INDEPENDENT AUDITOR'S REPORT

To the Investment Committee of
HCC Insurance Holdings, Inc. 401(k) Plan:

Opinion

We have audited the financial statements of HCC Insurance Holdings, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2021 and 2020, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

INDEPENDENT AUDITOR'S REPORT, Continued

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

INDEPENDENT AUDITOR'S REPORT, Continued

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

HCC INSURANCE HOLDINGS, INC. 401(k) PLAN NOTES TO FINANCIAL STATEMENTS

1. Description of Plan

The following description of the HCC Insurance Holdings, Inc. 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions. As a result of the merger of several other qualified plans of acquired companies since the inception of the Plan, the Plan has been amended to include specific provisions applicable only to certain merged participants.

General

The Plan is a defined-contribution plan, established effective January 1, 1992, designed to comply with Section 401(a) of the Internal Revenue Code (the “Code”) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan was amended on January 1, 2021 allowing participants to be eligible to participate under the plan as of their entry date and to change the vesting schedule to a 3-year graded schedule. Under this amendment, a participant becomes 50% vested after two years of service, and 100% after three years.

Non-union employees of HCC Insurance Holdings, Inc. (“HCC”) and subsidiaries (collectively, the “Company”) become eligible to participate in the Plan upon entry date and attaining the age of 21. Participants are eligible to make deferral contributions immediately (based on administrative practicality) following such eligibility date. All eligible employees must complete one year of service to become eligible for employer matching contributions. One year of service is defined in the Plan document as completion of 1,000 hours of service within 12 months. In 2020, and effective only in 2020, the Company adopted provisions of the CARES ACT including allowing (1) in-service withdrawals up to \$100,000 without the normal 10% penalty if under age 59.5, (2) the option to suspend loan repayments through the end of the year, and (3) adjustments to the Minimum Required Distribution (MRD) rules.

Administration

HCC is the administrator of the Plan (the “Plan administrator”). Reliance Trust Company is the Plan’s trustee (the “Trustee”), and State Street Bank and Trust Company is the custodian of the Plan’s assets. In January 2021, Massachusetts Mutual Life Insurance Company (“MassMutual”) which served as recordkeeper of the Plan entered into an agreement to sell its retirement plan business to Empower Retirement (“Empower”). Thus, as of January 2021 Empower serves as recordkeeper of the Plan.

Contributions

Participants are able to contribute from 1% to 90% of their eligible annual compensation not to exceed the limitations set forth in Section 402(g) of the Code (\$19,500 for 2021 and 2020). Contributions can be pre-tax, post-tax (Roth), or a combination of the two. Participants may make catch-up contributions (pre-tax and/or post-tax contributions that exceed the annual

Contributions, continued

elective deferral limit) during any calendar year ending on or after the participant's 50th birthday. A participant's total catch-up contribution was limited to a maximum of \$6,500 during 2021 and 2020. Participants may also make rollover contributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan also provides for discretionary employer matching contributions for each \$1 contributed by a participant, up to a maximum of the lesser of 6% of the participant's Plan compensation or \$10,200. During 2021 and 2020, the Company made discretionary contributions of \$10,997,814 and \$9,284,751, respectively, to the Plan. The Company's matching contributions are generally computed each pay period in which participants' contributions are made and are invested directly in the various investment options as directed by the participant. The Plan additionally provides for annual discretionary qualified non-elective contributions (as defined in the Plan document). There were no discretionary qualified non-elective contributions made during 2021 or 2020.

Participants' Accounts

Each participant's account is credited with the participant's contributions and allocation of the Company's contributions and Plan net earnings. Net earnings are allocated by fund based on the ratio of a participant's account invested in a particular fund to all participants' investments in that fund. Upon the occurrence of a distribution event, the benefit to which a participant is entitled is the benefit that can be provided from the participant's vested interest in his or her account.

Vesting

Participants are immediately vested in their elective contributions and any qualified non-elective contributions, plus any earnings on such contribution. Vesting in the Company's contribution portion of their accounts is based on years of service. Based on the plan agreement in 2020, a participant becomes 20% vested after two years of service, 40% after three years, 60% after four years, 80% after five years and 100% after six years. Effective January 1, 2021 a participant becomes 50% vested after two years of service and 100% after three years. However, if an active participant dies or terminates due to disability prior to attaining the normal retirement age, the participant's account becomes 100% vested.

Notes Receivable from Participants

Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 or 50% of the participant's vested account balance. Notes receivable from participants are calculated on a fully amortized basis. A note receivable from a participant is collateralized by the vested balance in the participant's account and bears interest at a rate commensurate with market rates for similar loans, as defined in the Plan agreement. Interest rates on outstanding notes receivable from participants ranged from 3.25% to 6.50% as of December 31, 2021 and 2020.

