INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator, Retirement Committee, and Participants
Retirement Plan of Xaloy Incorporated
Westlake, Ohio

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of the Retirement Plan of Xaloy Incorporated ("Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the Statement of Net Assets Available for Benefits as of December 31, 2021, and the related Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2021 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions, The Northern Trust Company and John Hancock Trust Company LLC (the Trustees of the Plan), as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's

Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets Held for Investment Purposes at End of Year as of December 31, 2021 and Schedule of Reportable Transactions for the year ended December 31, 2021 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that it agreed to or is derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that it agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator, Retirement Committee, and Participants
Retirement Plan of Xaloy Incorporated
Westlake, Ohio

We were engaged to audit the accompanying statement of Net Assets Available For Benefits of the Retirement Plan of Xaloy Incorporated ("Plan") as of December 31, 2020, and the related Statement of Changes in Net Assets Available for Benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statement

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the 2020 financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified The Northern Trust Company and John Hancock Trust Company LLC (the Trustees of the Plan), except for comparing such information with the related information included in the financial statement. We have been informed by the plan administrator that the Trustees hold the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the Trustees as of December 31, 2020, and for the year then ended, that the information provided to the plan administrator by the Trustees is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2020 financial statements. Accordingly, we do not express an opinion on the 2020 financial statements.

Report on Form and Content in Compliance with DOL Rules and Regulations for 2020 Financial Statements

The form and content of the information included in the 2020 financial statements, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS

Retirement Plan of Xaloy Incorporated

1 Description of Plan

The following description of the Retirement Plan of Xaloy Incorporated ("Plan") provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General:

The Plan, which began July 31, 2002 and was most recently restated effective January 1, 2015, is a defined benefit plan, covering employees of the former New Castle Industries, Inc. (dba Nordson Xaloy Incorporated) and each of its divisions ("Company"). Certain Company divisions were covered by collective bargaining agreements and eligible employees covered under those agreements participate in the Plan. Effective August 1, 2014, newly hired, rehired, or transferred collective bargaining employees were no longer eligible to participate in the Plan. Benefits of all salaried employees of the Company's corporate office were frozen as of January 31, 2005, although benefits continue to accrue for employees of other active divisions.

Effective December 31, 2019, the Xaloy Incorporated Retirement Plan merged with and into the Plan. The effective date of the Xaloy Incorporated Retirement Plan was July 1, 1983 and was most recently amended and restated July 1, 2014. The Xaloy Incorporated Retirement Plan was frozen to new entrants on June 30, 2005. Benefits were frozen on June 30, 2005 for highly compensated employees and frozen for all other employees on June 30, 2007.

Effective December 18, 2020, the Plan was amended to change the primary employer from Nordson Xaloy Incorporated to Nordson Corporation. Additionally, effective December 18, 2020, the sponsorship of the Plan was transferred to Nordson Corporation.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective April 4, 2022, the Plan was amended to provide for an annuity lift-out so that the benefit liability of certain participants who have commenced a monthly benefit under the terms of the Plan will be transferred to an insurance company deemed appropriate by the Nordson Corporation Retirement Plan's Administrative Committee. As of April 30, 2022, approximately \$10.5 million was transferred out of the Plan related to this provision.

Funding Policy:

The Company's funding policy for the Plan is to contribute, over time, an amount at least equal to the minimum contribution required by law. The Company's contributions for 2021 and 2020 comply with the minimum funding requirements.

Pension Benefits:

Participants are 100% vested in their accumulated benefits after five years of service. Participating employees with five or more years of service are entitled to annual pension benefits beginning at normal retirement age (65) equal to an amount as determined under the Plan provisions for each division.

NOTES TO FINANCIAL STATEMENTS

Retirement Plan of Xaloy Incorporated

1 Description of Plan, Continued

Pension Benefits, continued:

The Plan permits early retirement benefits if the participating employee has completed the minimum amount of service and has attained the age specified in the Plan for its division.

Participants receive their benefits in the form of an annuity. If the present value of the participant's vested accrued benefit does not exceed \$5,000, the amount will be paid in a single sum upon termination of employment or retirement date, whichever is earlier.

Death and Disability Benefits:

If a participant dies before the retirement benefit commencement, the participant's surviving spouse is eligible for a death benefit as provided by the Plan. Active, participating employees who become totally and permanently disabled will be entitled to receive a benefit equal to the retirement benefit as defined by the Plan.

