INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Plan Participants of
The All Roads Company Retirement Savings Plan and Trust:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of the All Roads Company Retirement Savings Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from Fidelity Management Trust Company, the Trustee of the Plan, as of December 31, 2021, and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section-

- The amounts and disclosures in the 2021 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the 2021 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the All Roads Company Retirement Savings Plan and Trust and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the All Roads Company Retirement Savings Plan and Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States of America, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the All Roads Company Retirement Savings Plan and Trust internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the All Roads Company Retirement Savings Plan and Trust's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2021 Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2021 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2021 financial statements or to the 2021 financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the All Roads Company Retirement Savings Plan and Trust. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated, September 14, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and the Plan was most recently restated effective September 10, 2021.

All employees, with the exception of nonresident aliens, leased employees and employees covered by a collective bargaining agreement are eligible to participate in the Plan after completion of 11 months of service and the attainment of age 21. Eligibility to receive Company contributions (matching, profit sharing or qualified non-elective contributions) requires the completion of 11 months of service, defined as 1,000 hours during the first year of employment or during any subsequent Plan year and the employee must be employed on the last day of the Plan year. The employee does not need to satisfy the hours or last day requirements if they die, become disabled, or retire during the Plan year. Entry dates into the Plan are on the first day of each calendar quarter. Employees may enter the Plan at the next entrance date once the employee satisfies the eligibility requirements.

Effective, January 1, 2020, the Plan adopted the hardship provisions to comply with the Bipartisan Budget Act of 2018.

THE ALL ROADS COMPANY RETIREMENT SAVINGS PLAN AND TRUST

Notes to Financial Statements For the Years Ended December 31, 2021 and 2020

1. DESCRIPTION OF THE PLAN - cont'd.

Participant Contributions

The Plan allows automatic enrollment of employees once the eligibility requirements have been met. Employees are automatically enrolled with pre-tax deferral contributions deducted from their pay at a rate of 4% of their compensation unless the employee opts out of Plan participation. The automatic deferral is increased annually, on a participant's anniversary date, by 2%, on January 1st, to a maximum of 10%, unless an alternative automatic increase percentage is elected by the participant.

A participant in the Plan may elect to enter into a salary reduction agreement with the Company, which would be applicable to the Plan year during which the election is made, and to subsequent Plan years unless cancelled or modified. Such agreement provides that the participant agrees to accept a reduction in compensation equal to any whole percent of compensation that does not exceed 90% of compensation, subject to any dollar limitation imposed by the Internal Revenue Code (Code), which totaled \$19,500 for each of the years ended December 31, 2021 and 2020. The salary reduction amount would then be contributed to the Plan by the Company on behalf of the employee.

The Plan also allows participants to make Roth 401(k) deferrals. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions, subject to limitations imposed by the Code, which totaled \$6,500 for each of the years ended December 31, 2021 and 2020. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans except for after-tax Roth contributions.

Company Contributions

Employees of Packer Norris Parts, LLC receive a non-discretionary matching contribution equal to 15% of deferrals up to 4% of eligible compensation. Employees of Vermeer Mid Atlantic receive a non-discretionary matching contribution equal to 7% of deferrals up to 5% of eligible compensation. In addition, the Company may make discretionary qualified contributions for employees of Norris Ford and Vermeer Mid Atlantic. Any such contributions would be allocated to the participants based on a ratio of each participant's year to date deferrals to total deferrals contributed to the Plan. Participants must be employed on the last day of the Plan year and have earned at least 1,000 hours of service during the Plan year to be eligible for the discretionary Company contributions unless he or she retired, died or became disabled during the Plan year.

Non-discretionary matching contributions totaled \$51,893 and \$45,611 for the years ended December 31, 2021 and 2020, respectively. Discretionary contributions totaled \$195,000 and \$136,750 for the years ended December 31, 2021 and 2020, respectively.

