Independent Auditor's Report

The Plan Administrator and Management
Alliance Physical Therapy Group, LLC
401(k) Plan
Grand Rapids, Michigan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Alliance Physical Therapy Group, LLC 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C), which comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2021 and 2020, and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and to certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and to other additional procedures in accordance with GAAS. For information included in the

supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Alliance Physical Therapy Group, LLC 401(k) Plan

Notes to Financial Statements

1. Plan Description

The following description of the Alliance Physical Therapy Group, LLC 401(k) Plan (the Plan) provides only general information about the Plan. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan, established May 3, 2003 and amended from time-to-time since then, is a defined contribution plan covering substantially all employees of Alliance Physical Therapy Group (the Company). The Plan is subject to the provisions of the Internal Revenue Code (IRC) and the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Eligibility

Employees of the Company are immediately eligible to become participants in the Plan upon hire date. Eligible employees are automatically enrolled in the Plan at 2% of eligible compensation, unless they formally elect to opt out of the Plan or elect a different percentage. Participants become eligible to receive employer discretionary contributions upon completing a minimum of 1,000 hours of service and must be employed at year-end.

Contributions

Employees participating in the Plan can make contributions under a salary reduction plan of up to 75% of eligible compensation not to exceed the maximum allowable under the IRC. Participants who have attained age 50 before the close of the Plan year may also make catch-up contributions to the Plan. The Company may make discretionary matching contributions by applying the matching contribution formula adopted by the Company for the Plan year to each eligible participant's compensation. During the years ended December 31, 2021 and 2020, the Company did not make any matching contributions. The Company may also make annual discretionary profit-sharing contributions to the Plan. No employer discretionary profit-sharing contributions were made to the Plan for the years ended December 31, 2021 and 2020.

Participant Accounts

Each participant's account is credited with the participant's contributions, Company contributions, allocations of the Plan's earnings or losses, and administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan. Participants may direct the investment of their account balance into various investment options offered by the Plan.

Vesting

A participant is entitled to 100% of his or her account balance upon retirement, death, or total disability. Participants are immediately vested in their voluntary contributions. Effective June 14, 2019, participants are immediately vested in their employer discretionary matching contributions and employer discretionary profit-sharing contributions. Prior to this change, employer discretionary matching contributions made on the participant's behalf were based on a three-year cliff vesting schedule.

Alliance Physical Therapy Group, LLC 401(k) Plan

Notes to Financial Statements

Employer discretionary profit sharing contributions made on the participant's behalf were based on the following schedule of vesting years of service:

Years of Service	Vested (%)
Less than 1	-
1	20
2	40
3	60
4	80
5	100

Forfeitures

Prior to June 14, 2019, participants who terminated employment prior to becoming fully vested forfeited a percentage of their employer contributions. Effective June 14, 2019, participants became fully vested. The non-vested portion of the employer discretionary contributions of terminated participants will be used to reduce future employer discretionary contributions and administrative fees. During 2021 and 2020, forfeitures were utilized to offset administrative fees. At December 31, 2021 and 2020, \$25,399 and \$26,678, respectively, of forfeitures were available to offset future employer contributions and administration fees.

Payment of Benefits

Upon separation of service, death, disability, or retirement, the participants or their beneficiaries are entitled to payment of their vested benefits in the form of lump-sum distributions. All vested account balances less than \$1,000 may be distributed automatically to the participant. Terminated participants whose vested account balances are between \$1,000 and \$5,000 either receive a lump-sum withdrawal or the balance is rolled into an individual retirement account (IRA) with the Plan's trustee. The Plan allows for withdrawal prior to retirement if the participant meets certain age or hardship withdrawal requirements. Hardship withdrawals can be made only from a participant's deferral contribution accounts.

Notes Receivable from Participants

Participants may borrow from the Plan. These loans are made in amounts equal to the lesser of \$50,000 or 50% of their vested account balance and greater than \$1,000. The loans are secured by the balance in the participant's account and bear interest at rates that are commensurate with local prevailing rates, which is 4.25% on loans outstanding at December 31, 2021. Loans shall be repaid within a reasonable period of time. The notes are repaid ratably through payroll deductions over a period of five years or less, unless used to purchase a principal residence.

Administrative Expenses

Administrative fees and third-party administrator fees are paid by the Plan. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan, based on account balances. Certain additional administrative expenses of the Plan are paid by the Company.

Alliance Physical Therapy Group, LLC 401(k) Plan

Notes to Financial Statements

CARES Act

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) was enacted and signed into law. The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management has evaluated the relief provisions available to plan participants under the CARES Act and has implemented the following provisions:

- Special coronavirus distributions up to \$100,000 were allowed through December 31, 2020.
- Increase of the available loan amount to the lesser of \$100,000 or 100% of the participant's vested account balance during 2020.
- Extended the period for loan repayments, if applicable, up to one year.
- Suspended required minimum distributions for 2020.

2. Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of net assets and changes therein. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for investment options in various mutual funds. These investment securities are exposed to various risks, such as interest rate, market, liquidity, and credit risks. Due to the level of risk associated with certain investment securities and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits and participants' individual account balances.

Subsequent Events

Subsequent events have been evaluated by management through September 22, 2022, the date these financial statements were available to be issued.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value, as further described in Note 3. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Alliance Physical Therapy Group, LLC 401(k) Plan

Notes to Financial Statements

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances. Participant notes receivable are written off when deemed uncollectible and are recorded as benefits paid to participants in the statements of changes in net assets available for benefits.

Payment of Benefits

Benefits are recorded when paid.

3. Investments

In accordance with Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, the Plan utilizes a fair value hierarchy for valuation inputs that gives the highest priority to quoted prices in active markets for identical assets (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in inactive markets, and other inputs that are observable or can be corroborated by observable market data.

Level 3 - Inputs to the valuation methodology are both significant to the fair value measurement and unobservable.

The valuation methodology used to measure the fair value of the Plan's investments is as follows:

Mutual Funds - The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

The Plan's valuation method may result in a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Although Plan management believes the valuation method is appropriate and consistent with the market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments, at fair value	\$ 29,566,394	\$ -	\$ -	\$ 29,566,394

4. Certified Investment Information

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants, as shown in the accompanying statements of net assets available for benefits as of December 31, 2021 and 2020.
- Investment income and interest income on notes receivable from participants, as shown in the accompanying statements of changes in net assets available for benefits for the years ended December 31, 2021 and 2020.
- Investment information included in the Schedule of Assets (Held at End of Year) as of December 31, 2021, as shown on the ERISA-required supplemental schedule.

At the request of the Plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

5. Related Party Transactions

Certain mutual fund investments are managed by Fidelity Investments, Inc., an affiliate of the Plan trustee, and, therefore, these transactions qualify as party-in-interest transactions. Notes receivable from participants held by the Plan are also considered party-in-interest transactions. Recordkeeping fees for the administration of the Plan were paid for by the Plan. Investment management fees are paid for by the Plan to investment managers who qualify as parties-in-interest. These investment management fees are reflected in the financial statements as a reduction of the return on the Plan's investments.

Alliance Physical Therapy Group, LLC 401(k) Plan

Notes to Financial Statements

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions and earnings thereon.

7. Tax Status

The Internal Revenue Service issued an opinion letter dated June 30, 2020 indicating that the pre-approved defined contribution plan document adopted by the Plan, as then-designed, was in compliance with applicable requirements of the IRC. Although the Plan has been amended from the original volume submitter document, Plan management believes that the Plan is currently being operated in accordance with the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

The Plan Administrator and Management
Alliance Physical Therapy Group, LLC
401(k) Plan
Grand Rapids, Michigan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Alliance Physical Therapy Group, LLC 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C), which comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2021 and 2020, and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and to certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and to other additional procedures in accordance with GAAS. For information included in the

supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

1. Plan Description

The following description of the Alliance Physical Therapy Group, LLC 401(k) Plan (the Plan) provides only general information about the Plan. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan, established May 3, 2003 and amended from time-to-time since then, is a defined contribution plan covering substantially all employees of Alliance Physical Therapy Group (the Company). The Plan is subject to the provisions of the Internal Revenue Code (IRC) and the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Eligibility

Employees of the Company are immediately eligible to become participants in the Plan upon hire date. Eligible employees are automatically enrolled in the Plan at 2% of eligible compensation, unless they formally elect to opt out of the Plan or elect a different percentage. Participants become eligible to receive employer discretionary contributions upon completing a minimum of 1,000 hours of service and must be employed at year-end.

Contributions

Employees participating in the Plan can make contributions under a salary reduction plan of up to 75% of eligible compensation not to exceed the maximum allowable under the IRC. Participants who have attained age 50 before the close of the Plan year may also make catch-up contributions to the Plan. The Company may make discretionary matching contributions by applying the matching contribution formula adopted by the Company for the Plan year to each eligible participant's compensation. During the years ended December 31, 2021 and 2020, the Company did not make any matching contributions. The Company may also make annual discretionary profit-sharing contributions to the Plan. No employer discretionary profit-sharing contributions were made to the Plan for the years ended December 31, 2021 and 2020.

Participant Accounts

Each participant's account is credited with the participant's contributions, Company contributions, allocations of the Plan's earnings or losses, and administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan. Participants may direct the investment of their account balance into various investment options offered by the Plan.

Vesting

A participant is entitled to 100% of his or her account balance upon retirement, death, or total disability. Participants are immediately vested in their voluntary contributions. Effective June 14, 2019, participants are immediately vested in their employer discretionary matching contributions and employer discretionary profit-sharing contributions. Prior to this change, employer discretionary matching contributions made on the participant's behalf were based on a three-year cliff vesting schedule.

