INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of
Kids Count, Inc. Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of the Kids Count, Inc. Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of assets available for benefits as of December 31, 2021, and the related statement of changes in assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the statements or information regarding assets so held are prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 2 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the 2021 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP); and
- the information in the 2021 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2021 financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of assets held for investment purposes at December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial

statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Report on the 2020 Financial Statements

We were engaged to audit the statement of assets available for benefits of the Plan as of December 31, 2020 and the statement of changes in assets available for benefits for the year then ended. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by the qualified institution. Our audit report, dated October 8, 2021, indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an opinion and, accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the information certified by the qualified institution were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

KIDS COUNT, INC. RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following description of the Kids Count, Inc. Retirement Savings Plan (the "Plan") is provided for general information purposes only. Plan participants should refer to the plan document or summary plan description for more complete information.

General - The Plan, established May 1, 2006 and amended and restated effective April 1, 2021, is a contributory, defined contribution plan established to provide benefits upon retirement or permanent disability to eligible participating employees of KC 1 Inc. (formerly Kids Count, Inc.) and Family Psychological Associates, LTD (the "Companies") or to their beneficiaries upon death of the participant. The Plan is administered by the Companies and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

CARES Act - The Coronavirus Aid, Relief and Economic Security ("CARES") Act contains several provisions related to employee benefit plans, none of which impacted the Plan for the year ended December 31, 2021 or 2020.

Eligibility - The Plan is available to all employees of the Companies who meet the eligibility requirements. Eligible employees are those who have completed three months of service and are older than age 21. Employees become eligible beginning on the first day of the month that coincides with the date that they meet the eligibility requirements.

Contributions - Participants may elect to contribute a portion of their compensation each year to the Plan via salary deferrals, subject to certain limitations under the Internal Revenue Code. Employee contributions are recorded in the period during which payroll deductions are withheld from the Plan participants' earnings.

The Companies match, under a safe harbor provision, 100% of the first 3% plus 50% of the next 2% of each participant's deferred compensation. The Companies may also make discretionary nonelective contributions based on a percentage of compensation. There were no nonelective contributions for the year ended December 31, 2021 or 2020.

Participant Accounts - Each participant's account is credited with participant contributions, employer contributions and an allocation of earnings of the elected investment fund(s). Allocations of fund earnings to the participant accounts are based upon the ratio of each participant's account balance to the total of all participant account balances in the fund. The benefit to which a participant is entitled is the value of the participant's vested account.

Investment Options - Participants may direct their contributions and employer contributions into various investment options and may change their investment options at any time.

Vesting - Participants are immediately vested in their voluntary contributions and safe harbor contributions plus actual earnings thereon. Discretionary nonelective employer contributions plus actual earnings thereon vest in accordance with the following schedule:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 2	0 %
2, but less than 3	20 %
3, but less than 4	40 %
4, but less than 5	60 %
5, but less than 6	80 %
6 or more	100 %

Participants are 100% vested in the event of total disability, death or upon reaching retirement age.

Payment of Benefits - On termination of service or upon attainment of age 59½, and subject to certain restrictions, a participant may elect to receive an amount equal to, or less than, the value of the participant's vested interest in his or her account in the form of a lump-sum payment, subject to tax withholding requirements; a qualified rollover; or installment payments. The Plan further provides for hardship withdrawals except that account balances resulting from certain types of contributions are not eligible. Benefits are reflected when they have been approved for payment and are paid by the Plan.

Forfeitures - When a participant withdraws from the Plan prior to becoming fully vested, the nonvested portion of the participant's account related to employer contributions may be utilized to reduce administrative expenses of the Plan or reduce future contributions from the Companies. Forfeitures were not significant for the years ended December 31, 2021 and 2020.

Administrative Expenses - The administrative expenses of the Plan are paid by the Companies.

Basis of Accounting - The accompanying financial statements of the Plan are presented on the accrual basis of accounting using accounting principles generally accepted in the United States (U.S. GAAP).

