## Independent Auditor's Report

To the Benefits Committee  
First Berne Employee Stock Ownership and 401(k) Plan

### **Opinion**

We have audited the financial statements of First Berne Employee Stock Ownership and 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statement of net assets available for benefits as of December 31, 2021 and 2020 and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2021 and 2020 and the changes in net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audits of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### **Emphasis of Matter**

As explained in Note 4, the financial statements include investments valued at \$16,540,240 (63 percent of net assets) at December 31, 2021 and \$14,882,400 (66 percent of net assets) at December 31, 2020, whose fair values have been estimated by management in the absence of readily determinable market values. Management's estimates are based on information provided by an independent third-party specialist. Our opinion is not modified with respect to this matter.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or that may become due to such participants.

To the Benefits Committee  
First Berne Employee Stock Ownership and 401(k) Plan

### ***Auditor's Responsibilities for the Audits of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that audits conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

### ***Supplemental Schedules Required by ERISA***

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. #### Note 1 - Plan Description

The following description of First Berne Employee Stock Ownership and 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

##### **General**

First Berne Financial Corporation (the "Company") originally established the Plan effective as of January 1, 1993 in the form of a cash or deferred arrangement described in Internal Revenue Code Section 401(k). As of October 1, 2006, the Plan was amended and operates as both a defined contribution plan and, in relevant part, as a leveraged employee stock ownership plan (ESOP) and is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986, as amended (the "Code") and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan is administered by a benefits committee (the "Committee") composed of three or more persons appointed by the Company's board of directors. GreatBanc Trust Company is the trustee of the Plan (the "ESOP Trustee"). Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company (Principal Trust) and Principal Global Investors Trust Company (Principal Global) serve as the Plan's custodians (collectively, the "Custodians").

Employees of the Company are generally eligible to participate in the ESOP component of the Plan provided they have reached age 19 and are employed by the Company on the last day of the plan year.

Employees who are 19 years or older are immediately eligible to participate in the 401(k) component of the Plan for the purpose of making compensation deferrals and catch-up contributions and being eligible to receive matching contributions. Participants who are not employed on the last working day of a plan year are generally not eligible for an allocation of company contributions for the year.

At inception of the ESOP, the Plan borrowed from the Company and used the proceeds to purchase company common stock, which is held in a trust established under the Plan. The Plan repaid the 10-year note in 2016, and these shares are fully allocated. In 2017, the Plan purchased additional company common stock using the proceeds of a note totaling \$3,664,000. The note was guaranteed by the Company, and the shares were held in a trust established under the Plan. As the Plan repays the note, a percentage of stock is allocated to eligible employees' accounts in accordance with applicable regulations under the Code. The note is to be repaid over a period of 20 years, maturing in 2036.

##### **Contributions**

The Plan provides for employee salary 401(k) contributions up to a maximum of 75 percent of annual compensation subject to maximum tax-deferred limitations established by the Internal Revenue Code. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

The Company contributes discretionary matching and discretionary nonmatching contributions in the form of cash or stock, as determined by the Company's board of directors. The employer contributions for 2021 consisted of \$270,005 in cash. The 2020 employer contributions consisted of a combination of both company stock of \$842,400 (120 shares) and cash contributions of \$246,488. The Company's contributions are allocated to the ESOP component of the Plan. Participants who are not employed on the last working date of a plan year are generally not eligible for an allocation of company discretionary contributions for such year.

The Company is obligated to make ESOP contributions in cash to the Plan, which, when aggregated with the Plan's interest earnings, equal the amount necessary to enable the Plan to make its regularly scheduled payments of principal and interest on its ESOP loan.

December 31, 2021 and 2020

#### Note 1 - Plan Description (Continued)

##### ***Vesting***

Participants are immediately 100 percent vested in employee salary and rollover contributions and any income or loss thereon. Vesting in the Company's contribution portion of their accounts, plus actual earnings thereon, is based on years of service. Participants vest in contributions made by the Company 20 percent after two years of service and another 20 percent per year thereafter until they become fully vested after six years of service. Participants terminating due to normal retirement, death, or disability will be 100 percent vested.

##### ***Benefit Payments***

Distributions are payable upon retirement, death, disability, or termination of employment in the form of a lump-sum amount equal to the vested balance of a participant's account. In accordance with plan provisions, pretax savings may also be withdrawn for reasons of financial hardship, as defined under federal law.

##### ***Forfeitures***

If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures are used to pay plan expenses for the plan year or are allocated to participants eligible to receive employer contributions.

##### ***Party-in-interest Transactions***

The Plan invests in stock of the Company. Certain plan assets are in investment funds managed by the Custodians or their affiliates. Therefore, the transactions in stock of the Company or in investment funds managed by the Custodians qualify as party-in-interest transactions, as defined under ERISA guidelines.

##### ***Termination***

While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan document and ERISA. Upon termination of the Plan, participants become 100 percent vested in their account balances. Additionally, shares of financed common stock held in the loan suspense account are to be sold to the extent it is determined such sale is necessary in order to repay the loan.

