INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Zodiac Seat Shells Retirement Savings and Investment Plan
Santa Maria, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of Zodiac Seat Shells Retirement Savings and Investment Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 Zodiac Seat Shells Retirement Savings and Investment Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the 2021 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2021 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Zodiac Seat Shells Retirement Savings and Investment Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matter - Plan Merger

As further discussed in Note 1 to the financial statements, the Board of Managers of Safran Seats USA LLC resolved to merge the Zodiac Seat Shells Retirement Savings and Investment Plan with and into the Zodiac Seats US Savings Plan (the "Seats Plan"), with the Seats Plan being the successor plan. All assets of Zodiac Seat Shells Retirement Savings and Investment Plan were transferred to the Seats Plan as of December 31, 2021. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Zodiac Seat Shells Retirement Savings and Investment Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the 2021 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Zodiac Seat Shells Retirement Savings and Investment Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Zodiac Seat Shells Retirement Savings and Investment Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter - 2021 Supplemental Schedule Required by ERISA

The supplemental schedule of delinquent participant contributions for the year ended December 31, 2021 (the "supplemental schedule") is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Zodiac Seat Shells Retirement Savings and Investment Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 13, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Notes to Financial Statements
December 31, 2021 and 2020

1. DESCRIPTION OF THE PLAN

The following description of Zodiac Seat Shells Retirement Savings and Investment Plan (the "Plan") provides only general information. Participants should refer to the plan documents for a more comprehensive description of the Plan's provisions.

Effective September 30, 2021, the Plan was amended and frozen to any further contributions or new participants. Additionally, the Plan was amended to change the Plan sponsor to Safran Seats USA LLC, an affiliate of Safran Seats US LLC (the "Company" or "Employer"), and the Plan administrator was changed to the Zodiac Seats Employee Benefit Plans Administrative Committee. The Board of Managers of Safran Seats USA LLC resolved to merge the Plan with and into the Zodiac Seats US Savings Plan (the "Seats Plan"), and have given effect to the merger on December 31, 2021 (the "merger date"), with the Seats Plan being the successor plan. As a result of the merger, the Plan transferred \$11,769,704 to the Seats Plan on December 31, 2021 and all participants who terminated prior to July 1, 2014, became fully vested in Employer matching contributions (see Vesting subnote).

General

The Plan is a defined contribution plan sponsored by Safran Seats USA LLC, formerly known as Zodiac Seats US LLC. In 2018, Zodiac Seats US LLC merged with Safran and changed its name to Safran Seats USA LLC. The Plan is designed to comply with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), and the Internal Revenue Code (IRC). In addition, the financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) and with ERISA.

Effective March 27, 2020, the Plan adopted the provisions of the Coronavirus Aid, Relief and Economic Security (CARES) Act related to participant notes receivable and distributions.

Eligibility

Employees of the Company who were age 18 or older were eligible to participate in the Plan ("participants" or "employees") upon their date of hire or upon the date the employee reaches the age of 18. Collectively bargained employees, employees of the Company's affiliates, non-resident aliens, leased employees, and temporary employees were not eligible for Plan participation.

Plan administration

The Plan is administered by a benefits committee, which is comprised of employees of the Company. Effective April 1, 2019, the Plan adopted the Volume Submitter 401(k) Savings/PS Plan document sponsored by an affiliate of T. Rowe Price Trust Company (the "Trustee"), the directed trustee of the Plan's assets. The Trustee is responsible for the custody of Plan assets and executing Plan investment transactions. T. Rowe Price Retirement Plan Services, Inc. serves as the Plan's recordkeeper and maintains participants' accounts and executes participant initiated transactions.

1. DESCRIPTION OF THE PLAN (continued)

Contributions

Participants could contribute on a pretax basis or an after tax basis (Roth) up to 100% of their eligible compensation, as defined by the plan documents, up to the limits of the IRC. Participants could also rollover amounts from other qualified retirement plans into the Plan. Participants who had attained age 50 before the year-end of the Plan were eligible to make catch-up contributions subject to IRC limits.

Employees were automatically enrolled in the Plan at a pre-tax deferral rate of 3% of the participant's compensation (unless the participant opted out of participation within the designated period) with an automatic increase feature which increased the pre-tax contribution rate annually by 1% per year up to the maximum of 8%.

The Company made Employer matching contributions in an amount equal to 50% of the participant's salary deferrals that did not exceed 8% of the participant's eligible compensation, as defined by the plan documents.

Participant accounts

Each participant's account was credited with the participant's contributions, rollovers, Employer matching contributions, and an allocation of the participant's investment income or losses and administrative expenses, as defined by the plan document. Allocations were based on account balances or compensation, as defined in the plan document. The benefit to which a participant was entitled is the benefit that could be provided from the participant's vested account. Participants' investment accounts were directed by the individual participant.

