Report of Independent Auditors

To the Board of Directors of **Woods Bagot Architect, PC** and the Plan Administrative Committee for **Woods Bagot Architect, PC 401(k) Retirement Plan & Trust**:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Woods Bagot Architect, PC 401(k) Retirement Plan & Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Woods Bagot Architect, PC 401(k) Retirement Plan & Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Woods Bagot Architect, PC 401(k) Retirement Plan & Trust and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Woods Bagot Architect, PC 401(k) Retirement Plan & Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Woods Bagot Architect, PC 401(k) Retirement Plan & Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Woods Bagot Architect, PC 401(k) Retirement Plan & Trust's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Delinquent Participant Contributions and Assets (Held at End of Year) as of and for the year ended December 31, 2021 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Report of Independent Auditors

To the Board of Directors of **Woods Bagot Architect, PC** and the Plan Administrative Committee for **Woods Bagot Architect, PC 401(k) Retirement Plan & Trust**:

We were engaged to audit the accompanying statement of net assets available for benefits of Woods Bagot Architect, PC 401(k) Retirement Plan & Trust as of December 31, 2020, and the related notes to the financial statement.

Management's Responsibility for the Financial Statement

Management is responsible for the preparation and fair presentation of this financial statement in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of a financial statement that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the 2020 financial statement based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which Reliance Trust Company, the trustee of the Plan, certified, except for comparing such information with the related information included in the financial statement. The Plan administrator informed us that the trustee holds the Plan investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of December 31, 2020, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2020 financial statement. Accordingly, we do not express an opinion on the 2020 financial statement.

Report on Form and Content in Compliance with DOL Rules and Regulations for 2020 Financial Statement

We have audited the form and content of the information included in the 2020 financial statement, other than that derived from the information certified by the trustee, in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Notes to Financial Statements

December 31, 2021

Note 1 – Description of the Plan

The following brief description of the Woods Bagot Architect, PC 401(k) Retirement Plan & Trust (Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of its provisions.

General

The Plan is a defined contribution profit sharing plan with a cash or deferral arrangement under Section 401(k) of the Internal Revenue Code (IRC). All employees of Woods Bagot, except union employees, nonresident aliens without U.S. income and certain employees based on their Visa status (and residents of Puerto Rico, effective June 1, 2022), may participate in the Plan after attaining age 21 and completing three months of service. An employee will be credited with one month of service for each month in which the participant completes one hour of service. Qualifying employees may enter the Plan on the first day of the month coincident with or following meeting the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Employees of Woods Bagot North America, Inc., a member of Woods Bagot affiliated service group (participating employer), may also participate in the Woods Bagot Plan effective mid-2020.

A Plan committee, appointed by the Board of Directors of Woods Bagot, manages the Plan. Reliance Trust Company, the Trustee, holds all the Plan investment assets. ADP Retirement Services is the Recordkeeper and prepares the Form 5500.

Contributions and vesting

Participants may defer up to the lower of 90% of their annual qualified compensation and the IRC limit to the Plan. Participants who attain age 50 by the last day of the Plan year may defer additional amounts (“catch-up” contributions) to the Plan. Participants may also contribute amounts representing distributions from other qualified plans (rollovers). Rollovers are not subject to Plan or IRC contribution limits. Participants are always 100% vested in their deferral, catch-up, and rollover contributions, and earnings thereon.

The Plan provides for non-elective Safe Harbor contributions on a per-payroll basis. Woods Bagot allocates non-elective Safe Harbor contributions to each participant equal to 3% of their eligible compensation during each pay period, whether or not an eligible participant on the last day of the Plan year. Participants are always 100% vested in their non-elective Safe Harbor contribution and earnings thereon. There was no change from the non-elective Safe Harbor contribution rate used during the year ended December 31, 2020.