Use of Estimates - The preparation of financial statements in conformity with U.S. GAAP requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and disclosure of contingent assets and liabilities, if any, at the dates of the financial

statements and the reported amounts of changes in net assets during the reporting periods. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are carried at their fair value based on published quotations or, in the absence of readily ascertainable market values, at such values as the custodian determines. Interest, dividends and capital gain distributions are recorded as earned. Purchases and sales of securities are reflected on a trade-date basis. Any gain or loss on sales of securities is based on the specific cost of the securities sold.

The Plan presents net appreciation or depreciation in the fair value of its investments, which consists of the realized gains and losses and the net unrealized appreciation or depreciation on those investments in the statement of changes in assets available for benefits.

The Plan's group annuity contracts are reported at contract value, which is the relevant measurement attribute because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan (see Note 5).

Fair Value Measurements - U.S. GAAP establishes a framework for measuring fair value, which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | Inputs are not quoted prices in active markets but they are observable either directly or indirectly. |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The valuation techniques need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The pooled separate accounts are valued at net asset value, which approximates fair value because the pooled separate accounts can be traded on a daily basis at net asset value and because the net asset value is based on the closing prices of the underlying investments as reported on their respective active markets (level 1).

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair

value. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting dates.

Plan assets are composed of various investment securities, which are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in statements of assets available for benefits and the statement of changes in assets available for benefits.

Notes Receivable from Participants - The Plan administrator may authorize a loan to a participant for an amount not to exceed the lesser of 50% of the vested balance of the participant's account or \$50,000 from their account. Loans must be at least \$1,000 and are secured by the vested balance in the participant's account. Notes receivable documenting the loans bear interest at a rate similar to the rate charged for a loan made under similar circumstances by persons in the business of lending money. The notes are generally required to be repaid over a five-year period in equal installments; however, the term may be extended if the intended use of the funds is to acquire a principal residence. There were \$96,682 and \$49,314 in notes receivable from participants at December 31, 2021 and 2020, respectively. Interest rates on outstanding loans at December 31, 2021 and 2020 ranged from 3.25% to 5.50%.

Subsequent Events - Management has evaluated subsequent events through October 3, 2022, the date which the financial statements were available to be issued.

2. CERTIFIED FINANCIAL INFORMATION

The plan administrator elected the method of annual reporting compliance permitted by 29 CFR 2520.103-5 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the following information included in the accompanying financial statements was certified as complete and accurate by Great-West Life & Annuity Insurance Company (Great West) as of and for the year ended December 31, 2021 and Mass Mutual Life Insurance Company (Mass Mutual) as of and for the year ended December 31, 2020. Great West is an affiliate of Empower Retirement, which acquired the Plan's previous custodian, Mass Mutual .

- Investments and notes receivable from participants as shown in the statements of assets available for benefits.
- Investment activity and interest income on notes receivable as shown in the statements of changes in assets available for benefits.

- The schedule of assets held for investment purposes as shown on the accompanying supplemental schedule.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements as of and for the years ended December 31, 2021 and 2020 and the supplemental schedule of assets held for investment purposes as of December 31, 2021.

3. TAX STATUS

The Plan is in the form of a non-standardized, pre-approved plan which has been approved by the Internal Revenue Service. The Companies believe that the Plan is designed and currently being operated in compliance with the applicable provisions of the Internal Revenue Code. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

Management believes that there is no liability related to uncertain tax positions at December 31, 2021 or 2020. The Plan is subject to tax examination for all years subsequent to December 31, 2018.

4. PLAN TERMINATION

Although it has not expressed any intention to do so, the Companies reserve the right under the Plan to discontinue contributions at any time and to terminate the Plan. Any termination of the Plan cannot adversely affect the vested benefits accrued by the participants prior to the date of termination. The participants' interests in the Plan as of the date of the termination become fully vested and nonforfeitable.

