|---------------|--------------------------------------|

**1** Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. **Round off amounts to the nearest dollar.** MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

## **INDEPENDENT AUDITORS' REPORT**

To the Plan Administrator and Participants  
Micro Strategies, Inc. 401(k) Profit Sharing Plan  
Parsippany, New Jersey

### **Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements**

We have performed an audit of the accompanying financial statements of Micro Strategies, Inc. 401(k) Profit Sharing Plan ("Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2021 financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's *Rules and Regulations for Reporting and Disclosure* under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's *Rules and Regulations for Reporting and Disclosure* under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### **Opinion on the 2021 Financial Statements**

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP"); and
- The information in the accompanying 2021 financial statements related to assets held by, and certified to by, a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Basis for Opinion on the 2021 Financial Statements**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditors’ Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Micro Strategies, Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the 2021 Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Micro Strategies, Inc. 401(k) Profit Sharing Plan’s ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due, or which may become due, to such participants.

## **Auditors’ Responsibilities for the Audit of the 2021 Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors’ report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Micro Strategies, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

## **Other Matters**

### ***2021 Supplemental Schedule Required by ERISA***

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's *Rules and Regulations for Reporting and Disclosure* under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to, or derived from, the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to, or is derived from, the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to, or derived from, the certified investment information, including its form and content is presented in conformity with the Department of Labor's *Rules and Regulations for Reporting and Disclosure* under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to, or is derived from, the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's *Rules and Regulations for Reporting and Disclosure* under ERISA.
- The information in the supplemental schedule related to assets held by, and certified to by, a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

*Auditors' Report on the 2020 Financial Statements*

We were engaged to audit the 2020 financial statements of Micro Strategies, Inc. 401(k) Profit Sharing Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's *Rules and Regulations for Reporting and Disclosure* under ERISA, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. In our report, dated October 1, 2021, we indicated that (a) because of the significance of the information we did not audit, we were not able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion and, accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's *Rules and Regulations for Reporting and Disclosure* under ERISA.

**NOTE 1 - DESCRIPTION OF PLAN:**

---

The Micro Strategies, Inc. 401(k) Profit Sharing Plan ("Plan") is administered by Micro Strategies, Inc. ("Company" or "Plan Sponsor"). The following description of the Plan is provided for general information purposes only. More complete information is provided in the Summary Plan Description and Plan Document, which are available from the Company.

***General:***

The Plan is a voluntary, participant-directed, defined-contribution savings plan that became effective September 30, 1993. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

***Eligibility:***

The Plan is a defined-contribution plan covering employees of Micro Strategies, Inc. Individuals who are members of a collective bargaining unit, nonresident aliens, members as a result of a recent merger or acquisition, or incorrectly classified as independent contractors are not eligible to participate in the Plan. Employees become eligible and enter the Plan after one year of service and 1,000 hours. The Plan does not have a minimum age requirement. Employees may enter the Plan on January 1 or July 1 after meeting their eligibility requirements.

***Contributions:***

Participants may elect to contribute pre-tax or Roth contributions to the Plan up to 100% of their eligible compensation, as defined by the Plan, up to the annual Internal Revenue Service ("IRS") dollar limit of \$19,500 in 2021 and 2020. Participants may elect to defer a percentage or a flat-dollar amount. Participants age 50 or older may make an additional pre-tax or Roth contribution subject to IRS limitations of \$6,500 in 2021 and 2020. Participants may also make nonmandatory, nondeductible contributions on an after-tax basis.

Each year, the Company may contribute a discretionary matching contribution that is determined annually by the Company. In order to be eligible for the employer-matching contribution, an employee must be at least age 21 and have completed one year of service during the 12-month period beginning with their hire date. Employees who work 1,000 or more hours during the Plan Year will be credited with a year of service. Employees who have up to five years of service receive an employer match of 1.5% of eligible pay, and employees who have over five years of service receive an employer match of 3% of eligible pay. For the years ended December 31, 2021 and 2020, the employer-matching contribution was \$236,671 and \$212,308, respectively.