**HCC INSURANCE HOLDINGS, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS**

1. Description of Plan, continued

Payment of Benefits

Upon termination of employment, a participant (or his or her designated beneficiary in the event of death) is eligible to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. A participant who has attained age 59 ½ and who is still employed by the Company is allowed to withdraw all or a portion of his or her vested account balance. Rollover contributions from other qualified plans can be withdrawn without any restrictions. Distributions are subject to the applicable provisions of the Plan agreement.

Forfeited Accounts

All employer contributions credited to a participant's account, but not vested, are forfeited by the participant upon distribution of the fully vested value of his or her account. A participant who returns to employment within five years from his or her previous termination date is entitled to have his or her forfeited account balance restored upon repayment of any employer contributions withdrawn following original termination. Forfeitures are used to reduce employer contributions or to pay Plan expenses. During the years ended December 31, 2021 and 2020, forfeited non-vested accounts totaling \$451,979 and \$629,320, respectively, were used to reduce administrative expenses and employer contributions. The balance of forfeited accounts available to reduce future employer contributions or pay Plan expenses was \$73,756 and \$211,789 at December 31, 2021 and 2020, respectively.

Administrative Expenses

The Plan is responsible for payment of the Trustee expenses and fees; however, the Company may pay the Plan expenses directly. No material expenses were paid by the Company on behalf of the Plan during the years ended December 31, 2021 or 2020. Transaction charges (for loan and benefit payment transactions) are paid by the Plan by reducing the balances of those participants initiating the transactions.

Expense Offset Arrangements

Fees incurred by the Plan for investment management services or recordkeeping are included in net appreciation (depreciation) in fair value of investments, as they are paid through revenue sharing, rather than a direct payment.

Plan Termination

Although the Company has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become 100% vested in their total account balance.

**HCC INSURANCE HOLDINGS, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS**

2. Summary of Significant Accounting Policies

Basis of Presentation

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (“GAAP”). The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amount of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investments Valuation

The Plan’s investments are stated at fair value except for fully benefit-responsive investment contracts, which are reported at contract value. For investments stated at fair value, quoted market prices are used to value investments for those investments having quoted market prices in an active market. As of December 31, 2021 and 2020, the Plan’s investments consisted primarily of investments in registered investment companies (mutual funds) and a guaranteed interest contract.

Investments in registered investment companies (mutual funds) are valued at quoted market prices, which represent the net asset value of shares held at the end of each reporting period.

The Plan invests in a guaranteed interest contract through a group annuity contract with Empower. The guaranteed interest contract is a fully benefit-responsive investment contract and is stated at contract value, which is the amount Plan participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

See additional information in Notes 3 and 4.

**HCC INSURANCE HOLDINGS, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS**

2. Summary of Significant Accounting Policies, continued

Net Appreciation (Depreciation) in Fair Value of Investments

The net appreciation (depreciation) in the fair value of the Plan's investments consists of the realized gains or losses on sale of investments and unrealized appreciation (depreciation) on investments. The Plan presents the net appreciation (depreciation) in the fair value of investments in the statements of changes in net assets available for benefits.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when earned. Related fees are recorded as transaction charges and are expensed when incurred. The notes receivable from participants are fully collateralized by the participants' vested account balances and thus no allowance for credit losses has been recorded as of December 31, 2021 or 2020. Delinquent notes receivable from participants are reclassified as distributions, based upon the terms of the Plan agreement.

Benefit Payments

Benefits are recorded when paid.

Risks and Uncertainties

The Plan provides for various investment options. These investment options are exposed to market risk, which generally means there is a risk of loss in the value of certain investment securities due to changes in interest rates, security and commodity prices and general market conditions. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the fair value of investments, it is reasonably possible that changes in market conditions in the near term could materially affect participants' account balances and amounts reported in the financial statements.

HCC INSURANCE HOLDINGS, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

3. Fair Value Measurements

In determining fair value, the Plan generally applies the market approach, which uses prices and other relevant data based on market transactions involving identical or comparable assets and liabilities. The degree of judgment used to measure fair value generally correlates to the type of pricing and other data used as inputs, or assumptions, in the valuation process. Observable inputs reflect market data obtained from independent sources, while unobservable inputs reflect the Plan's own market assumptions using the best information available. Based on the type of inputs used to measure the fair value of the Plan's financial instruments, the Plan classifies them into the following three-level hierarchy:

- Level 1 – Inputs are based on quoted prices in active markets for identical instruments.
- Level 2 – Inputs are based on observable market data (other than quoted prices), or are derived from or corroborated by observable market data.
- Level 3 – Inputs are unobservable and not corroborated by market data.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The valuation methodology used to determine the fair value of registered investment companies (mutual funds) is the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methodology described above may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methodology is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodology used at December 31, 2021 and 2020.