5. GROUP ANNUITY CONTRACT WITH INSURANCE COMPANY

The Plan holds a fully benefit-responsive group annuity contract with Mass Mutual, which maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Mass Mutual is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the group annuity contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the assets available for benefits attributable to the group annuity contract. Contract value, as reported to the Plan by Mass Mutual, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the Plan's ability to transact at contract value with Mass Mutual. Such events include the following: (a) amendments to the

plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974. The plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The group annuity contract does not permit Mass Mutual to terminate the agreement prior to the scheduled maturity date.

6. RECONCILIATION OF THE FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of the accrual basis financial statements as of and for the year ended December 31, 2021 to Form 5500, prepared using the cash basis of accounting:

Assets available for benefits as reflected in the financial statements	\$ 4,969,732
Contributions receivable	<u>(11,679)</u>
Assets available for benefits per Form 5500	<u>\$ 4,958,053</u>
Increase in assets available for benefits, as reflected in the financial statements	\$ 831,980
Contributions receivable, end of year	<u>(11,679)</u>
Increase in assets available for benefits per Form 5500	<u>\$ 820,301</u>

Additionally, there are minor classification differences between the financial statements and Form 5500 in various income and expense categories.

The assets available for benefits as of December 31, 2020 and the net change in assets available for benefits for the year then ended are consistent with the respective Form 5500.

7. RELATED PARTIES AND PARTIES-IN-INTEREST

Great West serves as the custodian of the Plan and also provides access to certain investments and, accordingly, is considered a party-in-interest.

Neither the Companies nor the employees of the Companies involved in administering the Plan receive any compensation from the Plan.

Fee and Compensation Disclosure Report

Please refer to the plan's ERISA Section 408(b)(2) Disclosure materials, including the 408(b)(2) Disclosure Statement(s), Investment Option Disclosure(s), Service Agreement and Contract Amendments and 408(b)(2) Disclosure Statement Change Notices (the "408(b)(2) Disclosure Materials") previously delivered to you. You can also access copies of your 408(b)(2) Disclosure Materials through your MassMutual plan sponsor portal or you can contact your account manager for assistance.

The 408(b)(2) Disclosure Materials and this document, together, can assist a plan administrator ("you") in completing the Form 5500 Schedule C¹ by identifying different types of services and the different types of compensation paid with respect to the product utilized by your plan.

As permitted under the Schedule C rules, compensation is disclosed in the attached report as an actual dollar amount, an estimate or a formula or rate.

- Where an actual dollar amount of compensation is disclosed, no further notation regarding compensation calculations is generally provided.
- Where an estimate of the compensation amount is disclosed, we have used a reasonable method to arrive at the estimate and we have described the method used to arrive at the estimated amount.
- Where a formula or rate is provided to report compensation, we have used a reasonable method to arrive at the estimate and we have described the method used to arrive at the estimated amount. This formula or rate may be disclosed to describe the compensation to which it applies under the Schedule C rules. Alternatively, for purposes of Schedule C disclosure or in connection with your fiduciary review of the compensation paid with respect to the services, products and investment options utilized by the plan, you may calculate and disclose an actual or estimated dollar amount by multiplying the rate by the total assets to which it applies.

Please note that, unless otherwise indicated in the descriptions contained in this report, direct compensation is presented on a plan year basis 01/01/2021 - 12/31/2021 and indirect compensation is presented on a calendar year basis ending 12/31/2021.

This report includes compensation actually paid to or by MassMutual within the indicated plan year as part of your MassMutual-serviced product. *(Note: If the plan year period or plan year end indicated in this Schedule C reporting package is incorrect, please notify your MassMutual customer service representative immediately).* This report does not include amounts deducted from plan assets and paid to third parties (other than MassMutual). In addition, the report does not include compensation related to investments held by the plan that are not serviced on our recordkeeping system. You should contact your other service providers for reportable compensation information. You may also receive information on the compensation reported here from other service providers as is described below.

