Independent Auditor's Report

To the Board of Directors
of OrthoTennessee, P.C.

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of OrthoTennessee 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institutions).

Management has obtained certifications from qualified institutions as of and for the year ended December 31, 2021, stating the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the accompanying 2021 Financial Statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the accompanying 2021 Financial Statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Board of Directors
OrthoTennessee 401(k) Plan

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an independent auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Board of Directors
OrthoTennessee 401(k) Plan

Auditor's Responsibilities for the Audit of the 2021 Financial Statements (continued)

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the 2021 Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental Schedule of Delinquent Participant Contributions for the year ended December 31, 2021 and Schedule of Assets (Held at End of Year) as of December 31, 2021, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

Board of Directors
OrthoTennessee 401(k) Plan

Other Matters (continued)

2021 Supplemental Schedules Required by ERISA (continued)

The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Board of Directors
OrthoTennessee 401(k) Plan

Other Matters (continued)

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by qualified institutions. In our report dated October 7, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

OrthoTennessee 401(k) Plan

Notes to Financial Statements

December 31, 2021

1. Description of the Plan

The following description of OrthoTennessee 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan’s provisions. Copies of the Plan Document are available from OrthoTennessee, P.C. (the “Plan Sponsor”).

General

The Plan is a defined contribution plan and is subject to the Employee Retirement Income Security Act of 1974 (ERISA). All employees of the Plan Sponsor that are age 21 or older and have completed one year of qualifying service are eligible to be credited with the Plan Sponsor’s contributions and to make after-tax employee contributions.

Contributions

Participants may elect to defer their full compensation, subject to Internal Revenue Service (IRS) limitations. In addition, participants who have attained the age of 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan or to a participant-directed brokerage account. Participants have the opportunity to change the investment options previously elected at any time.

Each payroll period, the Plan Sponsor contributes to the Plan an equal Safe Harbor matching contribution up to 4% of a participant’s compensation as defined in the Plan Document. As a result of the Coronavirus Aid, Relief, and Economic Security (CARES) Act that was passed by Congress in March 2020 in response to the outbreak of a novel strain of coronavirus (COVID-19), effective May 1, 2020, the Plan Sponsor suspended Safe Harbor matching contributions. Effective January 1, 2021, the Safe Harbor matching contributions started being made again. The Plan Sponsor may also make a discretionary profit-sharing contribution to participants employed on the last day of the plan year. The Plan Sponsor made a discretionary profit sharing contribution ranging from 6.5% to 9.28% of eligible compensation in 2021 and 6.5% to 11.82% of eligible compensation in 2020.

For discretionary contributions, the Plan Sponsor may make periodic deposits to the Plan, which are maintained in certain investments, as directed by the trustees of the Plan. These discretionary contributions are then allocated to each participant account prior to April 15 of the following year, based on the eligibility of the participant at year-end, at which time the contributions and related earnings are distributed among the investment options according to the direction of the participant.

Receivables for these contributions are unsecured.

OrthoTennessee 401(k) Plan
Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Participant Accounts

Each participant's account is credited with the participant's contributions, the Plan Sponsor's discretionary matching, profit sharing contributions, and plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Excess Contributions Payable

Amounts payable to participants totaling \$30,970 as of December 31, 2020 for contributions in excess of amounts allowed by the IRS were recorded as a liability with a corresponding reduction to cash contributions. The Plan distributed the 2020 excess contributions to the applicable participants prior to March 15, 2021.

Vesting

Participants are immediately vested in their contributions to the Plan and become fully vested in the Plan Sponsor's contributions after three years of service as follows:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 3	0%
3 or more	100%

Investments

Great-West Trust Company, LLC (Great-West), who acquired Massachusetts Mutual Life Insurance Company (Mass Mutual) on December 31, 2020, is the primary custodian and administers and invests the assets of the Plan. Various other custodians exist for both investment funds that are options under the Plan and participant-directed brokerage accounts. Several custodians, including Great-West, Cetera Advisor Networks, The Trust Company of Tennessee, and Morgan Stanley, certified their investment information as complete and accurate (*Note 4*). Investment information that was not certified (*Note 5*) includes investments held with UBS Financial Services, Inc., Brighthouse Financial, Fidelity Brokerage Services, LLC, and certain other real estate (farm property) investments.