The Plan also provides for an annual discretionary matching contribution, determined by the Board of Directors of Woods Bagot. Woods Bagot allocates any annual discretionary matching

Woods Bagot Architect, PC 401(k) Retirement Plan & Trust
Notes to Financial Statements
December 31, 2021

Note 1 – Description of the Plan (continued)

contribution as a percentage of participant deferrals, limited by eligible compensation, whether or not employed on the last day of the Plan year. Participants are always 100% vested in their annual discretionary matching contributions and earnings thereon. During the year ended December 31, 2021, Woods Bagot made no annual discretionary matching contribution. There was no change from the matching contribution rate used during the year ended December 31, 2020.

Participant accounts

Each participant's account is credited with the participant's contributions and employer Safe Harbor contributions, as well as allocations of employer non-elective contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account. The note bears interest at a rate prime plus 2% as of the date of issuance. Loan terms range from one to five years, except when the loan is used to acquire a principal residence, in which case the maximum term is 30 years. Participants pay their notes in semi-monthly installments of principal and fixed interest, at rates ranging from 5.25%-7.50%. The notes mature on April 1, 2022. Notes become due immediately upon termination of employment.

Investment options

Participants choose investment options for their deferral, catch-up, rollover, Safe Harbor, profit sharing and matching contributions from the investment options offered by the Trustee. As of December 31, 2021, the Trustee offered mutual funds and common collective trust funds to participants.

Payment of Benefits

Upon termination of employment, death, attainment of age 59 ½, retirement, disability and for any other reasons permitted by the Plan or the IRC, a participant or beneficiary is entitled to receive a lump-sum distribution, a rollover, or installments equal to the participant's vested interest in his or her account. A participant also can take a distribution of his or her rollover contributions and Roth contributions (if any) at any time. Terminated participants with account balances in excess of \$5,000 may delay the receipts of distributions. Woods Bagot will roll over terminated participants' account balances of \$5,000 or less to individual retirement accounts

Note 1 – Description of the Plan (continued)

unless directed otherwise by the terminated participant. Benefit payments to the participant generally must begin by the later of the year after the participant attains age 72 or the year in which the participant terminates employment.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (US-GAAP).

Use of estimates

The preparation of financial statements in conformity with US-GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's 401(k) Plan Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note 3 for disclosure of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2021, and 2020, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Notes to Financial Statements

Note 2 – Summary of Significant Accounting Policies (continued)

Payment of benefits

Benefits are recorded when paid.

Note 3 – Investments at Fair Value Measurements

The Plan uses a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to Level 1 inputs and the lowest priority to Level 3 inputs. The hierarchy consists of three broad levels:

Level 1 inputs consist of unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 inputs consist of quoted prices for similar assets or liabilities in active markets, quoted prices for identical assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specific (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 inputs consist of unobservable inputs that are significant to the fair value measurement.

The fair value measurement level of an asset or liability within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurements. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There are no plan assets requiring the use of Level 3 inputs for the periods presented and there were no changes in the methodology used to measure fair value at December 31, 2021 and 2020.

Mutual funds: The Plan bases the fair value of mutual funds on the daily closing price as reported by the mutual fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the U.S. Securities and Exchange Commission (SEC). The SEC requires mutual funds to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. Mutual funds are valued at Level 1 input.

Woods Bagot Architect, PC 401(k) Retirement Plan & Trust

Notes to Financial Statements

December 31, 2021

Note 3 – Investments at Fair Value Measurements (continued)

Common collective trust funds: The Plan bases the fair value of common collective trust funds, which are equity securities with readily determinable fair values, at the daily unit closing price as reported by the Trustee. The Trustee bases the unit price on the fair value of the underlying securities and other investments, using unadjusted quoted prices in active markets for identical assets, unadjusted and insignificantly adjusted quoted prices in active and inactive markets for identical and similar assets and the contract value and credit rating of the Trustee. The Trustee uses third-party pricing services to determine the pricing for fair value determinations. Each common collective trust fund invests principally in one mutual fund with a fair value determined using Level 1 inputs, equity securities in proportion to mirror the named index with fair values determined using Level 1 and Level 2 inputs, and debt securities with fair values determined using Level 2 inputs.

