Independent Auditor's Report

Plan Administrator of St. John's Well Child 403(b) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of St. John's Well Child 403(b) Plan (the "Plan") an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2021 and 2020, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued (or, when applicable, one year after the date that the financial statements are available to be issued).

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is

not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 14, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and

accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

**ST. JOHN'S WELL CHILD 403(B) PLAN
NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2021 AND 2020**

1. Description of Plan

The following description of the St. John's Well Child 403(b) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

a. General

The Plan was established July 1, 2010 by St. John's Well Child & Family Center (the "Organization", "Employer" or "Plan Sponsor") to encourage and assist eligible employees of the Organization to adopt a regular program of savings to provide additional security for retirement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Effective February 3, 2020, the Plan transferred the assets from Capital Bank and Trust Company to Empower Retirement.

b. Administration

The Plan administrator is responsible for the day-to-day administration and operation of the Plan. Empower Retirement and Capital Group and Trust Company (the "trustees") are the trustees of the Plan's assets and also maintain the individual participant account balances for the years ended December 31, 2021 and 2020, respectively. The trustees have the power to administer the Plan and apply all of its provisions on behalf of the Plan Sponsor. The Plan Sponsor has the discretion to appoint or remove any trustee or agent of the Plan.

c. Eligibility

Prior to July 2017, all employees of the Organization over the age of 21 were eligible to participate in the Plan upon completion of one month of service, excluding part-time employees and students. Effective July 1, 2017, all employees are eligible for employer non-elective contributions. Full-time or part-time employees, excluding students and employees with less than 20 hours per week, are eligible to participate in the Plan and participants over the age of 21 are eligible for employer discretionary matching contributions. See Note 1e.

d. Participant Contributions

Participants may contribute to the Plan up to 100% of eligible compensation through elective, pre-tax salary deferrals, subject to the IRC limit of \$19,500 for the years ended December 31, 2021 and 2020. Upon reaching the age of 50, participants may make additional catch-up contributions limited to \$6,500 for the years ended December 31, 2021 and 2020. Participants may also make rollover contributions from other qualified plans.

e. Employer Contributions

The Employer may make discretionary employer matching or qualified non-elective contributions to the Plan each year. Effective July 2017, to be eligible for employer matching contributions, participants must be over the age of 21, employed on the date the employer allocates the contributions to the Plan, and complete a minimum of 12 consecutive months of service with 120 hours of service in each month during the Plan year. The Employer made discretionary matching contributions equal to the first 4% of employee deferrals for the years ended December 31, 2021 and 2020.

All contributions are invested in the participants' accounts according to their specified investment allocations as of the date of the contribution.

f. Participant Accounts

Individual accounts are maintained for each participant to reflect the participant's elective salary deferrals, discretionary contributions, and allocations of Plan earnings and administrative expenses. Allocations are done daily using a weighted-average of participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

g. Vesting

Participants are always 100% vested in their elective salary deferrals, catch-up contributions, rollover contributions, qualified non-elective contributions and the earnings thereon.

Prior to July 1, 2017, participants were 100% vested in discretionary employer matching contributions. Effective July 1, 2017, discretionary employer matching contributions are vested as follows:

<u>Years of Vesting</u>	<u>Percent Vested</u>
Less than 2	0%
2 but less than 3	20%
3 but less than 4	40%
4 but less than 5	60%
5 but less than 6	80%
6 or more	100%

Effective February 3, 2020, discretionary employer matching contributions are vested as follows:

<u>Years of Vesting</u>	<u>Percent Vested</u>
Less than 1	0%
1 but less than 2	20%
2 but less than 3	40%
3 but less than 4	60%
4 but less than 5	80%
5 or more	100%

h. Notes Receivable from Participants

Participants may borrow from their accounts the lesser of a) \$50,000, reduced by the highest outstanding note balance during the prior year, or b) 50% of their vested account balance, subject to a \$1,000 minimum. Notes are secured by the vested balance in the participant's account.

Note payments are made through payroll deductions over periods up to five years, unless the note is used to acquire a principal residence, in which case the term may be extended at the discretion of the Plan administrator.