The maximum loss, if any, that would be incurred by the Plan if the counterparties to the Plan's investments failed to perform is the recorded amount of such investments.

OrthoTennessee 401(k) Plan
Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Participant Notes Receivable

Subject to approval by the Plan Administrator, participants may borrow from the general assets of the Plan. The amounts and terms of the participant notes receivable must meet certain criteria, including a general limitation on total aggregate participant notes receivable outstanding to any individual participant equal to the lesser of one-half of the borrower's vested individual account balance or \$50,000. The participant notes receivable bear a reasonable interest rate and are generally repayable in level periodic payments over various terms of up to five years, except for those utilized for the acquisition or improvement of a qualified principal residence, which may be repaid over a reasonable period of time in excess of five years.

Upon default of a participant note receivable, the entire outstanding principal and interest shall be immediately due and payable. If a distributable event, as defined by the Internal Revenue Code (IRC), has occurred, the note receivable will be foreclosed on and be offset against the participant's account balance. If a participant's note receivable is in default, the participant shall be treated as having a taxable deemed distribution whether or not a distributable event has occurred.

Payment of Benefits

Upon termination of service, death, disability, or retirement, a participant (or his or her beneficiaries) shall receive a lump sum amount equal to the vested value of his or her account. Partial withdrawals or installments are only permitted for participants who must receive required minimum distributions in accordance with the IRC.

In-service hardship withdrawals are available in certain circumstances.

Forfeitures

Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. Forfeitures of terminated participants' nonvested accounts can be used to reduce future Plan Sponsor contributions to the Plan. If a terminated participant, who is deemed to have received a distribution, resumes participation in the Plan before five consecutive one-year breaks in credited service, then the participant is entitled to a restoration of any amount forfeited.

Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right to terminate the Plan at any time, subject to the provisions of ERISA. In the event of the Plan's termination, participants will become 100% vested in their accounts.

OrthoTennessee 401(k) Plan
Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies

Basis of Accounting

The accounting records of the Plan are maintained on the accrual basis. Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts (FBRIC's). Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to FBRIC's because contract value is the amount participants would receive if they were to initiate permitted transactions under terms of the Plan. The Plan invests in FBRIC's held in the Guaranteed Interest Account (GIA).

Investments

The Plan's investments are stated at fair value except for its benefit-responsive investment contract (*Note 7*), which is valued at contract value. Fair value (*Note 6*) is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Sponsor's management determines the Plan's valuation policies utilizing information provided by the custodians.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan; however, the majority are paid by the Plan Sponsor. Expenses paid by the Plan Sponsor are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Certain investment related expenses are included in net appreciation in the fair value of investments.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

OrthoTennessee 401(k) Plan
Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Subsequent Events

In preparation of the accompanying financial statements, management has evaluated events that have occurred since December 31, 2021 through September 30, 2022, the date the financial statements were available for issuance.

3. Income Tax Status

The Plan adopted a volume submitter plan sponsored by SageView Retirement Plan Consultants, Inc., which received an advisory letter dated June 30, 2020, from the IRS that states the plan, as then designed, is in compliance with the applicable requirements of the IRC. Although the Plan has been amended since the advisory letter, the Plan Administrator and the Plan's tax counsel believe the Plan is designed and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

4. Certified Information (Unaudited)

Financial information relating to investments is included in the accompanying financial statements based upon information provided by the custodians. That information, which has not been audited, is summarized as follows.

The value of investments is as follows as of December 31:

	2021	2020
Investments, at fair value:		
Mutual funds	\$112,168,695	\$ 97,515,424
Common collective trust	4,808,344	5,451,999
Participant-directed brokerage accounts	5,275,035	4,615,924

Total investments	\$159,184,201	\$143,043,649

Investment income totaled \$1,126 in 2021 and \$1,127 in 2020. Net appreciation in these investments totaled \$15,801,201 in 2021, which includes net appreciation of \$1,061,451 for the GIA with Great-West. Net appreciation in these investments totaled \$16,782,400 in 2020, which includes net appreciation of \$975,383 for the GIA with Great-West.

