INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Schlossmann Automotive Group, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Schlossmann Automotive Group, Inc. 401(k) Plan ("the plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2021 financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor ("DOL")'s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section,

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the plan's internal control. Accordingly, no such opinion is expressed.

- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control related matters that we identified during the audit.

Other Matter - 2021 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and is derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the plan. As permitted by 29 CFR 2520.013-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 7, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements, other than that derived from the certified information, was presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

SCHLOSSMANN AUTOMOTIVE GROUP, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of accounting - The Schlossmann Automotive Group, Inc. 401(k) Plan (the plan) follows the accrual method of accounting wherein additions and deductions are reflected in the period earned or incurred.

Participating employers - The plan includes the following participating employers, collectively referred to as the employer, that are related entities.

Schlossmann Automotive Group, Inc. (SAG)
Schlossmann's Dodge City Chrysler Jeep, Inc. (sold in 2022, see Note 7)
Subaru City of Milwaukee, Inc.
Schlossmann Imports Inc.
Dodge City Executive Leasing, Inc.
Schlossmann Powersports, Inc. (inactive)

Key parties of the plan - SAG is the plan sponsor/administrator. Reliance Trust Company (Reliance) is the custodian of plan assets and Transamerica Life Insurance Company (Transamerica) is the investment agent that maintains investment and participant records. PPG Retirement Plan Services, Ltd. Is the third party administrator that performs various compliance tests as tax counsel. Correll Co. Investment Services Corp is the plan's investment advisor. An employee of SAG is the plan trustee.

Accounting estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Subsequent events - The financial statements include management's evaluation of the events and transactions occurring subsequent to December 31, 2021 through September 28, 2022, which is the date the financial statements were available to be issued.

Risks and uncertainties - The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Investments - The plan administrator determines the investments available to plan participants. The participants allocate their contributions and transfer existing balances among the available investment options. The net appreciation (depreciation) in fair value of investment securities bought, sold and held during the years is reflected in the statements of changes in net assets available for benefits. Participants should refer to the prospectuses and annual reports of the mutual funds for more information.

Fair value measurements - GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical investments (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows.

- Level 1 - Valuation is based upon quoted prices in active markets for identical investments.
- Level 2 - Valuation is based upon other significant observable inputs (including quoted prices for similar investments, interest rates, prepayment speeds, credit risk, etc.).
- Level 3 - Valuation is based upon significant unobservable inputs (including the plan's assumptions in determining the fair value of investments).

The following is a description of the valuation methodologies used for investments measured at fair value.

Common/collective trusts - Valued at the net asset value (NAV) based on units of the common/collective trusts, which are all individual direct filing entities. The NAV, as provided by Transamerica, is used as a practical expedient to estimate fair value. The NAV is generally based on the fair value of the underlying investments held by the common/collective trusts less its liabilities. This practical expedient is not used when it is determined to be probable that the common/collective trusts will sell the investment for an amount different than the reported NAV.

Mutual funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the plan are registered with the U.S. Securities and Exchange Commission, are required to publish their daily net asset value and are deemed to be actively traded.

The plan administrator determines by level, within the fair value hierarchy, the plan's investments at fair value as set forth below.

Investments at fair value as of December 31, 2021

	Level 1	Level 2	Level 3	Total
Mutual funds	\$21,746,619	\$ -	\$ -	\$21,746,619
Total assets in the fair value hierarchy	\$21,746,619	\$ -	\$ -	21,746,619
Investments measured at NAV (a)				8,731,313
Total investments at fair value				\$30,477,932

Investments at fair value as of December 31, 2020

	Level 1	Level 2	Level 3	Total
Mutual funds	\$27,715,155	\$ -	\$ -	\$27,715,155
Total assets in the fair value hierarchy	\$27,715,155	\$ -	\$ -	27,715,155
Investments measured at NAV (a)				-
Total investments at fair value				\$27,715,155

- (a) In accordance with GAAP, certain investments that are measured using NAV as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the above table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the NAV practical expedient as of December 31, 2021. There are no participant redemption restrictions for these investments; the redemption notice period, if any, is applicable only to the plan.

