INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of
Gillig 401(k) Profit Sharing Retirement Plan
Livermore, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of Gillig 401(k) Profit Sharing Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 Gillig 401(k) Profit Sharing Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2021 and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the 2021 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2021 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Gillig 401(k) Profit Sharing Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Gillig 401(k) Profit Sharing Retirement Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the 2021 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Gillig 401(k) Profit Sharing Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Gillig 401(k) Profit Sharing Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter - 2021 Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of the year) as of December 31, 2021 and delinquent participant contributions for the year then ended (collectively, "supplemental schedules") are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Gillig 401(k) Profit Sharing Retirement Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 7, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Gillig 401(k) Profit Sharing Retirement Plan
Notes to Financial Statements
December 31, 2021 and 2020

1. DESCRIPTION OF THE PLAN

The following description of the Gillig 401(k) Profit Sharing Retirement Plan (the "Plan") provides only general information. Participants should refer to the plan documents, as amended, for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all nonunion employees of Gillig LLC (the "Company" or "employer") who have three months of eligibility service for employee deferrals and one year of eligibility service for employer discretionary contributions. Eligibility service is defined in the plan documents. The Plan is designed to qualify under the Internal Revenue Code (IRC) and provide benefits in the event of retirement, disability, death, or termination of employment. The Plan is subject to the provisions of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security act of 1974 (ERISA) and subsequent amendments and the IRC.

Effective March 27, 2020, the Plan administratively adopted the provisions of the Coronavirus Aid, Relief, and Economic Security Cares (CARES) Act, related to participant loans and distributions. Qualifying participants impacted by COVID-19 were able to borrow up to \$100,000 or 100% of their vested account balance. Participants were able to take coronavirus-related distributions up to \$100,000 or 100% of their vested account balance. Ordinary income taxes may be paid over a three-year period. Participants were permitted to repay coronavirus related distributions over a three-year period. The Organization has until December 31, 2025 to amend the Plan for changes allowed by the CARES Act. The Plan has not been formally amended to adopt these provisions as of December 31, 2021.

Plan administration

The Company is the administrator of the Plan and, as such, carries out the duties imposed by ERISA. Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company ("Principal" or the "Trustee") serves as the Plan's directed trustee and an affiliate of Principal serves as the Plan's recordkeeper and maintains participant accounts. Certain administrative expenses of the Plan were paid directly by the Company for 2021 and are excluded from these financial statements. Investment fees, which vary according to the individual investments selected, are paid indirectly out of the assets of the Plan. Recordkeeping and transactional fees for participant loans and distributions are charged to the Plan and participants.

1. DESCRIPTION OF THE PLAN (continued)

Contributions

Each year, participants may contribute up to 60% of eligible pretax annual compensation, as defined in the Plan. Individuals age 50 or older are allowed to make additional contributions called "catch up contributions" to the Plan, up to the annual contribution limits as defined by the IRC. Participants may also contribute amounts representing rollover distributions from prior employers' qualified plans. The Company may make annual discretionary profit sharing contributions to employees who were active participants as of the last day of the Plan year and had at least 1,000 hours of service during the Plan year. The Company's Board of Directors approved a discretionary profit sharing contribution equal to 10% of eligible wages, as defined in the Plan for the year ended December 31, 2021. Contributions are subject to certain limitations in order to comply with statutory requirements. Employer profit sharing contributions for the year ended December 31, 2021 were \$3,464,228.

Participant accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and Plan earnings, and charged with Plan losses and an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants direct the investment of contributions to their respective accounts into the investment options offered by the Plan.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's discretionary profit sharing contribution portion of their accounts plus actual earnings thereon is based on years of continuous service, as defined. The Plan provides for benefits in the Company's contribution portion to vest at a rate of 10% for each of the first two years of service, increasing to 20% for each of the service years three through six. A participant is entitled to the full value of his or her account upon retirement or in the event of termination due to death or disability, as defined in the Plan.

1. DESCRIPTION OF THE PLAN (continued)

Payment of benefits

Upon termination of service, a participant may elect to receive an amount equal to the value of the vested interest in his or her account in (a) a lump-sum amount, (b) a direct rollover to an IRA or new employer's qualified plan, or (c) periodic installments. If a participant's account balance is equal to or less than \$1,000, the vested balance will be immediately distributed in a lump-sum. If the participant's account balance is equal to or less than \$5,000 but greater than \$1,000, the balance will be automatically transferred to an Individual Retirement Account designated by the Plan administrator. If the account balance is greater than \$5,000, the participant can consent to either a distribution paid in the form of a lump-sum cash payment, a direct rollover into another qualified plan, or delay the distribution until the participant is required by law to receive minimum required distributions, as described in the plan documents.

