INDEPENDENT AUDITOR'S REPORT

Plan Sponsor and Administrator
Q-Lab Corporation Retirement Plan
Westlake, Ohio

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of Q-Lab Corporation Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Q-Lab Corporation Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Q-Lab Corporation Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Q-Lab Corporation Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Q-Lab Corporation Retirement Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Q-Lab Corporation Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2021 Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Q-Lab Corporation Retirement Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by Fidelity Management Trust Company, the trustee of the Plan. In our report dated September 15, 2021, we indicated that (a) because of the significance of the information we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements, other than that derived from the certified information information certified by the trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Q-LAB CORPORATION RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2021

(With Comparative Information as of December 31, 2020)

NOTE 1 - PURPOSE AND DESCRIPTION OF PLAN

The Q-Lab Corporation Retirement Plan (the Plan), adopted in 1974, is a defined contribution plan covering all eligible personnel in the employ of Q-Lab Corporation and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). All eligible employees become participants on the first day of the month following their employment date.

The Plan includes a cash-or-deferred-arrangement provision pursuant to Section 401k of the Internal Revenue Code. Under this provision, each deferring participant may contribute up to seventy-five percent (75%) of compensation, subject to annual deferral limits with catch-up contributions for eligible participants allowed. The plan also allows for discretionary matching contributions to non-management employees in the sponsor's Florida and Arizona locations. Furthermore, the plan allows for a discretionary non-elective employer contribution. Eligibility to receive an allocation of the employer's discretionary non-elective contribution requires at least one thousand (1,000) hours of service during a plan year as well as being employed as of the last day of the plan year.

Participants should refer to the plan document for a more complete description of the Plan's provisions.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The financial statements of the Plan are prepared under the accrual method of accounting.

Contributions – The Plan provides for discretionary contributions determined by the plan sponsor annually. Allocation of the plan sponsor's contribution to eligible employees is based on participant wages. For the plan years ended December 31, 2021 and 2020, discretionary contributions to the plan were \$1,293,840 and \$297,082, respectively. As described in Note 1, the plan provides for a cash-or-deferred option. Annual average deferral percentage compliance testing may result in required distributions to certain highly compensated participants subsequent to the end of a plan year. For the plan year ended December 31, 2020, excess deferrals totaling \$12,287 were reported as a liability and a reduction against employee deferrals for the 2020 plan year. The excess deferrals were refunded to the affected participants during the first quarter of calendar year 2021.

Investment Options – Upon enrollment in the Plan, a participant may direct employer contributions to any of the investment fund options offered by the Plan. Participants may change their investment options and transfer funds between investment options daily.

Valuation of Investments – The Plan's investments in registered investment companies are stated at fair value based on the quoted market price of the funds held by the Plan at year end. Investment in a fully benefit-responsive contract in the accompanying financial statements is reported at contract value (Note 3).

YEAR ENDED DECEMBER 31, 2021

(With Comparative Information as of December 31, 2020)

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (Con't)

Participant Accounts - Each participant's account is maintained separately within the plan and is credited with their elective deferrals, employer contributions and earnings. Allocations of employer contributions, investment income and administrative expenses are based on a participant's compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting - Participants are immediately vested in contributions made pursuant to the cash-or-deferred arrangement plus earnings thereon. The Company's discretionary contribution and related earnings is subject to vesting based on the elapsed time method. The elapsed time method uses a period of service, rather than hours of service, to compute years of service for vesting purposes. A service year is based on the duration of employment by an employee with the employer and uses only whole years of service. A participant is 100% vested after six years of service or their normal retirement date. Forfeited balances of terminated participants' non-vested accounts are allocated to participants receiving an allocation of the discretionary contribution. The amount of such forfeited balances as of December 31, 2021 and 2020 totaled \$48,177 and \$60,687, respectively.

Administrative Fees - The Plan sponsor pays certain administrative fees on behalf of the Plan.

Payments of Benefits - On termination of service, death, disability, or retirement, a participant may receive a lump-sum amount equal to the vested value of their account or receive installment payments not to exceed the life expectancy of the participant or their beneficiary. Hardship distributions are not permitted.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

NOTE 3 - INVESTMENTS

The FASB issued ASU No. 2015-12, Defined Contribution Pension Plans (Topic 962: Part I) Fully Benefit-Responsive Investment contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient," which simplifies the required disclosures related to employee benefit plans. Part I eliminates the requirement to measure and disclose the fair value of fully benefit-responsive contracts. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirement to disclose individual investments which comprise 5% or more of total net assets available for benefits, as well as the net appreciation or depreciation of fair values by type.

