INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of the
Arlington Toyota 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of Arlington Toyota 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of Arlington Toyota 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note D to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section—

- the amounts and disclosures in the accompanying 2021 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Arlington Toyota 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Arlington Toyota 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statement section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Arlington Toyota 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Arlington Toyota 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Basis of Accounting

We draw attention to Note B of the financial statements, which describes the basis of accounting. The financial statements (and supplemental schedules) were prepared on a modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) (modified cash basis) is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Arlington Toyota 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 8, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA

ARLINGTON TOYOTA 401(K) PLAN NOTES TO FINANCIAL STATEMENTS

NOTE A - DESCRIPTION OF PLAN

The following description of the Arlington Toyota 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General. The Plan is a defined contribution plan adopted by Arlington Toyota, Inc. ("Company"), with an effective date of May 1, 1998. The Plan covers all employees of the Company who have one year of service and are age 21 or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions. Each year, participants may contribute Section 401(k) elective deferrals of up to 100% of pretax annual compensation, as defined in the Plan. The Company can make a discretionary match, up to a percentage determined by the Company, and equal to a percentage of the participants' 401(k) elective deferral contributions. The Company may also make an additional match, a qualified nonelective contribution and a discretionary contribution. Contributions are subject to certain statutory limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts, known as "rollover" contributions, representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers 27 pooled separate accounts as investment options for participants.

Participant Accounts. Each participant's account is credited with the participant's contribution, the Company's matching contribution, and the investment earnings minus a custodial fee. Investment earnings are determined separately for each account based on that account's investments. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting. Participants are immediately vested in their section 401(k) deferrals and the qualified nonelective contributions, "rollover" contributions, and the earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service, as follows: 20% after two years, 40% after three years, 60% after four years, 80% after five years, and 100% after six years of service.

Payment of Benefits. On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the participant's vested interest in his or her account, or annual installments over a ten-year period. For termination of service due to other reasons, and if the participant's vested account is \$5,000 or less, benefits are paid as a lump-sum amount equal to the value of the participant's vested interest at the time. If the participant's vested account is more than \$5,000, they may continue to participate in the plan investments.

Forfeited Accounts. At December 31, 2021 and 2020, forfeited nonvested accounts totaled \$27,418 and \$26,656, respectively. These accounts will be used to reduce plan expenses and to offset future employer contributions. In 2021 and 2020, employer contributions were reduced by \$14,146 and \$20,593 from forfeited nonvested amounts, respectively.

Participant Loans. Participant loans are not permitted by the Plan.

ARLINGTON TOYOTA 401(K) PLAN NOTES TO FINANCIAL STATEMENTS

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the plan are prepared on the modified cash basis of accounting.

Investment contracts held by defined contribution plans are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

The accompanying financial statements of the Plan are prepared under the modified cash basis of accounting. The modified cash basis of accounting financial statements are prepared on a comprehensive basis of accounting other than GAAP (special purpose frameworks) which is acceptable by the DOL. Under that basis, certain related assets are recognized when received rather than earned, and certain plan expenses are recognized when paid rather than when the obligation is incurred. That basis differs from generally accepted accounting principles primarily because the Plan has not recognized accounts payable to vendors and their related effects on additions and deductions in the financial statements. The Plan has recognized the employer and employee receivables when earned. The modified cash basis financial statements are financial statements on the cash basis with security investments adjusted to fair value.

Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrator determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians, and insurance company. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

ARLINGTON TOYOTA 401(K) PLAN NOTES TO FINANCIAL STATEMENTS

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued

Administrative Expenses

Unless paid by the Plan's Sponsor, most Plan administrative expenses are paid from the Plan assets and deducted from the participant accounts in accordance with the Plan document.

NOTE C - FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

FASB ASC 820 (*Fair Value Measurements*) establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. The Plan had no Level 1 inputs. Level 2 inputs were used only when Level 1 inputs were not available, and Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end. The fair values of common stocks, corporate bonds, and U.S. Government securities are based on the closing price reported on the active market where the individual securities are traded.

Level 2 Fair Value Measurements

Pooled separate accounts ("PSA") invest in a single mutual fund. The fair value of the mutual fund is a publicly quoted pricing input (Level 1) and is used in determining the net asset value ("NAV") of the PSA, which is not publicly quoted. ASC 820 allows NAV per share to serve as a practical expedient to estimate the fair value of a PSA as long as certain requirements are met. Additionally, ASC 820 states that NAV is allowed to be used as an estimate of fair value, if the reporting entity has the ability to redeem its investment at NAV as of the measurement date, that investment shall be categorized as a Level 2 fair value measurement. If the investment cannot be redeemed at the measurement date but may be redeemable in the future, but at an uncertain date, the investment shall be categorized as a Level 3 fair value measurement. The Plan's PSA's can be redeemed at NAV as of the measurement date.

ARLINGTON TOYOTA 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE C - FAIR VALUE MEASUREMENTS - continued

Level 3 Fair Value Measurements

The guaranteed investment contract with an insurance company is not actively traded and significant other observable inputs are not available. Thus, the fair value of the guaranteed investment contract is determined by discounting the related cash flows based on current yields of similar instruments with comparable durations.

