Independent Auditor's Report

To the Plan Administrator and Plan Participants of the
Makita Shared Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Makita Shared Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of Makita Shared Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material

respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Makita Shared Savings Plan's and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Makita Shared Savings Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the about Makita Shared Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Makita Shared Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of Form 5500 Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule

that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statement

We were engaged to audit the 2020 financial statements of Makita Shared Savings Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 1, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

**Makita Shared Savings Plan
Notes to Financial Statements
December 31, 2021 and 2020**

Note 1. Description of Plan

The following description of the Makita Shared Savings Plan (the “Plan”) provides only general information. The Plan agreement should be referred to for a more complete description of the Plan’s provisions.

General

The Plan was established on August 1, 1986 to qualify as a defined contribution plan for employees of Makita U.S.A., Inc. (“MUSA”) and Makita Latin America, Inc. (“MLA”). Effective October 1, 2013, the Plan was amended to also cover employees of Makita Corporation of America (“MCA”), an affiliated company. MUSA, MLA and MCA are collectively referred to as the “Company” or “Employer”. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Eligibility

To become eligible, an employee must have completed thirty days of service and attained the age of 18. Collectively-bargained employees, non-resident aliens, leased employees, self-employed individuals, employees that participate in any plan maintained by an affiliated corporation located in Japan and employees that are residents of Puerto Rico are not eligible to participate in the Plan. Employees may enter the Plan immediately following the date the eligibility requirements are satisfied.

Contributions

Pursuant to the rules of the Plan, participants may contribute up to 50% of their pre-tax compensation, as defined by the Plan, subject to the annual limitation imposed by the Internal Revenue Service (the “IRS”). The Plan provides for eligible employees to be automatically enrolled into the Plan. For those eligible employees who are automatically enrolled, a pre-tax deferral in the amount of 6% of eligible compensation will be contributed to the Plan unless the employee elects a different percentage or elects to not contribute to the Plan.

The Plan provides that the Company has the discretion to make matching contributions. The Company chose to make matching contributions for the year ended December 31, 2021 based on 75% of each participant’s elective deferral not to exceed the first 6% of participant’s compensation.

Participants direct the investment of all contributions to their account into various investment options offered by the Plan.

Note 1. Description of Plan (continued)

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's contributions and Plan earnings less an allocation of investment and operating expenses charged to the Plan. Allocations of Plan earnings are based on participant account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are 100% vested in their contributions, rollover contributions, and earnings on their contributions. Participants become fully vested in the Company contributions after six years of service, attainment of age 65, or in the event of death or permanent disability. Participants shall become vested in their Company matching contributions and earnings on Company matching contributions as follows:

<u>Periods of Service for Vesting</u>	<u>Percent Vested</u>
Less than two years	0%
Two years but less than three years	20%
Three years but less than four years	40%
Four years but less than five years	60%
Five years but less than six years	80%
Six years or more	100%

Payment of Benefits

Upon termination of service due to death, disability, retirement or termination of employment, a participant or participant's beneficiaries may elect to receive an amount equal to the value of the participant's vested interest in their account. The form of payment is either a single lump-sum payment in cash, cash installments over a set period of time or roll over the distribution to an individual retirement account ("IRA") or another qualified plan.

Upon termination of service for any reason other than death and if the participant does not request a distribution, the participant's total vested interest between \$1,000 and \$5,000 will be automatically rolled over to an IRA selected by the Company. A participant's total vested benefit of less than \$1,000 is subject to an involuntary cash-out distribution even if the participant does not consent to a distribution.

Subject to certain restrictions, in-service withdrawals from a participant's account may be permitted to participants who are over the age of 59-1/2 or if the participant qualifies for a financial hardship, as described in the Plan Document, for which funds are not reasonably available from other resources of the participant.

Note 1. Description of Plan (continued)

Forfeited Accounts

Amounts forfeited from terminating participants' non-vested portion of their Company matching contribution accounts and earnings on Company contributions are used to reduce future Company contributions and/or pay Plan expenses. During the year ended December 31, 2021, approximately \$238,500 of forfeitures were used to reduce Company contributions and no forfeitures were used to pay Plan expenses. As of December 31, 2021 and 2020, there were approximately \$57,500 and \$38,600 of forfeitures available, respectively.

Plan Administrative Expenses

The Company provides or pays for certain accounting, legal, administrative and management services without charge to the Plan. Certain administrative expenses are paid by the Plan's administrative budget account, which is derived from revenue sharing payments received by the Plan's trustee for administrative services related to various mutual funds and investment trusts offered in the Plan. Administrative expenses paid from the administrative budget account for the year ended December 31, 2021 were approximately \$43,800. In February 2021, \$50,000 from the administrative budget account was allocated back to participants. As of December 31, 2021, and 2020, there was approximately \$15,700 and \$48,600 in the administrative budget account, respectively, and those amounts were unallocated.

