INDEPENDENT AUDITOR'S REPORT

To the Participants and Administrative Committee of
SBP Holdings 401(k) Plan
Houston, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of SBP Holdings 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for plan benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for plan benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of SBP Holdings 401(k) Plan's (the Plan) financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE A BASIS OF PRESENTATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The SBP Holdings 401(k) Plan (the Plan) was adopted effective October 1, 2005 to establish a savings and investment plan for the exclusive benefit of all employees except union employees of Hampton Rubber Company (the Company and Plan Sponsor) and participating employers and their beneficiaries. The Plan is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Basis of Presentation - The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with generally accepted accounting principles in the United States (GAAP). Interest and dividend income are recognized when earned.

Estimates - The preparation of financial statements in conformity with GAAP requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Risks and Uncertainties - The Plan provides for several investment options which are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits and the statement of changes in net assets available for plan benefits.

Valuation of Investments - Registered investment companies and common/collective trust fund investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. In accordance with the policy of stating these investments at fair value, net investment gain or loss is included in the carrying value of related investments in the statements of net assets available for plan benefits and the changes in the net investment gain or loss are reflected in the statement of changes in net assets available for plan benefits.

Participant Loans Receivable - Loans to participants are reported as a note receivable from participants at the unpaid principal balance plus any accrued but unpaid interest.

Federal Income Tax - The Company adopted a Non-Standardized Pre-Approved Profit Sharing Plan (the "Non-Standardized Plan") with deferral arrangements. The Non-Standardized Plan received a favorable opinion letter from the Internal Revenue Service on June 30, 2020 which stated that the Non-Standardized Plan and related trust constitutes a qualified trust under Section 401(b) of the Internal Revenue Code and is therefore, exempt from federal income taxes. The Non-Standardized Plan has been amended since receiving the opinion letter. However, the Plan Administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Accordingly, the Plan Administrator believes the Plan was qualified and the related trust was tax-exempt as of December 31, 2021 and 2020.

NOTE A BASIS OF PRESENTATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
(CONTINUED)

The Plan believes that all significant tax positions utilized by the Plan will more likely than not be sustained upon examination. As of December 31, 2021, the tax years that remain subject to examination by the major tax jurisdictions under the statute of limitations are from the year 2018 forward (with limited exceptions). Tax penalties and interest, if any, would be accrued as incurred and would be classified as tax expense in the statement of changes in net assets available for plan benefits.

Subsequent Events - The Plan has evaluated subsequent events through September 5, 2022, the date the financial statements were available to be issued. The Plan reinstated the safe harbor match on January 1, 2022. In March 2022, the Plan transferred out various investments valued at approximately \$25.06 million due to a business divestiture that finalized on February 1, 2022. No additional subsequent events occurred, which require adjustment or disclosure to the financial statements at December 31, 2021.

NOTE B PLAN DESCRIPTION

The following description of the Plan provides only general information about the Plan. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

Participation - An employee is eligible to become a participant in the Plan after having attained the age of 21 and completing three months of service with entry on the first day of each month.

Contributions - Participants may elect to make pre-tax and after-tax contributions to the Plan in an annual amount up to 75% of their compensation. Contributions are made through authorized payroll reductions. These contributions by individual employees are limited to \$19,500 in calendar year 2021. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions up to \$6,500 for year 2021. These limitations are adjusted periodically to reflect cost-of-living increases.

The Plan allows automatic enrollment provisions. Once an employee meets the eligibility requirements, five percent (5%) of the employee's pre-tax compensation will be automatically deducted and contributed to the Plan, unless the employee elects a different percentage or declines participation.

Effective May 1, 2020, the Plan was amended to suspend its safe harbor match and add a discretionary employer match provision of 100% of the first 3% of the eligible participant's compensation contributed to the Plan, and 50% of the next 2% of the eligible participant's compensation contributed to the Plan. The Company began making discretionary employer matches on April 20, 2021.

Vesting - A participant is immediately fully vested in their account.