As of December 31, 2021, fair values and input levels of the Plan investments total as follows:

<u>Class and investment</u>	<u>Fair value</u>	<u>Level 1</u>	<u>Level 2</u>
Mutual funds	\$ 9,554,984	\$ 9,554,984	\$ -
Common collective trust funds	775,010	-	775,010
Totals	<u>\$ 10,329,994</u>	<u>\$ 9,554,984</u>	<u>\$ 775,010</u>

Gains and losses included in changes in net assets available for benefits for the years ended December 31, 2021 and 2020 are reported in net appreciation in fair value of investments.

The Plan's policy is to recognize transfers of investments into or out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended December 31, 2021, there were no transfers of investments into or out of Level 3.

As of December 31, 2020, fair values and input levels of the Plan investments total as follows:

<u>Class and investment</u>	<u>Fair value</u>	<u>Level 1</u>	<u>Level 2</u>
Mutual funds	\$ 7,840,711	\$ 7,840,711	\$ -
Common collective trust funds	520,198	-	520,198
Totals	<u>\$ 8,360,909</u>	<u>\$ 7,840,711</u>	<u>\$ 520,198</u>

Note 4 – Financial Information Certified by the Trustee

Reliance Trust Company, the Trustee, certified all of the investments and notes receivable from participants in the statements of net assets available for benefits as of December 31, 2021 and 2020, the supplemental Schedule H, Line 4(i): Schedule of Assets (Held at End of Year) as of December 31, 2021, and the related investment income and interest on notes receivable from participants in the statement of changes in net assets available for benefits for the year ended December 31, 2021, in accordance with Section 29 CFR 2520.103.5 of the DOL Rules and Regulations for Reporting and Disclosure under ERISA. Independent auditors did not audit the information certified by the Trustee.

Note 5 – Receivables

As of December 31, 2021, participant deferrals from compensation earned during the pay period December 16 through December 31, 2021 and subsequently received and allocated by the Trustee on January 3, 2022, totaled \$19,058.

As of December 31, 2021, employer non-elective Safe Harbor contributions totaled \$92,599 and reconciled as follows:

- \$12,290:
 - Employer non-elective Safe Harbor contributions for compensation earned during the pay period December 16 through December 31, 2021 and subsequently received and allocated by the Trustee on January 3, 2022.
- \$21,749 (net of 2022 forfeitures totaling \$12,388):
 - Additional employer non-elective Safe Harbor contributions for various employees for compensation earned during the year ended December 31, 2021 and subsequently received and allocated by the Trustee between January 10, 2022 and August 9, 2022.
- \$58,560 (net of 2022 forfeitures totaling \$23,975):
 - Additional employer non-elective Safe Harbor contributions for various employees for compensation earned during the years ended December 31, 2018 through 2020.
 - In 2022 Woods Bagot performed a thorough review of the Plan for the years ended December 31, 2018 through 2020 and discovered that 1) due to an error, several participants received an under-contribution of employer safe harbor non-elective contributions totaling \$82,535 and 2) several other participants inadvertently received employer safe harbor non-elective contributions based on compensation that was not eligible for contribution to the Plan totaling \$46,130. Of the \$46,130 overfunded balance, the Plan forfeited \$23,975 by August 2, 2022,

which were the only amounts still available on the participants' accounts. Remaining balances totaling \$22,155 had either been distributed to participants or rolled over to other retirement accounts during 2022 prior to Plan review. As a result, as of December 31, 2021, the Plan recorded a \$58,560 receivable (\$82,535 - \$23,975). This balance was collected and allocated to the Plan between January 10, 2022 and August 9, 2022.

As of December 31, 2020, employer non-elective Safe Harbor contributions for and participant deferrals from compensation earned during the pay period December 16 through December 31, 2020 and subsequently received and allocated by the Trustee on January 5, 2021, totaled \$22,351 and \$49,387, respectively.

Note 6 – Excess participant contributions payable

As of December 31, 2021, excess participant contributions payable totaled \$97,671 and reconciled as follows:

- \$26,529:
 - Ineligible deferrals made during the year ended December 31, 2021.
- \$71,142:
 - Ineligible deferrals made during the years ended December 31, 2018 to 2020.

