INDEPENDENT AUDITOR'S REPORT

Board of Trustees
Pension Plan for the Local Union No. 131
International Brotherhood of Electrical Workers
6525 Centurion Drive
Lansing, MI 48917

Gentlemen:

Opinion

We have audited the accompanying financial statements of Pension Plan for the Local Union No. 131 International Brotherhood of Electrical Workers, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Pension Plan for the Local Union No. 131 International Brotherhood of Electrical Workers as of December 31, 2021 and 2020, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Pension Plan for the Local Union No. 131 International Brotherhood of Electrical Workers and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Pension Plan for the Local Union No. 131 International Brotherhood of Electrical Workers' ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Pension Plan for the Local Union No. 131 International Brotherhood of Electrical Workers' internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Pension Plan for the Local Union No. 131 International Brotherhood of Electrical Workers' ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Basis of Accounting

We draw attention to Note B of the financial statements which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

INTERNATIONAL BROTHERHOOD OF ELECTRICAL WORKERS**

NOTES TO FINANCIAL STATEMENTS

Note A: Description of the Plan

The following brief description of the Pension Plan for the Local Union No. 131 International Brotherhood of Electrical Workers, as in effect on December 31, 2021, is provided for general purposes only. For more complete information, refer to the Plan document.

1. General – The Plan was established as a result of collective bargaining, and is for members under the jurisdiction of the Pension Plan for the Local Union No. 131 International Brotherhood of Electrical Workers. The Pension Plan was converted from a defined benefit pension plan to a defined contribution plan effective January 1, 1989. Effective July 1, 2004, the Plan was amended to change from a money purchase pension plan to a profit-sharing plan. Effective October 1, 2004, the Plan was amended to allow employees to contribute a portion of their earnings to the Plan. Employees are able to contribute up to Internal Revenue Service limits. The Plan is a defined contribution pension plan covering all employees working under collective bargaining agreements which require contributions to the Fund. It is a multi-employer fund subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.
2. Retirement Benefits – Information about the Plan, the vesting and benefit provisions, is contained in the Summary Plan Description. Copies are available at the Local Union or the Fund Office.
3. Participant Accounts – For the years of 2021 and 2020, each participant's account was valued daily based on investment income for the investments selected by the participant.
4. Vesting – Each participant is considered fully vested in all amounts credited to them under the Plan.

Note B: Summary of Significant Accounting Policies

1. General – The accounting records of the Plan are maintained on the modified cash basis of accounting. This basis differs from generally accepted accounting principles primarily because revenue is recognized only when received and expenses are recognized only when disbursed. Investments are recorded at fair market value.
2. Estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits at the date of the financial statements. Actual results could differ from those estimates.

**PENSION PLAN FOR THE LOCAL UNION NO. 131
INTERNATIONAL BROTHERHOOD OF ELECTRICAL WORKERS**

**NOTES TO FINANCIAL STATEMENTS
(Continued)**

Note B: **Summary of Significant Accounting Policies** (Continued)

3. Valuation of Investments – Quoted market prices, where available, are used to value investments at fair value. The change in the difference between cost and fair value from the beginning of the year to the end of the year, as well as, the realized gains and losses during the year, is reflected as net appreciation (depreciation) in fair value of investments. Investments with no quoted market price represents estimated fair value. The insurance company separate account is valued at estimated fair value as determined by its trustee. The Plan owns units of participation in the insurance separate account, which invests in various commercial real estate and mortgage investments. The equity investments are valued based on their appraised value less any capital reserves established from time to time to cover costs of capital improvements, contingencies, tenant improvements, and other ongoing capital requirements. The mortgage investments are valued based upon the present value of projected cash flows discounted to a present value using a market-based discount rate that is individually developed for each loan.
4. Payment of Benefits – Benefits are recorded when paid.

Note C: **Funding Policy**

Contributions are obtained directly from participating employers. These contributions are based on hours worked by Plan participants at rates specified in the collective bargaining agreements. As noted above, the Plan changed to a profit-sharing pension plan and, therefore, is no longer subject to minimum funding requirements.

Note D: **Fair Value Measurements**

FASB Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access. |
|---------|---|

**PENSION PLAN FOR THE LOCAL UNION NO. 131
INTERNATIONAL BROTHERHOOD OF ELECTRICAL WORKERS**

**NOTES TO FINANCIAL STATEMENTS
(Continued)**

Note D: Fair Value Measurements (Continued)

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement. These level 3 fair value measurements are based primarily on management's own estimates, using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the assets. Significant level 3 inputs include information provided by fund managers, third-party appraisals, year-end audited financial statements, projected discounted cash flows, and net asset value with adjustments related to certain restrictions. Management assesses the valuation of these investments through the engagement of a third-party investment advisor and periodic meetings to review these investments.