NOTE B PLAN DESCRIPTION (CONTINUED)

Forms of Benefits - Distributions from the Plan will generally be made in one lump-sum payment. If the amount payable is \$1,000 or less, the participant may receive a lump sum distribution as soon as feasible following the date of termination. If the amount payable is greater than \$1,000 but less than \$5,000, the participant's vested account balance will be directly rolled over as soon as practical after notice to the participant into an individual retirement account maintained by an entity selected by the Company. If the amount payable is greater than \$5,000, the participant must give written consent before the distribution can be made.

Participant Loans - Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 limited to 50% of their vested account balance. The plan implemented certain requirements by the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) including a provision which allowed employees to borrow up to \$100,000 or 100% of their vested balance. Loan transactions are treated as a transfer between the investment fund and participant loans receivable. Loan terms range from 1 to 5 years or longer for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan Administrator. The interest rate on loans outstanding at December 31, 2021 range from 3.25% to 6.5%. Principal and interest is paid ratably through monthly payroll deductions.

Investments - Each participant directs the investment of their account into any of the investment options designated by the Plan Administrator.

Administration - The Plan Administrator is SBP Holdings 401(k) Plan Committee. The Plan Sponsor may, at its discretion, pay the Plan's administrative expenses. Substantially all Plan expenses were paid by the Plan for the year ended December 31, 2021.

Plan Termination - The Company has the right under the Plan to terminate the Plan subject to provisions set forth in ERISA.

NOTE C INVESTMENTS AND CERTIFIED INFORMATION

Investments are recorded at fair value as certified by Fidelity Management Trust Company. The following table summarizes the investments of the Plan as of December 31, 2021 and 2020:

	<u>2021</u>	<u>2020</u>
Investments, at fair value		
Registered investment companies	\$ 79,265,436	\$ 67,510,600
Common/collective trust fund	<u>2,306,102</u>	<u>2,357,832</u>
	<u>\$ 81,571,538</u>	<u>\$ 69,868,432</u>

NOTE C INVESTMENTS AND CERTIFIED INFORMATION

Income as certified by Fidelity Management Trust Company for the year ended December 31, 2021 is as follows:

Net investment gain in registered investment companies	\$ 7,305,087
Net investment gain in common/collective trust fund	\$ 27,388
Dividend income from registered investment companies	\$ 2,224,939
Interest income - participant loans	\$ 80,446

Fidelity Management Trust Company has also certified the information contained in the supplemental schedule of assets (held at end of year) and the 2021 and 2020 participant loans receivable.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE D FAIR VALUE DISCLOSURES

GAAP provides a framework for measuring fair value using a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value based upon whether the inputs to those valuation techniques are observable or unobservable. This hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical financial instruments and the lowest priority to unobservable inputs. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs. The financial instrument's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. These inputs are summarized in the three broad levels listed below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Other significant observable inputs (including quoted prices in active or inactive markets for similar financial instruments), or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities. Level 3 assets and liabilities include financial instruments whose value is determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant management judgment or estimation.

NOTE D FAIR VALUE DISCLOSURES (CONTINUED)

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used during fiscal 2021 and 2020.

Registered investment companies are valued at the market value of shares held by the Plan at year end.

The common/collective trust fund is valued at net asset value which is calculated at the market value of the underlying investments less operating expenses of the trust on a per share basis.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair values of investments are categorized as follows at December 31, 2021 and 2020:

	2021			Total
	Level 1	Level 2	Level 3	
Registered Investment Companies	\$ 79,265,436	\$ -	\$ -	\$ 79,265,436
Common/Collective Trust Fund	-	2,306,102	-	2,306,102
Total Investments at Fair Value	<u>\$ 79,265,436</u>	<u>\$ 2,306,102</u>	<u>\$ -</u>	<u>\$ 81,571,538</u>
	2020			Total
	Level 1	Level 2	Level 3	
Registered Investment Companies	\$ 67,510,600	\$ -	\$ -	\$ 67,510,600
Common/Collective Trust Fund	-	2,357,832	-	2,357,832
Total Investments at Fair Value	<u>\$ 67,510,600</u>	<u>\$ 2,357,832</u>	<u>\$ -</u>	<u>\$ 69,868,432</u>

There were no significant transfers in and/or out of the fair value categories during 2021 and 2020.