During the 2022 review of the Plan, Woods Bagot discovered that several participants were impermissibly permitted to make elective deferrals on compensation that was not eligible for contribution to the Plan. As a result, as of December 31, 2021, the Plan recorded a payable to participants for ineligible participant contributions totaling \$97,671 (includes 2021 and prior years). The Plan refunded \$9,298 to participants that had account balances on July 29, 2022. The remaining balance totaling \$88,373 had already either been distributed to participants and/or rolled over to other retirement accounts prior to July 29, 2022. Woods Bagot has since sent these participants a letter explaining the error and the corrective measures that the participants need to take.

Note 7 – Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by Woods Bagot. Expenses that are paid by Woods Bagot are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participants' accounts and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Note 8 – Income Tax Status

Woods Bagot last amended and restated the Plan effective June 1, 2022, and patterned the amended and restated Plan after the "Prototype Non-standardized Profit Sharing Plan with CODA" of the Trustee. The Internal Revenue Service (IRS) issued the latest determination letter for the "Prototype Non-standardized Profit Sharing Plan with CODA" on July 8, 2014. The favorable determination letter stated that the "Prototype Non-standardized Profit Sharing Plan with CODA," as then designed, complied with the applicable requirements of the IRC. Although Woods Bagot has since amended the Plan, management and its tax counsel believe that the current design, qualification and operation of the Plan comply with the applicable requirements of the IRC and the related trust was tax-exempt as of December 31, 2021. Accordingly, Woods Bagot did not include a provision for income taxes.

In addition, management evaluates certain tax positions taken by the Plan and recognizes a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the DOL or IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits. As of December 31, 2021 and 2020, one investment fund represented approximately 11% and 10% of total investments, respectively.

Note 10 – Plan Termination

Although it has not expressed any intent to do so, Woods Bagot has the right under the Plan to discontinue its contributions at any time and to amend or terminate the Plan subject to the provisions of ERISA. Under no circumstances may any vested Plan assets revert to Woods Bagot by Plan amendment or termination.

Note 11 – Terminated Participants

As of December 31, 2021 and 2020, participants who were no longer employees of Woods Bagot had \$5,438,387 and \$4,338,955 remaining in their accounts, respectively.

As of December 31, 2021 and 2020, terminated account balances included ineligible employer non-elective safe harbor contributions totaling \$40,480 and \$25,099, respectively. Of the \$40,480 ineligible employer non-elective safe harbor contribution, the Plan forfeited \$12,749 by August 2, 2022, which were the only amounts still available on the participants' accounts. Remaining balances totaling \$27,731 had either been distributed to participants or rolled over to other retirement accounts as noted on Note 5. Woods Bagot has since sent these participants a letter asking for restitution. Any amounts subsequently collected will be recorded in the year in which they are collected.

As of December 31, 2021 and 2020, terminated account balances also include ineligible employee contributions totaling \$97,671 (see Note 6) and \$71,142, respectively.

Note 12 – Related-Party and Party-in-Interest Transactions

The Trustee and its affiliates own, control or sub-advise the mutual fund investments and common collective trust funds. Such investment transactions constitute party-in-interest transactions.

Effective January 1, 2014, the Trustee provides certain administrative services to the Plan pursuant to a Trust Agreement. The Trustee may receive revenue from mutual fund service providers for services it provides.

All of these party-in-interest transactions are exempt from the prohibited transactions rules of ERISA.

Net change in payables	97,671
Net change in notes receivable from participants deemed distributed	<u>50,970</u>
Net increase per the Form 5500	<u><u>\$ 1,947,787</u></u>

Note 14 – Subsequent events

The management of the Plan has evaluated subsequent events through September 30, 2022, the date these financial statements were available for issuance.

During 2022, Woods Bagot performed a thorough review of the Plan for the years ended December 31, 2018 through 2020 and discovered that both employee and employer contributions were contributed in error or not contributed at all to several participant accounts as explained on Notes 5 and 6 and 11. At the advice of their counsel, Woods Bagot sent a letter to all affected participants explaining the errors noted above and the actions that either or both Woods Bagot and the participant needs to take to correct the errors.
