INDEPENDENT AUDITORS' REPORT

To the Administrator and Participants of the
ROE Dental Laboratory, Inc. 401(k) Profit Sharing Plan
Cleveland, OH

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of ROE Dental Laboratory, Inc. 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of ROE Dental Laboratory, Inc. 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certification from a qualified institution as of December 31, 2021, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of ROE Dental Laboratory, Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about ROE Dental Laboratory, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of ROE Dental Laboratory, Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about ROE Dental Laboratory, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of Assets – Held at Year End as of and for the year ended December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ROE DENTAL LABORATORY, INC. 401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020

NOTE 1 - DESCRIPTION OF THE PLAN

The following brief description of ROE Dental Laboratory, Inc. 401(k) Profit Sharing Plan (the Plan), is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan is a 401(K) plan established to provide retirement benefits for all employees of ROE Dental Laboratory, Inc. Employees of the Company are eligible to participate after having completed one year of service and upon attaining the age of 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, plan participants may contribute to the Plan, on a pretax basis, an amount not to exceed 75% of their compensation, subject to a limit of \$19,500 and \$19,500 for 2021 and 2020, respectively. Eligible employees may elect to make additional “catch up” contributions and are permitted to contribute in excess of the specified deferral limit up to 100% of the participant's compensation available after other withholding. Participants may also contribute amounts on an after-tax basis through Roth contributions subject to the same limitations as pretax basis contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The Company makes Safe Harbor matching contributions on behalf of eligible participants and may also make an additional qualified non-elective employer contribution. Both formulas are 100% of the first 3% of a participant's eligible compensation contributed to the Plan and 50% of the next 2% of a participant's eligible compensation contributed to the Plan. The Company may also make employer non-elective contributions on behalf of eligible participants based on a participant group allocation method, where the contribution is first allocated among employee groups with the same allocation rate. The amount allocated to each group shall then be allocated among the eligible participants within such group in the ratio that each participant's compensation for the plan year bears to the total compensation paid to all participants within the group.

Participant Accounts

A separate account is maintained for each investment option selected by the participant. Each participant's account is credited with the participant's contributions, the Company's matching contributions, and the Company's discretionary, non-elective contributions. Allocation of the Plan's earnings is based on participant's account balances.

Participants direct the investment of their contributions and those made by the Company into various investment options offered by the Plan. The plan currently offers twenty-nine funds as investment options for participants.

ROE DENTAL LABORATORY, INC. 401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

Vesting

Participants are immediately vested in employee contributions. A 6 year graduated vesting schedule is used for employer non-elective profit sharing contributions and qualified non-elective employer matching contributions. The schedule is based on a participant's period of service using the elapsed time method. Participants are immediately vested in Safe Harbor matching contributions.

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance, reduced by the participant's highest outstanding loan during the previous twelve month period. Loan terms can be up to 5 years, or up to 30 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate determined at the time the loan is made. As of December 31, 2021, the interest rates on all outstanding loans were 6.00%. Principal and interest are repaid ratably through bi-weekly payroll deductions. The initial new loan set up fee of \$125 is paid by the participant requesting the loan.

Note receivables from participants are measured at their unpaid principal balance. Interest income is recorded on the cash basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit loss has been recorded as of December 31, 2021 or 2020.

Payment Of Benefits

Distributions of a participant's account are made upon retirement from the Company at age 65, in cases of financial hardship, termination from service with the Company, death, or disability. Participants still employed who have reached the age of 59½ are eligible for in-service distributions from accounts which are fully vested. Distributions are made in single lump-sum payments, in cash. Partial distributions or installments are only permitted for required minimum distributions. Vested account balances \$1,000 or less of terminated participants are automatically distributed as a cash, lump-sum payment. Distributions of vested account balances greater than \$1,000 may be made as soon as administratively feasible and require consent from the terminated participant.