All investment information disclosed in the accompanying financial statements and schedule, including investments held at December 31, 2021 and 2020, and net appreciation of common collective trust, pooled separate accounts, dividends, and interest for the year ended December 31, 2021, were obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company.

(With Comparative Information as of December 31, 2020)

NOTE 3 – INVESTMENTS (Con't)

The Plan's investment in the Fidelity Managed Income Portfolio, a common collective trust, is a fully benefit-responsive investment contract intended to provide preservation of principal while earning a level of interest income consistent with capital preservation while providing liquidity at contract value for participant withdrawals and transfers. Contract value, however, is the relevant measurement attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate transactions under the terms of the plan.

The following is a summary of the Plan's financial information and data certified by the Plan Custodian as complete and accurate in accordance with Section 2520.103-5(d) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA:

	<u>2021</u>	<u>2020</u>
Assets		
Registered Investment Funds	\$ 26,362,555	\$ 23,073,824
Common Collective Trust	<u>3,414,469</u>	<u>4,114,348</u>
	<u>\$ 29,777,024</u>	<u>\$ 27,188,172</u>

NOTE 4 – FAIR VALUE

Financial Accounting Standards Board ASC 820-10-05, *Fair Value Measurements* (ASC 820), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Observable inputs (other than level 1) including:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 4 – FAIR VALUE (Con't)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021.

Registered Investment Companies: Valued at the quoted market price of the mutual funds held by the plan at year end.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020.

Investments at Fair Value as of December 31, 2021

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Registered Investment Companies	<u>\$26,362,555</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$26,362,555</u>
Total Assets at Fair Value	<u>\$26,362,555</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$26,362,555</u>
Other investments measured at contract value				<u>3,414,469</u>
Total Investments				<u>\$29,777,024</u>

Investments at Fair Value as of December 31, 2020

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Registered Investment Companies	<u>\$23,073,824</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$23,073,824</u>
Total Assets at Fair Value	<u>\$23,073,824</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$23,073,824</u>
Other investments measured at contract value				<u>4,114,348</u>
Total Investments				<u>\$27,188,172</u>

The fair value amounts presented above are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits. The fair value of the fully benefit- responsive investment contract reported as other investments above is \$3,444,856 and \$4,258,450 as of December 31, 2021 and 2020, respectively.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

YEAR ENDED DECEMBER 31, 2021

(With Comparative Information as of December 31, 2020)

NOTE 5 – INCOME TAX STATUS

With the adoption of the Fidelity Volume Submitter Profit Sharing Plan with CODA (a defined contribution plan) the plan sponsor determined that it is eligible to and has chosen to rely on the volume submitter plan opinion letter. This plan received an opinion letter from the IRS stating that the form of the plan is qualified under Section 401 (a) of the Internal Revenue Code (Code), and therefore, the related trust is tax exempt. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by the IRS; however, to the Plan administrator's knowledge, there are currently no audits in progress for any tax periods.

NOTE 6 – TRANSACTIONS WITH PARTIES IN INTEREST

Transactions with parties in interest include the plan sponsor and purchases and sales of Fidelity Investments. Fees paid during the year for services rendered by Fidelity were based on customary and reasonable rates for such services. Other than as described above, the Plan has no agreements or transactions with any parties in interest.

NOTE 7 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent (100%) vested in any portion of their accounts not already fully vested.

NOTE 8 – RISKS AND UNCERTAINTIES

In March 2020, the World Health Organization declared the outbreak of the Novel Coronavirus (COVID-19) a pandemic. COVID-19 continues to affect the business environment in general. In connection therewith, the Coronavirus Aid, Relief, and Economic Security (CARES) Act signed into law on March 27, 2021 contained provisions to benefit certain eligible individuals impacted by the pandemic including easing the hardship withdrawal and loan rules. The Act also offered relief pertaining to required minimum distributions. Written amendments to the Plan to reflect those operational changes will be completed in accordance with the applicable law and IRS guidance.

NOTE 9 – SUBSEQUENT EVENTS

The Plan evaluated events occurring between the end of the plan year and September 27, 2022, the date the financial statements were available to be issued. No recognized or unrecognized subsequent events have occurred through this date.