Interest rates are fixed at inception of the note. As of December 31, 2021, notes mature through 2026 and bear interest between 4.25% and 6.00% per annum, which is commensurate with local prevailing rates as determined by the Plan administrator at the time of the note.

i. Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant or beneficiary may elect to receive an amount equal to the participant's vested account balance in a lump-sum payment, installment payments over the participant's or beneficiary's assumed life expectancy, roll the amount to an individual retirement account or other eligible transferee plan, or delay payment until the required beginning date of minimum distributions, depending on the value of the account. In addition, the Plan permits in-service distributions for participants who are age 59 ½ or older.

j. Hardship Withdrawals

Upon certain conditions, participants, while still employed by the Organization, are permitted to withdraw, in a single lump sum, a portion of their account balances as a result of an immediate and heavy financial need. These conditions include the payment of tax-deductible medical expenses, post-secondary education tuition for immediate family members, funeral or burial costs of immediate family members, natural disaster clean-up on the participant's primary residence, the purchase of the participant's primary residence, or to prevent eviction or foreclosure from the participant's primary residence.

k. Administrative Expenses

All reasonable expenses of administration may be paid out of the Plan assets unless paid by the Organization. Expenses, to the extent not paid by the Organization, are paid by the Plan and allocated to participants based on their account balances. Expenses that relate solely to a specific participant, such as fees for notes receivable or benefit payments, are allocated to the participant. Certain expenses are included in the transaction prices of investments bought and sold and cannot be separately quantified.

l. CARES Act

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") was signed into law. The CARES Act provided certain immediate and temporary relief for retirement plan sponsors and their participants with respect to employer contributions, distributions and participant loans. As permitted by the CARES Act, the Plan implemented the following provisions:

- Coronavirus-related distribution - qualified individuals were permitted to take a distribution in an amount up to \$100,000 from the Plan without a 10% early distribution penalty. Eligible distributions could be taken up to December 31, 2020 and may be repaid within three years.
- Participant loans - Participants with loans outstanding were permitted to defer payment on the loans that were due during 2020 to after January 1, 2021.
- Required minimum distributions ("RMDs") - RMDs were temporarily suspended for 2020.

2. Summary of Significant Accounting Policies

a. Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP") as set forth by the Financial Accounting Standards Board (the "FASB").

b. Use of Estimates

The preparation of financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the amounts of net assets available for benefits, changes therein, accompanying notes to the financial statements, and the supplemental schedule. Actual results could differ from those estimates.

c. Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction

between market participants at the measurement date. See Note 6 for discussion of fair value measurements.

Net appreciation in fair value of investments consists of the net change in unrealized gains or losses during the year and the realized gain or loss on investments sold during the year. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

d. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. If an active participant fails to make payments for more than 90 days after they are due, the note will be in default. Under certain circumstances, as indicated in the Plan document, a note that is in default may be treated as a taxable distribution from the Plan and will be included in the statements of changes in net assets available for benefits as a benefit payment.

e. Payment of Benefits

Benefits are recorded when paid.

f. Subsequent Events

The Plan administrator has evaluated subsequent events through September 22, 2022, the date the financial statements were available for issuance.

3. Information Certified by the Trustees (Unaudited)

The Plan administrator has elected the method of annual reporting compliance permitted by 103(a)(3)(C) for 2021 and 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2020. The following information included in the financial statements and supplemental schedule of assets held at end of year was provided and certified by the trustees as of December 31, 2021 and 2020 and for the years then ended as complete and accurate:

- Investments, at fair value
- Investment income
- Schedule of assets (held at end of year)
- Notes receivable from participants
- Interest received on notes receivable from participants

The classification of the investments into the appropriate levels (1, 2 or 3) as disclosed in Note 6 is not certified by the trustees and is the responsibility of Plan management.

4. Investments

All Plan investments are participant-directed and held by the trustees as of December 31, 2021 and 2020. Participants can direct their accounts among various mutual funds and a guaranteed interest fund.

5. Guaranteed Interest Fund

The Guaranteed Interest Fund ("GIF") is a general account product of Great-West Life & Annuity Insurance Company ("GWL&A"). Because the GIF is a general account product offered through a group annuity contract, participant principal and interest are fully guaranteed by the entire general account assets of GWL&A.

