FILTEC 401(K) PLAN

Notes to Financial Statements
December 31, 2021 and 2020

NOTE 1. PLAN DESCRIPTION

The following description of the Filtec 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all employees of Industrial Dynamics Co. LTD dba Filtec (the Company). An employee is eligible for participation in the Plan upon completion of three months of service and attainment of age 21 prior to the entry dates of January 1, April 1, July 1, and October 1.

The Plan is a defined contribution plan and is intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code (IRC). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participant Accounts and Contributions: Participants may contribute up to 75% of pretax annual compensation, as defined in the Plan. Total participant contributions are subject to annual limits under the IRC. The maximum participant deferral limit was \$19,500 for the year ended December 31, 2021. Catch-up contributions of \$6,500 were available to participants who had attained age 50 or older by December 31, 2021 and had not exceeded the contribution limit for the Plan year.

Under the terms of the Plan, the Company may make discretionary matching contributions based on the employee's pretax contributions. For the year ended December 31, 2021, the Company contributed 100% of the participant's first \$1,000 of elective deferrals and 50% of the participant's second \$1,000 of elective deferrals, up to a maximum of \$1,500 per participant, for total matching contributions of \$151,237.

Each participant's account is credited with the participant's contribution and allocations of the Company's discretionary matching contributions, investment earnings and may be charged with an allocation of administrative expenses.

Vesting: Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in discretionary Company matching contributions is based on years of continuous service as follows:

Years of Service	Percentage
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5 or more	100%

Notwithstanding the above, if a participant (1) attains the age of 65, (2) dies, or (3) terminates employment by reason of permanent disability, the Company discretionary matching amounts become 100% vested without regard to years of service.

FILTEC 401(K) PLAN

Notes to Financial Statements
December 31, 2021 and 2020

NOTE 1. PLAN DESCRIPTION (Continued)

Benefit Payments: Upon retirement, death, disability or other termination of employment, a participant or beneficiary is entitled to receive a lump-sum amount equal to the value of the participant's vested interest in his or her own account. Account balances of \$1,000 or less can be distributed whether or not requested.

In-service distributions are allowed when a participant either attains age 59-1/2 or experiences a financial hardship as defined by the IRC. Such withdrawals are subject to applicable excise and income taxes and may only be made with the approval of the Plan Administrator.

Plan Termination: Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Notes Receivable from Participants: Participants may borrow from their vested accounts a minimum of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50% of the participant's vested balance. The notes receivable from participants are secured by the vested balance in the participant's account and bear interest at a rate determined by the Plan Administrator. Principal and interest are paid ratably through payroll deductions or a participant's own personal funds over a term not to exceed five years or extend beyond the participant's normal retirement, except notes receivable used to purchase or improve the participant's primary residence, which have a repayment term in excess of five years.

Forfeitures: Terminated participants' unvested Company contributions, if any, would be retained in the Plan as forfeitures and may be used to pay administrative expenses and to reduce future Company contributions. No forfeitures were used to reduce the Company discretionary contributions during the year ended December 31, 2021. The balance of forfeitures available for future use was approximately \$54,000 at December 31, 2021.

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan have been prepared using the accrual basis of accounting.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

Valuation of Investments: The Plan's investments are stated at the value reported to the Plan by Fidelity Management Trust Company (Fidelity), the trustee of the Plan. Investments in shares of registered investment companies (mutual funds) are valued at quoted market prices, which represent the net asset value of the shares held at year end. Money market funds are stated at their carrying values, which approximate fair values.

Notes to Financial Statements
December 31, 2021 and 2020

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Realized and Unrealized Appreciation: Realized and unrealized appreciation is based on the market value of the assets at the end of the Plan year compared to the market value of the assets at the beginning of the Plan year, or at the time the assets were purchased/exchanged during the Plan year.

Notes Receivable from Participants: Participant loans are classified as notes receivable from participants and are measured at their unpaid principal balance, plus accrued but unpaid interest at the end of the period.