<u>December 31, 2021</u>	<u>Fair value</u>	<u>Unfunded commitments</u>	<u>Redemption frequency</u>	<u>Redemption notice period</u>
Common/collective trusts	\$8,731,313	n/a	Daily	n/a

Investment at contract value - The plan has a fully benefit-responsive investment contract through a group annuity contract issued by Transamerica. This is an investment based on the general unallocated account of Transamerica. Transamerica pays interest and guarantees the plan's capital deposit regardless of the activity in the general account. The investment is not considered a Guaranteed Investment Contract or Common Collective Trust as there are no specific underlying securities and no stated minimum or maximum interest rate. The investment, as a deposit liability of Transamerica with no underlying assets, has no direct investments on behalf of the plan. The investment value is based on the general unallocated account of Transamerica and the risk of investment is based on Transamerica's insurance ratings. The effective annual interest rate is established every six months. Interest is credited, based upon the daily balance, at a rate that is the daily equivalent of the effective annual rate of interest applicable for the six month period. The average yield earned by the fund was 0.75% during 2021 and 0.82% in 2020.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the plan. Contract value, as reported to the plan by Transamerica, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of the investment at contract value.

The contract does not have a maturity date and there are no contract provisions that require a distribution at contract value at any specified time. Although plan participants may direct withdrawals at any time without restrictions, a hold can apply in the event the plan sponsor request a full distribution from the investment. The plan has no intention to request a full distribution at this time.

The plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. Certain events might limit the ability of the plan to transact at contract value with the issuer. No events are probable of occurring that might limit the ability of the plan to transact at contract value with the contract issuer and that would also limit the ability of the plan to transact at contract value with the participants.

2. DESCRIPTION OF PLAN

The following brief description of the plan is provided for general information purposes only. Participants should refer to the plan agreement for more complete information.

General - The plan was established on November 1, 1974 as a defined contribution plan with a 401(k) salary deferral arrangement. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and subsequent amendments.

Eligibility - Employees are eligible for participation if they have completed six months of service and have reached their twenty-first birthday. An employee can enter the plan on the first day of the calendar quarter (January 1, April 1, July 1, October 1) immediately following the date the plan's eligibility requirements are met.

Contributions - Contributions to the plan can be made in the following ways:

- a. Participants may contribute a percentage of their annual wages subject to certain limitations (employee elective deferral contributions). The plan also permits Roth elective deferrals.
- b. Rollover contributions are accepted by the plan from other qualified plans.
- c. The employer may make a matching contribution equal to a discretionary percentage of the elective deferral contributions, determined by the employer's board of directors. The discretionary matching contribution was equal to 100% of the first 2% of qualified wages that a participant contributes to the plan in 2021 and 2020.
- d. Each participating employer may make an additional profit sharing contribution at its discretion. Any such contributions are allocated based on eligible participants' wages for participants employed by that participating employer. Generally, a participant must have 1,000 hours of service and be employed on the last day of the plan year in order to receive a profit sharing contribution for that year.

Participant accounts - Contributions are remitted to the investment agent who invests them in accordance with the investment options selected by the participant. Earnings, including the fair value appreciation or depreciation, are allocated to participant accounts on a daily basis based upon the performance of the investment options selected. Participants are allowed to transfer funds between the various investment options at any time and change their deferral percentage quarterly.

Vesting - Participants are always 100% vested in their contributions and related earnings. Employer contributions and related earnings become vested on the schedule set forth below.

<u>Years of service</u>	<u>Percentage</u>
1	10%
2	20
3	40
4	60
5	80
6	100

Forfeitures - Forfeitures may be used to reduce employer contributions or to pay plan fees. Forfeitures of \$49,000 and \$109,000 were used to reduce employer contributions or to pay plan fees in 2021 and 2020. Unapplied forfeitures were insignificant as of December 31, 2021 and 2020.