Please note that we have provided suggested service codes (based on the information in our records) with respect to services provided through our product. Please review all Schedule C and other Form 5500 materials with your experienced benefits counsel and other professionals to determine the most appropriate codes for your plan. In addition, please note that because plans with fewer than 100 participants (as of the beginning of the plan year) are generally not required to file Schedule C, you should refer to the instructions provided by the IRS for Schedule C and/or review the applicability of Schedule C to your plan with your experienced tax/benefits counsel, to determine whether it is necessary for the plan to report the information contemplated by this report.

Please contact your MassMutual Service Team should you require additional information regarding the compensation paid to or by MassMutual with respect to your plan.

Information provided in this document and related materials we provide are not intended to be and shall not be deemed tax advice, tax form preparation services, legal advice, advice to plans regarding compliance with ERISA reporting compliance, or accounting or other professional services. As described above, the information contained in this report may not cover all of the compensation received by the plan's service providers. We strongly encourage you to review all Schedule C and other Form 5500 materials with experienced benefits counsel and other professionals.

¹Please refer to the Schedule C of the Form 5500 and its instructions (available at: <http://www.dol.gov/ebsa/5500main.html>), and please confer with experienced benefits counsel and other professionals, to determine the applicability of Schedule C to your plan.

KIDS COUNT, INC. RETIREMENT SAVINGS PLAN (029892)
EIN #: 25-1878850

Important Note: On December 31, 2020, Empower Retirement acquired the retirement business of Massachusetts Mutual Life Insurance Company ("MassMutual"). Following an initial transition period, Empower Retirement will become the sole administrator of this business. If the Plan utilizes an insurance product and the contract was issued by MassMutual, this material is being provided to you by Great-West Life & Annuity Insurance Company, affiliated with Empower Retirement, with respect to Empower Retirement's role as the administrator of this business, on MassMutual's behalf and pursuant to a Power of Attorney granted to Great-West Life & Annuity Insurance Company by MassMutual. If the Plan utilizes an insurance product and the contract was issued by Talcott Resolution Life Insurance Company ("Talcott", formerly named Hartford Life Insurance Company) and formerly administered by MassMutual, this material is being provided to you by Great-West Life & Annuity Insurance Company, affiliated with Empower Retirement, with respect to Empower Retirement's role as the administrator of this business pursuant to a Power of Attorney granted to Great-West Life & Annuity Insurance Company by Talcott. Empower Retirement refers to the products and services offered by Great-West Life & Annuity Insurance Company ("GWLA") and its subsidiaries, including Empower Retirement, LLC. Neither Great-West Life & Annuity Insurance Company nor Empower Retirement is affiliated with MassMutual, Talcott or their respective affiliates.

Important Note: The information in this document is applicable to the plan prior to transitioning recordkeeping platforms.

Please note that, unless otherwise indicated in the descriptions contained in this report, direct compensation is presented on a plan year basis 01/01/2021 - 12/31/2021 and indirect compensation is presented on a calendar year basis ending 12/31/2021.

Total Direct Compensation Paid **\$1,364.00**

The total amount identified above reflects all fees deducted from plan assets at the plan administrator's direction for the plan year. Service providers which have received portions of these direct fees are listed below, along with the amount of fees they received. Please note that if there is a discrepancy between the total direct fees reported above and the sum of the direct fees reported below, you should contact your other service providers or your plan records to identify the recipient(s) of the fees and any other information relevant to your Schedule C filing.

Recipient: Great-West Life & Annuity Insurance Company ("GWLA") EIN: 84-0467907

Service Codes: 15, 23, 37, 38, 54, 55, 59, 60, 62, 63, 64, 65, 66, 99, 50 (if direct compensation amount reflected below)

Direct Compensation **\$1,364.00**

The total amount identified above reflects fees deducted from plan assets at the plan administrator's direction for the 2021 plan year for the above named recipient. Please review other service providers, below, to determine whether direct fees were also paid to them. Also, please review your records to determine whether other service providers may have received any compensation not reported below (e.g., a reimbursement paid to any plan fiduciary, your employee benefits counsel, or a plan auditor).