Vesting

Participants were fully vested in their contributions, related earnings, rollover contributions, and Employer matching contributions immediately upon participation in the Plan. Participants who terminated prior to July 1, 2014, remained on the four-year graded vesting schedule in effect prior to that date before the Plan's merger.

Payment of benefits

Upon termination of service due to death, disability, or retirement a participant was entitled to receive 100% of his or her account balance. Upon termination of employment for other reasons, a participant was entitled to receive the vested portion of his or her account balance. Benefits payable under the Plan were paid either in the form of a lump sum cash payment or in the form of periodic installment cash payments. In addition, the Plan permitted in-service withdrawals from a participant's vested account due to a substantial hardship (subject to certain penalties as defined in the plan document) or upon attaining the age 59½.

1. DESCRIPTION OF THE PLAN (continued)

Forfeitures

Forfeitures of terminated participants' balances could be used to reduce Employer matching contributions or to pay Plan expenses. Forfeited accounts available for the Company to pay Plan expenses and to reduce future matching contributions totaled \$0 and \$3,211 as of December 31, 2021, and 2020, respectively. Forfeitures in the amount of \$1,800 were used to reduce Employer matching contributions and \$120 was used to pay Plan expenses during 2021.

Administrative and investment expenses

Administrative expenses covered the routine Plan expenses for the services of lawyers, accountants, third party administrators, and other advisors. The Plan required that certain expenses related to the Plan be paid directly by the Employer, but permitted certain expenses incurred to administer the Plan to be paid from Plan assets. The Plan was not obligated to reimburse the Employer for any expenses paid on the Plan's behalf. Certain Plan investments were shares of mutual funds and a common collective trust managed by affiliates of the Trustee. Certain fees paid to the Trustee for investment management services were incorporated into the expense ratios of the Plan's individual funds and paid directly from fund earnings.

Notes receivable from participants

A participant in the Plan could request a loan from their account up to the lesser of 50% of their vested account balance or \$50,000. The repayment terms of loans could not exceed five years, except for loans used to acquire the participant's principal residence, in which case the repayment could be for a term in excess of five years but not more than 10 years. Each loan bore interest at a rate equal to the prevailing interest rates charged by persons in the business of lending money for loans made under similar circumstances. Repayments are made by payroll deduction. The maximum number of allowed loans outstanding by a participant at any time was two. All outstanding loans were transferred upon Plan merger.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with U.S. GAAP and present the Plan's net assets available for benefits and changes in those net assets.

Zodiac Seat Shells Retirement Savings and Investment Plan
Notes to Financial Statements
December 31, 2021 and 2020

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates. Significant items subject to such estimates and assumptions include the fair value of investments.

Risks and uncertainties

The Plan invested in various investment securities which were exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it was at least reasonably possible that changes in the values of investment securities occurred and that such changes materially affect participants' account balances.

Investment valuation and income recognition

The Plan's investment in mutual funds and a stable value fund are stated at fair value. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's net gains and losses on investments purchased and sold during the year as well as held at year-end.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans were reclassified as distributions based upon the terms of the plan documents. No allowance for uncollectible accounts is deemed necessary since the loan of each participant was less than the respective participant's account balance.

Contributions and receivables

Contributions from participants are recorded based on the date the contributions have been separated from a participant's pay by the Company, which is the pay date.

Employer qualified matching contributions are recorded in the year they are earned and to coincide with the year in which the Employer records the contribution in its general ledger and takes the tax deduction for the contribution. The Plan records receivables for contributions based upon the contributions recognized, less amounts received by the Plan as of the last day of the Plan year.

Notes to Financial Statements
December 31, 2021 and 2020

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Contributions and receivables (continued)

Contributions representing participant rollovers from other qualified defined benefit or defined contribution plans are recorded when received.

Payments of benefits

Benefits paid to participants are recorded as a reduction of net assets available for benefits when paid.

Administrative expenses

Administrative expenses by the Plan are recorded when incurred.

Subsequent events

The plan administrator has evaluated subsequent events through September 27, 2022, the date the financial statements were available to be issued. Plan management is not aware of any subsequent events which would require recognition or disclosure in the financial statements.

3. FAIR VALUE MEASUREMENTS

Accounting standards define fair value, establish a framework for measuring fair value, and expand disclosure about fair value measurements. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 inputs) and lowest priority to unobservable inputs (level 3 inputs). The three levels of the fair value hierarchy under U.S. GAAP are described as follows:

Level 1: Quoted prices in active markets for identical assets or liabilities.

Level 2: Observable inputs such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are not active; and model-derived valuations in which all significant input and significant value drivers are observable in active markets.