2 Summary of Significant Accounting Policies

Basis of Accounting:

The Plan's transactions are reported on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Valuation of Investments:

The fair value of the Plan's interest in the Nordson Corporation Pension Investment Trust ("Master Trust") is based on the beginning of the year value of the Plan's investment in the Trust, plus actual contributions and allocated investment income (loss), less actual distributions and allocated administrative expenses. See Note 6 for descriptions of investment valuation within the Master Trust.

Investments in money market funds are valued at the market price on the last business day of the Plan year.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

NOTES TO FINANCIAL STATEMENTS

Retirement Plan of Xaloy Incorporated

2 Summary of Significant Accounting Policies, Continued

Cash:

In 2021 and 2020, the Plan maintained cash with the Trustees. Cash is held in pass-through accounts and is not insured by the Federal Deposit Insurance Corporation ("FDIC").

Actuarial Present Value of Accumulated Plan Benefits:

Accumulated Plan benefits represent future periodic payments that are attributable under the Plan's provisions to the service employees have rendered. Accumulated Plan benefits include benefits expected to be paid to:

- a) Retired or terminated employees or their beneficiaries;
- b) Beneficiaries of employees who have died; and
- c) Present employees or their beneficiaries.

The accumulated Plan benefits for active employees are based on Plan provisions ending on the date as of which the benefit information is presented. Benefits payable upon retirement, death, disability, and termination of employment are included, to the extent they are deemed attributable to employee service rendered to the valuation date. The actuarial present value of accumulated Plan benefits was determined by the consulting actuary and is the amount which results from applying actuarial assumptions to adjust the accumulated Plan benefits to reflect the time value of money (through discounts for interest) and the probability for payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

Administrative Fees:

Administrative expenses of the Plan may be paid by either the Plan or the Company as provided in the Plan document.

Payment of Benefits:

Benefit payments to participants are recorded upon distribution.

Subsequent Events:

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements.

Subsequent events have been evaluated through September 23, 2022, which is the date the financial statements were available to be issued.

NOTES TO FINANCIAL STATEMENTS

Retirement Plan of Xaloy Incorporated

3 Tax Status

The Internal Revenue Service has determined and informed the Company by letter dated January 10, 2017, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. Although the Plan has amendments subsequent to those covered in the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken uncertain tax positions that more-likely-than-not would not be sustained upon examination by applicable taxing authorities. The Plan Administrator has analyzed tax positions taken by the Plan and has concluded that, as of December 31, 2021, there are no uncertain tax positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. However, currently no audits for any tax periods are in progress.

4 Accumulated Plan Benefits

The present value of vested benefits under the Plan and the accrued benefits not vested were calculated by consulting actuaries based on the personnel information provided as of the valuation date. Accrued benefits are estimated actuarially using the standard unit credit costs method. The accumulated Plan benefit information as of the beginning of the Plan year is as follows:

Actuarial present value of accumulated Plan benefits:

Vested Benefits:

Participants currently receiving payments	\$ 8,563,352
Participants entitled to deferred benefits	3,232,340
Other participants	<u>1,977,171</u>

13,772,863

Non-vested benefits	<u>6,802</u>
---------------------	--------------

Actuarial present value of accumulated Plan benefits at January 1, 2021	<u><u>\$ 13,779,665</u></u>
---	-----------------------------

NOTES TO FINANCIAL STATEMENTS

Retirement Plan of Xaloy Incorporated

4 Accumulated Plan Benefits, Continued

A schedule of changes in the actuarial present value of accumulated Plan benefits between the two valuation dates is as follows:

Actuarial present value of accumulated Plan benefits at January 1, 2020	\$ 13,810,207
Increase (Decrease) during the Plan year attributable to:	
Plan experience	92,324
Interest accumulation	771,211
Change in actuarial assumptions	(87,126)
Benefits paid (including lump sum amounts)	<u>(806,951)</u>
Net Decrease	<u>(30,542)</u>
Actuarial present value of accumulated Plan benefits at January 1, 2021	<u><u>\$ 13,779,665</u></u>

Plan experience typically results from participants retiring earlier or later than expected, and demographic changes that are more or less than anticipated. The net increase attributable to the change in actuarial assumptions is primarily due to the changes in the discount rate and mortality rates used.