The investment strategy employed for this product seeks to achieve consistent returns to support a competitive credited rate. Bonds invested in the general account segment have an average maturity between three and seven years; are investment grade in quality; and are diversified across a range of fixed-income asset classes such as asset-backed securities, mortgage-backed securities, commercial mortgage-backed securities, commercial mortgages, private equity, etc.

The GIF credits interest daily to the group contract holder on a portfolio basis. The credited interest rate will only be adjusted on an annual basis. The annual credited rate applies to all money deposited in the group contract holder's GIF account, regardless of when it was deposited. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. Interest crediting rate is reset quarterly.

The average yield earned by the plan for the GIF can be derived by averaging the quarterly gross interest rates for the fund over the year. The average for 2021 and 2020 is 1.15% and 1.40%, respectively.

6. Fair Value Measurements

ASC 820, *Fair Value Measurement*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

1. Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
2. Level 2 – Inputs to the valuation methodology include:
 - o Quoted prices for similar assets or liabilities in active markets,
 - o Quoted prices for identical or similar assets or liabilities in inactive markets,
 - o Inputs other than quoted prices that are observable for the asset or liability, and
 - o Inputs that are derived principally from or corroborated by observable market data by correlation or other means.If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
3. Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for the Plan's investments at fair value. There have been no changes in the methodologies used at December 31, 2021 or 2020.

Mutual Funds

The mutual funds are valued at quoted market prices which are available on active markets and, therefore, are classified as Level 1 within the valuation hierarchy.

Guaranteed Interest Fund

The guaranteed interest fund is reported at fair value. The GIF is diversified across a range of fixed-income asset classes such as asset-backed securities, mortgage-backed securities, commercial mortgage-backed securities, private equity, etc. Although some of the fair values of the underlying investments are publicly quoted pricing inputs (Level 1), the GIF is not publicly quoted and, therefore, is classified as Level 2 within the valuation hierarchy.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021 and 2020:

Investments at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Guaranteed interest fund	\$ -	\$ 404,069	\$ -	\$ 404,069
Mutual funds	7,447,472	-	-	7,447,472
Total investments	<u>\$ 7,447,472</u>	<u>\$ 404,069</u>	<u>\$ -</u>	<u>\$ 7,851,541</u>

Investments at Fair Value as of December 31, 2020				
	Level 1	Level 2	Level 3	Total
Guaranteed interest fund	\$ -	\$ 382,273	\$ -	\$ 382,273
Mutual funds	5,065,075	-	-	5,065,075
Total investments	<u>\$ 5,065,075</u>	<u>\$ 382,273</u>	<u>\$ -</u>	<u>\$ 5,447,348</u>

7. Excess Contributions Payable

The Plan is required to return contributions received during the Plan year in excess of the IRC limits associated with certain non-discrimination tests for highly-compensated individuals and corrections for employee contribution overages. Amounts payable to participants for contributions in excess of amounts allowed by the IRC are recorded as a liability and corrective distributions in the financial statements. As of December 31, 2021 and 2020, excess contributions payable were \$87,208 and \$111,333, respectively.

8. Party-in-Interest Transactions

A party-in-interest is defined as a fiduciary or employee of the Plan, any person who provides service to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee organization, or a relative of such persons mentioned.

Certain Plan investments were managed by the trustees as of December 31, 2021 and 2020. Therefore, these investment transactions qualify as party-in-interest transactions.

Empower Retirement is an indirect wholly owned subsidiary of Great-West. Therefore, Great-West investment transactions qualify as party-in-interest transactions.

Additionally, the Plan Sponsor is a party-in-interest to the Plan. However, there were no transactions with the Plan Sponsor other than the funding of contributions to the Plan and payment for certain administrative expenses.

9. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its Employer contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Employer discretionary contributions.

10. Tax Status

The Plan utilizes a Volume Submitter Profit Sharing Plan Document which received an opinion letter dated June 30, 2020, in which the Internal Revenue Service ("IRS") stated that as of that date the Plan document was designed in compliance with the applicable IRC requirements. Plan management believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, Plan management believes that the Plan is qualified and the related trust is tax exempt as of December 31, 2021 and 2020 and for the years then ended.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

11. Risks and Uncertainties

The Plan invests in various mutual funds and a guaranteed interest fund. Investment securities, in general, are exposed to various risks such as interest

rate, credit, foreign currency and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