1. DESCRIPTION OF THE PLAN - cont'd.

Participant Accounts

Each participant's account is participant-directed and is credited with the participant's contributions and Company contributions, as well as allocations of Plan earnings (losses). Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings (losses), account balances, or specific participant transactions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately 100% vested in their salary deferral contributions plus earnings thereon. Vesting in Company contributions is based upon years of service, as defined by the Plan agreement according to the following schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Upon attaining the normal retirement age of 65, or early retirement of 60 and the completion of five years of service, participants shall be entitled to receive the full value of their accounts. The full value of participants' accounts will also be paid in the event of death or total permanent disability.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years, except for loans used to purchase a principal residence, which can be repaid over a period not to exceed ten years. Loans are secured by bank rates for a comparable personal loan at the time of loan issuance. The rate is fixed throughout the duration of the loan. Interest rates on outstanding loans range from 4.25% to 6.50%. Principal and interest are paid ratably through payroll deductions.

1. DESCRIPTION OF THE PLAN - cont'd.

Payment of Benefits

Benefit payments are available to participants (or their beneficiary, in the event of death) upon retirement (age 65), early retirement (age 60 and completion of five years of service), termination of employment, death, attainment of age 59 ½ or disability. Prior to retirement, benefit payments may be distributed in the form of a lump-sum payment or rollover into another qualified plan. If the account balances are not fully withdrawn, remaining balances over \$5,000 will remain part of the Plan and share in investment gains and losses. Remaining balances under \$5,000 will be automatically distributed. The Plan also allows for hardship and in-service withdrawals, under certain circumstances, as defined in the Plan agreement. Hardship withdrawals may only be taken from participant deferral accounts. In all cases, certain income tax penalties may apply to withdrawals or distributions prior to age 59 ½. There were no net assets of the Plan allocated to accounts of participants who had elected to withdraw from the Plan that had not received such distributions as of December 31, 2021 and 2020.

Plan Expenses

Expenses incurred in the administration of the Plan are required to be paid by the Trustee with net assets of the Plan unless paid by the Company at its discretion. During the years ended December 31, 2021 and 2020, the Company paid a portion of Plan direct expenses. Loan and distribution fees are paid by the Plan and its participants. Investment related expenses are included in net appreciation in fair value of investments.

Forfeited Accounts

Forfeitures are used to reduce Company contributions or pay administrative expenses. There were no forfeitures applied to reduce Company contributions for the years ended December 31, 2021 and 2020. Forfeitures used to pay administrative expenses during the years ended December 31, 2021 and 2020 totaled \$15,424 and \$9,297, respectively. As of December 31, 2021 and 2020, forfeitures available to the Plan totaled \$3,773 and \$3,588, respectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

THE ALL ROADS COMPANY RETIREMENT SAVINGS PLAN AND TRUST

Notes to Financial Statements For the Years Ended December 31, 2021 and 2020

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - cont'd.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of additions to net assets available for benefits and deductions from net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for investments in assets that are exposed to risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities may occur that materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned on the accrual basis. Dividends and dividend income are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Fair Value Measurement

Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, defines fair value and establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

THE ALL ROADS COMPANY RETIREMENT SAVINGS PLAN AND TRUST

Notes to Financial Statements For the Years Ended December 31, 2021 and 2020

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - cont'd.

Fair Value Measurement - cont'd.

The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

Interest in common/collective trust: Valued based on the net asset value using practical expedient as determined by the issuer.

Interests in registered investment companies: Valued at the closing price reported in the active market in which the funds are traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used as of December 31, 2021 and 2020.

THE ALL ROADS COMPANY RETIREMENT SAVINGS PLAN AND TRUST

Notes to Financial Statements For the Years Ended December 31, 2021 and 2020

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - cont'd.

Fair Value Measurement - cont'd.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021:

	Level 1	Level 2	Level 3	Total
Interests in registered investment companies	\$ 27,312,570	\$ -	\$ -	\$ 27,312,570

Interest in common/collective trust (a)	-	-	-	592,268
Total investments, at fair value	\$ 27,312,570	\$ -	\$ -	\$ 27,904,838

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2020:

	Level 1	Level 2	Level 3	Total
Interests in registered investment companies	\$ 24,306,633	\$ -	\$ -	\$ 24,306,633

Interest in common/collective trust (a)	-	-	-	577,657
Total investments, at fair value	\$ 24,306,633	\$ -	\$ -	\$ 24,884,290

- (a) In accordance with ASC 820-10, certain investments that were measured at net asset value per share (or its equivalent) using the practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

In accordance with the fair value measurements and disclosure guidance, the following table presents the category, fair value, redemption frequency, redemption notice period and unfunded commitments for Plan investments, the fair value of which are estimated using the net asset value per share using practical expedient, as of December 31,:

	2021	2020	Redemption Frequency	Redemption Notice Period	Unfunded Commitments
Common/Collective Trust ^(b)	\$ 592,268	\$ 577,657	Daily	None	None

- (b) This fund invests in conventional and synthetic investment contracts issued by insurance companies. Individual assets of the conventional and synthetic investment contracts include domestic and foreign fixed income securities and investments in investment companies or collective investment trusts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - cont'd.