The Company may make qualified, nonelective contributions to the Plan to satisfy special nondiscrimination rules. These contributions, if any, will be determined each year by the Company. Employees who are eligible for this contribution must satisfy the eligibility requirements for pre-tax deferrals. Highly compensated employees are not eligible. For the years ended December 31, 2021 and 2020, there were no qualified, nonelective contributions made to the Plan.

***Contributions: (Continued)***

Additionally, the Company may make qualified matching contributions to the Plan to satisfy special nondiscrimination rules. These contributions, if any, will be determined each year by the Company. Employees that are eligible for this contribution must satisfy the eligibility requirements for a matching contribution and must be making pre-tax and/or Roth deferrals into the Plan. Highly compensated employees are not eligible. For the years ended December 31, 2021 and 2020, there were no qualified, nonelective contributions made to the Plan.

The Plan allows employees to roll over balances from other qualified retirement plans in accordance with ERISA, even when they have not met the eligibility requirements to participate in the Plan.

***Participant Accounts:***

Each participant's account is credited with the participant's contribution and an allocation of: (a) the Company's discretionary contribution (matching and nonelective); (b) Plan earnings, gains, or losses; and (c) administrative expenses. Allocations are based on participants' earnings or account balances, as defined in the Plan Document.

The Plan permits participants to self-direct the investments of their accounts in a variety of investment options. All participants have elected to self-direct their accounts. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Portfolio fees normally charged by the investment funds are applied against the participant's account and reported as a reduction of fund earnings.

***Vesting:***

Participants are immediately 100% vested in their voluntary contributions and rollover contributions plus actual earnings thereon. Employer-matching contributions are subject to a vesting schedule based on the number of years of continuous service. A year of service is considered 1,000 hours worked during the Plan Year. A participant with less than one year of credited service is 0% vested in employer contributions. Vesting increases 20% per year from year two through year six.

Participants will become 100% vested in their account balances upon reaching the latter of normal retirement age (defined as age 65) or having participated in the Plan for at least five years, upon reaching early retirement age (defined as age 55 with five years of vested service), Plan termination, or death.

***Benefit Payments:***

Upon termination of service, a participant may elect to receive a cash lump-sum amount or partial payments of their vested account, or receive a rollover directly to their account of choice. Participants have the option to leave amounts in the Plan up to the mandatory distribution date, which is defined as April 1 following the calendar year of attaining the age 72. If the participants are still employed by the age of 72, the mandatory distribution date generally is April 1 following the termination date of employment. If the vested balance is \$5,000 or less, any amount exceeding \$1,000 will be distributed to an IRA for the participant's benefit. If the participant's vested balance is \$1,000 or less, the participant will receive a lump-sum distribution without consent.

***In-service Withdrawals:***

Participants may request a payout of only their pre-tax and Roth deferrals while they are still employed upon reaching age 65 and having been a Plan participant for at least five years. Participants may request a distribution of employer-matching contributions while they are still employed upon attaining age 65 and having been a Plan participant for at least five years or after participating in the Plan for at least 10 years. Rollover contributions may be withdrawn at any time. In the event a participant suffers financial hardship, as defined in the Plan, participants may withdraw all or part of their pre-tax or Roth deferrals. Employer-matching contributions are available for hardship withdrawals only if the participant is 100% vested. Voluntary contributions are suspended for six months after receiving a hardship distribution. Hardship distributions are not permitted because of hardships incurred by the primary beneficiary of an employee.

***Forfeited Accounts:***

Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. Forfeitures of nonvested contributions may be used to pay the Plan's administrative expenses, reduce future employer contributions to the Plan, or be allocated to participants. At December 31, 2021 and 2020, forfeited, nonvested accounts totaled \$12,247 and \$10,802, respectively, and no allocations were made to participants from these accounts for the years ended December 31, 2021 and 2020.

***Notes Receivable from Participants:***

Participants may borrow from the vested interest in their account balance (except Roth deferrals). The minimum loan amount is \$1,000, and the maximum amount shall not exceed 50% of the vested balance at the time of the loan or \$50,000 (reduced by the highest value of any outstanding loan balance in the preceding 12 months), whichever is less. Each loan is secured by the vested balance in the participant's account. A participant may have up to two loans outstanding at any given time. The Plan Administrator approves all loans, and the interest rate is computed using the prime rate (3.25% at December 31, 2021) at the date of the loan. The interest rate will remain fixed throughout the duration of the loan.