Notes receivable from participants

Under the terms of the Plan, participants may borrow from their accounts a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance reduced by the highest outstanding loan balance on the date a new loan is made. The notes receivable from participants (or "loans") are secured by the balance in the participant's account and bear a reasonable interest at market financing rates. Participants are restricted to a maximum of two loans outstanding at one time. Principal and interest are paid ratably through payroll deduction each pay period, over a period not to exceed five years, unless the loans were used to purchase a primary residence in which case the loan terms may not exceed 10 years. As of December 31, 2021, participant loans outstanding carried interest rates of 4.25% - 6.50% with scheduled maturities through May 2031.

Forfeited accounts

Forfeitures represent unvested portions of terminated participants' accounts. These funds may be allocated first to pay Plan administrative expenses and then may be used to reduce future Company contributions. At December 31, 2021 and 2020, forfeited non-vested accounts totaled \$19,605 and \$14,150, respectively. During the year ended December 31, 2021, forfeitures of \$69,310 was used to reduce the Company's discretionary profit sharing contributions, respectively.

Administrative expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Advisory and certain participant initiated transactions are charged to participants and included in administrative expenses. Investment expenses are paid indirectly by the Plan and reduce Plan earnings. The Plan is not required to reimburse the Company for expenses paid on its behalf.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting and financial statement presentation

The financial statements of the Plan are prepared under the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) and in accordance with the provisions of ERISA.

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates. Significant items subject to such estimates and assumptions include the fair value of investments.

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and changes therein.

Investment valuation and income recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair market measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants represent loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Contributions and contributions receivable

Contributions from participants and related receivables are recorded based on the date the contributions are separated from the participants' pay, which is the pay date. Contributions from the Company are recorded in the year earned, to coincide with the year in which the Company records the contributions to its general ledger. Rollover contributions from participants are recorded based on the date the contributions are received by the Trustee.

The Plan records payables and reduces participant contributions for contributions in excess of regulatory limits that have not been refunded to participants before year end.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

Administrative expenses by the Plan are recorded when incurred and accruals are recorded when due.

Subsequent events

The Plan has evaluated subsequent events through September 26, 2022, the date the financial statements were available to be issued. No subsequent events have occurred that would have a material impact on the presentation of the Plan's financial statements.

3. FAIR VALUE MEASUREMENTS

Accounting standards establish a framework for measuring fair value. That framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are as follows:

- *Level 1* - inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date.
- *Level 2* - inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Notes to Financial Statements
December 31, 2021 and 2020

3. FAIR VALUE MEASUREMENTS (continued)

- *Level 3* - inputs are unobservable and supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes to the methodology used at December 31, 2021 and 2020.

Mutual funds and money market fund: Valued at the daily closing price as reported on an open exchange. Mutual and money market funds held by the Plan are open-end funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual and money market funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets, by type, at fair value as of December 31, 2021:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Fair Value</u>

4. INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE (UNAUDITED)

The Plan Administrator, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of ERISA. Accordingly, the Trustee, determined to be a qualified institution by the Plan administrator, has certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying Statements of Net Assets Available for Benefit as of December 31, 2021 and 2020.
- Net appreciation in fair value of investments, dividends, and interest, and interest income on notes receivable from participants reflected on the accompanying Statement of Changes in Net Assets Available for Benefit for the year ended December 31, 2021.
- Investments and notes receivable from participants reflected on the schedule of assets (held at end of year) ("supplemental schedule").

Accordingly, as requested by the Plan administrator, the Plan's auditor performed no audit procedures on the certified information other than to agree the certified information to the related information included in the financial statements and supplemental schedule.

5. TAX STATUS

The Plan adopted the Principal Financial Group Prototype for Savings Plans effective January 1, 2010. The Internal Revenue Service informed Principal Financial Group by a letter dated March 31, 2014, that its prototype plan was designed in accordance with applicable sections of the IRC. Although the Plan has been amended, the Plan administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC. Accordingly, no provision for federal or state income taxes has been made.

6. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

ERISA defines parties-in-interest similarly to a related party under financial accounting standards, except that ERISA's definition is broader and includes all entities and individuals that provide services to the Plan; however, these entities may not necessarily be related parties. Management did not identify any related parties to the Plan that were not also considered to be parties-in-interest.

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, and an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee association or relatives of such persons.

Notes to Financial Statements
December 31, 2021 and 2020

6. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS (continued)

As such, transactions with the Trustee, and its affiliates, qualify as exempt party-in-interest transactions. Purchases and sales of investments managed by the Trustee, or their affiliates, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan documents and are specifically exempt under ERISA. Fees and expenses paid by the Company on behalf of the Plan qualify as exempt party-in-interest transactions.

The Trustee utilizes a custodial bank to facilitate transactions for the plans it services and commingles funds in transit to or from the Plan, including other funds similarly in transit to or from other plans. These balances are invested in short-term investments with the aim of earning a rate approximating the Target Federal Funds Rate. The Trustee uses these earnings to pay bank fees associated with the Plan's transactions and retains any float earnings that exceed such fees and adjustments as compensation for its services. The Trustee pays any fees to the extent they exceed float earnings.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants are 100% vested in all contributions.
