MEL STEVENSON & ASSOCIATES, INC. 401(k) PLAN

FINANCIAL STATEMENTS

Years Ended December 31, 2021 and 2020

INDEPENDENT AUDITORS' REPORT

To the Trustees
Mel Stevenson & Associates, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed the audit of the financial statements of the Mel Stevenson & Associates, Inc. 401(k) Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the 2021 financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by the qualified institution. In our report dated October 15, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

MEL STEVENSON & ASSOCIATES, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

(1) Description of plan

The following description of the Mel Stevenson & Associates, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document or Summary Plan Description for a more complete description of the Plan's provisions, which are available from the plan administrator.

General - The Plan is a defined contribution plan sponsored by Mel Stevenson & Associates, Inc. (the "Company") for the benefit of substantially all of its employees who have one year of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Plan is administered by the Company's Investment Committee ("Committee"), which is a committee of management of the Company. The Committee has overall responsibility for the operation and administration of the Plan. The Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

The Plan uses Massachusetts Mutual Life Insurance Company ("MassMutual") for recordkeeping and custodian services of its group annuity contract. On December 31, 2020, Empower Retirement, LLC ("Empower Retirement") acquired the retirement business of MassMutual. Following an initial transition period, Empower Retirement became the sole administrator of this business. An affiliate of Empower Retirement, Great-West Life & Annuity Insurance Company, has become attorney-in-fact over the group annuity contract issued by MassMutual.

On March 27, 2020, President Trump signed into law the Coronavirus Aid, Relief, and Economic Security ("CARES") Act. The CARES Act, among other things, included several relief provisions available to tax qualified retirement plans and their participants. Plan management evaluated the relief provisions available to plan participants under the CARES Act and implemented a provision to waive required minimum distributions for the calendar year 2020. The Plan will be amended for the provisions implemented under the CARES Act by the time prescribed.

Plan amendment - Effective January 1, 2021, the Plan was amended to change the allocation conditions for the employer matching contribution and profit sharing contributions. If employed on the last day of the plan year, participants will receive the matching and profit sharing contributions regardless of the amount of service completed during the plan year. If a participant terminates employment prior to year end, the participant will only share in the matching contributions if the participant had more than 500 hours of service during the plan year and will not be eligible to receive the profit sharing contribution regardless of the amount of service completed by the participant during the plan year.

Contributions - Each year, participants may contribute up to 100% of annual compensation as pre-tax or Roth contributions, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Additionally, participants age 50 or older, who are making contributions to the Plan, are allowed to make catch-up contributions as defined in the Plan. Participants direct the investment of all contributions into various investment options offered by the Plan.

MEL STEVENSON & ASSOCIATES, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

(1) Description of plan (continued)

Contributions (continued) - The Company may make a matching contribution equal to a discretionary percentage of the participant's elective deferrals, to be determined by the Company's Board of Directors. For the years ended December 31, 2021 and 2020, the Company contributed 25% up to 4% of compensation that a participant contributed to the Plan. The Company may also make a discretionary contribution to be determined by the Company's Board of Directors. Participants must be employed on the last day of the plan year to participate in the discretionary contribution. For the years ended December 31, 2021 and 2020, the Company contributed \$1,076,405 and \$1,043,518, respectively, as the discretionary contribution. Contributions are subject to certain Internal Revenue Code ("IRC") limitations.

Participant investment account options - The Plan currently offers various pooled separate accounts and a guaranteed interest fund as investment options for participants. Each investment option has its own investment strategy, which can be obtained through the prospectus of the respective fund. Participants may change their investment options at any time.

Participant accounts - Each participant's account is credited with the participant's contribution and allocations of (a) the Company matching contributions, as well as profit sharing contributions and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants' contributions plus actual earnings are 100% vested immediately. Employer contributions are subject to the following vesting schedule:

<u>Years of Service</u>	<u>Vested %</u>
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Payment of benefits - On termination of service due to death, disability or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, annuities, or annual installments over a period not more than life expectancy. If the participant's vested benefit in the Plan does not exceed \$5,000, then the participant's benefit will be distributed as a lump-sum distribution as soon as administratively feasible without participant consent. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution. The Plan also allows hardship distributions and in-service distributions for participants over the age of 65. Under the CARES Act, required minimum distributions for the calendar year 2020 were waived.