***Notes Receivable from Participants: (Continued)***

Loans are only permitted from accounts invested in mutual funds. Loans must be repaid through payroll deductions over a maximum period of five years, unless the loan is a principal residence loan, in which case the maximum term is not more than 30 years. There is no penalty for early repayment of loan balances. Notes receivable from participants amounted to \$116,420 and \$221,144 at December 31, 2021 and 2020, respectively.

***Investment Options:***

Upon enrollment in the Plan, participants may direct their employee and Company contributions by percentages into any of the investment options available. A separate account is maintained for each participant and dividends earned by each fund are reinvested in that fund. Participants may change their investment options daily.

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:**

---

***Basis of Accounting:***

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

***Investment Valuation and Income Recognition:***

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date. Interest income is recorded as earned on the accrual basis. Net appreciation/(depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

***Notes Receivable from Participants:***

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan Document. No allowance for credit losses had been recorded as of December 31, 2021 and 2020.

***Payment of Benefits:***

Benefit payments are recorded when paid.

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (Continued)**

---

***Administrative Expenses and Participant Transaction Fees:***

The Plan's expenses are paid either by the Plan or the Plan Sponsor, as provided by the Plan Document. Expenses that are paid directly by the Plan Sponsor are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits. In addition, certain investment-related expenses are included in net appreciation in fair value of investments presented in the accompanying statements of changes in net assets available for benefits.

***Use of Estimates:***

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Accordingly, actual results may differ from those estimates.

***Mutual Fund Fees:***

Investments in mutual funds are subject to sales charges in the form of front-end loads, back-end loads or 12b-1 fees. Allowable fees under Section 12b-1 of the Investment Company Act of 1940 are annual fees deducted to pay for marketing and distribution costs of the funds. These fees are deducted prior to the allocation of the Plan's investment earnings activity and thus not separately identifiable as an expense.

***Subsequent Events:***

The Company has evaluated its subsequent events and transactions occurring after December 31, 2021, through September 9, 2022, the date that the financial statements were available to be issued.

**NOTE 4 - FAIR VALUE MEASUREMENTS:**

---

Fair value measurements establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described below:

- |                |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     |
|----------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Level 1</b> | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     |
| <b>Level 2</b> | <p>Inputs to the valuation methodology include:</p> <ul style="list-style-type: none"><li>• Quoted prices for similar assets or liabilities in active markets;</li><li>• Quoted prices for identical or similar assets or liabilities in inactive markets;</li><li>• Inputs other than quoted prices that are observable for the asset or liability; and</li><li>• Inputs that are derived principally from or corroborated by observable market data by correlation or other means.</li></ul> <p>If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.</p> |
| <b>Level 3</b> | Inputs to the valuation methodology are unobservable and significant to the fair value measurement.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 |

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

**Registered Investment Companies - Mutual Funds:** Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. (Level 1 inputs)

**MICRO STRATEGIES, INC. 401(k) PROFIT SHARING PLAN**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2021 AND 2020**

**NOTE 4 - FAIR VALUE MEASUREMENTS: (Continued)**

**Common Collective Trust Fund:** Valued at the NAV of units of a bank collective trust. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. (Other input)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value:

**NOTE 5 - TAX STATUS:**

---

The Plan Sponsor adopted a prototype nonstandardized plan that received its latest Internal Revenue Service opinion letter on January 1, 2018. The Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate uncertain tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded, as of December 31, 2021 and 2020, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

---

**NOTE 6 - PLAN TERMINATION:**

---

Although the Company has not expressed an intent to terminate the Plan, it may do so at any time under the provisions of ERISA. Upon termination of the Plan, participants will become 100% vested and entitled to their full account balance, including all Company discretionary contributions and earnings thereon, as of the termination date.

