INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants of
GCS 401(k) Plan

Scope and Nature of the ERISA Sections

We have performed an audit of the financial statements of the GCS 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2021 financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency ("qualified institution"), provided that the investment information is prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that certified investment information, as described in Note 6 to the financial statements is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section—

- the amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Member of PKF International Limited,
a network of legally independent firms.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the 2021 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2021 financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – 2021 Supplemental Schedules Required by ERISA

The 2021 supplemental schedules of Schedule H, line 4a and Schedule H, line 4i as of and for the year ended December 31, 2021 are presented for the purposes of additional analysis and are not a required part of the 2021 financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2021 financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2021 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2021 financial statements or to the 2021 financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 12, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

GCS 401(k) Plan

Notes to Financial Statements

December 31, 2021

Note 1 - Description of PlanGeneral

The following description of the GCS 401(k) Plan (the "Plan") provides only general information. Participants should refer to the *Plan Document* for a more complete description of the Plan's provisions.

The Plan, established on July 1, 1998 and most recently amended and restated July 2022, is a defined contribution plan covering generally all employees of GeoControl Systems, Inc. (the "Company" or "Employer"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Plan custodian

Principal Life Insurance Company and Principal Trust Company (the "Custodians") are the Custodians of the Plan and hold all Plan assets in a trust account.

Eligibility

Employees are eligible to participate in the Plan upon attaining age 21. Upon meeting the eligibility requirements, employees are automatically enrolled in the Plan at 2% of the employee's compensation. The participant's deferral percentage will automatically increase by 1% per year, up to a maximum of 6% of eligible compensation. Employees may elect a different percentage or elect not to participate in the Plan by notifying the Custodians.

Contributions

The Plan provides for voluntary participant contributions expressed as a percentage of the participant's eligible compensation, as defined, up to 100% of a participant's compensation. The contributions are not to exceed the limits set by the Internal Revenue Code (the "IRC"), which limits the annual amount of salary deferrals that may be made by a participant. Eligible participants may also make catch-up contributions upon attaining 50 years of age, as defined by the IRC.

The Plan provides for a discretionary employer matching contribution to eligible employees, which includes a matching contribution equal to 100% of the first 1% of eligible compensation, or a matching contribution of 100% of the first 2% of eligible compensation based on project and location. For the years ended December 31, 2021 and 2020, discretionary employer matching contributions made to the Plan were \$395,289 and \$375,258, respectively.

The Plan provides for a 2% discretionary employer non-elective contribution to each eligible employee. For the years ended December 31, 2021 and 2020, discretionary employer non-elective contributions made to the Plan were \$703,023 and \$663,652, respectively.

The Company may also make discretionary employer contributions of a participant's eligible compensation to the Plan each year. For the years ended December 31, 2021 and 2020, the Company did not make discretionary employer contributions.

Note 1 - Description of Plan (Continued)Vesting

Participants are immediately vested at 100% in their employee contributions, rollover contributions, discretionary employer matching contributions, qualified employer non-elective contributions, and discretionary employer contributions, plus actual earnings.

Participant accounts

Each participant's account is credited with the participant's contribution, an allocation of the Company's contributions, and Plan earnings and losses, and at times, charged with an allocation of administrative expenses. Allocations are based on participant contributions, participant earnings or account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Participants direct the allocation of their account balance in any of several investment options. Participants can change their investment options among the various investment funds either through direct transfers from one fund to another or by changing the percentage allocation of future contributions.

Benefit payments

Participants are eligible for distributions of their vested account balances upon the event of death, retirement, termination of employment, reaching the age of 59 ½, or by incurring disability or hardship, as defined by the Plan. In the case of death, distributions are made to the participant's beneficiary.

If the value of the participant's account balance is less than \$1,000 at the time of termination, the distribution will be made in cash in a single lump sum. If the participant's account balance is between \$1,000 and \$5,000 and the participant does not affirmatively consent to receive a distribution, the balance will be rolled into an individual retirement account established on behalf of the participant. Any taxable distribution paid directly to the participant will be subject to mandatory federal income tax withholding of 20% of the requested distribution.

During 2020, the Company made the election to allow participants to take Coronavirus-related distributions ("CRDs") under the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act"). CRDs were permitted to qualified individuals during 2020 not to exceed \$100,000 and were not subject to tax withholding or withdrawal penalties. If elected by participants, CRDs can be reinvested in the Plan, another qualified plan, or IRA over a three-year period. Required minimum distributions during 2020 were also waived at the option of participants.

Notes to Financial Statements

December 31, 2021

Note 1 - Description of Plan (Continued)Notes receivable from participants

Participants may borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 reduced by the highest outstanding note balance during the prior twelve-month period or the greater of 50% of the participant's vested balance, \$10,000, and any outstanding loan balance on the date the new loan is made. Effective June 1, 2020, the maximum number of loans that a participant may have outstanding at any time is two. Note terms are not to exceed five years unless the loan is used to acquire a principal residence, in which case, the administrator may permit a longer repayment term. Notes receivable are secured by the balance in the participant's account and shall bear a reasonable rate of interest as determined by the Plan administrator based on the prevailing interest rates charged by commercial lenders for loans of comparable risk which would be made under similar circumstances. Principal and interest are paid ratably through payroll deductions.