Benefits to participants - Benefit payments shall commence upon termination of employment, death, disability or attainment of normal retirement age (defined by the plan as 65). Distributions may be in the form of a single lump sum payment or installment payments. In addition, hardship withdrawals are permitted under certain circumstances. In-service withdrawals can commence upon attaining age 59 ½ if the participant has completed at least 6 years of participation in the plan.

Notes receivable from participants - Participants may obtain a loan from their account with the approval of the plan administrator. Each participant may only have one loan outstanding at any time. Loans generally cannot exceed the lesser of (a) \$50,000 or (b) one-half of the participant's vested account balance. Loans must generally be paid back over a period not to exceed five years unless used for the purchase of a principal residence. As of December 31, 2021, loans outstanding had various repayment schedules through March 2036 with interest rates ranging from 3.25% to 6.00%. The notes receivable from participants are valued at their unpaid principal balances plus any accrued but unpaid interest, which approximate fair value.

Administrative fees - Certain administrative fees of the plan are paid by the employer. Certain other fees are paid using plan assets and recorded as administrative expenses in the accompanying financial statements. Administrative expenses paid by the plan consist of participant directed charges for loan and distribution fees and nonparticipant directed charges for recordkeeping and investment services provided to the plan. Nonparticipant directed charges are allocated on an account value basis.

3. PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are managed by Transamerica. Transamerica is the investment agent for the plan and, therefore, these transactions qualify as party-in-interest transactions. Direct fees paid by the plan to Transamerica, recorded as administrative expenses, were \$97,000 in 2021 and \$79,000 in 2020. In addition, Transamerica provides certain administrative services to the plan pursuant to a service agreement between the plan sponsor and the custodians. Transamerica receives indirect compensation from mutual fund service providers for services Transamerica provides to the funds. This indirect compensation is used to offset certain amounts owed to Transamerica for administrative services to the plan.

Notes receivable from participants also qualify as party-in-interest transactions.

All of the above party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

4. TERMINATION OF PLAN

Although it has not expressed any intent to do so, the employer has the right to terminate the plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions and related earnings.

5. INCOME TAX STATUS

Prior to January 1, 2022, the plan was operating under a PPG Retirement Plan Services Volume Submitter Profit Sharing Plan that received a favorable opinion letter on March 31, 2014. Effective January 1, 2022 the plan adopted a new PPG Retirement Plan Services Volume Submitter Profit Sharing Plan that received a favorable opinion letter on June 30, 2020. There were no functional changes to the plan in connection with this adoption. The letters provided by the Internal Revenue Service stated that the plans, as then designed, were in compliance with the applicable requirements of the Internal Revenue Code (IRC). As a result, the plan administrator has not obtained a separate Internal Revenue Service opinion letter for the plan. The plan administrator and tax counsel believe that the plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

GAAP requires plan management to evaluate tax positions taken by the plan and recognize tax liabilities (or assets) for any uncertain tax positions taken by the plan that more likely than not would not be sustained upon examination by the applicable authorities. Plan management analyzed the requirements for accounting for such uncertain tax positions taken and determined the plan was not required to recognize any tax liabilities (or assets) related to uncertain tax positions taken as of December 31, 2021 and 2020. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress.

6. INFORMATION CERTIFIED BY THE CUSTODIAN

Management has obtained certifications from Reliance, a qualified institution under the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, that state the following information with respect to assets held for investment of the plan is complete and accurate.

- a. Investments and the fair values and contract values of such as of December 31, 2021 and 2020;
- b. Interest income, dividends and the net appreciation (depreciation) in fair value of investments during 2021 and 2020;

- c. Contributions to and withdrawals from accounts, and purchases, sales and interfund transfers of investments during 2021 and 2020; and
- d. Individual participant statements (which include beginning account balances, contributions, investment income, withdrawals, transfers and ending account balances) during 2021 and 2020.

7. SUBSEQUENT EVENT

In April 2022, a participating employer of the plan was sold to a third party. The third party administrator has determined that the sale of Schlossmann's Dodge City Chrysler Jeep, Inc. will be accounted for as a partial plan termination, which will require that all affected employees be fully vested in their account balance.
