Independent Auditor's Report

Plan Administrator
Jeffrey Chain, L.P. 401(k) Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Jeffrey Chain, L.P. 401(k) Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Plan Administrator
Jeffrey Chain, L.P. 401(k) Retirement Savings Plan

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an independent auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Plan Administrator
Jeffrey Chain, L.P. 401(k) Retirement Savings Plan

Auditor's Responsibilities for the Audit of the 2021 Financial Statements (continued)

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

Plan Administrator
Jeffrey Chain, L.P. 401(k) Retirement Savings Plan

Other Matters (continued)

2021 Supplemental Schedule Required by ERISA (continued)

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 28, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Notes to Financial Statements

December 31, 2021

1. Plan Description

The following description of Jeffrey Chain, L.P. 401(k) Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by Jeffrey Chain, L.P. (the Plan Sponsor). The Plan is subject to the provisions of Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility Requirements

All employees of the Plan Sponsor who have attained age 18 and completed one month of service are eligible to become participants in the Plan, effective on the first day of the month on or after the eligibility requirements are met.

Plan Sponsor Contributions

At its discretion each Plan year, the Plan Sponsor may make discretionary matching contributions equal to a percentage of the participant's deferral contributions. The Plan Sponsor contributed a discretionary matching contribution equal to 50% of the first 6% of compensation participants contributed to the Plan during 2021 and 2020.

Participant Contributions

Upon meeting eligibility requirements, participants are automatically enrolled in the Plan to contribute 6% of compensation. The deferral rate increases by 1% each August until the participant's deferral rate reaches 10%.

Participants may change their contribution rates and may elect to contribute a percentage of their annual compensation, excluding overtime, bonuses, reimbursements, and allowances. These deferrals are subject to the annual limitations defined in the Internal Revenue Code (IRC). Participants must contribute to the Plan in order to share in the Plan Sponsor's discretionary matching contributions.

Participant Accounts

Individual accounts are maintained for each participant to reflect the participant's contributions, Plan Sponsor contributions, investment earnings and losses, and administrative expenses. Investment earnings and losses are allocated daily based on each participant's relative account balance within the respective fund. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Jeffrey Chain, L.P. 401(k) Retirement Savings Plan

Notes to Financial Statements (continued)

1. Plan Description (continued)

Excess Contributions Payable

Amounts payable to participants totaling \$6,875 as of December 31, 2020 for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to cash contributions. The Plan distributed the 2020 excess contributions to the applicable participants prior to March 15, 2021.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. In accordance with the Plan, loans will bear a reasonable rate of interest, be adequately secured, and generally not exceed a period of five years except for the purchase of a primary residence, which may be repaid over a period of time up to 10 years. Principal and interest is paid ratably through payroll deductions.

Upon default of participant notes receivable, the entire outstanding principal and interest shall be immediately due and payable. If a distributable event, as defined by the IRC, has occurred, the note receivable will be foreclosed on and be offset against the participant's account balance. If a participant's note receivable is in default, the participant shall be treated as having a taxable deemed distribution whether or not a distribution event has occurred.

Forfeitures

Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. Forfeitures of terminated participant's non-vested accounts may be used to reduce future Plan Sponsor contributions to the Plan or Plan expenses. If a terminated participant is rehired by the Plan Sponsor, the participant may be entitled to a restoration of certain amounts forfeited, based on provisions in the Plan agreement. Forfeitures used to reduce employer contributions totaled \$3,522 in 2021 and \$2,429 in 2020.

Termination of the Plan

Although it has not expressed any intent to do so, the Plan Sponsor has the right to terminate the Plan at any time, subject to the provisions of ERISA. In the event of Plan termination, the participants will become 100% vested in their accounts.

Administrative Fees

Certain Plan administrative fees are paid by the Plan Sponsor and are excluded from these financial statements. Certain investment related expenses are included in net realized and unrealized appreciation (depreciation) in the fair value of investments. These transactions qualify as parties-in-interest transactions.

Jeffrey Chain, L.P. 401(k) Retirement Savings Plan

Notes to Financial Statements (continued)

1. Plan Description (continued)

Vesting

Participants are immediately vested in all contributions, including Plan Sponsor discretionary contributions, and earnings allocated thereon.

2. Significant Accounting Policies

Accrual Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting.

Investments

Principal Trust Company (the Trustee) holds the Plan assets under a group annuity contract in either its stable value fund account or various pooled separate accounts. The Plan's investments in pooled separate accounts and stable value fund are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (*Note 5*). The Plan Sponsor's management determines the Plan's valuation policies utilizing information provided by the Trustee.

In accordance with the policy of stating investments at fair value, net appreciation or depreciation in the fair value of investments is reflected in the Statements of Changes in Net Assets Available for Benefits. This includes all investments bought or sold as well as held during the year. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Generally, the Plan's investments in pooled separate accounts and the stable value fund are collateralized by the proportionate share of the respective fund's underlying net assets. The maximum loss, if any, incurred by the Plan if the counterparties to the Plan's investments failed to perform and any collateral was insufficient, would be the recorded amount of such investment.