The significant assumptions underlying the actuarial computations are:

Mortality Basis – healthy lives – amounts-weighted aggregate rates from the Pri-2012 (projected generationally from 2012 using Scale MP-2020).

Mortality Basis – disabled lives – amounts-weighted aggregate rates from the Pri-2012 (projected generationally from 2012 using Scale MP-2020).

Discount Rate – 2.53%

Retirement Age – Age 65 for terminated participants and according to the following schedule for active participants:

Age	Rate	Age	Rate
55	1%	63	9%
56	4%	64	13%
57	6%	65	28%
58	2%	66	20%
59	4%	67	29%
60	3%	68	18%
61	10%	69	20%
62	11%	70 +	100%

NOTES TO FINANCIAL STATEMENTS

Retirement Plan of Xaloy Incorporated

4 Accumulated Plan Benefits, Continued

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. If the Plan were to terminate, other assumptions and factors might be applicable in determining the actuarial present value of accumulated Plan benefits. The computations of the actuarial present value of accumulated Plan benefits were made as of January 1, 2021 and 2020. Had the valuations been performed as of December 31, 2021 and 2020, there would be no material differences.

6 Interest in Master Trust and Net Investment Gain, Continued

Net investment gain for the Master Trust for the years ended December 31, 2021 and 2020 is as follows:

	<u>2021</u>	<u>2020</u>
Interest income	\$ 9,125,620	\$ 8,672,159
Dividend income	1,162,759	816,106
Net income from real estate collective funds	1,436,124	1,257,076
Net appreciation in fair value of investments	<u>22,901,858</u>	<u>65,034,590</u>
Net investment gain	<u>\$ 34,626,361</u>	<u>\$ 75,779,931</u>

Investment gain and administrative expenses related to the Master Trust are allocated to the individual plans based upon average monthly balances invested by each plan. At December 31, 2021 and 2020, the Plan has an interest in the net assets of the Master Trust of approximately 3% and 4%, respectively.

Refer to Note 7 for the description of valuation methodologies used.

7 Fair Value Measurements

Accounting standards define fair value as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. When determining the fair value measurements for assets and liabilities required to be reported at fair value, the Plan considers the principal or most advantageous market in which it would transact and considers assumptions that market participants would use when pricing the asset or liability, such as inherent risk, transfer restrictions, and risk of nonperformance.

Accounting guidance establishes a fair value hierarchy that requires the Plan to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The three levels of inputs that may be used to measure fair value are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTES TO FINANCIAL STATEMENTS

Retirement Plan of Xaloy Incorporated

7 Fair Value Measurements, Continued

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The Plan's policy is to recognize transfers between levels of the fair value hierarchy as of the actual date of the event of change in circumstances that caused the transfer.

The following is a description of the valuation methodologies used for assets measured at fair value:

U.S. Government Securities: U.S. Treasury bills reflect the closing price in the active market in which the security is traded and are classified within Level 1 of the hierarchy. Securities of U.S. agencies are valued using bid evaluations and are classified within Level 2 of the hierarchy.

Short-Term Investments/Money Market Fund: Short-term investments consist of a money market fund, which is a public investment vehicle that is valued with a net asset value ("NAV") of \$1. This NAV is a quoted price in an active market, thus these investments are classified within Level 1 of the hierarchy.

Common Stocks: Common stocks are valued at fair value based on closing prices reported in active markets where the securities are traded and are classified within Level 1 of the hierarchy.

Mutual Funds: Mutual funds are valued at fair value based on closing prices reported in active markets where the securities are traded and are classified within Level 1 of the hierarchy.

Bonds: Bonds are valued using evaluated prices. Because evaluated prices are based on observable inputs such as dealer quotes, bids and offers, these securities are classified within Level 2 of the hierarchy.

Pooled Investment Funds: These are public investment vehicles valued using the NAV. The NAV is based on the value of the assets owned by the fund, less liabilities. These investments are not quoted on an active exchange. Transactions (purchases and sales) occur daily. Were the Plan to initiate a full redemption of the pooled investment funds, the investment advisor reserves the right to temporarily delay withdrawal from the funds in order to ensure that securities liquidations will be carried out in an orderly business manner.