Alliance Physical Therapy Group, LLC 401(k) Plan

Notes to Financial Statements

Employer discretionary profit sharing contributions made on the participant's behalf were based on the following schedule of vesting years of service:

Years of Service	Vested (%)
Less than 1	-
1	20
2	40
3	60
4	80
5	100

Forfeitures

Prior to June 14, 2019, participants who terminated employment prior to becoming fully vested forfeited a percentage of their employer contributions. Effective June 14, 2019, participants became fully vested. The non-vested portion of the employer discretionary contributions of terminated participants will be used to reduce future employer discretionary contributions and administrative fees. During 2021 and 2020, forfeitures were utilized to offset administrative fees. At December 31, 2021 and 2020, \$25,399 and \$26,678, respectively, of forfeitures were available to offset future employer contributions and administration fees.

Payment of Benefits

Upon separation of service, death, disability, or retirement, the participants or their beneficiaries are entitled to payment of their vested benefits in the form of lump-sum distributions. All vested account balances less than \$1,000 may be distributed automatically to the participant. Terminated participants whose vested account balances are between \$1,000 and \$5,000 either receive a lump-sum withdrawal or the balance is rolled into an individual retirement account (IRA) with the Plan's trustee. The Plan allows for withdrawal prior to retirement if the participant meets certain age or hardship withdrawal requirements. Hardship withdrawals can be made only from a participant's deferral contribution accounts.

Notes Receivable from Participants

Participants may borrow from the Plan. These loans are made in amounts equal to the lesser of \$50,000 or 50% of their vested account balance and greater than \$1,000. The loans are secured by the balance in the participant's account and bear interest at rates that are commensurate with local prevailing rates, which is 4.25% on loans outstanding at December 31, 2021. Loans shall be repaid within a reasonable period of time. The notes are repaid ratably through payroll deductions over a period of five years or less, unless used to purchase a principal residence.

Administrative Expenses

Administrative fees and third-party administrator fees are paid by the Plan. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan, based on account balances. Certain additional administrative expenses of the Plan are paid by the Company.

Notes to Financial Statements

CARES Act

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) was enacted and signed into law. The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management has evaluated the relief provisions available to plan participants under the CARES Act and has implemented the following provisions:

- Special coronavirus distributions up to \$100,000 were allowed through December 31, 2020.
- Increase of the available loan amount to the lesser of \$100,000 or 100% of the participant's vested account balance during 2020.
- Extended the period for loan repayments, if applicable, up to one year.
- Suspended required minimum distributions for 2020.

2. Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of net assets and changes therein. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for investment options in various mutual funds. These investment securities are exposed to various risks, such as interest rate, market, liquidity, and credit risks. Due to the level of risk associated with certain investment securities and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits and participants' individual account balances.

Subsequent Events

Subsequent events have been evaluated by management through September 22, 2022, the date these financial statements were available to be issued.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value, as further described in Note 3. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes to Financial Statements

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances. Participant notes receivable are written off when deemed uncollectible and are recorded as benefits paid to participants in the statements of changes in net assets available for benefits.

Payment of Benefits

Benefits are recorded when paid.

3. Investments

In accordance with Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, the Plan utilizes a fair value hierarchy for valuation inputs that gives the highest priority to quoted prices in active markets for identical assets (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in inactive markets, and other inputs that are observable or can be corroborated by observable market data.

Level 3 - Inputs to the valuation methodology are both significant to the fair value measurement and unobservable.

The valuation methodology used to measure the fair value of the Plan's investments is as follows:

Mutual Funds - The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

The Plan's valuation method may result in a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Although Plan management believes the valuation method is appropriate and consistent with the market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Certified Investment Information

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants, as shown in the accompanying statements of net assets available for benefits as of December 31, 2021 and 2020.
- Investment income and interest income on notes receivable from participants, as shown in the accompanying statements of changes in net assets available for benefits for the years ended December 31, 2021 and 2020.
- Investment information included in the Schedule of Assets (Held at End of Year) as of December 31, 2021, as shown on the ERISA-required supplemental schedule.

At the request of the Plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

5. Related Party Transactions

Certain mutual fund investments are managed by Fidelity Investments, Inc., an affiliate of the Plan trustee, and, therefore, these transactions qualify as party-in-interest transactions. Notes receivable from participants held by the Plan are also considered party-in-interest transactions. Recordkeeping fees for the administration of the Plan were paid for by the Plan. Investment management fees are paid for by the Plan to investment managers who qualify as parties-in-interest. These investment management fees are reflected in the financial statements as a reduction of the return on the Plan's investments.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions and earnings thereon.

7. Tax Status

The Internal Revenue Service issued an opinion letter dated June 30, 2020 indicating that the pre-approved defined contribution plan document adopted by the Plan, as then-designed, was in compliance with applicable requirements of the IRC. Although the Plan has been amended from the original volume submitter document, Plan management believes that the Plan is currently being operated in accordance with the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