In instances where by inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Fund's assessment of the significance of particular inputs to these fair value measurements requires judgement and considers factor specific to each asset.

The following valuation methodologies have been used to value the Fund's investments:

Cash equivalents – This investment is valued as closing quoted prices reported in active markets.

Insurance company separate accounts – Insurance company separate accounts are stated at contract values, which approximates fair value as reported to the Plan by the insurance company.

Limited partnerships – Limited partnerships are valued based on the Plan's percentage ownership of the net assets of each entity or its net asset value per share (or its equivalents) based on audited investee financial statements, with adjustments to account for partnership activity and other applicable valuation adjustments, where applicable.

**PENSION PLAN FOR THE LOCAL UNION NO. 131
INTERNATIONAL BROTHERHOOD OF ELECTRICAL WORKERS**

**NOTES TO FINANCIAL STATEMENTS
(Continued)**

Note D: Fair Value Measurements (Continued)

Mutual funds – Mutual funds are valued at closing quoted prices reported in active markets.

Common collective trust funds – Common collective trust funds are valued at net assets value per shares (or its equivalent) of the funds which is based on the fair value of the Fund's underlying net assets.

Common stock – Common stocks, which are primarily comprised of U.S. common stocks, are valued at closing quoted prices reported in active markets.

Exchange traded notes – Exchange traded notes are types of unsecured debt securities that track an underlying index of securities and traded on active markets.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Fund believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to estimate fair value could result in a different fair value measurement at the reporting date.

The following table sets forth by level, the fair value as of December 31, 2021.

**NOTES TO FINANCIAL STATEMENTS

Note G: Tax Status

The trust established under the Plan to hold the Plan's assets is qualified and exempt from income taxes pursuant to Sections 401(a) and 501(a), respectively of the Internal Revenue Code. The Plan has obtained a favorable tax determination letter from the Internal Revenue Service and the Plan sponsor believes the Plan, as amended, continues to qualify and to operate as designed.

Note H: Tax Uncertainties and Open Tax Years

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. Management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Management believes it is no longer subject to income tax examination for years prior to December 31, 2018.

Note I: Plan Termination

In the event the Plan terminates, the net assets of the Plan will be allocated as prescribed by ERISA and its related regulations. However, a participant's accrued benefits shall not be reduced by any Plan amendment. In the event of termination, all affected participant accounts will remain fully vested and non-forfeitable.

Note J: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

In addition to investments and cash equivalents, financial instruments which potentially subject the Plan to concentrations of credit risk consist principally of cash. The Plan places its cash with tier I financial institutions. At times, the amount of cash on deposit in banks may be in excess of the respective financial institution's FDIC insurance limit.

Note K: Reportable Transactions

The United States Department of Labor requires all transactions in excess of 5% of the current value of the Plan's net assets for non-participant-directed investments to be disclosed separately in the financial statements as a reportable transaction.

**NOTES TO FINANCIAL STATEMENTS
(Continued)**

Note L: Party-in-Interest Transactions

Plan investments are held at John Hancock Trust Company, LLC (the custodian). John Hancock Trust Company, LLC is Trustee for the insurance company separate account. The transactions of both the custodian and Trustee qualify as party-in-interest transactions.

Fees paid during the year for legal, auditing, investment manager, investment advisor, and other professional services rendered by parties-in-interest were based on customary and reasonable rates for such services.

Note M: Delinquent Participant Contributions

During the Plan year ended December 31, 2021 and 2020, employee withholdings in the amounts of \$1,910 and \$13,310, respectively, were not remitted to the Trust within the appropriate time period. These transactions constitute prohibited transactions as defined by ERISA. Lost earnings of \$2 and \$12, respectively, have been calculated by the Plan and has been allocated to participants.

Note N: Subsequent Events

The date to which events occurring after December 31, 2020, the date of the most recent Statement of Net Assets Available for Benefits, have been evaluated for possible adjustments to the financial statements or disclosure is August 12, 2022, which is the date in which the financial statements were available to be issued.

**INDEPENDENT AUDITOR'S
REPORT ON SUPPLEMENTAL INFORMATION**

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of assets held for investment and reportable transactions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