Note: Due to system accounting protocols (including 'cash basis' accounting), amounts reported as Direct Compensation and amounts reported as paid to Massachusetts Mutual Life Insurance Company ("MMLIC") are the net result of aggregating direct compensation after the effects of adjustments processed in 2021, some of which may have pertained to prior years.

Please review the detailed breakdown at the end of the report for further information.

Indirect Compensation

Non Monetary Compensation

Please note that items of nonmonetary compensation need to be reported for Schedule A or C (Form 5500) purposes if they exceed certain *de minimus* amounts. Transactions generating nonmonetary compensation may include gifts, gratuities, or certain types of in-kind benefits. In addition, if applicable to the plan, MassMutual agents may qualify for certain forms of non-monetary compensation as a result of the sale of MassMutual contracts. These forms of non-monetary compensation include health, vision, life and disability coverage; matching contributions to 401(k) plans; cash balance and nonqualified pension plan contributions; participation at MassMutual-sponsored conferences based on recognition; and other non-monetary compensation (meals, entertainment, prizes, awards, gifts). If applicable, each plan in the agent's book of business is allocated compensation based on a pro rata basis using the number of plans representing the agent's book of business as of 12/31/2021. Information concerning reportable transactions undertaken between or among non-MassMutual parties may not be available to MassMutual. Please consult with your legal or tax advisors if you have any questions.

Under the variable investment options available through your plan's group annuity contract or funding agreement, contract values are

invested in insurance company separate accounts that, in turn, invest in underlying registered investment companies (i.e., mutual funds) and collective investment funds.

The above list includes any investment option held by the plan on at least one month end during the 2021 calendar year. To arrive at an estimate of the dollar amount that MassMutual received from each investment option, multiply the rate of fees received from each investment option by your plan's year-end balance (or if the investment option was liquidated prior to year end, the balance on the liquidation date) and, if applicable, the per participant fee by the number of participants in the investment option at year end (or the liquidation date if earlier). This will be an estimate because your plan's balance and number of participants will vary over the course of the year, so the year-end balance and number of participants may be higher or lower than the daily balance. In addition, these fees are calculated on a daily basis.

INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of
Kids Count, Inc. Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of the Kids Count, Inc. Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of assets available for benefits as of December 31, 2021, and the related statement of changes in assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the statements or information regarding assets so held are prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 2 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the 2021 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP); and
- the information in the 2021 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2021 financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of assets held for investment purposes at December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial

statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Report on the 2020 Financial Statements

We were engaged to audit the statement of assets available for benefits of the Plan as of December 31, 2020 and the statement of changes in assets available for benefits for the year then ended. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by the qualified institution. Our audit report, dated October 8, 2021, indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an opinion and, accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the information certified by the qualified institution were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

KIDS COUNT, INC. RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following description of the Kids Count, Inc. Retirement Savings Plan (the "Plan") is provided for general information purposes only. Plan participants should refer to the plan document or summary plan description for more complete information.

General - The Plan, established May 1, 2006 and amended and restated effective April 1, 2021, is a contributory, defined contribution plan established to provide benefits upon retirement or permanent disability to eligible participating employees of KC 1 Inc. (formerly Kids Count, Inc.) and Family Psychological Associates, LTD (the "Companies") or to their beneficiaries upon death of the participant. The Plan is administered by the Companies and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

CARES Act - The Coronavirus Aid, Relief and Economic Security ("CARES") Act contains several provisions related to employee benefit plans, none of which impacted the Plan for the year ended December 31, 2021 or 2020.

Eligibility - The Plan is available to all employees of the Companies who meet the eligibility requirements. Eligible employees are those who have completed three months of service and are older than age 21. Employees become eligible beginning on the first day of the month that coincides with the date that they meet the eligibility requirements.