Forfeitures

Forfeitures resulting from a break in participant service without the attainment of 100% vesting occurring during a Plan year shall be applied to reduce the contributions of the employer. Notwithstanding any other provision of the Plan to the contrary, forfeitures shall first be used to pay administrative expenses under the Plan, if so directed by the employer. At December 31, 2021 and 2020, forfeited non-vested amounts totaled \$131 and \$0, respectively.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting, in conformity with generally accepted accounting principles.

ROE DENTAL LABORATORY, INC. 401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator and management to make estimates and assumptions that affect certain reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Valuation of Investments

The Plan's investments are administered by Fidelity Management Trust Company and are stated at fair value. For 2021 and 2020, underlying assets of interest-bearing cash are valued at carrying value. Mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year end. Common collective trusts are valued at the NAV of units of a bank collective trust. Participant loans are valued at cost, which approximates fair value.

Benefit Distributions

Benefit distributions are recorded and expensed when paid to participants.

Administrative Services

The expenses necessary to administer the Plan are paid by the Plan or Plan sponsor including, but not limited to, those involved in retaining necessary professional assistance from an attorney, an accountant, an actuary, or an investment adviser. Fees related to the administration of notes receivable from participants and distributions are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Risk and Uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the value in the near term would materially affect participant account balances and the amounts reported in the statements of Net Assets Available for Benefits and the Statements of Changes in Net Assets Available for Benefits.

NOTE 3 - TAX STATUS

The Plan uses a volume submitter plan document sponsored by Fidelity Management & Research Company, which received an opinion from the IRS, dated June 30, 2020, which states that the volume submitter document satisfies the provisions of Section 401 of the IRC. The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

ROE DENTAL LABORATORY, INC. 401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020

NOTE 3 - TAX STATUS (CONTINUED)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2018.

NOTE 4 - INVESTMENTS

For 2021 and 2020, The Plan's investments are held by Fidelity Management Trust Company. As custodian, Fidelity Management Trust Company maintains the investments in separate accounts, which comprise a significant portion (95.81% - 2021, 95.07% - 2020) of the Plan's assets. The accounts are credited with earnings on the underlying investments and charged for plan withdrawals. The contract is included in the financial statement at contract value which approximates fair value as reported by Fidelity Management Trust Company. Fidelity Management Trust Company certified as of December 31, 2021 and 2020 as to the completeness and accuracy of the information reported. Unrealized gains (losses) on investments totaled \$187,198 for the year ended December 31, 2021.

NOTE 5 - INFORMATION CERTIFIED BY CUSTODIAN

NOTE 7 - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board Statement *Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the assets or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or by other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Interest bearing cash: Valued at carrying value.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE 7 - FAIR VALUE MEASUREMENTS (CONTINUED)

Common Collective Trust: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021:

NOTE 8 - TRANSACTIONS WITH PARTIES-IN-INTEREST

Fidelity Management Trust Company is the custodian of the Plan. Certain fees for custodian services are with Fidelity Management Trust Company and are not considered prohibited transactions under ERISA. Fidelity Investments is the third party administrator of the Plan. Certain fees for recordkeeping and administrative expenses are with Fidelity Investments and are not considered prohibited transactions under ERISA. Participant loans also qualify as party-in-interest.

NOTE 9 – PLAN RESTATEMENT AND AMENDMENT

Effective March 22, 2021, the Plan was amended and restated to bring the plan into compliance with legislative and regulatory changes set forth by the IRS. A subsequent amendment became effective May 7, 2021 to exclude the allowance of dollar specific deferral contributions. The Plan had implemented certain requirements by the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act), which laws changed the Plan in 2020 to allow certain eligible individuals to receive coronavirus-related relief for loan repayment, suspend required minimum distributions, and delay the commencement date for required minimum distributions. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.

NOTE 10 - SUBSEQUENT EVENTS

Subsequent events were reviewed through September 29, 2022, the date the financial statements were available for issuance. There were no subsequent events to report as of that date.