For those assets with a fair value measured using Level 3 inputs, the Plan administrator determines the fair value measurement policies and procedures in consultation with the Company's Controller and the Plan trustee. Those policies and procedures are reassessed at least annually to determine if the current valuation techniques are still appropriate. At that time, the unobservable inputs used in the fair value measurements are evaluated and adjusted, as necessary, based on current market conditions and other third-party information

The following tables set forth, by level within the fair value hierarchy, the Plan's investment at fair value as of December 31, 2021 and 2020:

		Fair Value Measurement Using:	
		Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
December 31, 2021	Fair Value		
Pooled Separate Accounts	\$ 8,682,475	\$ 8,682,475	\$ -
Total Assets at Fair Value	<u>\$ 8,682,475</u>	<u>\$ 8,682,475</u>	<u>\$ -</u>

Pooled Separate Accounts	\$ 7,941,133	\$ 7,941,133	\$ -
Total Assets at Fair Value	<u>\$ 7,941,133</u>	<u>\$ 7,941,133</u>	<u>\$ -</u>

ARLINGTON TOYOTA 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE C - FAIR VALUE MEASUREMENTS - continued

The following table reconciles the beginning and ending balances of fair value measurements using significant unobservable inputs (Level 3) of the guaranteed investment contract with insurance company for the year ended December 31, 2020:

<u>December 31, 2020</u>	<u>Investment Contracts</u>
Beginning balance	\$ 46,849
Total gains or losses included in changes in net assets available for benefits	525
Purchases, sales, issuances, and settlements:	
Purchases	-0-
Interest credited	454
Issuances and settlements	(189)
Investment transfer	<u>(47,639)</u>
Ending balance	<u>\$ -0-</u>
The amount of total gains or losses for the year included in net assets	\$ 525
Available for benefits attributable to the changes in unrealized gains or losses relating to assets held at the end of the reporting period.	

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2021 are reported in net appreciation (depreciation) in fair value of investments.

The Plan's policy is to recognize transfers between Levels 1 and 2, and into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended December 31, 2021, there were no significant transfers between Levels 1 and 2. The guaranteed investment contract with the insurance company that held the Level 3 investment expired December 31, 2020. The balance of the Level 3 investment was transferred to a significant other observable input (level 2). The balance in the amount of \$47,639 was in transit as of December 31, 2020 and received during the 2021 plan year.

NOTE D - INVESTMENTS (UNAUDITED)

The Plan's investments were held and administered by the following service providers; Principal Life Insurance Company and Principal Trust Company (2020 only) and OneAmerica. All investment information presented in the accompanying financial statements and supplemental schedules, including investments held and net appreciation/depreciation in fair value of investments and interest and dividends, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by the custodians listed above.

ARLINGTON TOYOTA 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE D - INVESTMENTS (UNAUDITED) - continued

During 2021 and 2020, the Plan's investments (including investments bought, sold, and held during the year) appreciated (depreciated) as follows:

	2021	2020
Pooled Separate Accounts	<u>\$ 1,120,284</u>	<u>\$ 934,403</u>
Net appreciation (depreciation) on investments	<u>\$ 1,120,284</u>	<u>\$ 934,403</u>

NOTE E - NONPARTICIPANT-DIRECTED INVESTMENTS

The Plan did not have any nonparticipant-directed investments at December 31, 2021 and 2020.

NOTE F - INVESTMENT CONTRACTS WITH INSURANCE ENTITY - NOT FULLY BENEFIT RESPONSIVE

The Plan maintained an investment contract with Principal Life Insurance Company (Principal) that is not fully benefit responsive. Principal maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract is not fully benefit-responsive therefore investments are required to be reported at fair value; however, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the investment contract. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value less a transaction fee.

The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The contract expired on December 31, 2020, and all funds were transferred to pooled separate accounts with OneAmerica.

NOTE G - INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the custodian of the Plan.

	2021	2020
Investments, at fair value:		
Pooled Separate Accounts	\$ 8,682,475	\$ 7,941,133
Investment Income (Loss)	\$ 1,120,284	\$ 934,857

ARLINGTON TOYOTA 401(K) PLAN NOTES TO FINANCIAL STATEMENTS

NOTE H - RELATED PARTY TRANSACTIONS

The Plan's investments are managed by OneAmerica. OneAmerica is the contract administrator and record keeper for the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for administrative services amounted to \$46,945 and \$52,045 for the years ended December 31, 2021 and 2020, respectively. All other expenses of maintaining the Plan are paid by the Plan Sponsor.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE I - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in all amounts credited to their accounts.

NOTE J - TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2019.

NOTE K - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE L – INVESTMENT TRANSFER

The Plan had an investment transfer of \$-0- and \$47,639 at December 31, 2021 and 2020, respectively. The transfer from Principal was received by OneAmerica on January 5, 2021. This transfer is represented as a receivable on the Statements of Net Assets.

NOTE M - DATE OF MANAGEMENT'S REVIEW

Subsequent events have been evaluated through September 26, 2022, which is the date the financial statements were available to be issued.

NOTE N – COVID-19

In March 2020, the World Health Organization categorized Coronavirus Disease 2019 ("COVID-19") as a pandemic, and the President of the United States declared the COVID-19 outbreak as a national emergency. The COVID-19 pandemic has led to volatility in the financial markets and has affected, and may continue to affect, the market price of Plan assets. The potential economic impact brought by, and the duration of, COVID-19 is difficult to assess or predict and will depend on future developments that are highly uncertain and cannot be predicted. The Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act) allow certain eligible individuals to receive coronavirus-related relief, to suspend required minimum distributions, and to delay the commencement date for required minimum distributions.