Real Estate Collective Funds: These funds are valued using the net asset value of the underlying properties. Net asset value is calculated using a combination of key inputs such as revenue and expense growth rates, terminal capitalization rates and discount rates. These investments are not quoted on an active exchange. Fund participants may withdraw from the fund once per quarter subject to available cash, as determined by the trustee. A written withdrawal request is required 45 days prior to quarter end. To the extent withdrawal requests exceed available cash, distributions are made on a pro rata basis.

8 Financial Instruments

The investment managers of the Master Trust invest in futures contracts to buy or sell United States Treasuries at a future date for a specified price. Futures contracts are used primarily to mitigate exposure to changes in interest rates. At December 31, 2021 and 2020, the Master Trust had contracts outstanding to sell Treasury bonds with a notional value of \$24,750,563 and \$1,624,594, respectively. The Master Trust accounts for these futures contracts at fair value, which is based on the current exchange closing price. Gains and losses on the contracts are settled daily. Changes in value of these instruments are included in net investment income from Master Trust on the Statement of Changes in Net Assets. The Master Trust recognized net gains of \$329,209 (2021) and \$1,597,171 (2020) related to these contracts.

These instruments involve elements of credit and market risks. The daily settlement on the futures contracts serves to greatly reduce credit risk. The Master Trust enters into futures contracts on exchanges where the exchange acts as the counterparty, thus limiting the credit risk to the failure of the exchange.

9 Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA, and subject to the provisions of active collective bargaining agreements. Certain benefits under the Plan are insured by the Pension Benefit Guaranty Corporation ("PBGC"). In the event that the Plan terminates, the net assets of the Plan shall be allocated among the participants and beneficiaries in accordance with the priorities mandated by ERISA. Whether a participant's accumulated Plan benefits will be paid depends on both the priority of those benefits and the level of benefits guaranteed by the PBGC at that time. Some benefits may be fully or partially provided for by the then existing assets and the PBGC guaranty while other benefits may not be provided for at all. A full description of the defined benefit plan termination priorities is available in the Plan document.

10 Risks and Uncertainties

The Master Trust invest in various investment securities, as described in Note 7. These investments are exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term, and such changes could materially affect the amounts reported in the Statement of Net Assets Available for Benefits.

Plan contributions are made, and the actuarial present value of accumulated benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimation and assumption processes, it is reasonably possible that changes in these estimates and assumptions could materially affect the amounts reported in the Statement of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

11. Interest and Related Party Transactions

Certain investments held by the Master Trust are funds managed by The Northern Trust Company. A majority of the expenses with respect to the Plan were paid by the Master Trust and these expenses were allocated between the Plan and the Nordson Corporation Hourly-Rated Employees Pension Plan, and The Nordson Corporation Salaried Employees Pension Plan. In addition, the Plan has arrangements with various service providers and these arrangements qualify as party-in-interest.

Other Information to Fully and Fairly Disclose the Actuarial Position of the Plan

Due to software limitations with the electronic filing process, information filed electronically cannot be controlled by the Enrolled Actuary. The values on the signed Schedule SB will govern to the extent there are any differences in the entries filed electronically and the actual data contained on the signed Schedule SB.

Under the American Rescue Plan Act of 2021 (ARPA), the stabilized interest rates for certain purposes will be adjusted once the ARPA stabilization is applied. By default, this stabilization would have applied starting with the 2020 plan year.

This Schedule SB reflects stabilized 2021 minimum funding interest rates that are adjusted for ARPA. Via this filing, Nordson Corporation will irrevocably commit the Retirement Plan of Xaloy Incorporated to use of those rates for the 2021 plan year.

Schedule SB, Part V—Statement of Actuarial Assumptions/Methods

Interest Rates for Minimum Funding Purposes	Based on segment rates with a four-month look-back (as of September 2020), each adjusted as needed to fall within the 25-year interest rate stabilization corridor under ARPA
1st Segment Rate	4.75%
2nd Segment Rate	5.36%
3rd Segment Rate	6.11%
Interest Rates for Maximum Tax Purposes	Based on segment rates with a four-month look-back (as of September 2020), without regard to interest rate stabilization
1st Segment Rate	2.22%
2nd Segment Rate	3.38%
3rd Segment Rate	3.92%
Retirement Age	
Active Participants	See Table 1
Terminated Vested Participants	Age 65
Mortality Rates	
Healthy and Disabled	2021 combined static mortality table for small plans per §1.430(h)(3)-1(a)(3) and IRS Notice 2019-67
Withdrawal Rates	See Table 2
Disability Rates	See Table 3
Decrement Timing	Middle of year decrements (except that retirement is assumed to occur at the beginning of the year for ages where the assumed retirement rate is 100%)
Surviving Spouse Benefit	It is assumed that 80% of males and 80% of females have an eligible spouse, and that males are three years older than their spouses.
Benefit Limits	Projected benefits are limited by the current IRC section 415 maximum benefit of \$230,000.

