# Independent Auditor's Report

Plan Administrator
Access USA Shipping Employees Savings Plan
Sarasota, Florida

**Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements**

We have performed an audit of the financial statements of Access USA Shipping Employees Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for plan benefits as of December 31, 2021, and the related statement of changes in net assets available for plan benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

**Opinion on the 2021 Financial Statements**

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**Basis for Opinion on the 2021 Financial Statements**
We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

**Responsibilities of Management for the 2021 Financial Statements**
Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

**Auditor's Responsibilities for the Audit of the 2021 Financial Statements**
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements, as a whole, are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

**Other Matters**

***2021 Supplemental Schedule Required by ERISA***

The supplemental Schedule of Assets (Held At Year End) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

***Auditor's Report on the 2020 Financial Statements***

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 14, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

## 1. Description of Plan

The following description of Access USA Shipping Employees Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

### General

The Plan, which was adopted on January 1, 2013, is a defined contribution 401(k) plan covering substantially all employees of Access USA Shipping (the Company or Plan Sponsor) who are age 18 or older. The Plan Sponsor's Board of Directors is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings, and monitors investment performance. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

### Eligibility

To be eligible to participate in the plan the employee must be over the age of 18 and have been working for at least 60 days. Prior to the Plan being amended effective July 1, 2016, employees were eligible to enter the Plan and make elective deferrals on the first day of each month upon meeting the eligibility requirements.

### Plan Amendments

Effective July 1, 2016, the Plan was amended to require 60 days of employment before an employee can participate in the Plan. Once eligibility requirements are met, employees are automatically enrolled in the plan with a 3% deferral rate on the first day of each calendar month. The amendment also allowed for participants to originate loans. Effective July 1, 2017, the Plan was amended and restated to exclude certain union, nonresident alien, and leased employees and to revise the vesting schedule for Profit Sharing contributions.

### Participant Accounts

An employee may begin to participate in the Plan the first day of the month coinciding with eligibility. Each participant's account is credited with the participant's salary deferral, any rollover contributions, and the employer's matching contribution. Allocations of Plan earnings are based on the participant account balances in the Plan's investments. The participant is entitled to the benefit provided by the participant's vested account balance.

### Contributions

Each active participant in the Plan may enter into a written salary deferral agreement with the Company in which compensation is reduced by an amount from 1% to 100% of his or her compensation for the plan year. Participants may contribute up to the maximum allowable limits of the Internal Revenue Service (IRS). For the year ended December 31, 2021, this limit was $19,500 of annual compensation. Participants who have attained the age of 50 before the end of the Plan are eligible to make catch-up contributions. For 2021, the annual catch-up contributions limit was $6,500. The participants may elect Roth 401(k) deferrals or pre-tax 401(k) deferrals. The Company may make matching contributions equal to a discretionary percentage, to be determined by the Company. The Company may also make a discretionary profit sharing contribution. The Company did not make any profit sharing contributions for the year ended December 31, 2021.

Participants direct the investment of their contributions into various investment options offered by the Plan. The participants may change their investment elections at any time.

**1. Description of Plan (Continued)**

**Vesting**

Participants are immediately 100% vested in their voluntary pre-tax 401(k) contributions and Roth contributions, plus earnings thereon. Participants follow the same vesting schedule as profit sharing contributions. Vesting in the Company's profit sharing and matching contributions of their accounts is based on years of service as follows:

| Years of Service | Vesting Percentage |
|---|---|
| Less than 1 year | 0% |
| 1 year but less than 3 years | 50% |
| 3 or more years | 100% |

**Investment Options**

The Plan qualifies as a participant-directed under ERISA Section 404(c). Upon enrollment in the Plan, a participant may direct and allocate their contributions to the investment options available. Employer contributions are allocated according to the participants' allocations. The percentage of contributions allocated to each of the investment options is at the discretion of the participant. Participants may change their investment options at any time using the Custodian's web site or via telephone.

**Allocation of Investment Income**

The allocation of earnings or losses of the funds shall be allocated in the same proportion that each participant's non-segregated accounts bear to the total of all participants' non-segregated accounts as of such date. Participants' accounts shall be credited with any dividends or interest received.

**Plan Expenses**

The Company pays the Plan's administrative service fees. For the year ended December 31, 2021, the Plan's administrative expenses were $51,124.

**Forfeitures**

As of December 31, 2021 and 2020, there were $0 and $351 in forfeited amounts from non-vested amounts in the accounts of participants who terminated employment. Forfeitures are allocated in the plan year when the forfeiture occurs. Forfeitures may be used to pay Plan expenses or to reduce amounts otherwise required to be contributed to the Plan. For 2021 and 2020, the Plan used $9,516 and $4,623 in forfeited accounts to reduce the employer contributions.

