Independent Auditor's Report

The Plan Administrator
Vidaris, Inc.
Profit Sharing Plan
New York, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Vidaris, Inc. Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statements of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assts (Held at End of Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Vidaris, Inc. Profit Sharing Plan

Notes to Financial Statements

1. Description of the Plan

The following description of the Vidaris, Inc. Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that covers employees of Vidaris, Inc. and LPI, Inc. (the Company) who are age 21 or older and for employer contributions who have completed one year of service (1,000 hours). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Board of Trustees is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Board of Trustees. On August 1, 2019, the Company was acquired by SOCOTEC Group.

The Plan sponsor adopted the Volume-Submitter Profit-Sharing Plan with Cash or Deferred Arrangement prepared by CCH Incorporated DBA ftwilliam.com. Thus, CCH Incorporated DBA ftwilliam.com is listed as the sponsor of the plan on the IRS opinion letter.

During Plan year 2020, employees of Synergen Consulting International, LLC (Synergen) participating in the Avalon HR 401(k) Plan were merged into the Plan. Assets and all participants' accounts of the Synergen employees were transferred to the Plan, and Synergen became participating employers, with their employees being eligible to participate in the Plan.

During Plan year 2021, the plans of David Patillo & Associates, LLC and Construction Project Analytics Group, LLC were merged into the Plan. Assets and all participants' accounts were transferred to the Plan, and David Patillo & Associates, LLC and Construction Project Analytics Group, LLC became participating employers, with their employees being eligible to participate in the Plan.

CARES Act

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) was enacted and signed into law. The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management has evaluated the relief provisions available to plan participants under the CARES Act and has implemented the following provisions:

- Special coronavirus distributions up to \$100,000 for withdrawals before December 31, 2020.
- Increase of the available loan amount to the lesser of \$100,000 or 100% of the participant's vested account balance through September 22, 2020.
- Extended the period for loan repayments, if applicable, up to one year for loan payments due from March 27, 2020 through December 31, 2020.
- Suspended required minimum distributions for 2020 calendar year.

Vidaris, Inc. Profit Sharing Plan

Notes to Financial Statements

Contributions

Each year, participants may elect to contribute up to 75% of their compensation per payroll period, as defined in the Plan, and subject to certain limitations as prescribed by the Internal Revenue Code (the Code). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Company may, at its discretion, contribute a set-matching percentage that is allocated proportionate to the amount of the salary deferral. During 2021, the Company made discretionary matching contributions to the account of each eligible employee equal to 50% of the first 6% of eligible compensation that a participant contributes to the Plan. Additional profit-sharing amounts may be contributed at the option of the Company. There were no profit-sharing contributions for the current Plan year. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's safe harbor contribution, an allocation of the Company's profit-sharing contributions and discretionary matching contributions, and Plan earnings, and is charged with his or her withdrawals and an allocation of administrative expenses. Allocations are based on participant contributions, participant earnings or account balances, or specific requested transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their own deferrals and the Company's employer matching plus earnings thereon. Vesting in the Company's profit-sharing contribution and discretionary matching contribution portion of participant accounts plus actual earnings thereon is based upon years of continuous service and begins after two years of service. A participant is 100% vested over a six-year graded period of credited service.

Withdrawals and Distributions

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution or annual installments. In certain circumstances, participants may make hardship withdrawals as defined in the Plan. Active participants may also take distributions from the Plan upon attainment of age 59½.

Cash-Outs of Accounts and Consent to Distribution

If the value of a participant's vested interest in their account is \$5,000 or less, the participant's account will be "cashed out" by distributing the participant's vested interest by a single-sum payment or by direct rollover to an individual retirement account or other eligible retirement plan as soon as reasonably practicable following the date the participant's employment terminates. The participant's account will be cashed out even if the participant does not consent to the distribution. If the value of the participant's vested interest is more than \$5,000, distribution of the account

Vidaris, Inc. Profit Sharing Plan

Notes to Financial Statements

balance cannot be made before the participant's normal retirement date without the participant's written consent.

Forfeitures

Forfeitures of Company contributions are used to offset administrative expenses of the Plan. Any remaining forfeitures shall be used to reduce employer contributions otherwise payable to the Plan. At December 31, 2021 and 2020, forfeited non-vested accounts totaled \$39,787 and \$31,510, respectively.

Notes Receivable from Participants

Participants may borrow a minimum of \$1,000 from their fund accounts up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. For 2021, participants may borrow from their fund accounts up to 100% of their vested account balances, not to exceed \$100,000. Participants are allowed to have only one loan at any time. The loans are secured by the balance in the participant's account and range in term from one to five years, although the Company may permit a longer term for the purchase of a primary residence. The loan interest rate is set at 1% above the prime rate. All loans are covered by demand notes and are repayable through payroll withholding or periodic payments.

Administrative and Investment Management Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation of fair value of investments.