Valuation of Plan Assets

Smoothed fair market value of assets over the current and prior two years, adjusted for contributions, benefit payments, administrative expenses, and expected earnings. The average value of assets calculated in this manner is further limited to not less than 90% nor more than 110% of fair market value.

A characteristic of this method is that the expected distribution of the value of plan assets is skewed toward understatement relative to the corresponding market values for expected long-term rates of return in excess of the third segment rate under IRC section 430(h)(2)(C)(iii).

Expected Return on Assets

2019 Plan Year	6.00%
2020 Plan Year	5.75%
2021 Plan Year	5.75%

Trust Expenses Included in Target Normal Cost

The prior year's non-investment expenses, rounded to the nearest \$1,000 (\$110,000 as of January 1, 2021).

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Schedule SB, line 22—Description of Weighted Average Retirement Age

The average retirement age shown in line 22 has been calculated by assuming the following retirement rates and no decrements other than retirement for this calculation. All retirements are assumed to occur at mid-year, except for the 100% retirement age.

(a) Age	(b) Rate	(c) Weight	(d) Product (a) × (b) × (c)
55.5	1.00%	1.0000	0.56

Schedule SB, Part V—Statement of Actuarial Assumptions/Methods

Interest Rates for Minimum Funding Purposes	Based on segment rates with a four-month look-back (as of September 2020), each adjusted as needed to fall within the 25-year interest rate stabilization corridor under ARPA
1st Segment Rate	4.75%
2nd Segment Rate	5.36%
3rd Segment Rate	6.11%
Interest Rates for Maximum Tax Purposes	Based on segment rates with a four-month look-back (as of September 2020), without regard to interest rate stabilization
1st Segment Rate	2.22%
2nd Segment Rate	3.38%
3rd Segment Rate	3.92%

Terminated Vested Participants	Age 65
Mortality Rates	
Healthy and Disabled	2021 combined static mortality table for small plans per §1.430(h)(3)-1(a)(3) and IRS Notice 2019-67
Withdrawal Rates	See Table 2
Disability Rates	See Table 3
Decrement Timing	Middle of year decrements (except that retirement is assumed to occur at the beginning of the year for ages where the assumed retirement rate is 100%)
Surviving Spouse Benefit	It is assumed that 80% of males and 80% of females have an eligible spouse, and that males are three years older than their spouses.
Benefit Limits	Projected benefits are limited by the current IRC section 415 maximum benefit of \$230,000.

Valuation of Plan Assets

Smoothed fair market value of assets over the current and prior two years, adjusted for contributions, benefit payments, administrative expenses, and expected earnings. The average value of assets calculated in this manner is further limited to not less than 90% nor more than 110% of fair market value.

A characteristic of this method is that the expected distribution of the value of plan assets is skewed toward understatement relative to the corresponding market values for expected long-term rates of return in excess of the third segment rate under IRC section 430(h)(2)(C)(iii).

Expected Return on Assets

2019 Plan Year	6.00%
2020 Plan Year	5.75%

Other Information to Fully and Fairly Disclose the Actuarial Position of the Plan

Due to software limitations with the electronic filing process, information filed electronically cannot be controlled by the Enrolled Actuary. The values on the signed Schedule SB will govern to the extent there are any differences in the entries filed electronically and the actual data contained on the signed Schedule SB.

Under the American Rescue Plan Act of 2021 (ARPA), the stabilized interest rates for certain purposes will be adjusted once the ARPA stabilization is applied. By default, this stabilization would have applied starting with the 2020 plan year.

This Schedule SB reflects stabilized 2021 minimum funding interest rates that are adjusted for ARPA. Via this filing, Nordson Corporation will irrevocably commit the Retirement Plan of Xaloy Incorporated to use of those rates for the 2021 plan year.