Administrative Expenses: The Company incurs certain expenses in administering the Plan relating to investment advisory and recordkeeping services, which may be passed on as expenses of the Plan.

Benefit Payments: Benefits are recorded when paid.

NOTE 3. CERTIFIED INFORMATION

The Plan Administrator has elected the method of compliance permitted by Section 29 CFR 2520.103-8 of the Department of Labor (DOL)'s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the financial information included in the Plan's financial statements as it relates to investment assets, investment transactions, investment income, notes receivable from participants, and the schedule of assets held at end of year have been derived from information certified as complete and accurate by Fidelity Management Trust Company, the trustee of the Plan, in accordance with Section 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 4. INCOME TAX STATUS

The Company has adopted a non-standardized pre-Approved profit-sharing plan that has received an advisory letter dated June 30, 2020 from the Internal Revenue Service (IRS), which stated that the form of the plan is acceptable under the applicable sections of the IRC. The Plan Administrator believes that the Plan is currently designed and is being operated in compliance with the applicable provisions of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require the Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken uncertain tax positions that more-likely-than-not would not be sustained upon examination by applicable taxing authorities. The Plan Administrator has analyzed tax positions taken by the Plan and concluded that, as of December 31, 2021, there are no uncertain tax positions taken, or expected to be taken, that would require recognition of a liability or that would require disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions. However, currently no audits for any tax periods are in progress. The Plan Administrator believes that the Plan is no longer subject to income tax examinations for years prior to December 31, 2018.

NOTE 5. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are invested in money market funds and shares of mutual funds managed by Fidelity, the trustee of the Plan. Therefore, these transactions qualify as party-in-interest transactions as defined under ERISA.

NOTE 6. RISKS AND UNCERTAINTIES

The Plan invests in various investment funds which are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 7. FAIR VALUE MEASUREMENTS

Fair value is determined based on assumptions that a market participant would use in pricing an asset or liability. Measurements of fair value are classified within a hierarchy based upon valuation inputs that gives the highest priority to quoted prices in active markets for identical assets or liabilities and the lowest priority to unobservable inputs. The three levels of the fair value hierarchy are as follows:

- Level 1* Observable quoted prices in active markets for identical assets and liabilities.
- Level 2* Observable quoted prices for similar assets and liabilities in active markets, quoted prices for identical or similar instruments in markets that are not active, and model-based valuation techniques for which all significant assumptions are observable in the market.
- Level 3* Model-based techniques that use at least one significant assumption not observable in the market. These unobservable assumptions reflect estimates of assumptions that market participants would use in pricing the asset or liability. Valuation techniques include use of option pricing models, discounted cash flow models and similar techniques.

There have been no changes in the methodologies used as of December 31, 2021 and 2020. The following methods and assumptions were used to estimate the fair value of each class of assets that are measured at fair value:

Money Market Funds: The carrying value approximates fair value.

Mutual Funds: Valued using quoted market prices which represent the net assets value of shares held by the Plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 8. CONTINGENCIES

In March 2020, the World Health Organization declared the outbreak of the novel coronavirus (COVID-19) as a pandemic, and the virus continues to spread throughout the world. Plan Management is closely monitoring the impact of the pandemic and the resulting economic downturn on all aspects of the Plan, including the potential volatility in the Plan's investment portfolio. The long-term impact of this public health crisis on the Plan will depend on future developments that are highly uncertain and difficult to predict, including among other things, the severity and duration of the pandemic, its impact on the U.S. and global economies, and the timing, scope and effectiveness of federal, state and local governmental responses. At this time, Plan Management cannot reasonably estimate the ultimate impact the COVID-19 pandemic will have on the Plan's financial condition and net assets.

NOTE 9. SUBSEQUENT EVENTS

The Plan's management has evaluated subsequent events for recognition and disclosure through September 20, 2022, which is the date the financial statements were available to be issued.