**NOTE 7 - RISKS AND UNCERTAINTIES:**

---

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits. To the extent that a participant directs that their contributions be invested through the self-directed brokerage account option, the participant solely determines the extent to which such amounts will be diversified, if at all. During 2022, the Plan's investments depreciated in value by approximately 16%.

---

**NOTE 8 - PARTY-IN-INTEREST TRANSACTIONS:**

---

Notes receivable from Plan participants qualify as party-in-interest transactions.

---

**NOTE 9 - CONCENTRATIONS:**

---

As of December 31, 2021 and 2020, the Plan held two investments that represent 22% of net assets available for benefits.

## **INDEPENDENT AUDITORS' REPORT**

To the Plan Administrator and Participants  
Micro Strategies, Inc. 401(k) Profit Sharing Plan  
Parsippany, New Jersey

### **Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements**

We have performed an audit of the accompanying financial statements of Micro Strategies, Inc. 401(k) Profit Sharing Plan ("Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2021 financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's *Rules and Regulations for Reporting and Disclosure* under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's *Rules and Regulations for Reporting and Disclosure* under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### **Opinion on the 2021 Financial Statements**

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP"); and
- The information in the accompanying 2021 financial statements related to assets held by, and certified to by, a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Basis for Opinion on the 2021 Financial Statements**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditors’ Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Micro Strategies, Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the 2021 Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Micro Strategies, Inc. 401(k) Profit Sharing Plan’s ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due, or which may become due, to such participants.

## **Auditors’ Responsibilities for the Audit of the 2021 Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors’ report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Micro Strategies, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

## **Other Matters**

### ***2021 Supplemental Schedule Required by ERISA***

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's *Rules and Regulations for Reporting and Disclosure* under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to, or derived from, the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to, or is derived from, the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to, or derived from, the certified investment information, including its form and content is presented in conformity with the Department of Labor's *Rules and Regulations for Reporting and Disclosure* under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to, or is derived from, the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's *Rules and Regulations for Reporting and Disclosure* under ERISA.

**NOTE 1 - DESCRIPTION OF PLAN:**

---

The Micro Strategies, Inc. 401(k) Profit Sharing Plan ("Plan") is administered by Micro Strategies, Inc. ("Company" or "Plan Sponsor"). The following description of the Plan is provided for general information purposes only. More complete information is provided in the Summary Plan Description and Plan Document, which are available from the Company.

***General:***

The Plan is a voluntary, participant-directed, defined-contribution savings plan that became effective September 30, 1993. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

***Eligibility:***

The Plan is a defined-contribution plan covering employees of Micro Strategies, Inc. Individuals who are members of a collective bargaining unit, nonresident aliens, members as a result of a recent merger or acquisition, or incorrectly classified as independent contractors are not eligible to participate in the Plan. Employees become eligible and enter the Plan after one year of service and 1,000 hours. The Plan does not have a minimum age requirement. Employees may enter the Plan on January 1 or July 1 after meeting their eligibility requirements.

***Contributions:***

Participants may elect to contribute pre-tax or Roth contributions to the Plan up to 100% of their eligible compensation, as defined by the Plan, up to the annual Internal Revenue Service ("IRS") dollar limit of \$19,500 in 2021 and 2020. Participants may elect to defer a percentage or a flat-dollar amount. Participants age 50 or older may make an additional pre-tax or Roth contribution subject to IRS limitations of \$6,500 in 2021 and 2020. Participants may also make nonmandatory, nondeductible contributions on an after-tax basis.

Each year, the Company may contribute a discretionary matching contribution that is determined annually by the Company. In order to be eligible for the employer-matching contribution, an employee must be at least age 21 and have completed one year of service during the 12-month period beginning with their hire date. Employees who work 1,000 or more hours during the Plan Year will be credited with a year of service. Employees who have up to five years of service receive an employer match of 1.5% of eligible pay, and employees who have over five years of service receive an employer match of 3% of eligible pay. For the years ended December 31, 2021 and 2020, the employer-matching contribution was \$236,671 and \$212,308, respectively.