4. Investment Contract with Insurance Company

The Plan invests in a guaranteed interest contract with Empower, which is a fully benefit-responsive investment contract. Empower maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed interest contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note 2, because the guaranteed interest contract is fully benefit-responsive, contract value is the relevant measurement attribute for net assets available for benefits attributable to the guaranteed interest contract. Contract value, as reported to the Plan by Empower, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than zero percent. Such interest rates are reviewed on a quarterly basis for resetting. The average yields for 2021 and 2020 were 3.20 % and 3.68%, respectively.

4. Investment Contract with Insurance Company, continued

Certain events may limit the ability of the Plan to transact at contract value with the issuer. Such events include but may not be limited to the following: 1) the complete or partial termination of the Plan, 2) the establishment of, or material change in, any Plan investment fund, or 3) an amendment to the Plan or a change in the administration or operation of the Plan. The Plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The guaranteed interest contract may be terminated by Empower upon the Plan's establishment, activation, or material change to any Plan investment fund that Empower determines will prevent its ability to continue to operate the contract under the current terms. Termination of the guaranteed interest contract by Empower may result in the settlement of the outstanding balance at an amount that differs from contract value.

With the transition to Empower, management of the guaranteed interest contract transferred from Barings to Great West Capital Management LLC on January 4, 2021. Great-West Life & Annuity Insurance Company is reinsuring the guaranteed interest contract and will be the ultimate guarantor.

5. Party-In-Interest Transactions

Plan assets include notes receivable from participants and investments in funds managed by Empower. In addition, Plan investments include a guaranteed interest contract with Empower. Personnel and facilities of the Company have been used to perform administrative functions for the Plan at no charge to the Plan. These transactions qualify as party-in-interest transactions under ERISA. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA.

6. Credit and Concentration Risk

The Plan's investment in a guaranteed interest contract with Empower, valued at contract value, was \$74,281,370 and \$73,948,292 at December 31, 2021 and 2020, respectively. These amounts represented 15.3% and 17.3% of net assets available for benefits as of December 31, 2021 and 2020, respectively. The Plan's exposure to credit risk on the guaranteed interest contract is limited to the contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

7. Tax Status

The Plan adopted by the Company is a volume submitter ("VS") plan that is designed to comply with provisions of the Economic Growth and Tax Reconciliation Act of 2001 ("EGTRRA"). Such VS plans are pre-approved by the Internal Revenue Service to the Cumulative List of Changes in Plan Qualification Requirements (the "Cumulative List") provided under EGTRRA. Because the Plan is a VS plan, the Company is not authorized to amend the Plan except to comply with changes in the Cumulative List. The VS plan received a favorable determination letter from the Internal Revenue Service on March 31, 2014. Accordingly, management of the Company and the Plan administrator believe the Plan complies with and is being operated in accordance with the applicable requirements of the Internal Revenue Code.

8. Subsequent Event

On January 1, 2022, the Plan was amended to add an automatic contribution arrangement for new hires, to add automatic deferral increase provisions and to fully remove the employer matching contribution limit of \$10,200. Under this amendment, an automatic deferral election of 6% applies to employees who are hired on or after January 1, 2022. Further, the automatic deferral amount will increase each year by 1% up to a maximum of 10%. Plan management has evaluated subsequent events through September 23, 2022, which is the date of issuance of the financial statements and has concluded that there are no other significant events to be reported.

Schedule C Soft Dollar Compensation Eligible Indirect Compensation (“EIC”) Statement

Mutual fund investments with a retirement plan (whether held directly or indirectly through a separate investment account) can have soft dollar arrangements pursuant to which the investment advisor or sub-advisor of the mutual fund (and/or its affiliates) may direct trades to certain brokers in exchange for research and other services. The Securities and Exchange Act of 1934 contains guidance regarding the use of soft dollar arrangements.

For plans that invest directly or indirectly in the MassMutual Funds, soft dollar compensation is disclosed on the Schedule C and the Schedule C Formula Description and/or EIC Statement Description Attachment. For all other mutual funds, a Schedule C Soft Dollar Compensation Disclosure Attachment is provided and should be filed along with the Form 5500.

For additional information regarding soft dollar compensation, refer to the respective mutual fund’s Statement of Additional Information (“SAI”) for details regarding brokerage allocation and other practices.
