Report of Independent Auditors

The Participants and Plan Administrator of
Amtrak's Retirement Savings Plan for Agreement Employees

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Amtrak's Retirement Savings Plan for Agreement Employees (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes (collectively referred to as the "financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2021, and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

A member firm of Ernst & Young Global Limited

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists.

A member firm of Ernst & Young Global Limited

Building a better working world

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021 (referred to as the "supplemental schedule"), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the financial statements of the Plan as of and for the year ended December 31, 2020. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the investment information certified by a qualified institution. In our report dated August 27, 2021, we indicated

A member firm of Ernst & Young Global Limited

that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on those financial statements, and (b) the form and content of the information included in those financial statements other than that derived from the certified investment information, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Amtrak's
Retirement Savings Plan for Agreement Employees

Notes to Financial Statements

December 31, 2021 and 2020

1. Description of Plan

Amtrak's Retirement Savings Plan for Agreement Employees (the Plan) is a qualified defined contribution employee savings plan established by the National Railroad Passenger Corporation (Amtrak, the Company and/or Plan administrator) to provide retirement benefits to eligible employees. The effective date of the Plan was July 1, 1994. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The following brief description of the Plan is provided for informational purposes only. Participants should refer to the Plan document for more comprehensive information.

Eligibility

All employees who are covered by a collective bargaining agreement are eligible to participate. Newly hired employees are eligible to participate in the Plan on their date of hire, or any day thereafter.

Contributions

All contributions to the Plan are tax-deferred and are made solely by the participants. Employees who participate in the Plan are permitted to defer 1% to 40% of their gross pay, subject to certain limitations described in the Internal Revenue Code (the Code). Employees hired on January 1, 2018 or later are automatically enrolled four days following the first payroll period after their date of hire at a pre-tax contribution rate of 3% of gross pay. Employees may change their contribution rate by contacting the Plan administrator. The maximum participant contribution amount, as established by the Internal Revenue Service, was $19,500 in 2021 and 2020. If a participant reaches age 50 or older during the Plan year and contributes the maximum allowed, the participant may contribute an additional $6,500 in 2021 and 2020, on a pre-tax basis as a "catch-up" contribution. Contributions from eligible participants are recorded in the months the related payroll deductions are made. Participants direct the investment of all contributions into various investment options offered by the Plan.

Vesting

The participant's contributions are fully vested at all times.

Payment of Benefits

Upon termination of employment or total and permanent disability, participants are eligible to receive their vested account balance. The participant may request a lump sum payout or a rollover to an individual retirement account or another employer's eligible plan within 90 days.

If not, a lump sum distribution is automatically paid if the participant's vested account balance is $1,000 or less. If the participant's vested account balance is more than $1,000 but not more than $5,000, and the participant does not elect to receive the distribution directly or have the distribution rolled over to an

1. Description of Plan (continued)

eligible retirement plan, then the balance will be automatically rolled over to an individual retirement account designated by the Company. If the participant has an account balance greater than $5,000, the account balance will remain in the Plan until the participant makes a request for a lump sum payout or a rollover.

The Plan administrator may allow a hardship withdrawal from a participant's account, if it is determined that the distribution is necessary to satisfy the immediate and heavy financial need by the participant's representation that such need cannot be relieved (i) through reimbursement or compensation by insurance or otherwise; (ii) by reasonable liquidation of the participant's assets, to the extent such liquidation would not itself cause an immediate and heavy financial need; such assets to include those of the spouse or minor children (with the exception of property held under an irrevocable trust or under the Uniform Gifts to Minors Act); or (iii) by cessation of elective salary deferral contributions or voluntary contributions under the Plan. The minimum hardship withdrawal amount is $500. The amount that may be withdrawn for financial hardship shall be limited to the lesser of (1) the vested balance in the participant's account as of the date of withdrawal or (2) the amount required to meet the need created by the financial hardship and anticipated income taxes and penalties resulting from the early withdrawal.

In March 2020, the Coronavirus Aid Relief, and Economic Security Act (the CARES Act) was enacted by the U.S Government in response to the economic disruption caused by the COVID-19 coronavirus disease. The CARES Act contains several provisions that temporarily impact retirement plan sponsors and their participants. The Plan adopted optional relief provisions included in the CARES Act, which were intended to help employees during the pandemic, related to waiver of required minimum distributions, a new hardship withdrawal option, and a loan repayment deferral option.

Additionally, under the CARES Act, participants were permitted to take a coronavirus-related distribution of up to $100,000 (not to exceed the participant's account balance) from their retirement plan without the 10 percent early withdrawal penalty if a participant was under the age of 59 and one-half. Eligible distributions could be taken up to December 31, 2020. One third of the money withdrawn will be included as taxable income for each of the next three years unless elected otherwise. The CARES Act also allows the participant to pay back what was withdrawn from the participant's account if the individual is able to do so. The Plan also adopted a CARES Act provision that allowed the suspension of loan repayments due March 27, 2020 through December 31, 2020 for up to one year.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of Plan earnings. Allocations of Plan earnings are based on the performance of the participant's chosen investments.

Plan Administration

The administration of the Plan is the responsibility of the Administrative Committee. As of December 31, 2021 and 2020, all Plan assets were held in trust by Fidelity Management Trust Company, the Trustee of the Plan.

Notes to Financial Statements (continued)

1. Description of Plan (continued)

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan document to terminate the Plan at any time, subject to the provisions of ERISA.