Notes Receivable from Participants

Participant loans are classified as notes receivable from participants and measured at their unpaid principal balance plus any accrued but unpaid interest, which approximate fair value. Interest income on participant notes receivable is recognized in the year earned.

Payment of Benefits

Benefits are recorded when paid.

Jeffrey Chain, L.P. 401(k) Retirement Savings Plan

Notes to Financial Statements (continued)

2. Significant Accounting Policies (continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts in the Plan's financial statements. Accordingly, actual results may differ from those estimates.

Subsequent Events

Plan management has evaluated subsequent events through October 3, 2022, the date the financial statements were available to be issued. Subsequent to December 31, 2021, the stock market has experienced volatility and a decline in value resulting in depreciation in the fair value of investments totaling approximately \$2,300,000 through October 3, 2022.

3. Income Tax Status

The Plan Sponsor adopted a prototype plan sponsored by Principal Life Insurance Company, which received a favorable opinion letter from the Internal Revenue Service dated June 30, 2020, which stated the prototype plan was designed in accordance with applicable sections of the IRC and was, therefore, not subject to tax under present income tax law. The plan has been amended since the latest opinion letter date; however, the Plan administrator believes the Plan is being operated in accordance with applicable requirements of the IRC and, accordingly, remains exempt from income taxes.

4. Certified Information (Unaudited)

The following information included in the accompanying financial statements and supplemental schedule, which were not audited by independent auditors, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Principal.

Plan's investments held by Principal total \$11,032,537 and \$9,783,333 as of December 31, 2021 and 2020, respectively. These investments (including investments bought, sold, as well as held during the year) appreciated in value by \$1,142,101 during 2021 and \$967,951 during 2020. Investment income from the Plan's investment in the Principal Stable Value Signature Fund totaled \$12,489 in 2021 and \$18,760 in 2020.

As of December 31, 2021 and 2020, notes receivable from participants total \$453,031 and \$471,785, respectively. Interest income from participant notes receivable totaled \$17,226 in 2021 and \$19,950 in 2020.

The Plan has one investment, the Principal Lifetime 2030 Separate Account, representing greater than 20% of net assets available for benefits as of December 31, 2021 and 2020.

Jeffrey Chain, L.P. 401(k) Retirement Savings Plan

Notes to Financial Statements (continued)

5. Fair Value Measurements

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under FASB ASC 820 are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan can access.
- Level 2 Inputs to the methodology include:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The fair value measurement level of the asset or liability within the fair value hierarchy for assets and liabilities is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Pooled separate accounts: Valued daily using the net asset value (NAV) as a practical expedient to estimate fair value. The NAV is generally based on units of the underlying investments held by the pooled separate account less its liabilities, as provided by the Trustee.

Stable value fund: Valued daily using the NAV of units of the stable value fund. The NAV, as provided by the fund's trustee, Principal Global Investors Trust Company, is used as a practical expedient to estimate fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. Fair Value Measurements (continued)

The fair value amounts presented in the following table are intended to permit reconciliation of the fair value of the Plan's investments to the amounts presented in the statements of net assets available for benefits as of December 31:

	Level 1	Level 2	Level 3	Total
2021:				
Pooled separate accounts*	\$ —	\$ —	\$ —	\$ 9,684,585
Stable value fund*	—	—	—	1,347,952
Total investments at fair value	\$ —	\$ —	\$ —	\$11,032,537
2020:				
Pooled separate accounts*	\$ —	\$ —	\$ —	\$ 8,416,843
Stable value fund*	—	—	—	1,366,490
Total investments at fair value	\$ —	\$ —	\$ —	\$ 9,783,333

* In accordance with Subtopic 820-10, the Plan's interest in the pooled separate accounts and the stable value fund is measured at fair value using the NAV per share (or its equivalent) practical expedient and has not been classified in the fair value hierarchy.

Fair Value of Investments that use NAV per share practical expedient

The following table summarizes investments measuring at fair value based on NAV per share as of December 31, 2021:

Investment Type	2021 Fair Value	2020 Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice For Period
Pooled Separate Accounts	\$9,684,585	\$8,416,843	None	Daily	Daily
Stable Value Fund	1,347,952	1,366,490	None	Daily	Daily

6. Other Related Party Transactions and Party-in-Interest Transactions

Plan investments are held and managed by the Principal; therefore, these transactions qualify as party-in-interest transactions. Also, certain fees paid by the Plan qualify as party-in-interest transactions. Notes receivable from participants and participant contributions qualify as party-in-interest transactions. Plan Sponsor contributions are considered to be both party-in-interest and related party transactions.

7. Risks and Uncertainties

The Plan invests in various investment securities, which are exposed to various risks such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and amounts reported in the statements of net assets available for benefits.