NOTE E PARTY-IN-INTEREST

The Plan invests in various funds offered by Fidelity Management Trust Company. These investments are considered party-in-interest transactions because Fidelity Management Trust Company serves as the Trustee of the Plan. The Plan Administrator has approved of these investment options.

NOTE F RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The following is a reconciliation of net assets available for plan benefits per the financial statements at December 31, 2021 to Schedule H of Form 5500:

To the Management of
SBP Holdings 401(k) Plan

We have audited the financial statements of SBP Holdings 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit] for the year ended December 31, 2021, and we will issue our report thereon dated September 5, 2022. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan (investment information) by Fidelity Management Trust Company, the trustee, which is a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and ERISA-required supplemental schedule, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our engagement letter to you dated May 31, 2022. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note A to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2021. We noted no transactions entered into by the plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. To our knowledge, there were no sensitive estimates affecting the financial statements for the year ended December 31, 2021.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosures affecting the financial statements were:

The disclosure of the fair value of investments which is described in Note D to the financial statements is based on market valuations that affect plan assets on a daily basis.

The reconciliation of net assets available for plan benefits and net income are described in Note G to the financial statements. The reconciling item is the additional investment gain in common/collective trust fund reported in Schedule H, Form 5500.

The subsequent events are fully disclosed in Note A to the financial statements.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. Management has determined that their effects are immaterial, both individually and in the aggregate, to the financial statements taken as a whole. The uncorrected misstatements or the matters underlying them could potentially cause future period financial statements to be materially misstated, even though, in our judgment, such uncorrected misstatements are immaterial to the financial statements under audit.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated September 5, 2022.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Matters

With respect to the supplementary information accompanying the financial statements, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

This information is intended solely for the use of management of SBP Holdings 401(k) Plan and is not intended to be, and should not be, used by anyone other than these specified parties.

September 5, 2022

To the Management of
SBP Holdings 401(k) Plan

Except as discussed in the following paragraph, in planning and performing our audit of the financial statements of SBP Holdings 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as of and for the year ended December 31, 2021, in accordance with auditing standards generally accepted in the United States, we considered the Plan's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of issuing our report on the financial statements, but not for the purpose of expressing our opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

We were engaged to perform an ERISA Section 103(a)(3)(C) audit of those financial statements as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan (investment information) by Fidelity Management Trust Company that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit also did not include a consideration of internal control relating to the investment information.

Our consideration of internal control was for the limited purpose described in the preceding paragraphs and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we identified certain deficiencies in internal control that we consider to be material weaknesses and other deficiencies that we consider to be significant deficiencies.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency or a combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the Plan's financial statements will not be prevented, or detected and corrected, on a timely basis. We did not identify any deficiencies in internal control that we consider to be material weaknesses.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the following deficiencies in the Plan's internal control to be significant deficiencies:

Finding:

Participant contributions for certain payroll periods during 2021 were not remitted as timely as contributions for the remainder of the year. The Department of Labor (DOL) requires that participant contributions be remitted to the Plan on the earliest date on which they can be reasonably segregated from the company's general assets, but in no event later than the 15th business day following the end of the month in which amounts are contributed by employees or withheld from their wages (15 day rule). Failure to remit participant contributions to the Plan in a timely manner results in a prohibited transaction which must be separately reported to the DOL. We did not note any contributions that exceeded the 15 day rule; however, this 15 day rule is not a "safe harbor".

Recommendation:

We recommend that the Plan Sponsor review the procedures involved in remittance of participant contributions to the Plan and institute the necessary controls to ensure participant contributions are consistently remitted as soon as segregated from Company assets.

Finding:

During our testing, we noted that thirteen out of twenty-five tested participants did not have a beneficiary form completed either in paper form or in the Fidelity website.

Recommendation:

We recommend that plan management develop and execute policies and procedures to review completed beneficiary elections and to remind participants who have not added beneficiary information to do so online.
