INDEPENDENT AUDITOR'S REPORT

To the Participants and Beneficiaries
Leonardo Electronics US Inc. 401(k) Plan – Plan Number 002

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of the Leonardo Electronics US Inc. 401(k) Plan – Plan Number 002, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of April 1, 2021, and the related statement of changes in net assets available for benefits for the period from January 1, 2021 through April 1, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of April 1, 2021 and for the period from January 1, 2021 to April 1, 2021, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section—

- the amounts and disclosures in the 2021 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2021 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Leonardo Electronics US Inc. 401(k) Plan – Plan Number 002 and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

INDEPENDENT AUDITOR'S REPORT, Continued

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Leonardo Electronics US Inc. 401(k) Plan – Plan Number 002's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Leonardo Electronics US Inc. 401(k) Plan – Plan Number 002's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

LEONARDO ELECTRONICS US INC. 401(k) PLAN
Plan Number 002

NOTES TO FINANCIAL STATEMENTS
For the period from January 1, 2021 to April 1, 2021
and the year ended December 31, 2020

1. Description of Plan

The following description of the Leonardo Electronics US Inc. (Company) 401(k) Plan – Plan Number 002 (Plan), formerly named the Selex Galileo, Inc. 401(k) Plan, provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a deferred arrangement that is part of an employee savings plan covering all full-time employees of the Company who are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute pretax annual compensation as defined in the plan agreement. Participants may also make Roth contributions to the Plan. In addition, participants may contribute amounts representing distributions from other qualified defined benefit or contribution plans. Under the current Plan, participants direct the investment of their contributions into various investment options offered by the Plan. For the period from January 1, 2021 to April 1, 2021 and the year ended December 31, 2020, the Company matched 100% of the participants' contributions up to the first 6% of earnings. Additional profit-sharing contributions may be contributed at the option of the Company's board of directors. Contributions are subject to certain limitations imposed by the Internal Revenue Service (IRS).

Impact of COVID-19

On March 27, 2020, The Coronavirus Aid, Relief and Economic Security Act (CARES Act) was enacted and signed into law in the wake of the COVID-19 pandemic. Certain provisions of the CARES Act allow eligible participants the following:

- Penalty-free distribution of up to \$100,000 until December 28, 2020 with payment of taxes on the distribution to be spread out over a three-year period.
- Loan repayments due were temporarily suspended until December 31, 2020. Interest continued to accrue during this period. Loan repayments resumed in January 2021 and the loan(s) were re-amortized to account for the suspension.
- Loans were allowed to be taken up to the lesser of \$100,000 (reduced by the highest outstanding loan balance during the prior 12 months) or 50% of a participant's vested account balance. This increased loan amount was available for loans taken by September 17, 2020. Plan limitations on the number of outstanding loans permitted and other requirements still applied.

Participant Accounts

Each participant's account is credited with the participant's contribution, Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the remainder of their account is based on years of continuous service. A participant is 100% vested after three years of service.

See independent auditor's report.

For the period from January 1, 2021 to April 1, 2021

1. Description of Plan, Continued

Notes Receivable from Participants

Participants may borrow from their fund account a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their balance, whichever is less. Loan terms may not exceed five years, unless the loan proceeds are applied toward the purchase of a primary residence. In such cases, the term of the loan may be for the term of the mortgage. Principal and interest are paid ratably through payroll deductions. The interest rate on the note receivable is 4.25%.

Administrative Expenses

The Plan allows certain administrative expenses to be paid from Plan assets.

Payment of Benefits

On termination of service due to death, disability, retirement or other reasons, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a period of years not exceeding the participant's normal life expectancy or the normal joint life expectancy of the participant and designated beneficiary.

Forfeited Accounts

At April 1, 2021 and December 31, 2020, forfeited non-vested accounts totaled \$-0- and \$10,444, respectively. These account balances may be used to reduce future employer contributions and pay plan expenses. Employer contributions and Plan expenses were reduced by \$11,322 due to forfeitures during the period from January 1, 2021 to April 1, 2021, and by \$7,500 during the year ended December 31, 2020.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net change includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

Payment of Benefits

Benefits are recorded when paid.

See independent auditor's report.

For the period from January 1, 2021 to April 1, 2021
and the year ended December 31, 2020

2. Summary of Accounting Policies, Continued

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

3. Plan Merger

Effective September 30, 2020, the Board of Directors approved a plan to merge the assets of the Plan into the Leonardo Electronics US Inc. 401(k) Plan – Plan Number 001 (Plan I). The plan sponsor of Plan I is also the plan sponsor of the Plan. The financial statements as of and for the year ended December 31, 2020 are not presented on the liquidation basis of accounting because the plan assets will be transferred, at fair value, to Plan I during 2021. The plan assets were transferred, at fair value, to Plan I on April 1, 2021.

4. Income Tax Status

The IRS has determined and informed the Company, by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. As of April 1, 2021, management is not aware of any uncertain tax positions that are potentially material. The Plan is subject to routine audits by taxing jurisdictions. However, there are currently no audits in progress for any tax periods.

5. Fair Value Measurements

The Financial Accounting Standards Board has established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

See independent auditor's report.

NOTES TO FINANCIAL STATEMENTS
For the period from January 1, 2021 to April 1, 2021
and the year ended December 31, 2020

5. Fair Value Measurements, Continued

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at April 1, 2021 and December 31, 2020.

Common/collective Trusts: Valued at the net asset value based on the market value of its underlying investments.

Mutual Funds: Valued at the net asset value of shares held by the Plan.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

There are no investments as of April 1, 2021 and the following table sets forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2020:

	Investments at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 17,486,551	\$ -	\$ -	\$ 17,486,551

Total investments	\$ 17,486,551	\$ 785,916	\$ -	18,272,467