Participant notes receivable totaled \$987,104 and \$1,046,436 as of December 31, 2021 and 2020, respectively. Interest earned on participant notes receivable totaled \$55,232 in 2021 and \$61,860 in 2020. Cash held with these custodians totaled \$38,414 and \$49,671 as of December 31, 2021 and 2020, respectively.

OrthoTennessee 401(k) Plan
Notes to Financial Statements (continued)

4. Certified Information (Unaudited) (continued)

Participant-directed brokerage accounts included \$54,329 and \$49,531 as of December 31, 2021 and 2020, respectively, of party-in-interest investments.

Activity in the investments (all GIA as of December 31, 2021 and 2020) not yet allocated to participants was as follows for the years ended December 31:

	2021	2020
Investments not yet allocated to participants at the beginning of the year	\$ 25,901	\$ 44,991
Contributions	277	—
Forfeitures	16,802	14,401
Change in value	527	1,418
Forfeitures used to reduce Plan Sponsor contributions and transferred to participant accounts	(6,032)	(34,909)
Investments not yet allocated to participants at the end of the year	<u>\$ 37,475</u>	<u>\$ 25,901</u>

5. Other Investment Information

Other investment information of the Plan not certified totaled \$3,608,188 and \$3,122,594 as of December 31, 2021 and 2020, respectively. This other investment information consisted of mutual funds and exchange-traded funds as of December 31, 2021 and mutual funds, exchange-traded funds, and real estate (farm property) as of December 31, 2020. Cash held with these custodians totaled \$64,537 and \$75,490 as of December 31, 2021 and 2020, respectively. These investments experienced investment income of \$116,699 in 2021 and \$48,388 in 2020. Net appreciation in these investments totaled \$274,527 in 2021 and \$327,050 in 2020.

6. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

6. Fair Value Measurements (continued)

The three levels of the fair value hierarchy under FASB ASC 820 are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the methodology include:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The fair value measurement level of the asset or liability within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following table sets forth by level, within the fair value hierarchy, the fair value of the Plan's investments as of December 31, 2021:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$112,168,695	\$ –	\$ –	\$112,168,695

6. Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the fair value of the Plan's investments as of December 31, 2020:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 97,515,424	\$ —	\$ —	\$ 97,515,424
Common collective trust	—	5,451,999	—	5,451,999

Total investments	\$104,415,996	\$6,159,945	\$130,000	\$110,705,941

The following is a description of the valuation methodologies used for investments measured at fair value:

Money market funds, exchange-traded funds, mutual funds, and annuities: Valued at the net asset value of shares held by the Plan at year-end.

Common collective trust: Valued at the NAV of units of the collective investment trust. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities.

Common stocks: Valued at the closing price reported on the active market on which the shares are traded.

Other investments: Comprised of real estate (farm property), which is valued at fair value based on recent appraisals.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

7. Investment Contract with Great-West

The Plan has a GIA with Great-West that is a FBRIC. Great-West maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The GIA issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the GIA is fully benefit-responsive, contract value is the relevant measurement attribute for the portion of the net assets available for benefits attributable to the GIA. Contract value, as reported to the Plan by Great-West, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of Great-West or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on an annual basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with Great-West. Such events include amendments to the plan documents (including complete or partial plan termination or merger with another plan), changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, bankruptcy of the Plan Sponsor or other Plan Sponsor events that cause a significant withdrawal from the Plan, or the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The GIA does not permit Great-West to terminate the agreement prior to the scheduled maturity.

8. Party-in-Interest Transactions

Certain plan investments are in accounts with the custodians; therefore, these transactions are considered party-in-interest transactions.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and amounts reported in the statements of net assets available for benefits.

10. Delinquent Participant Contributions

Defined contribution plans are required to remit participant contributions to the Plan as soon as they can be reasonably segregated from the employer's general assets. During 2020, contributions totaling \$23,761 were not remitted within the required time period; however, those delinquent participant contributions were corrected, including remitting the lost earnings, during September 2021. During 2021, contributions totaling \$120,755 were not remitted within the required time period; however, the Plan Sponsor is in the process of correcting those delinquent participant contributions, including remitting the lost earnings, as of September 30, 2022.