Fees related to certain administrative activities are charged directly to participant's accounts and are included in administration expenses. Additionally, plan recordkeeping fees are paid by the administrative budget account or forfeitures when there are available amounts. When there are not available amounts, the Company pays the recordkeeping fees. Certain other fees related to professional services are paid by the Plan and are included in administrative expenses on the statement of changes in net assets available. Investment related expenses are included in net depreciation in fair value of investments.

Note 2. Summary of Significant Accounting Policies

Basis of Presentation

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America. Except for unutilized forfeitures and amounts in the administrative budget account, the net assets of the Plan are allocated entirely to individual participants' accounts.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management of the Plan to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Note 2. Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value or an approximation of fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded as earned. Net appreciation and depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Company has evaluated all events subsequent to December 31, 2021, the date of the statement of net assets available for benefits, through the date of the Independent Auditor's Report, the date which the financial statements were available for issuance, and has determined there are no subsequent events that require disclosure.

Note 3. Information Certified by the Trustee

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by T. Rowe Price Trust Company, the trustee of the Plan, as complete and accurate, except for comparing such information certified by the trustee to information included in the Plan's financial statements and supplemental schedule:

Form 5500 Schedule H, Line 4i – Schedule of Assets (Held at End of Year)

Note 4. Fair Value Measurements

Fair value measurements are based on a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means;

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Note 4. Fair Value Measurements (continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2021 and 2020.

Common/collective trust fund: Valued at Net Asset Value (“NAV”) as a practical expedient, based on contract value, which represents invested principal plus accrued interest, less expenses thereon. In determining contract value, the fund manager considers such factors as the benefit responsiveness of the contracts, the ability of the parties to the contracts to perform in accordance with the terms of the contracts and the likelihood of default by the issuer of an investment security. While the fair value of the investments in common/collective trust are determined by the investee's trustee based on the fair value of the underlying securities within the investment at the fund level, the fair value of the investment is based on NAV as a practical expedient which is contract value at the Plan level. Contract value is the relevant fair value for such an investment as that is the value of that participant's transactions are reported.

Mutual funds: These investments are valued at the closing quoted market price reported on the active market on which the public investment securities are traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following are the Plan's financial instruments carried at fair value categorized by the fair value hierarchy as of December 31, 2021 and 2020:

	Fair Value Measurements Using Input Type			
	Level 1	Level 2	Level 3	Total
<u>December 31, 2021</u>				
Mutual funds	\$ 86,355,585	\$ _____	\$ _____	\$ 86,355,585
Total investments categorized in the fair value hierarchy	\$ 86,355,585	\$ _____	\$ _____	86,355,585
Common/collective trust fund measured at NAV*				<u>9,926,055</u>
Total investments, at fair value				<u>\$ 96,281,640</u>

Note 4. Fair Value Measurements (continued)

<u>December 31, 2020</u>	Fair Value Measurements Using Input Type			<u>Total</u>
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	
Mutual funds	<u>\$ 74,145,437</u>	<u>\$</u>	<u>\$</u>	<u>\$ 74,145,437</u>
Total investments categorized in the fair value hierarchy	<u>\$ 74,145,437</u>	<u>\$</u>	<u>\$</u>	74,145,437
Common/collective trust fund measured at NAV*				<u>9,806,967</u>
Total investments, at fair value				<u>\$ 83,952,404</u>

**Certain investments that are measured at fair value using NAV per share as a practical expedient have not been categorized in the fair value hierarchy. The fair value presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented on the Statements of Net Assets Available for Benefits.*

The following presents additional information relative to Plan investments reported on net asset value at December 31, 2021 and 2020:

The common/collective trust fund (T. Rowe Price Stable Value Fund) offered in the Plan is subject to a daily redemption frequency as well a 12 or 30 months' advanced redemption notice. There are no other redemption restrictions or unfunded commitments as of December 31, 2021 and 2020.

Note 5. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for plan benefits.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in all amounts credited to their accounts.

Note 7. Tax Status

The Company has adopted a standardized prototype plan which obtained its latest opinion letter on March 31, 2014 in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the opinion letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Accordingly, no provision was made for income taxes in the accompanying financial statement.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan's tax returns generally remain open for Federal tax audits for three years from the filing date.

Note 8. Party-In-Interest Transactions

Certain Plan investments are mutual funds and a common/collective trust fund managed by affiliates of T. Rowe Price Trust Company, the trustee of the Plan.

Fees incurred by the Plan for investment management services are included in net appreciation (depreciation) in fair value of investments. These fees are paid to the investment fund manager and may include certain revenue sharing fees that are paid to T. Rowe Price Trust Company or its affiliates.

Additionally, as noted in Note 1, certain administrative expenses related to participant related activities are paid directly to T. Rowe Price Trust Company. In addition, certain professional fees may be paid by the Plan to other service providers. All fees paid directly by the Plan are included in administration expenses.

These transactions qualify as party-in-interest transactions for which there are statutory exemptions.