Payments of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan evaluated for disclosure any subsequent events through October 3, 2022, the date the financial statements were available to be issued and determined there were no material subsequent events that required disclosure.

3. INVESTMENTS

All investment information disclosed in the accompanying financial statements and supplemental schedule, including assets held as of December 31, 2021 and 2020, and interest and dividend income and net appreciation in fair value of investments for the years then ended, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the Trustee of the Plan, Fidelity Management Trust Company (FMTC or the Trustee).

4. PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in shares of investment funds managed by parties related to Fidelity Investments Institutional Operations Corporation, Inc. (FIIOC), a related entity to FMTC. The Plan allows participants to take out notes against their vested account balances. The Company provides certain accounting and administrative services to the Plan for which no fees are charged. Such transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

5. TAX STATUS

The Plan adopted a nonstandardized pre-approved plan sponsored by Fidelity Management & Research Company. The pre-approved plan received a favorable opinion letter dated June 30, 2020, from the Internal Revenue Service (IRS) as to the plan's qualified status. The opinion letter has been relied upon by the Plan. The Plan has been amended since the date of this opinion letter. The Plan administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Code. Therefore, no provision for income taxes has been included in the Plan financial statements.

THE ALL ROADS COMPANY RETIREMENT SAVINGS PLAN AND TRUST

Notes to Financial Statements For the Years Ended December 31, 2021 and 2020

5. TAX STATUS - cont'd.

ASC 740, *Income Taxes*, prescribes a recognition threshold and a measurement attribute for the financial statement recognition and measurement of tax positions taken or expected to be taken in a tax return as well as guidance on de-recognition, classification, interest and penalties and financial statement reporting disclosures. For these benefits to be recognized, a tax position must be more-likely-than-not to be sustained upon examination by taxing authorities. The Plan recognizes interest and penalties accrued on any unrecognized tax exposures as a component of income tax expense. The Plan does not have any amounts accrued relating to interest and penalties as of December 31, 2021 and 2020. As the Plan is tax exempt and has no unrelated business income, these provisions of ASC 740 do not have an impact on the Plan's financial statements. The Plan is subject to routine audits by the IRS and Department of Labor; however, there are currently no audits, for any periods, in progress.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right, under the Plan, to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, the rights of all affected employees to benefits accrued in their accounts on the date of such termination will be nonforfeitable.

7. EXCESS CONTRIBUTIONS PAYABLE

During the years ended December 31, 2021, and 2020, the Plan failed to comply with certain non-discrimination rules. As a result of failing these tests, the Plan was required to refund the excess contributions to certain affected participants. As of December 31, 2021, and 2020, corrections were required to be made totaling \$40,484 and \$46,592, respectively, and are recorded as excess contributions due to participants in the accompanying statements of net assets available for benefits. The refund payments related to the corrections required for the year ended December 31, 2021 were made in February 2022. The refund payments related to the corrections required for the year ended December 31, 2020 were made in February 2021.

9. CORONAVIRUS AID, RELIEF, ECONOMIC AND SECURITY ACT

On March 27, 2020, Congress passed the Coronavirus Aid, Relief, Economic and Security (CARES) Act in order to help the United States economy and workers in the midst of the Coronavirus pandemic. The CARES Act includes numerous provisions related to retirement plans. Effective April 10, 2020, the Plan was amended to allow for Coronavirus penalty-free distributions for qualified individuals up to \$100,000 through December 31, 2020, provide a temporary waiver of required minimum distributions required to be paid in 2020, and increase the maximum loan amount to be taken by a qualified individual to be temporarily increased to the lesser of \$100,000 or 100% of the participant's vested balance from the date the CARES Act is enacted and continuing for 180 days. The CARES Act also delays loan repayments from the date of the Act through December 31, 2020 for qualified individuals.