Contributions - Participants may elect to contribute a portion of their compensation each year to the Plan via salary deferrals, subject to certain limitations under the Internal Revenue Code. Employee contributions are recorded in the period during which payroll deductions are withheld from the Plan participants' earnings.

The Companies match, under a safe harbor provision, 100% of the first 3% plus 50% of the next 2% of each participant's deferred compensation. The Companies may also make discretionary nonelective contributions based on a percentage of compensation. There were no nonelective contributions for the year ended December 31, 2021 or 2020.

Participant Accounts - Each participant's account is credited with participant contributions, employer contributions and an allocation of earnings of the elected investment fund(s). Allocations of fund earnings to the participant accounts are based upon the ratio of each participant's account balance to the total of all participant account balances in the fund. The benefit to which a participant is entitled is the value of the participant's vested account.

Investment Options - Participants may direct their contributions and employer contributions into various investment options and may change their investment options at any time.

Vesting - Participants are immediately vested in their voluntary contributions and safe harbor contributions plus actual earnings thereon. Discretionary nonelective employer contributions plus actual earnings thereon vest in accordance with the following schedule:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 2	0 %
2, but less than 3	20 %
3, but less than 4	40 %
4, but less than 5	60 %
5, but less than 6	80 %
6 or more	100 %

Participants are 100% vested in the event of total disability, death or upon reaching retirement age.

Payment of Benefits - On termination of service or upon attainment of age 59½, and subject to certain restrictions, a participant may elect to receive an amount equal to, or less than, the value of the participant's vested interest in his or her account in the form of a lump-sum payment, subject to tax withholding requirements; a qualified rollover; or installment payments. The Plan further provides for hardship withdrawals except that account balances resulting from certain types of contributions are not eligible. Benefits are reflected when they have been approved for payment and are paid by the Plan.

Forfeitures - When a participant withdraws from the Plan prior to becoming fully vested, the nonvested portion of the participant's account related to employer contributions may be utilized to reduce administrative expenses of the Plan or reduce future contributions from the Companies. Forfeitures were not significant for the years ended December 31, 2021 and 2020.

Administrative Expenses - The administrative expenses of the Plan are paid by the Companies.

Basis of Accounting - The accompanying financial statements of the Plan are presented on the accrual basis of accounting using accounting principles generally accepted in the United States (U.S. GAAP).

Use of Estimates - The preparation of financial statements in conformity with U.S. GAAP requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and disclosure of contingent assets and liabilities, if any, at the dates of the financial

statements and the reported amounts of changes in net assets during the reporting periods. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are carried at their fair value based on published quotations or, in the absence of readily ascertainable market values, at such values as the custodian determines. Interest, dividends and capital gain distributions are recorded as earned. Purchases and sales of securities are reflected on a trade-date basis. Any gain or loss on sales of securities is based on the specific cost of the securities sold.

The Plan presents net appreciation or depreciation in the fair value of its investments, which consists of the realized gains and losses and the net unrealized appreciation or depreciation on those investments in the statement of changes in assets available for benefits.

The Plan's group annuity contracts are reported at contract value, which is the relevant measurement attribute because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan (see Note 5).

Fair Value Measurements - U.S. GAAP establishes a framework for measuring fair value, which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | Inputs are not quoted prices in active markets but they are observable either directly or indirectly. |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The valuation techniques need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The pooled separate accounts are valued at net asset value, which approximates fair value because the pooled separate accounts can be traded on a daily basis at net asset value and because the net asset value is based on the closing prices of the underlying investments as reported on their respective active markets (level 1).

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair

value. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting dates.

Plan assets are composed of various investment securities, which are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in statements of assets available for benefits and the statement of changes in assets available for benefits.