Notes Receivable from Participants

All participants enrolled in the Plan are eligible to take out a loan. Interest rates on such loans range from 3.25% to 9.50% as of December 31, 2021 and 2020. The minimum loan amount is $1,000 and the maximum amount is the lesser of (1) $50,000 or (2) half of the participant's account balance. A participant is allowed no more than one loan outstanding at a time. The interest rate charged is the prime rate on the first day of the month the loan is processed and is fixed for the life of the loan. The term of the loan may not exceed five years, except in the case of a loan to a participant that is used to acquire or construct a principal residence of the participant. Such a loan may be repaid over a longer period of time as determined by the Administrative Committee. If the participant's employment with Amtrak terminates for any reason, the loan shall become due and payable within 90 days after the termination date.

It is the Plan's policy to consider loans in default as deemed distributions at the end of the calendar quarter following the calendar quarter a payment was last received. Additionally, individual credit risk is mitigated by the fact that notes receivable are secured by the respective participant's vested balance.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles (GAAP).

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan's management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for disclosures related to fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued when earned. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

2. Summary of Significant Accounting Policies (continued)

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 or 2020. If a participant ceases to make loan repayments and has reached a distributable event, the loan balance is reduced and a benefit payment is recorded.

Administrative Expenses

Certain administrative expenses, which include accounting and legal costs of the Plan, are paid by the Company and, accordingly, are not reflected in the accompanying financial statements. All other administrative expenses of the Plan are paid by the Plan.

3. Financial Information Certified by the Trustee

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator has obtained a certification from the Trustee of the Plan that all of the information provided by them is complete and accurate. The amounts included in the financial statements for investments held, notes receivable from participants, interest and dividends, interest on notes receivable from participants, net appreciation in fair value of investments and all amounts in the supplemental schedule were provided and certified as complete and accurate by the Trustee of the Plan as of and for the years ended December 31, 2021 and 2020.

4. Fair Value Measurement

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, Fair Value Measurement, defines fair value for financial reporting, establishes a framework for measuring fair value, and requires disclosures about fair value measurements. FASB ASC Topic 820 established a three-level valuation hierarchy for disclosure of fair value measurements. The valuation hierarchy is based upon the transparency of inputs to the valuation of an asset or liability as of the measurement date.

The three levels of the fair value hierarchy are defined as follows:

- Level 1 - observable market inputs that are unadjusted quoted prices for identical assets or liabilities in active markets.

4. Fair Value Measurement (continued)

- Level 2 - other significant observable inputs (including quoted prices for similar securities, interest rates, credit risk, etc.).
- Level 3 - significant unobservable inputs (including the Company's own assumptions in determining the fair value of investments).

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

Following is a description of the valuation techniques and inputs used for the investments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy:

Level 1 Investments

Common Collective Trust Funds

This investment category consists of common collective trust funds and includes the T. Rowe Price Stable Value Fund, the Vanguard Target Income Fund and various Vanguard target date funds. For the T. Rowe Price Stable Value Fund, a participating trust may withdraw some or all balances with advance 12-month or 30-month notice. This restriction applies only to the participating trust and not individual plan participants. These common collective trust funds are measured at fair value using net asset value per share that is deemed to be readily determinable.

Mutual Funds

This investment category contains mutual funds with quoted prices of the funds available in active markets. Investments in this category are valued at the closing price reported in the active market in which the individual fund is traded.

Level 2 Investments

Custom Domestic Equity Funds

This investment category contains custom funds that have investments in domestic equity securities and mutual funds. This investment category includes investment in US SMID Equity, a small-mid capitalization value fund and Parnassus Core Equity, a large capitalization value fund.

The US SMID Equity investment represents a custom fund comprised of investments in the DFA US Targeted Value Portfolio Institutional Class (DFFVX) and the William Blair Small-Mid Cap Growth Fund Class I (WSMDX) funds.

The Parnassus Core Equity investment represents a custom fund with at least 75% of its total assets invested in dividend-paying equity securities and the remaining 25% in non-dividend-paying equity securities, short-term instruments or money market securities.

These custom funds are not listed in stock exchanges and do not have quoted prices in active markets. However, all significant inputs to fair value measurement i.e., equity securities and mutual funds comprising the fund portfolio, have readily observable market prices.

4. Fair Value Measurement (continued)

Fair Value Measurement Tables

The following tables display the Plan's investments measured at fair value on a recurring basis as of December 31, 2021 and 2020:

	Fair Value Measurement as of December 31, 2021		
	Level 1	**Level 2**	**Total**

	$ 679,987,956	$ 47,379,063	$ 727,367,019

5. Tax Status

The Plan has received a determination letter from the Internal Revenue Service (the IRS) dated October 15, 2014, stating that the Plan is qualified under Section 401(a) of the Code; and therefore, the related trust is exempt from taxation. Subsequent to this determination by the IRS, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code; and therefore believes the Plan, as amended, is qualified and the related trust is tax-exempt.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Party-in-Interest Transactions

The Plan invests in shares of mutual funds, some of which are managed by an affiliate of the Trustee of the Plan. Transactions in such investments qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules. Investment in mutual funds and notes receivable from participants, totaling $43.5 million and $46.6 million at December 31, 2021 and 2020, respectively, qualified as party-in-interest transactions.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

8. Subsequent Events

The Company has evaluated subsequent events through September 15, 2022, which is the date the financial statements were available to be issued. There were no other events that require adjustments to or disclosure in the Plan's financial statements for 2021.