The Company may make qualified, nonelective contributions to the Plan to satisfy special nondiscrimination rules. These contributions, if any, will be determined each year by the Company. Employees who are eligible for this contribution must satisfy the eligibility requirements for pre-tax deferrals. Highly compensated employees are not eligible. For the years ended December 31, 2021 and 2020, there were no qualified, nonelective contributions made to the Plan.

***Contributions: (Continued)***

Additionally, the Company may make qualified matching contributions to the Plan to satisfy special nondiscrimination rules. These contributions, if any, will be determined each year by the Company. Employees that are eligible for this contribution must satisfy the eligibility requirements for a matching contribution and must be making pre-tax and/or Roth deferrals into the Plan. Highly compensated employees are not eligible. For the years ended December 31, 2021 and 2020, there were no qualified, nonelective contributions made to the Plan.

The Plan allows employees to roll over balances from other qualified retirement plans in accordance with ERISA, even when they have not met the eligibility requirements to participate in the Plan.

***Participant Accounts:***

Each participant's account is credited with the participant's contribution and an allocation of: (a) the Company's discretionary contribution (matching and nonelective); (b) Plan earnings, gains, or losses; and (c) administrative expenses. Allocations are based on participants' earnings or account balances, as defined in the Plan Document.

The Plan permits participants to self-direct the investments of their accounts in a variety of investment options. All participants have elected to self-direct their accounts. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Portfolio fees normally charged by the investment funds are applied against the participant's account and reported as a reduction of fund earnings.

***Vesting:***

Participants are immediately 100% vested in their voluntary contributions and rollover contributions plus actual earnings thereon. Employer-matching contributions are subject to a vesting schedule based on the number of years of continuous service. A year of service is considered 1,000 hours worked during the Plan Year. A participant with less than one year of credited service is 0% vested in employer contributions. Vesting increases 20% per year from year two through year six.

Participants will become 100% vested in their account balances upon reaching the latter of normal retirement age (defined as age 65) or having participated in the Plan for at least five years, upon reaching early retirement age (defined as age 55 with five years of vested service), Plan termination, or death.

**NOTE 1 - DESCRIPTION OF PLAN: (Continued)**

***Benefit Payments:***

Upon termination of service, a participant may elect to receive a cash lump-sum amount or partial payments of their vested account, or receive a rollover directly to their account of choice. Participants have the option to leave amounts in the Plan up to the mandatory distribution date, which is defined as April 1 following the calendar year of attaining the age 72. If the participants are still employed by the age of 72, the mandatory distribution date generally is April 1 following the termination date of employment. If the vested balance is \$5,000 or less, any amount exceeding \$1,000 will be distributed to an IRA for the participant's benefit. If the participant's vested balance is \$1,000 or less, the participant will receive a lump-sum distribution without consent.

***In-service Withdrawals:***

Participants may request a payout of only their pre-tax and Roth deferrals while they are still employed upon reaching age 65 and having been a Plan participant for at least five years. Participants may request a distribution of employer-matching contributions while they are still employed upon attaining age 65 and having been a Plan participant for at least five years or after participating in the Plan for at least 10 years. Rollover contributions may be withdrawn at any time. In the event a participant suffers financial hardship, as defined in the Plan, participants may withdraw all or part of their pre-tax or Roth deferrals. Employer-matching contributions are available for hardship withdrawals only if the participant is 100% vested. Voluntary contributions are suspended for six months after receiving a hardship distribution. Hardship distributions are not permitted because of hardships incurred by the primary beneficiary of an employee.

***Forfeited Accounts:***

Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. Forfeitures of nonvested contributions may be used to pay the Plan's administrative expenses, reduce future employer contributions to the Plan, or be allocated to participants. At December 31, 2021 and 2020, forfeited, nonvested accounts totaled \$12,247 and \$10,802, respectively, and no allocations were made to participants from these accounts for the years ended December 31, 2021 and 2020.