**Benefits Paid to Participants**

If a participant ceases to be employed by the Company for any reason other than death or total and permanent disability prior to satisfying the age and service requirements for normal retirement (sixty-five), the terminated participant may elect, with the consent of his or her spouse, to receive any vested amounts plus the earnings thereon. Withdrawals may be subject to tax withholdings and penalties. If a participant's vested balance is $5,000 or less, they will receive a single-sum payment at termination of employment.

Upon termination of service, due to normal retirement age of sixty-five, or death, a participant becomes fully vested and may elect to receive a lump sum distribution equal to the value of his or her account balance, as described in the Plan.

Upon termination of service (due to reasons other than death or normal retirement), a participant may elect to receive a lump sum distribution equal to the value of his or her vested account balance, as described in the Plan.

## 1. Description of Plan (Continued)

### Benefits Paid to Participants (Continued)

The Plan requires that certain minimum distributions be made from the Plan. The Plan follows IRS guidance for minimum distributions for participants reaching the age of 70 ½.

### Hardship Distributions

Hardship distributions are permitted by the Plan at the discretion of the Company for allowable expenditures. Participants may not make elective salary deferrals for six months after receiving a hardship distribution.

### Notes Receivable from Participants

Participants are able to obtain loans from the assets of the Plan using their individual account balances as collateral. Loan amounts cannot exceed the lesser of $50,000 or 50% of the participant's vested account balance and must have a minimum amount of $1,000. A participant can only have one loan outstanding from the Plan at any time. Each loan shall bear interest at a rate equal to the prime rate. Interest rates on outstanding loans from participants as of December 31, 2021 and 2020 range from 3.25% - 5.50%. Principal and interest are paid ratably through payroll deductions. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

### Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan is terminated by the employer, each participant's benefit becomes fully vested.

## 2. Summary of Significant Accounting Policies

### Financial Statements

The financial statements and notes are representations of the plan administrator who is responsible for their integrity and objectivity. The accounting policies conform to accounting principles generally accepted in the United States of America and have been consistently applied in the preparation of the financial statements.

### Basis of Accounting

The accompanying financial statements are presented on the accrual basis of accounting.

### Use of Estimates and Assumptions

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets, changes in net assets and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates and assumptions.

### Fair Value Measurement

The Company adopted the Fair Value Measurements and Disclosures Topic of the FASB Accounting Standards Codification for fair value measurements of financial assets and financial liabilities that are recognized or disclosed at fair value in the financial statements on a recurring basis. The Fair Value Measurements and Disclosures Topic established a single authoritative definition of fair value, sets a framework for measuring fair value, and requires additional disclosures about fair value measurement. The financial statements reflect the adoption of the Fair Value Measurements and Disclosures Topic.

## 2. Summary of Significant Accounting Policies (Continued)

### Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for plan benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statement of net assets available for plan benefits presents the investment contract at contract value, which approximates fair value. The statement of changes in net assets available for benefits is prepared on a contract value basis, which also approximates fair value (See Note 5).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

### Net Appreciation in the Fair Value of Investments

The Plan presents, in the statement of changes in net assets available for plan benefits, the net appreciation in the fair value of its investments. This consists of the realized gains and losses and the unrealized appreciation and depreciation of those investments.

### Financial Instruments Not Measured at Fair Value

The Plan's financial instruments that are not measured at fair value on the recurring basis but are recorded at amounts that approximate fair value due to their liquid or short-term nature includes employer and participant contributions receivable.

### Benefits Paid to Participants

Benefits are recorded when paid.

## 3. Information Certified and Provided by Great-West Life & Annuity Insurance Company

The following is a summary of the investment information as of December 31, 2021 and 2020, and for the year ended December 31, 2021, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the custodian and furnished to the Plan administrator. The Plan administrator has obtained certifications from the custodian that information provided to them related to the following investments is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following investments as of December 31:

| | 2021 | 2020 |
|---|---|---|
| Mutual funds | $ 4,486,096 | $ 3,417,255 |
| Fully benefit-responsive investment contract | $ 19,427 | $ 18,712 |
| Notes receivable from participants | $ 106,869 | $ 95,980 |

**3. Information Certified and Provided by Great-West Life & Annuity Insurance Company (Continued)**

Great-West also certified to the completeness and accuracy of net appreciation in fair value of investments of $365,790, interest income related to notes receivable from participants of $4,371 and dividend income of $213,170 for the year ended December 31, 2021.

**4. Fair Value Measurements**

The Fair Value Measurements and Disclosures Topic provides enhanced guidance for using fair value to measure assets and liabilities and clarifies the principle that fair value should be based on the assumptions market participants would use when pricing the assets or liabilities and establishes a hierarchy that prioritizes the information used to develop those assumptions. The hierarchy gives the highest priority to unadjusted quoted prices in active markets (Level 1 measurements) and lowest priority to unobservable inputs (Level 3 measurements).

The three levels for measuring fair value are based on the reliability of inputs and are as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2021 and 2020.