Level 3: Valuations with one or more unobservable significant inputs that reflect the reporting entity's own assumptions.

In some cases, a valuation technique used to measure fair value includes inputs from multiple levels of the fair value hierarchy. The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs to the extent possible.

Notes to Financial Statements
December 31, 2021 and 2020

3. FAIR VALUE MEASUREMENTS (continued)

The methods used to value investments may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Registered investment companies (mutual fund investments) are valued at the net asset value of shares held by the Plan at year-end which are quoted in an active market are classified within level 1 of the valuation hierarchy.

The T. Rowe Price Stable Value Common Trust Fund is considered a common collective trust (CCT). The fair value of interests in the CCT is based on the net asset value (NAV) of the fund, as a practical expedient, reflecting all underlying investments at fair value as reported by the issuer.

As of December 31, 2021 and 2020, there were no restrictions on redemptions or unfunded commitments for any of the major types of assets. The Plan held no investment assets at December 31, 2021.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets by type at fair value as of December 31, 2020:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Fair Value</u>
Mutual funds	<u>\$ 10,724,062</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 10,724,062</u>
	<u><u>\$ 10,724,062</u></u>	<u><u>\$ -</u></u>	<u><u>\$ -</u></u>	<u>10,724,062</u>
Investments measured at NAV*				<u>1,704,199</u>
				<u><u>\$ 12,428,261</u></u>

*In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

4. INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE (UNAUDITED)

The plan administrator, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of ERISA. Accordingly, as requested by the plan administrator, the Plan's auditor performed no procedures on the information certified by the Plan's Trustee, determined to be a qualified institution by the plan administrator, other than to agree the certified information to the related information included in the financial statements and schedule of assets (held at end of year).

The following information has been certified by the Plan's Trustee as accurate and complete as of December 31:

	<u>2021</u>	<u>2020</u>
Mutual funds	\$ -	\$ 10,724,062
Common collective trust,	-	<u>1,704,199</u>
	-	12,428,261
Notes receivable from participants	-	<u>456,989</u>
	<u>\$ -</u>	<u>\$ 12,885,250</u>

The following information has been certified by the Plan's Trustee as accurate and complete for the year ended December 31, 2021:

Dividends and interest	\$ 678,583
Interest on notes receivable from participants	5,191
Net appreciation in fair value of investments	783,707
Revenue credits	1,063

5. PLAN TERMINATION

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA and the terms of the plan document. In the event of Plan termination, participants would become fully vested in their accounts. See Note 1 for disclosure of Plan merger.

6. TAX STATUS

Effective April 1, 2019, the Company amended and restated the Plan and adopted the Volume Submitter 401(k) Savings/PS Plan Document ("Volume Submitter Plan") sponsored by Document Agility, Inc. which has received an opinion letter from the Internal Revenue Service dated March 31, 2014, that the form of the Volume Submitter Plan is acceptable under Section 401(a) of the IRC. The Plan has since been amended; however, the Company and Plan management believe the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Zodiac Seat Shells Retirement Savings and Investment Plan
Notes to Financial Statements
December 31, 2021 and 2020

7. RELATED PARTY AND PARTIES-IN-INTEREST

ERISA defines parties-in-interest similarly to financial accounting standards' definition of a related party, except that ERISA's definition is broader and includes all entities and individuals that provide services to the Plan; however, these entities may not necessarily be related parties. Management did not identify any related parties to the Plan that were not also considered to be parties-in-interest. The Plan did not enter into any material related party transactions during the Plan year related to compensation arrangements, expense allowances, or similar items.

Parties-in-interest are defined by ERISA as any fiduciary of the Plan, any party rendering services to the Plan, the Employer and certain others. As such, transactions conducted by the Trustee and its affiliates, including fee offset agreements, qualify as party-in-interest transactions.

Certain Plan investments were managed by the Trustee, therefore, these investment transactions qualified as exempt party-in-interest transactions. The Plan sponsor paid certain fees on behalf of the Plan. These transactions qualified as party-in-interest transactions permitted under the provisions of ERISA.

Certain fund level fees incurred by the funds in which the Plan invested for such services as investment management, shareholder services and sub-transfer agency fees were paid through fund level revenue sharing arrangements. These fees reduce fund earnings thereby impacting Plan revenue applied to participants' accounts.

The Plan received credits on a quarterly basis, from the Trustee, for any amounts earned from certain funds in excess of the revenue threshold set by the recordkeeping agreement of \$11.25 per participant per quarter. Credits in excess of the revenue threshold, if any, are shown as "revenue credits" on the statement of changes in net assets available for benefits.

The Trustee retained as compensation for services provided to the Plan, any interest on amounts earned while certain transactions are pending. This applies to both contributions and distributions. Earnings were at institutional money market rates.
