricing models, discounted cash flow methodologies or similar techniques, as well as instruments for which the determination of fair value requires significant judgment or estimation.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used for the periods presented in these financial statements.

Registered Investment Companies: The investments held by registered investment companies consist of shares of mutual funds and are valued at quoted market prices which represent the net asset value ("NAV") of the shares held by the Plan at year end.

Common Stock: Shares of common stock are valued based on quoted market prices.

Common Collective Trust: The investments are valued at the NAV of the underlying units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investments for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Notes to Financial Statements
December 31, 2020 and 2019

5. PLAN TERMINATION

Although it has not expressed any intention to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of the IRC. In the event of Plan termination, participants will become 100% vested in their accounts.

6. PARTIES-IN-INTEREST

Atlantic provides the Plan with certain accounting and administrative services for which no fees are charged. The Plan allows for administrative costs to be paid by the Sponsor or absorbed through the forfeiture account. Certain costs are paid by the Sponsor directly.

The Plan issues loans to participants, which are secured by the participants' account balances. These transactions qualify as exempt party-in-interest transactions.

7. TAX STATUS

The Plan obtained its latest determination letter on July 16, 2014 in which the Internal Revenue Service ("IRS") stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan is required to operate in conformity with the applicable provisions of the IRC to maintain its tax-qualified status. The Plan has been amended since receiving the opinion letter. However, the Sponsor believes the Plan is being operated in compliance with the applicable requirements of the IRC, and therefore, believes the Plan is qualified and the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability, or asset, if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or the DOL. The Sponsor has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020 and 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Furthermore, there are no tax related interest or penalties included in the financial statements presented.

8. RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500