*Mutual funds:* Valued at the net asset value (NAV) of shares held by the Plan at year-end. The NAV is the quoted market price in the active market; therefore, the mutual funds are classified as Level 1 of the fair value hierarchy.

The methods described above may produce a fair value calculation that may not be indicative of new realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

**4. Fair Value Measurements (Continued)**

The following table presents information about the Plan's assets that are measured at fair value on a recurring basis as of December 31, 2021 and 2020 and indicate the fair value hierarchy of the valuation techniques used to determine such fair value.

| Description | December 31, 2021 | Level 1 | Level 2 | Level 3 |
|---|---|---|---|---|
| Pooled separate accounts: | | | | |
| Mutual funds | $ 4,486,096 | $ 4,486,096 | $ - | $ - |
| Investments at fair value | $ 4,486,096 | $ 4,486,096 | $ - | $ - |

| Description | December 31, 2020 | Level 1 | Level 2 | Level 3 |
|---|---|---|---|---|
| Pooled separate accounts: | | | | |
| Mutual funds | $ 3,417,255 | $ 3,417,255 | $ - | $ - |
| Investments at fair value | $ 3,417,255 | $ 3,417,255 | $ - | $ - |

**5. Fully Benefit-Responsive Investment Contract**

The Plan has a fully benefit responsive group annuity contract with an insurance company, which is called the GWI Fixed Account. The insurance company maintains the contributions in a general account, which is credited with earnings and charged for participant withdrawals and administrative expenses.

Since the group annuity contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the group annuity contract. The group annuity contract is presented on the face of the statement of net assets available for benefits at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the Plan's ability to transact at contract value with the insurance company. Such events include the following: (1) premature termination of the contracts by the Plan, (2) plant closings, (3) layoffs, (4) Plan termination, (5) bankruptcy, (6) and early retirement incentives. Plan management believes that the occurrence of events that would cause the Plan to transact at less than contract value is not probable. The insurance company may not terminate the contract at any amount less than the contract value.

The insurance company is contractually obligated to pay the principal and specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the insurance company. Such interest rates are reviewed on a quarterly basis for resetting. The crediting rate of the product will be established based on the earnings of the underlying assets in the entire medium-long term portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. The average yield earned by the Plan for the group annuity contract is derived by averaging the quarterly gross interest rates for the fund over the year. The actual average yield earned by the Plan for the group annuity contract is derived by averaging the Plan's quarterly interest rates.

**5. Fully Benefit-Responsive Investment Contract (Continued)**

| Average yields: | 2021 | 2020 |
|---|---|---|
| Based on actual earnings | 1.65% | 1.73% |
| Based on interest rate credited to participants | 1.65% | 1.79% |

**6. Parties-in-Interest to the Plan**

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan, or an employer whose employees are covered by the Plan. The guaranteed investment contract is managed by the custodian. Transactions related to this investment qualify as party-in-interest transactions. The supplemental Schedule of Assets (Held at End of Year) identifies these investments. At December 31, 2021 and 2020, the total market value of these investments was $19,427 and $18,712 or approximately 0.4% and 0.5% of total assets, respectively. Fees paid to the Custodian by the Plan for services amounted to $51,124 for the year ended December 31, 2021.

**7. Tax Status**

Effective January 1, 2013, the Plan adopted a standardized form of a volume submitter plan. The volume submitter plan has received an opinion letter dated March 31, 2014, from the IRS as to the plan's qualified states and has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax position taken by the Plan, and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan is subject to income tax examinations for the 2018 through 2021 plan years.

**8. Risks and Uncertainties**

The Plan invests in a variety of investment funds. Investments in general are exposed to various risks, such as interest rate, credit, and overall volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for plan benefits.

**9. Reconciliation of Financial Statements to Form 5500**

The following is a reconciliation of net assets available for benefits per the financial statements to the 2021 Form 5500:

| | | December 31, 2021 |
|---|---|---|
| Net assets available for Plan benefits per the financial statements | $ | 4,627,764 |
| Current year participant contributions receivable | | (11,899) |
| Current year employer contributions receivable | | (3,473) |
| Net assets available for Plan benefits per the Form 5500 | $ | 4,612,392 |

**9. Reconciliation of Financial Statements to Form 5500 (Continued)**

The following is a reconciliation of participant contributions per the financial statements to the 2021 Form 5500:

| | | December 31, 2021 |
|---|---|---|
| Contributions per the financial statements | $ | 818,243 |
| Current year participant contributions receivable | | (11,899) |
| Current year employer contributions receivable | | (3,473) |
| Prior year participant contributions receivable | | 29,624 |
| Prior year employer contributions receivable | | 9,966 |
| Contributions per the Form 5500 | $ | 842,461 |

**10. Subsequent Events**

The Plan has evaluated all events subsequent to the statement of net assets available for plan benefits date of December 31, 2021 through the date these financial statements were available for issuance, September 19, 2022, and has determined that there are no subsequent events that require disclosure.