Revenue Sharing

The Plan has a revenue sharing agreement with Great-West Trust Company, LLC (Great-West) for the reimbursement of certain administrative expenses. Revenue earned from this agreement is included in other income in the statement of changes in net assets available for benefits. The revenue sharing income amounted to \$136,550 for the year ended December 31, 2021. At December 31, 2021 and 2020, the account totaled \$87,144 and \$40,037, respectively.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements were prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Vidaris, Inc. Profit Sharing Plan

Notes to Financial Statements

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2021 or 2020. Related fees are recorded as administrative expenses and are expensed when they are incurred. Defaulted notes receivable from participants are deemed distributed and recorded as benefits paid to participants in the statement of changes in net assets available for benefits.

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures. Actual results could differ from these estimates.

3. Fair Value Measurements

U.S. GAAP establishes a hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that inputs that are most observable be used when available. The input hierarchy is broken down into three levels based on the degree to which the exit price is independently observable or determinable, as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the overall fair value measurement.

Vidaris, Inc. Profit Sharing Plan

Notes to Financial Statements

The following description of the valuation method and assumptions used by the Plan to estimate the fair values of investments apply to investments held by the Plan.

Mutual Funds - The Plan has investments in mutual funds. Investments in the mutual fund accounts are valued at net asset value (NAV) of shares held by the Plan at year-end. The mutual funds are traded at daily quoted prices through the National Securities Clearing Corporation. These investments are priced by the Plan's custodian using nationally recognized pricing services based on observable market data.

Stable Value Fund - The stable value fund is valued based upon the unit values. Unit value is based on the fair value of the underlying assets of the fund derived from inputs principally from or corroborated by observable market data by correlation or other means. The NAV is used as a practical expedient to estimate fair value. There are no restrictions on the redemption of this investment and no unfunded commitments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value on a recurring basis are summarized below:

December 31, 2021

	Fair Value Measurements			Total
	Level 1	Level 2	Level 3	
Mutual funds	\$ 53,499,680	\$ -	\$ -	\$ 53,499,680
Stable value fund*				3,310,244
Total Investments, at fair value				\$ 56,809,924

December 31, 2020

	Fair Value Measurements			Total
	Level 1	Level 2	Level 3	
Mutual funds	\$ 43,118,282	\$ -	\$ -	\$ 43,118,282

* Certain investments that are measured at fair value using the NAV per share (or its equivalent practical expedient) have not been categorized in the fair value hierarchy. The fair value amounts prescribed in these tables are intended and permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets available for benefits.

The Plan has no financial assets that were measured at fair value on a non-recurring basis during the years ended December 31, 2021 and 2020. In addition, there were no transfers between levels during the years ended December 31, 2021 and 2020.

Vidaris, Inc. Profit Sharing Plan

Notes to Financial Statements

4. Information Certified by Great-West

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Great-West, a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefit as of the December 31, 2021 and 2020.
- Net appreciation in fair value of investments, interest and dividend income, interest income on notes receivable from participants, and other income reflected on the accompanying statement of changes in net assets available for benefit for the year ended December 31, 2021.
- Investments reflected on the supplemental Schedule of Assets (Held at End of Year) as of December 31, 2021.

At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan agreement to discontinue contributions at any time and to terminate the Plan, subject to provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions and net assets of the Plan will be distributed, as prescribed by ERISA and the Plan provisions.

6. Tax Status

The Plan sponsor adopted the Volume-Submitter Profit-Sharing Plan with Cash or Deferred Arrangement (CODA). Accordingly, the Plan is permitted to rely on CCH Incorporated DBA ftwilliam.com's opinion letter. The IRS has determined and informed CCH Incorporated DBA ftwilliam.com, by a letter dated March 31, 2014, that the Plan is designed in accordance with the applicable sections of the Code. Plans that adopt prototype documents are no longer required to file for an individual determination letter. Although the Plan has been amended from the original prototype document, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with applicable requirements of the Code.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Vidaris, Inc. Profit Sharing Plan

Notes to Financial Statements

7. Risks and Uncertainties

The Plan invests in various investments that are exposed to various risks, such as interest rate, market, liquidity, and credit risks. Due to the level of risk associated with certain investments and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. Related Party Transactions and Party-in-Interest Transactions

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid by the Company. Notes receivable from participants also qualify as party-in-interest transactions.

9. Subsequent Events

Plan management has evaluated subsequent events for recognition and disclosure through October 3, 2022, the date these financial statements were available to be issued. There were no subsequent events requiring adjustment to or disclosure in the financial statement other than the following.

Effective January 2022, the Veritas Advisory Group, Inc. 401(k) Plan merged into the Plan. Assets and all participants' accounts were transferred to the Plan and Veritas Advisory Group became a participating employer, with their employees being eligible to participate in the Plan.

Additionally, effective January 1, 2022, Vidaris, Inc. changed its name to Socotec, Inc. and the Plan changed its name to Socotec, Inc. Profit Sharing Plan.