Notes Receivable from Participants - The Plan administrator may authorize a loan to a participant for an amount not to exceed the lesser of 50% of the vested balance of the participant's account or \$50,000 from their account. Loans must be at least \$1,000 and are secured by the vested balance in the participant's account. Notes receivable documenting the loans bear interest at a rate similar to the rate charged for a loan made under similar circumstances by persons in the business of lending money. The notes are generally required to be repaid over a five-year period in equal installments; however, the term may be extended if the intended use of the funds is to acquire a principal residence. There were \$96,682 and \$49,314 in notes receivable from participants at December 31, 2021 and 2020, respectively. Interest rates on outstanding loans at December 31, 2021 and 2020 ranged from 3.25% to 5.50%.

Subsequent Events - Management has evaluated subsequent events through October 3, 2022, the date which the financial statements were available to be issued.

2. CERTIFIED FINANCIAL INFORMATION

The plan administrator elected the method of annual reporting compliance permitted by 29 CFR 2520.103-5 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the following information included in the accompanying financial statements was certified as complete and accurate by Great-West Life & Annuity Insurance Company (Great West) as of and for the year ended December 31, 2021 and Mass Mutual Life Insurance Company (Mass Mutual) as of and for the year ended December 31, 2020. Great West is an affiliate of Empower Retirement, which acquired the Plan's previous custodian, Mass Mutual.

- Investments and notes receivable from participants as shown in the statements of assets available for benefits.
- Investment activity and interest income on notes receivable as shown in the statements of changes in assets available for benefits.

- The schedule of assets held for investment purposes as shown on the accompanying supplemental schedule.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements as of and for the years ended December 31, 2021 and 2020 and the supplemental schedule of assets held for investment purposes as of December 31, 2021.

3. TAX STATUS

The Plan is in the form of a non-standardized, pre-approved plan which has been approved by the Internal Revenue Service. The Companies believe that the Plan is designed and currently being operated in compliance with the applicable provisions of the Internal Revenue Code. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

Management believes that there is no liability related to uncertain tax positions at December 31, 2021 or 2020. The Plan is subject to tax examination for all years subsequent to December 31, 2018.

4. PLAN TERMINATION

Although it has not expressed any intention to do so, the Companies reserve the right under the Plan to discontinue contributions at any time and to terminate the Plan. Any termination of the Plan cannot adversely affect the vested benefits accrued by the participants prior to the date of termination. The participants' interests in the Plan as of the date of the termination become fully vested and nonforfeitable.

5. GROUP ANNUITY CONTRACT WITH INSURANCE COMPANY

The Plan holds a fully benefit-responsive group annuity contract with Mass Mutual, which maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Mass Mutual is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the group annuity contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the assets available for benefits attributable to the group annuity contract. Contract value, as reported to the Plan by Mass Mutual, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the Plan's ability to transact at contract value with Mass Mutual. Such events include the following: (a) amendments to the

plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974. The plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The group annuity contract does not permit Mass Mutual to terminate the agreement prior to the scheduled maturity date.

6. RECONCILIATION OF THE FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of the accrual basis financial statements as of and for the year ended December 31, 2021 to Form 5500, prepared using the cash basis of accounting:

Assets available for benefits as reflected in the financial statements	\$ 4,969,732
Contributions receivable	<u>(11,679)</u>
Assets available for benefits per Form 5500	<u>\$ 4,958,053</u>
Increase in assets available for benefits, as reflected in the financial statements	\$ 831,980
Contributions receivable, end of year	<u>(11,679)</u>
Increase in assets available for benefits per Form 5500	<u>\$ 820,301</u>

Additionally, there are minor classification differences between the financial statements and Form 5500 in various income and expense categories.

The assets available for benefits as of December 31, 2020 and the net change in assets available for benefits for the year then ended are consistent with the respective Form 5500.

7. RELATED PARTIES AND PARTIES-IN-INTEREST

Great West serves as the custodian of the Plan and also provides access to certain investments and, accordingly, is considered a party-in-interest.

Neither the Companies nor the employees of the Companies involved in administering the Plan receive any compensation from the Plan.