***Notes Receivable from Participants:***

Participants may borrow from the vested interest in their account balance (except Roth deferrals). The minimum loan amount is \$1,000, and the maximum amount shall not exceed 50% of the vested balance at the time of the loan or \$50,000 (reduced by the highest value of any outstanding loan balance in the preceding 12 months), whichever is less. Each loan is secured by the vested balance in the participant's account. A participant may have up to two loans outstanding at any given time. The Plan Administrator approves all loans, and the interest rate is computed using the prime rate (3.25% at December 31, 2021) at the date of the loan. The interest rate will remain fixed throughout the duration of the loan.

***Notes Receivable from Participants: (Continued)***

Loans are only permitted from accounts invested in mutual funds. Loans must be repaid through payroll deductions over a maximum period of five years, unless the loan is a principal residence loan, in which case the maximum term is not more than 30 years. There is no penalty for early repayment of loan balances. Notes receivable from participants amounted to \$116,420 and \$221,144 at December 31, 2021 and 2020, respectively.

***Investment Options:***

Upon enrollment in the Plan, participants may direct their employee and Company contributions by percentages into any of the investment options available. A separate account is maintained for each participant and dividends earned by each fund are reinvested in that fund. Participants may change their investment options daily.

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:**

---

***Basis of Accounting:***

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

***Investment Valuation and Income Recognition:***

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date. Interest income is recorded as earned on the accrual basis. Net appreciation/(depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

***Notes Receivable from Participants:***

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan Document. No allowance for credit losses had been recorded as of December 31, 2021 and 2020.

***Payment of Benefits:***

Benefit payments are recorded when paid.

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (Continued)**

---

***Administrative Expenses and Participant Transaction Fees:***

The Plan's expenses are paid either by the Plan or the Plan Sponsor, as provided by the Plan Document. Expenses that are paid directly by the Plan Sponsor are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits. In addition, certain investment-related expenses are included in net appreciation in fair value of investments presented in the accompanying statements of changes in net assets available for benefits.

***Use of Estimates:***

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Accordingly, actual results may differ from those estimates.

***Mutual Fund Fees:***

Investments in mutual funds are subject to sales charges in the form of front-end loads, back-end loads or 12b-1 fees. Allowable fees under Section 12b-1 of the Investment Company Act of 1940 are annual fees deducted to pay for marketing and distribution costs of the funds. These fees are deducted prior to the allocation of the Plan's investment earnings activity and thus not separately identifiable as an expense.

***Subsequent Events:***

The Company has evaluated its subsequent events and transactions occurring after December 31, 2021, through September 9, 2022, the date that the financial statements were available to be issued.

**NOTE 3 - INFORMATION CERTIFIED BY THE TRUSTEE (UNAUDITED):**

**NOTE 4 - FAIR VALUE MEASUREMENTS:**

---

Fair value measurements establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described below:

- |                |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     |
|----------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Level 1</b> | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     |

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

**Registered Investment Companies - Mutual Funds:** Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. (Level 1 inputs)

**NOTE 4 - FAIR VALUE MEASUREMENTS: (Continued)**

**Common Collective Trust Fund:** Valued at the NAV of units of a bank collective trust. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. (Other input)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value:

**NOTE 5 - TAX STATUS:**

---

The Plan Sponsor adopted a prototype nonstandardized plan that received its latest Internal Revenue Service opinion letter on January 1, 2018. The Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate uncertain tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded, as of December 31, 2021 and 2020, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**NOTE 6 - PLAN TERMINATION:**

---

Although the Company has not expressed an intent to terminate the Plan, it may do so at any time under the provisions of ERISA. Upon termination of the Plan, participants will become 100% vested and entitled to their full account balance, including all Company discretionary contributions and earnings thereon, as of the termination date.

**NOTE 7 - RISKS AND UNCERTAINTIES:**

---

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits. To the extent that a participant directs that their contributions be invested through the self-directed brokerage account option, the participant solely determines the extent to which such amounts will be diversified, if at all. During 2022, the Plan's investments depreciated in value by approximately 16%.

---

**NOTE 8 - PARTY-IN-INTEREST TRANSACTIONS:**

---

Notes receivable from Plan participants qualify as party-in-interest transactions.

---

**NOTE 9 - CONCENTRATIONS:**

---

As of December 31, 2021 and 2020, the Plan held two investments that represent 22% of net assets available for benefits.