MEL STEVENSON & ASSOCIATES, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

(1) Description of plan (continued)

Forfeited accounts - At December 31, 2021 and 2020, forfeited nonvested accounts totaled \$103,439 and \$61,721, respectively. These accounts will be used to reduce future employer contributions and to pay Plan expenses. For the years ended December 31, 2021 and 2020, employer contributions were reduced by \$85,127 and \$30,000, respectively, from forfeited nonvested accounts. For the years ended December 31, 2021 and 2020, Plan expenses were reduced by \$19,951 and \$33,927, respectively, from forfeited nonvested accounts.

(2) Summary of significant accounting policies

Basis of accounting - The financial statements of the Plan are prepared on the accrual method of accounting.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition - Investments are reported at fair value (except for the fully benefit-responsive investment contract which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Excess contributions payable - Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction to contributions. There was no such liability for the plan year ended December 31, 2021. The Plan distributed the 2020 excess contributions to the applicable participants prior to March 15, 2021.

Payment of benefits - Benefits are recorded when paid.

Administrative expenses - Certain expenses of the Plan are paid by the Company and are not included in the statements of changes in net assets available for benefits. Investment related expenses are included in net appreciation of fair value of investments.

MEL STEVENSON & ASSOCIATES, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

(3) **Information prepared and certified by the custodian**

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Massachusetts Mutual Life Insurance Company by Great-West Life & Annuity Insurance Company, as attorney-in-fact, the custodian of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate with respect to investments:

- Investments at fair value
- Fully benefit-responsive investment contract at contract value
- Net appreciation in fair value of investments
- Interest
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

(4) **Fair value measurements**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820 are described below:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability. |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to measurement. |

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

MEL STEVENSON & ASSOCIATES, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

(4) Fair value measurements (continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019

Pooled separate accounts: Valued at the Net Asset Value ("NAV") of units of the separate account. The NAV, as provided by the custodian, is used as a practical expedient to estimating fair value. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the separate account, the investment advisor reserves the right to temporarily delay withdrawal from the account in order to ensure that securities liquidations will be carried out in an orderly business manner.

In accordance with Subtopic 820-10, the pooled separate accounts were measured at fair value using the net asset value per share (or its equivalent) practical expedient and have not been classified in the fair value hierarchy.

The following table summarizes investments for which fair value is based on NAV per share practical expedient as of December 31, 2021 and 2020, respectively.

Investments	Fair Value 12/31/2021	Fair Value 12/31/2020	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled separate accounts	\$ 31,750,327	\$ 27,003,577	\$ -	Daily	None

(5) Fully benefit-responsive group annuity contract

The Plan has a fully benefit-responsive investment contract with MassMutual that was assumed by Empower Retirement when it acquired MassMutual's retirement business December 31, 2020, that invests contributions in a guaranteed interest account. The guaranteed interest account is a general account product. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. The interest crediting rate is reset at least annually and no more frequently than quarterly.

The fully benefit-responsive group annuity contract also maintains contributions in a general account. This account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

Because the investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for the group annuity contract. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

MEL STEVENSON & ASSOCIATES, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

(5) Fully benefit-responsive group annuity contract (continued)

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendment to the Plan document (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investments options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are likely to occur which might limit the ability of the Plan to transact at contract value with the contract issuers and that would limit the ability of the Plan to transact at contract value with the participants.

(6) Related party transactions and party-in-interest transactions

Certain Plan investments are units of pooled separate accounts and a guaranteed interest account managed by MassMutual, therefore, these transactions qualify as party-in-interest transactions. As described in Note 2, the Plan made direct payments to the custodian of \$22,277 and \$15,587 for the years ended December 31, 2021 and 2020, respectively.

Compensation Benefit Planning, Inc. provides certain administrative services to the Plan. Fees incurred by the Plan for the administrative services are included in net appreciation in fair value of the investments, as they are paid through revenue sharing, rather than a direct payment. These transactions qualify as party-in-interest transactions. As described in Note 2, the Plan made direct payments to the third party administrator of \$20,882 and \$18,927 for the years ended December 31, 2021 and 2020, respectively, which was not covered by revenue sharing.

The Plan paid certain expenses related to the Plan's operations and investment activity to various service providers. These transactions are party-in-interest transactions. The Plan Sponsor pays directly any other fees related to the Plan's operations.

(7) Reconciliation of financial statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2021 and 2020 to Form 5500:

	December 31,	
	2021	2020
Net assets available for benefits per the financial statements	\$ 40,908,106	\$ 35,883,180

MEL STEVENSON & ASSOCIATES, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

(7) Reconciliation of financial statements to Schedule H of Form 5500 (continued)

The following is a reconciliation of the net increase per the financial statements for the years ended December 31, 2021 and 2020 to Form 5500:

	Years Ended December 31,	
	2021	2020
Net increase per the financial statements	\$ 5,024,926	\$ 6,157,809
Less prior year excess contributions payable	(30,288)	-
Add current year excess contributions payable	-	30,288
Net income per Schedule H of the Form 5500	<u>\$ 4,994,638</u>	<u>\$ 6,188,097</u>

(8) Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

(9) Tax status

The IRS has determined that the non-standardized profit sharing plan is designed in accordance with applicable sections of the IRC and informed Compensation Benefit Planning, Inc. of such in a letter dated March 31, 2014. Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(10) Risks, uncertainties and concentrations

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

At December 31, 2021 and 2020, approximately 20% and 22% of the Plan's investments were invested in the Guaranteed Interest Account, respectively.

MEL STEVENSON & ASSOCIATES, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

(11) Subsequent events

The Plan has evaluated subsequent events through September 23, 2022, which is the date the financial statements were available to be issued and noted the following item for disclosure:

Effective January 1, 2022, the Plan was restated in accordance with the IRS cycle 3 restatement window. The IRS has determined that the pre-approved plan is designed in accordance with applicable sections of the IRC and informed Compensation Benefit Planning Inc. of such in a letter dated June 30, 2020. The plan administrator has adopted the pre-approved plan and believes that the Plan and related trust are currently being operated in compliance with the applicable requirements of the IRC.

INDEPENDENT AUDITORS' REPORT

To the Trustees
Mel Stevenson & Associates, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed the audit of the financial statements of the Mel Stevenson & Associates, Inc. 401(k) Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the 2021 financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by the qualified institution. In our report dated October 15, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

MEL STEVENSON & ASSOCIATES, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

(1) Description of plan

The following description of the Mel Stevenson & Associates, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document or Summary Plan Description for a more complete description of the Plan's provisions, which are available from the plan administrator.

General - The Plan is a defined contribution plan sponsored by Mel Stevenson & Associates, Inc. (the "Company") for the benefit of substantially all of its employees who have one year of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Plan is administered by the Company's Investment Committee ("Committee"), which is a committee of management of the Company. The Committee has overall responsibility for the operation and administration of the Plan. The Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

The Plan uses Massachusetts Mutual Life Insurance Company ("MassMutual") for recordkeeping and custodian services of its group annuity contract. On December 31, 2020, Empower Retirement, LLC ("Empower Retirement") acquired the retirement business of MassMutual. Following an initial transition period, Empower Retirement became the sole administrator of this business. An affiliate of Empower Retirement, Great-West Life & Annuity Insurance Company, has become attorney-in-fact over the group annuity contract issued by MassMutual.

On March 27, 2020, President Trump signed into law the Coronavirus Aid, Relief, and Economic Security ("CARES") Act. The CARES Act, among other things, included several relief provisions available to tax qualified retirement plans and their participants. Plan management evaluated the relief provisions available to plan participants under the CARES Act and implemented a provision to waive required minimum distributions for the calendar year 2020. The Plan will be amended for the provisions implemented under the CARES Act by the time prescribed.

Plan amendment - Effective January 1, 2021, the Plan was amended to change the allocation conditions for the employer matching contribution and profit sharing contributions. If employed on the last day of the plan year, participants will receive the matching and profit sharing contributions regardless of the amount of service completed during the plan year. If a participant terminates employment prior to year end, the participant will only share in the matching contributions if the participant had more than 500 hours of service during the plan year and will not be eligible to receive the profit sharing contribution regardless of the amount of service completed by the participant during the plan year.

Contributions - Each year, participants may contribute up to 100% of annual compensation as pre-tax or Roth contributions, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Additionally, participants age 50 or older, who are making contributions to the Plan, are allowed to make catch-up contributions as defined in the Plan. Participants direct the investment of all contributions into various investment options offered by the Plan.

MEL STEVENSON & ASSOCIATES, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

(1) Description of plan (continued)

Contributions (continued) - The Company may make a matching contribution equal to a discretionary percentage of the participant's elective deferrals, to be determined by the Company's Board of Directors. For the years ended December 31, 2021 and 2020, the Company contributed 25% up to 4% of compensation that a participant contributed to the Plan. The Company may also make a discretionary contribution to be determined by the Company's Board of Directors. Participants must be employed on the last day of the plan year to participate in the discretionary contribution. For the years ended December 31, 2021 and 2020, the Company contributed \$1,076,405 and \$1,043,518, respectively, as the discretionary contribution. Contributions are subject to certain Internal Revenue Code ("IRC") limitations.

Participant investment account options - The Plan currently offers various pooled separate accounts and a guaranteed interest fund as investment options for participants. Each investment option has its own investment strategy, which can be obtained through the prospectus of the respective fund. Participants may change their investment options at any time.

Participant accounts - Each participant's account is credited with the participant's contribution and allocations of (a) the Company matching contributions, as well as profit sharing contributions and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants' contributions plus actual earnings are 100% vested immediately. Employer contributions are subject to the following vesting schedule:

<u>Years of Service</u>	<u>Vested %</u>
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Payment of benefits - On termination of service due to death, disability or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, annuities, or annual installments over a period not more than life expectancy. If the participant's vested benefit in the Plan does not exceed \$5,000, then the participant's benefit will be distributed as a lump-sum distribution as soon as administratively feasible without participant consent. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution. The Plan also allows hardship distributions and in-service distributions for participants over the age of 65. Under the CARES Act, required minimum distributions for the calendar year 2020 were waived.

MEL STEVENSON & ASSOCIATES, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

(1) Description of plan (continued)

Forfeited accounts - At December 31, 2021 and 2020, forfeited nonvested accounts totaled \$103,439 and \$61,721, respectively. These accounts will be used to reduce future employer contributions and to pay Plan expenses. For the years ended December 31, 2021 and 2020, employer contributions were reduced by \$85,127 and \$30,000, respectively, from forfeited nonvested accounts. For the years ended December 31, 2021 and 2020, Plan expenses were reduced by \$19,951 and \$33,927, respectively, from forfeited nonvested accounts.

(2) Summary of significant accounting policies

Basis of accounting - The financial statements of the Plan are prepared on the accrual method of accounting.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition - Investments are reported at fair value (except for the fully benefit-responsive investment contract which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Excess contributions payable - Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction to contributions. There was no such liability for the plan year ended December 31, 2021. The Plan distributed the 2020 excess contributions to the applicable participants prior to March 15, 2021.

Payment of benefits - Benefits are recorded when paid.

Administrative expenses - Certain expenses of the Plan are paid by the Company and are not included in the statements of changes in net assets available for benefits. Investment related expenses are included in net appreciation of fair value of investments.

MEL STEVENSON & ASSOCIATES, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

(3) **Information prepared and certified by the custodian**

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Massachusetts Mutual Life Insurance Company by Great-West Life & Annuity Insurance Company, as attorney-in-fact, the custodian of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate with respect to investments:

- Investments at fair value
- Fully benefit-responsive investment contract at contract value
- Net appreciation in fair value of investments
- Interest
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

(4) **Fair value measurements**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820 are described below:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability. |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to measurement. |

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

MEL STEVENSON & ASSOCIATES, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

(4) Fair value measurements (continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019

Pooled separate accounts: Valued at the Net Asset Value ("NAV") of units of the separate account. The NAV, as provided by the custodian, is used as a practical expedient to estimating fair value. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the separate account, the investment advisor reserves the right to temporarily delay withdrawal from the account in order to ensure that securities liquidations will be carried out in an orderly business manner.

In accordance with Subtopic 820-10, the pooled separate accounts were measured at fair value using the net asset value per share (or its equivalent) practical expedient and have not been classified in the fair value hierarchy.

The following table summarizes investments for which fair value is based on NAV per share practical expedient as of December 31, 2021 and 2020, respectively.

Investments	Fair Value 12/31/2021	Fair Value 12/31/2020	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled separate accounts	\$ 31,750,327	\$ 27,003,577	\$ -	Daily	None

(5) Fully benefit-responsive group annuity contract

The Plan has a fully benefit-responsive investment contract with MassMutual that was assumed by Empower Retirement when it acquired MassMutual's retirement business December 31, 2020, that invests contributions in a guaranteed interest account. The guaranteed interest account is a general account product. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. The interest crediting rate is reset at least annually and no more frequently than quarterly.

The fully benefit-responsive group annuity contract also maintains contributions in a general account. This account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

Because the investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for the group annuity contract. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

MEL STEVENSON & ASSOCIATES, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

(5) Fully benefit-responsive group annuity contract (continued)

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendment to the Plan document (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investments options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are likely to occur which might limit the ability of the Plan to transact at contract value with the contract issuers and that would limit the ability of the Plan to transact at contract value with the participants.

(6) Related party transactions and party-in-interest transactions

Certain Plan investments are units of pooled separate accounts and a guaranteed interest account managed by MassMutual, therefore, these transactions qualify as party-in-interest transactions. As described in Note 2, the Plan made direct payments to the custodian of \$22,277 and \$15,587 for the years ended December 31, 2021 and 2020, respectively.

Compensation Benefit Planning, Inc. provides certain administrative services to the Plan. Fees incurred by the Plan for the administrative services are included in net appreciation in fair value of the investments, as they are paid through revenue sharing, rather than a direct payment. These transactions qualify as party-in-interest transactions. As described in Note 2, the Plan made direct payments to the third party administrator of \$20,882 and \$18,927 for the years ended December 31, 2021 and 2020, respectively, which was not covered by revenue sharing.

The Plan paid certain expenses related to the Plan's operations and investment activity to various service providers. These transactions are party-in-interest transactions. The Plan Sponsor pays directly any other fees related to the Plan's operations.

(7) Reconciliation of financial statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2021 and 2020 to Form 5500:

	December 31,	
	2021	2020
Net assets available for benefits per the financial statements	\$ 40,908,106	\$ 35,883,180
Excess contributions payable	-	30,288
Net assets available for benefits per Schedule H of the Form 5500	<u>\$ 40,908,106</u>	<u>\$ 35,913,468</u>

MEL STEVENSON & ASSOCIATES, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

(7) Reconciliation of financial statements to Schedule H of Form 5500 (continued)

The following is a reconciliation of the net increase per the financial statements for the years ended December 31, 2021 and 2020 to Form 5500:

	Years Ended December 31,	
	2021	2020
Net increase per the financial statements	\$ 5,024,926	\$ 6,157,809
Less prior year excess contributions payable	(30,288)	-
Add current year excess contributions payable	-	30,288
Net income per Schedule H of the Form 5500	<u>\$ 4,994,638</u>	<u>\$ 6,188,097</u>

(8) Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

(9) Tax status

The IRS has determined that the non-standardized profit sharing plan is designed in accordance with applicable sections of the IRC and informed Compensation Benefit Planning, Inc. of such in a letter dated March 31, 2014. Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(10) Risks, uncertainties and concentrations

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

At December 31, 2021 and 2020, approximately 20% and 22% of the Plan's investments were invested in the Guaranteed Interest Account, respectively.

MEL STEVENSON & ASSOCIATES, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

(11) Subsequent events

The Plan has evaluated subsequent events through September 23, 2022, which is the date the financial statements were available to be issued and noted the following item for disclosure:

Effective January 1, 2022, the Plan was restated in accordance with the IRS cycle 3 restatement window. The IRS has determined that the pre-approved plan is designed in accordance with applicable sections of the IRC and informed Compensation Benefit Planning Inc. of such in a letter dated June 30, 2020. The plan administrator has adopted the pre-approved plan and believes that the Plan and related trust are currently being operated in compliance with the applicable requirements of the IRC.