During 2020, the Company made the election to allow participants to take Coronavirus-related loans under the CARES Act. Coronavirus-related loans were permitted to qualified individuals up to the lesser of \$100,000 or 100% of a participant's vested balance. As part of the CARES Act, if elected by participants, loan repayments due between March 27, 2020 and December 31, 2020 could be delayed for up to one year while still accruing interest. These loans were re-amortized in January 2021. Participant loans bear terms as deemed appropriate by the Plan administrator subject to certain provisions of the Plan.

Administrative expenses

All administrative expenses, unless paid by the Company, are paid by the Plan.

Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA.

Note 2 - Summary of Significant Accounting PoliciesBasis of accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of estimates

The preparation of the financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets during the reporting period. Actual results may differ from these estimates.

GCS 401(k) Plan

Notes to Financial Statements

Note 2 - Summary of Significant Accounting Policies (Continued)Investment valuation and income recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 regarding fair value measurements.

The fixed income option is valued at contract value. See Note 4 regarding the fixed income option.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Net appreciation or depreciation in fair value of investments includes realized gains and losses on investments sold during the year and unrealized appreciation or depreciation of investments held at the end of the year.

Financial instruments and credit risk

The Plan provides for investments in various investment securities which, in general, are exposed to various risks, such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amounts reported in the statements of net assets available for benefits. Plan participants bear the risk of any investment losses.

Benefit payments

Benefit payments are recorded when paid.

Note 3 - Fair Value Measurements

The Plan uses a three-level hierarchy, in accordance with the fair value standard, that establishes a hierarchy for grouping assets and liabilities, based on the significance of inputs.

The hierarchy of fair value measurements is described below:

- Level 1 - quoted prices in active markets for identical assets or liabilities;
- Level 2 - inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of these assets or liabilities; or
- Level 3 - unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

GCS 401(k) Plan

Notes to Financial Statements

December 31, 2021

Note 3 - Fair Value Measurements (Continued)

The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

- Mutual funds – these investments are valued daily based on the quoted market value of the fund assets and are valued using Level 1 inputs.
- Common/collective trusts – these investments are valued at the net asset value ("NAV") of the fund. The NAV is calculated by the fund based on "net assets", which includes fully benefit-responsive investment contracts at contract value. This NAV represents the Plan's fair value since this is the amount at which the Plan transacts with the fund. The NAV is used as a practical expedient to estimate fair value. These investments can be redeemed daily, have a daily redemption notice period, and have no unfunded commitments.
- Pooled separate accounts – this investment is valued daily at NAV, as a practical expedient, of shares or units held by the Plan based on the quoted market value of the underlying assets. The investment in this category can be redeemed daily, have a daily redemption notice period, and have no unfunded commitments.
- Self-directed retirement accounts – these investments consist of publicly traded securities and therefore are valued daily at the net asset value of shares or units held by the Plan based on the quoted market value of the fund assets. All self-directed retirement accounts are valued using Level 1 inputs.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the valuation methods are considered appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4 - Investment Contract with Insurance Company

The Fixed Income Option is a guaranteed general-account backed group annuity contract, issued by Principal Life Insurance Company. A rate of interest contractually guaranteed by Principal Life Insurance Company is credited to participant account balances. The rate of interest credited in 2021 ranged from 1.55% to 1.60%. No redemption fees, early withdrawal charges, or market value adjustments are charged on participant transfers of assets into or out of the contract.

GCS 401(k) Plan

Notes to Financial Statements

December 31, 2021

Note 4 - Investment Contract with Insurance Company (Continued)

An employer-level surrender of the Plan's interest or initiated transfer will be subject to either a 12-month advance notice or a 5% surrender charge, whichever the Plan fiduciary chooses. Notification of a plan's intent to terminate its interest may be revoked within 90 days of a receipt of such notice, after which time, notice becomes irrevocable. The Fixed Income Option may make available higher guaranteed rates. If these are available and a plan fiduciary chooses to move a plan's interest to a higher guaranteed rate, a charge of 1.50% of the plan's interest applies. If multiple higher guaranteed rates are available, the 1.50% charge applies to each higher rate that the Plan fiduciary elects.

Note 5 - Tax Status

The volume submitter plan adopted by the Company received its latest advisory letter dated June 30, 2020, in which the Internal Revenue Service ("IRS") stated that the Plan, as then designed, was in compliance with applicable requirements of the IRC. The Plan has been amended since receiving the advisory letter. However, the Plan administrator believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC and therefore, believe that the Plan is qualified and the related trust is tax exempt as of December 31, 2021. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6 - Information Certified by the Custodians

For Plan year 2021, the financial information included in the Plan's financial statements and Schedule H, line 4i, except for contributions receivable, contributions, distributions to participants, administrative expenses, and Schedule H, line 4a, has been derived from information certified as complete and accurate by the Custodians of the Plan in accordance with 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 7 - Party-In-Interest Transactions

Certain Plan investments are managed by the Custodians. Therefore, these transactions qualify as party-in-interest transactions.