##### ***Administration of Plan Assets***

The Plan's ESOP assets, which consist principally of First Berne Financial Corporation common shares, are held by the ESOP Trustee (GreatBanc Trust Company) of the Plan. The Plan's 401(k) assets are held by the Custodians (Principal Trust Company and Principal Global Investors Trust Company) of the Plan.

Company contributions are held and managed by the ESOP Trustee and the Custodians, which invest cash received, interest, and dividend income and make distributions to participants. The ESOP Trustee also administers the payment of interest and principal on the loan, which is reimbursed to the ESOP Trustee through contributions, as determined by the Company.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Other administrative expenses are paid directly by the Company.

#### Note 1 - Plan Description (Continued)

##### ***Participant Accounts***

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited with the participant's contributions, the Company's contributions, and plan earnings and is charged with an allocation of administrative expenses. Each participant's account is credited as of the last day of each plan year with an allocation of shares of the Company's common stock released by the ESOP Trustee from the unallocated account and forfeitures of terminated participants' nonvested accounts. Only those participants who are eligible employees of the Company as of the last day of the plan year will receive an allocation. Allocations are based on a participant's eligible compensation relative to total eligible compensation.

Investment account options available include various funds within the 401(k) component of the Plan. Each participant has the option of directing his or her contributions into any of the separate investment accounts and may change the allocation daily.

The plan document also includes an automatic deferral feature where a participant is treated as electing to defer a certain percentage of eligible compensation unless the participant made an affirmative election otherwise.

##### ***Voting Rights***

Each participant is entitled to exercise voting rights attributable to the ESOP shares allocated to his or her account and is notified by the ESOP Trustee prior to the time that such rights are to be exercised, limited to the approval or disapproval of any company merger or consolidation; recapitalization; reclassification; liquidation; dissolution; or sale of assets, trade, or business. The ESOP Trustee is not permitted to vote any share for which a participant has not given instructions. The ESOP Trustee is required, however, to vote any unallocated shares on behalf of the collective best interest of plan participants and beneficiaries.

##### ***Diversification***

Participants who have attained the age of 55 and have completed at least 10 years of participation in the Plan are eligible to receive up to 25 percent of the value of the participants' accounts, less any prior diversification distributions for a five-year period. At the sixth year of diversification distributions, a participant is eligible to receive up to 50 percent of the value of the participant's account, less any prior diversification distributions.

##### ***Put Option***

Under federal income tax regulations, the company stock that is held by the Plan and its participants and is not readily tradable on an established market or is subject to trading limitations includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the fair market value of the stock. The Company can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure the participant has the ability to ultimately obtain cash.

##### ***Unallocated and Allocated Shares***

The borrowing is collateralized by the unallocated shares of stock and is guaranteed by the Company. The lender has no rights against shares once they are allocated under the ESOP. Accordingly, the financial statements of the Plan as of December 31, 2021 and 2020 and for the years then ended present separately the assets and liabilities and changes therein pertaining to the following:

- a. The accounts of employees with vested rights in allocated stock (allocated)
- b. Stock not yet allocated to employees (unallocated)

December 31, 2021 and 2020

#### **Note 2 - Summary of Significant Accounting Policies**

##### ***Investment Valuation***

The Plan's investments are stated at fair value.

The common/collective trust fund is valued at net asset value per share (NAV) or its equivalent of the fund, which is based on the fair value of the fund's underlying assets. There are no redemption restrictions or unfunded commitments on these investments. The company common stock is based on the fair value determined through third-party appraisal. The money market fund is valued at fair value based on its outstanding balance. All other investments are valued based on quoted market prices. See Note 4 for additional information.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

##### ***Benefit Payments***

Benefits are recorded when paid.

##### ***Administrative Expenses***

Various administrative costs are paid by the Company.

##### ***Risks and Uncertainties***

The Plan invests in various investment securities, such as the company stock. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and with the investment in the company stock, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

##### ***Use of Estimates***

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. The most significant assumptions and estimates relate to the valuation of company common stock. Application of these assumptions requires the exercise of judgment as to future uncertainties, and, as a result, actual results could differ from those estimates.

##### ***Subsequent Events***

The financial statements and related disclosures include evaluation of events up through and including September 23, 2022, which is the date the financial statements were issued.

#### **Note 3 - Tax Status**

The Plan has received a determination letter from the Internal Revenue Service indicating that the Plan, as designed, is qualified for tax-exempt treatment under the applicable section of the Internal Revenue Code. Accordingly, no provision for income taxes has been made in the accompanying financial statements.

### Notes to Financial Statements

December 31, 2021 and 2020

#### Note 4 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

##### Level 1

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

##### Level 2

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

##### Level 3

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset. Significant Level 3 inputs for 2021 and 2020 include the company common stock, as it is based on the fair value determined through third-party appraisal, which utilized a combination of both market and income approaches, including the dividend discount method, discounted cash flow method, and guideline company method. The unobservable inputs for the dividend discount method and discounted cash flow method are earnings and capital growth, interest rate spreads, credit quality, and the discount for lack of marketability. The unobservable input for the guideline company method was earnings growth.

In instances where inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2021 and 2020:
